—While celebrating the victory of Keokuk high school at football over the Mt. Pleasant team last night, Gerard Higgins injured his hand, when a revolver was discharged, and the charge entered the fleshy part of his hand. His wound was dressed at once and it is expected that there will be no serious consequence.

—Lee county's corn crop will be a splendid one this season if all of it is like the sample brought to the city yesterday by Harry W. Carter from his 160 acre farm on the Lake Shore boulevard near Galland. He picked three ears at random from his field and the three weighed six pounds, or an average of two pounds each. The longest ear was over a foot in length and the others were almost that long. The field had been planted in clover last year and this turned into the soil resulted in fertilizing the land so that a great corn crop is to be harvested this fall. The excessive rainy weather seems to have had no effect on this corn field which will yield as fine a crop as any in this vicinity.

Correct Styles

Without Ignoring Economy

In this day and generation, style is demanded in men's clothing. If a suit is to appeal to men of the more particular class, it must have style.

The style of our suits and overcoats is faultlessly accurate and correct in every detail, giving our clothes snap, youth and personality.

They're all here now

WE'VE shown you a few of the new fall Wooltex styles, enough to tell you what are the most prominent features of the new modes.

This week we invite you to attend a style exposition of still greater interest. This is our

complete fall showing of Wooltex tailored suits and coats

Always, the Wooltex designers have kept carefully in mind the correct style tendencies, such as natural, graceful figure lines, belted or partial belted effects, and the smart flaring bottom lines of jackets and coats.

But with faithful adherence to style, they have varied the designs to provide garments that are becoming to each type of figure.

Graceful curves of a good figure are shown to the best advantage in this suit. Stout figures appear more slender. And withal, it is so refined and genteel. Note how it conforms to the correct style tendencies.

Wooltex garments for all types of figures

Are you stout? There are Wooltex models to give you a more slender appearance.

Are you slender? There are Wooltex models to add beauty to your graceful, supple figure.

Have you an unusually good figure? There are Wooltex models that are, as the French say, "caressing" in their charming suitability and gracefulness.

For used to the best advantage, makes this a beautiful model, and a very fashionable one. There is remarkable grace and charm in its graceful lines. The belt is only across the front.

Whatever your figure, whatever your tastes, whatever your purse —there's a Wooltex tailored garment that will just suit you

There's style and added value in Wooltex

In Wooltex tailored garments, you not only get correct style, but you get added value in superior materials, custom-quality tailoring, and a longer period of pleasurable service.

We'd like to show you just how Wooltex garments are made. You'll know, then, why they keep their fresh, new appearance so much longer than ordinary garments.

A model that shows the style tendency in coats. The high collar with flare, the semi fitting lines to the waist, the short, belt effect and flaring skirt are all marks of good style.

This week is a most favorable time to see the new Wooltex fall suits and coats, and to make your selection
