

NEW ARC LIGHT TO BE PLACED

City to Erect One at the Corner of Twenty-First and Des Moines Streets Shortly.

ALLOW MONTHLY BILLS

Clerk Authorized to Draw Time Warrants for \$2,580.64 for Cameron, Joyce and Company.

An arc light has been ordered placed at Twenty-first and Des Moines streets by the city. Yesterday residents of that section of the town petitioned for a light at Twenty-first and Des Moines, but an examination of the place revealed that Twenty-first street was the most advantageous location.

The city has taken no action as yet on the petition of property owners in Wolcott bluff addition that the streets be opened to the public.

Mrs. Winifred Jester of 1402 Park street, has petitioned the city for the payment of doctor and hospital expenses resultant from the breaking of the left arm of her daughter, Ellen Jester, when she fell in Bluff Park in West Keokuk on July 7 last.

No proclamation will be forthcoming from the office of Mayor Moorhead for Fire Prevention day. The city executive, however, urges that Keokuk people make every day Fire Prevention day and with the cold weather approaching, he suggests that all join in a movement to clean up their premises and particularly the cellars of homes and stores where rubbish is liable to become ignited.

The monthly bills of the city for September amount to \$4,752.72. Checks for this amount were drawn today. The city clerk has been authorized to issue time warrants at 6 percent due on April 15, 1916, in favor of Cameron, Joyce and Company for the paving and curbing of intersections on Exchange street from Seventeenth street to Kilbourne place. There are six warrants and the total amount is \$2,580.64.

Getting Ready for Winter Jobs. WASHINGTON, Oct. 8.—So long as good weather continues in the fall most farmers are so busy with threshing, corn and potato harvesting, fall seeding, hauling, etc., that less important work is usually postponed until winter.

When the odd jobs of overhauling the farm equipment, repairing, painting, etc., which have been put off until a slack season, will require attention. But all too often the necessary materials will not be on hand, and the work will be delayed until it is possible to make a trip to town, and not infrequently it remains undone until the busy season of the following year, when necessity demands it.

A list should be made of the things that will be wanted for this work. It will only take a few minutes to jot them down as they are brought to mind, and then on the next trip to town they may be bought and set aside so they will be ready when wanted. The conditions of the different machines which will, or should be, overhauled should be noted, and the parts which will need to be replaced purchased. Then there are the odd jobs of repairing buildings, fences,

The Warsaw Gate City

Warsaw, Ill., Oct. 8, 1915.

The apprentice team from Ft. Madison will play football at Warsaw fair grounds Sunday, October 10. The line-up for Warsaw will be: E. Goller, right end; H. Skyles, right tackle; E. Beckman, right guard; R. McConnell, center; L. Lapsley, left guard; M. Goehring, left tackle; M. Furtney, left end; T. Dodd, quarterback; T. Osborne, left halfback; A. Spitz, right halfback; J. Starke, fullback.

Warsaw expected to play on the above date at LaHarpe with that city's team but word came that one of the boys was disabled, so Warsaw made the match with Ft. Madison.

The St. Paul's Brotherhood of Keokuk has extended an invitation to the Warsaw public men's meeting to meet with them October 14, at 7:30 p. m., at St. Paul's hall, Eleventh and Bank streets. A number of ministers will be present, among whom the following will be the principal speakers of the evening: Rev. W. Bechtold of Kahoka, Rev. W. Kreis of Donnellson, who will speak on the subject, "Men and the Educational Function of the Church," and Rev. A. C. Ernst, who will lead the round table discussion. Questions for the round table from Warsaw men are solicited, they will be gladly received by Rev. Ernst, as well as by the chairman of the Warsaw men's meetings. These questions should be sent in as soon as possible. The Keokuk men in their cordial invitation say that they expect a goodly number of Warsaw people at their special meeting. And since Keokuk men kindly assisted in the Warsaw movement for the past four years, the Warsawites will certainly not disappoint the Keokuk brethren.

The annual mission day of the Evangelical church, near Sutter, of which Rev. K. Brunn is pastor in charge, on October 6, was well attended. In spite of the busy time, the farmers laid off a day for the great work of missions. The following ministers spoke at the three services held: Rev. K. Michels of Burlington; Rev. E. H. Jandstein of Warsaw; Rev. A. C. Ernst of Keokuk; Rev. L. Hazen of Toga. The collection for home and foreign missions amounted to \$184.00.

Next Sunday, October 10, Rev. H. W. Rabe will go to LaGrange, Mo., to conduct mission services and the congregation will go to Alexandria to take part in the mission festival arranged by the Lutherans of Clarion county and Keokuk. Two services will be held, 10:30 a. m. and 2:30 p. m.

gates, etc., which will require lumber and nails; there is no need to make an extra trip for them when wanted—they may be brought home the next time a load is taken to town. Likewise the lumber and hardware for the small jobs of construction which should be done before spring. Also the paints, oils, putty and brushes which will be required in painting the various farm wagons, implements, inside woodwork, furniture, etc. And, above all, the necessary materials for the improvements you have been planning for the house should be obtained so that they can be completed this winter and not have to wait another year.

Everyone knows how much more satisfactory it is to have the necessary equipment ready to perform a piece of work when an opportunity presents, than to get started on it and then find that it will have to be postponed until a trip can be made to town, which, even if the roads are good and the trip can be made at once, means a loss of time and added expense.

It is astonishing how much can be accomplished on rainy days or during slack times, when the tools and materials are at hand, and there should be no difficulty in overhauling practically every implement on the farm during the winter season, and have them ready for next season's work. The value of these "stitches in time" is frequently out of all proportion to the small amount of time they require. Aside from the satisfaction of

m. The ferry will leave Warsaw at 10 a. m. and 2 p. m., returning at 1 p. m. and 4:30 p. m.

Miss Willia Jenifer is home from the Panama-San Francisco exposition; she also made an extended visit with California friends.

That was a delightful entertainment given by the newly organized Bible class of young men of the German M. E. church to the three organized young ladies' Bible classes in the parlors of the church Thursday evening, October 7. There was an interesting program of music and short talks, spiced with refreshments served by the young men in a highly creditable manner. The Misses Clippert sang a duet, and there was also a duet by Mrs. Leach and Miss Edith Clippert. Social events every five weeks during the winter have been planned jointly by these classes; young people can be the life of any church. Tonight the Epworth league of the German M. E. church will give a "weiner roast" on the grounds back of the school house.

Miss Edith Dallam has returned from Minneapolis, where she visited relatives for several weeks. Mrs. J. B. Worthen is in Chicago as Warsaw delegate to the grand chapter, Order of Eastern Star; she will probably be gone a week.

Mr. and Mrs. Chas. Crawford entertained the 500 club Tuesday night; Mrs. McGregor received the prize for highest score.

Mr. and Mrs. Frank Musseter leave this week for California, and the expedition. There was a fire early Wednesday morning, 12:45, at Mrs. W. F. Stevens, caused by a defective fuse. The chemical engine quickly extinguished it; damage about \$25.00 or \$30.00.

Mrs. A. Miller of Victoria, Texas, who has been visiting her parents, Mr. and Mrs. Wm. Buckert, for several weeks, has returned home.

Mrs. Gus Hertzler has returned from Slater, Mo., where she visited several weeks.

In spite of bad weather, interfering with harvesting and threshing, Hancock county will not do so bad after all; "there's a silver lining to every cloud."

A cherry tree, and a plum tree both in bloom is a novel sight in the orchard of John Fitz; the cherry tree is also budding.

John W. Berlin is home from Mt. Clemens, Mich., and is looking fine because of his stay at this popular health resort.

Scalded in Bath Tub. [United Press (Leased Wire Service).] BOSTON, Mass., Oct. 8.—Lying in a bath tub filled with scalding water, the body of Mrs. Priscilla J. Crowinshield of Marblehead, was found in a room on the third floor of the Parker house early today by attaches of the hotel.

The dead woman is the wife of Bowdoin B. Crowinshield, prominent Boston club man, naval architect of national reputation and member of the Back Bay family of that name.

ARGUMENTS BEGIN IN GRAHAM CASE

Case is Expected to Go to Jury Tonight and Verdict is Expected Soon.

Arguments were commenced this morning in the case of Graham vs. Barber. John E. Sprovis made the first argument for the plaintiff, F. M. Ballinger for the defense was talking this afternoon. The court will instruct the jury at the close of the arguments and probably a verdict will be reached tonight or by tomorrow morning.

CITY NEWS.

—Frank Deere and wife have conveyed to Hugh Nye lots 5 and 6 in block two in Vincennes. The consideration was \$500.

When the War Will End. Omaha World-Herald: When bankruptcy is reached the war will end. And with the ending of the war widespread industrial slavery will result in internal revolutions. This is the rede of the world, and it is not an unreasonable prophecy. There will be winners—not even the bondholders. There will be nothing but losers—"friend and foe in one red burial sheet." It is to such a dismal fate that the United States with its arms and ammunition and war loans is helping Europe along. It is to plunze their motherlands and their fatherlands into such a pit of blackness that the soldier boys on the various fronts are laying down their lives, worse than unless sacrifices. It is to reach, at least, such a monstrous climax that war boards and monarchs and great captains are planning fresh campaigns—campaigns that, whatever their outcome, are doomed to be meaningless and futile. The pity and the folly of it all! In prospect such a catastrophe to civilization as never was seen or dreamed of. To avert it but one means possible—early peace. And when peace is suggested, either from within or without, angry disclaimers are both sides and plans for new campaigns!

ORGANIZING OF OLD SETTLERS

Pioneers of Lee County Formed Association Forty Years Ago at a Meeting Held in Fort Madison.

MANY REUNIONS SINCE

Annual Meeting on July 4, 1871 Was Attended by Crowd Estimated at Five Thousand.

In the winter of 1871, a few of the pioneer settlers, according to history, actuated by the motives suggested by congeniality and the memories of Auld Lang Syne, determined to call a meeting of the pioneers for the purpose of organizing an Old Settlers' association. An informal meeting was held at the court house on the evening of January 5, 1871, at which the venerable Phillip Viole presided, and R. W. Pittman acted as secretary. After some discussion and a free interchange of opinion, the following resolutions were adopted:

Resolved, That this meeting be adjourned to meet at this place on the 13th day of April next, for the purpose of perfecting said organization.

Resolved, That all old settlers present who were inhabitants of the county on the first day of July, 1840, be invited to sign their names, and to be present when coming into the county, to a roll which was done as follows: 1830—James W. Campbell, October 1834—Alexander Cruickshank, Mar. 1; J. C. Parrot, September.

1835—R. W. Pittman and Lewis G. Pitman, April 2; James Cruickshank, born May 7; Samuel Paschal, September.

1836—John G. Kennedy, April 12; E. S. McCullough, May; Silas D. Husted, June; John H. Dourless, (born) June 20; J. A. Casey, July 6; Elias Overton, August 18; Peter Miller, September 22; Jacob Abel, October 15.

1837—Jacob Vanduyke, January 22; Cromwell Wilson, February; James Caldwell, May 4; Phillip Viole, June 2; Hazel Wilson, July; Enoch G. Wilson, November; James T. Blair, November 29.

1838—Philoletus Crowles, May 3. 1839—Daniel F. Miller, April 15; Robert A. Russell, April; J. T. Marshall, May; Robert McFarland, November; James T. Blair, November 16.

1840—Ferdinand Kiel, March 15; George Leidy, May; Elkanah Perlew, June 19; R. McHenry, (date not given.)

At the April meeting, the 13th, on motion of Judge Russell, one vice president was appointed from each township, as follows:

Jackson—Guy Wells. Jefferson—William Skenter. Des Moines—N. Sargent. Franklin—Alexander Cruickshank. Menrose—G. Hamilton. Pleasant Ridge—J. A. Casey. Van Buren—John Herron. Harrison—A. Anderson. Cedar—D. S. Bell. Marion—B. Holtcamp. Washington—D. McCready. West Point—R. W. Pittman. Charleston—John Cassidy. Denmark—Curtis Shedd. Green Bay—John Morgan. Madison—Peter Miller. D. F. Miller, R. McFarland and E. McCullough were appointed a committee to prepare a constitution and by-laws for the government of the association.

The fourth of July, 1871, was selected for the annual celebration of the association, and, on motion of D. F. Miller, Judge Viole was selected as orator of the day.

John Van Valkenburg, R. A. Russell, J. C. Walker, John G. Kennedy, and Peter Miller were appointed a committee "to make all necessary arrangements for a good celebration." On motion of Alexander Cruickshank, Hon. A. C. Dodge of Burlington was invited to be present at the celebration on the 4th day of July, 1871.

First Annual Reunion. The first annual reunion of the pioneers and old settlers of Lee county was held at the fair grounds on the Fourth of July, 1871. Of this first annual gathering, The Gate City said: "From all parts of Lee county

COFFEE A NARCOTIC AND DOPE WITH OPIUM

Well known medical writer declares coffee, like opium, holds victims in pitiless grasp.

"I would like to make everyone thoroughly understand that coffee is a narcotic—a very strong narcotic, too," says Dr. C. S. Carr in a communication to the Ohio State Journal. "There is no drug in the pharmacopoeia that has a more powerful effect upon the brain centres than coffee. Coffee is a dope and narcotic almost equal to opium. To be sure, it does not produce at once the mental disaster that opium does. Slowly but surely coffee gets control of its victim and holds him in its grasp, a pitiful, helpless victim." NOTE.—The food-drink Instant Postum, while much resembling the higher grades of Java coffee in flavor and appearance, is absolutely free from the coffee drugs, caffeine and tannin, or any other harmful ingredient. Pure, wholesome, harmless, convenient, economical, this delicious hot beverage is rapidly taking the place of coffee in homes where health is a prime desideratum.

came up the pioneers, their wives and children. It was a gala day for them. This retrospective view of the halcyon days and the sorrowful, weary, tollsomes ones, would alike bring pleasant recollections to them as they recounted their hopes, their trials, and their victories, for had they not performed their duty as God had best given them the knowledge, and according to their several abilities? Venerable men were there, whose white hairs and trembling limbs gave token of a lengthy pilgrimage. More than a generation had passed since, in early manhood, they crossed the Mississippi to carry the blessings of civilization into the wilds of Iowa. With strong arms and true hearts, they had battled with the perils of border life, and conquered. The wilderness and solitary place, today, as the result of their labors, buds and blossoms as the rose.

"Men in the prime of manhood were there who, although 'old settlers,' are still comparatively young in years. These came in boyhood's hopeful hours, nobly assisted their elders in the struggles incident to the pioneer, and are worthy to share in the honor and glory of the victory. With their wives, children and friends, these men came to greet each other, to renew the friendships of early years and to pledge to each other for the future, a strong and perfect fellowship. All honor to the pioneers, the heroes and heroines of the past. Future generations will arise and call them blessed. It was appropriate that the Fourth of July, our national holiday, should be chosen for such a gathering.

"At an early hour in the morning, the people commenced to come. Every train from the east, south and west brought accessions to the numbers. They came in wagons, carriages, on horse back and on foot until the fair grounds in the vicinity of Fort Madison were alive with people. The number present was estimated at between four and five thousand. The arrangements for the comfort of those who came to celebrate the day were creditable to the citizens of Fort Madison who had the matter in charge."

For some cause, Judge Viole did not appear as orator of the day, as arranged at the April meeting, and the address was delivered by Hon. Daniel F. Miller, of Keokuk. The address was not lengthy, but in every

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Thickness.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what de- greys hair disappears! Wyeth's Sage and Sulphur is that, besides, a beauti- fully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an ap- pearance of abundance.

Home Baking Reduces Cost of Living

THE U. S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made biscuits, muffins, cake and cookies appeared on the table too often? Instead, the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

Home Baking is Simplified by the Use of K C Baking Powder

With K C, you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powder. It is double acting and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws and to please. We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.
