The Warsaw Gate City

Warsaw, Ill., Sept. 24, 1915.

One of our Warsaw boys who recently entered Culver, Indiana military academy, writes home his enthusiastic opinion of the great academy in the following brief manner: "It's about right, as it is second only to West Point, and if anything, is more strict in its discipline. An appreciative audience was present at the concert given in the Methodist church last evening, for the benefit of the Epworth league. It was given by local instrumental and vocal talent, and the composition rendered were mostly those of Professor Frank E. Cook of our city. Miss Julia Filtz is doing nicely since the operation she submitted to Wednesday morning in St. Mary's hospital, at Quincy. Richard Simpson has returned to his home at Crystal Lake, Ill., by auto, a recent purchase. Harry Hopkins had planned to go with him, but was compelled to give up the trip by the arrival of the relatives he expected to visit. Wm. Filtz has bought the Germack property, corner of Second and Main streets, and will build a home thereon. Charles Albers has returned from an extended business trip in Idaho. Mrs. J. H. Giller and daughter Olivia returned from a month's visit in Colorado. Will P. Green has gone to Denver, Colo., where he will practice law. Miss Jeanette Worthen left Monday for Urbana, where she will take a post graduate course at the University of Illinois. Miss Irma Stracke has gone to Normal, Ill., where she will attend school. Miss Leonore Walker has returned to her home in Cushing, Okla., after an extended visit among friends here. Rev. A. C. Cole and family will leave tomorrow for their new home in Plymouth, Ill. They carry the best wishes of many friends who regret their leaving. Mrs. W. E. Albers has returned from California where her husband has been managing the Albers fruit ranch. Mr. Albers will be here soon. The Warsaw News issued its first number on Wednesday, a very attractive sheet and well edited. Sample copies have been left at every home and business place. The Warsaw Independents is the name of a newly organized foot ball team of which Melvin Furney Jr., is secretary. A wiry and husky bunch, of considerable experience. They will play Blandville and La Harpe as per schedule and are open to any other engagements with neighboring towns. Address the secretary. John M. Berlin is in Mt. Clemens, Mich., where he will spend a couple of weeks for his health. H. A. Roth is home from a several week's visit with his nephew Fred Bo of Boelus, Nebr. Sunday will be rally day in the Presbyterian Sunday school. Bryant Parrott of Keosauqua, Iowa, stopped here for a short visit with his uncle, while on his way to attend the Gem City business college at Quincy, Illinois. Rev. and Mrs. A. E. Cole of the Methodist church, were agreeably surprised Monday night by the gift of a fine rocker from members of the church, as an expression of the esteem in which this much lauded couple are held. Mrs. S. P. Wallace presented the chair and Rev. Cole responded in a warm and appreciative manner. Rev. Mr. Cole has been eminently successful in his pastorate of this church and his departure to another field is keenly regretted by many friends, both in and out of the church circle. Mrs. Susannah Eymann and daughter, Mrs. Kathryn De Souchet from Pueblo, Colo., are visiting Mr. and Mrs. Louis W. Berdolt in Hamilton, and later will visit relatives here. Miss Helen A. Fuller left Friday for St. Louis where she will attend the marriage of her niece, Miss Helen Jullia Fuller to Mr. Edwin Neifer, son of Professor Neifer. Mrs. John Tumulty of Keokuk, formerly Miss Estelle Dory of Warsaw, who was taken ill while on an auto trip to Peoria, was operated on at Keokuk hospital Tuesday. Owing to her critical condition, the outcome is looked for with great anxiety by her family and friends. The board of supervisors at its September session did a very kind and gracious act in allowing \$150 per year to Miss Hattie Newman, who is blind. Mrs. K. F. Krughoff entertained the German M. E. Epworth league at her home one day last week in honor of her guest, Miss Emma Fullrich. Mrs. John Muller of Fountain Green is visiting her sister, Miss Eva McKee. The apple crop is immense in Warsaw and the country around it, and the quality is fair. Miss Bertha Bott accompanied Miss Fannie Ehle to Chicago. She will take the Gossard training course in fitting coats. Light frost was visible one night this week, the thermometer registering 42.

AMUSEMENTS.

At the Hippodrome.

A double feature program is offered for this evening's entertainment at this popular theatre. Both features offered are of exceptional merit and will undoubtedly please those attending.

The first feature is the Pathé film play, "For the Commonwealth," a sensational society drama in three acts, featuring Ruth Roland and Henry King.

The second is also a three act photo play, being a Vitagraph comedy, entitled, "Heavy Villains."

"Heavy Villains" is one of those ever pleasing Broadway star feature comedies, and it is safe to state that Vitagraph has never filmed a more laugh-provoking one before. In "Heavy Villains" is featured such an all star cast as Flora Finch, Hughie Mack, Kate Price and Wm. Shea.

Tomorrow and Sunday, Charles Chaplin, the world's greatest fun-maker, will be here to entertain you with laughs in his newest and best Essanay comedy, "The Bank."

"The Bank" the latest two act Essanay-Chaplin comedy, will appeal to all lovers of real humor. Charles Chaplin's inimitable facial expressions and his comic antics abound in the play, but much of the slapstick variety of fun gives way to genuinely humorous situations.

The comedy has a well defined plot, in contrast to the usually loosely connected scenes of the ordinary teen comedy. And there is an element of pathos in the play which adds greatly to its general interest, while detracting not at all from the comic situations. In fact, it rather acts as a foil and intensifies the fun.—Advertisement.

Effective Work Being Done.

It is hard to realize that twenty years ago there was no organization in Keokuk having for a definite object, and it is better the condition of the dependent class in this city. The church of course, did some work of this kind and individuals gave some attention to this work, but until the Benevolent Union was organized there was no charity society here. To mention the names of some of the early members, will recall to many the kindness shown and the work done by the Benevolent Union, the pioneer charity society. Mrs. Sylvester Carter, Mrs. Silas F. Baker, Mrs. Geo. B. Smythe, Mrs. C. A. Dolbear, Mrs. M. A. Clark, Mrs. Mary M. Love, Mrs. Daniel Steele, Mrs. Julia Kelloge, Mrs. Maria E. Harrison, Mrs. H. B. Riddle, Mrs. Mary Irwin Sawyer, and Mrs. Mary J. Graves. From the day of the organization, their dream was to establish a home for old ladies. The first home was on South Fourth street, and later, through the generosity of Mr. and Mrs. Chas. P. Birge, the present home was opened. In the two homes a great number of old ladies have found shelter and comfort for their last days. The work of the institution should appeal to everyone, for no other organization is doing this sort of work. When block day comes, just consider what this home would mean to you if it gave shelter to your mother, as it does to some one's else mother, who would otherwise be homeless.—Advertisement.

Chance to See Jess Willard.

It is something unusual for a circus to show on Sunday, but that is what the 101 Wild West show and Jess Willard, world's champion heavyweight prize fighter will do in Quincy Sunday, Sept. 26, and the steamer Keokuk will run an excursion to see it, leaving Keokuk at 8 and Warsaw at 8:30 a. m.

Another meeting will be held on next Thursday evening at which time it is probable that some definite action will be taken.

RECOVERY FROM GRIP

The form of influenza popularly called grip lasts but a short time, is seldom fatal but causes suffering and misery out of all proportion to its importance.

The reason is this. When the acute stage of the grip is passed there often remains a neuromatous state that persists for months if not properly corrected. The patient is moody, in poor spirits, suffers lack of appetite and vigor and feels indisposed to work or even to enjoy life.

Warmth and quiet alone give comfort and these not for long at a time. Sleep is restless and does not refresh the nerves which are always at high tension.

The best way to correct this after-effect of the grip is to build up the blood and there is no better blood builder than Dr. Williams' Pink Pills.

As soon as the revitalized blood courses through the system you are aware of its soothing influence. Gradually the color returns to the pale cheeks, appetite and digestion improve and you are on the road to health.

The free book "Building Up the Blood" contains a chapter on the after-effects of the grip. Send now for a copy of Dr. Williams' Medicine Co. Schenectady, N. Y. You can get Dr. Williams' Pink Pills at the nearest drug store or by mail on receipt of price, 50 cents per box; six boxes \$2.50.

HARVEST-FIELDS.

I walked today through a clover meadow, mown
And sweet with dying bloom,
Treading under my feet a glory fit to grace
A king's way, or his tomb;
Acres of loveliness laid low and dying
Of numberless lives, only the winds sighing.

And I thought, as who does not, of other fields,
Flowered with unnumbered dead,
Wondering how those kings, the flowers of grass,
Hold up a royal head.
Plan of closer cutting, redder harvest-making,
All the world sighing and its heart breaking.

Daily Stock Letter.
[Copyright 1915 by The New York Evening Post.]
NEW YORK, Sept. 24.—Although still evidently under the sway of speculative excitement, especially among the outside public, today's stock market broadened in its scope of activity and moved quite uniformly in an upward direction. During the forenoon, the movement was mainly confined to the industrials which for the most part recovered violently from yesterday's reaction. In the afternoon railway shares, as a whole, joined in the movement. Advances of one to two points were general even among stocks which for a week have hardly stirred and in the final trading the movement reached a stage of great activity with the railways leading.

Taken as a whole, the day's movement seemed to be governed equally by the excited enthusiasm of the speculating public and by the operations of professional traders who were maneuvering to keep the public in a state of undiminished excitement. In other markets bearing on the general financial situation, there was not much change. Cotton went higher, the speculation in that commodity has developed very extraordinary characteristics. Foreign exchange rates again moved unimportantly. The wheat exports of the present week, as reported by Bradstreet, were the largest ever reported for the period. There were nearly a million bushels over the same week in 1914 and 1,750,000 above 1913 and exceed those of any week this year since April.
