

## PAPERS COMMENT ON NEW SCHEDULE

Rock Island's Move Seems to Meet  
With Approval From the Various  
Cities Along the  
Line.

## KEOSAUQUA VIEWPOINT

Republican and Independent in Issue  
This Week Both Contained  
Comments on the  
Changes.

The changes in train schedule on the Rock Island, effective next Sunday, seem to be meeting with general approval. The Keosauqua Republican in its issue this week, makes the following comment:

"October 31, which is next Sunday, there will be a material change in the running arrangement of one train between Keokuk and Des Moines. The passenger that leaves Des Moines now at 5:30 in the morning and reaches Keosauqua at 10:37 (called the down morning passenger) will come only to Eldon. Heretofore it has gone through to Keokuk, reaching there at 1:30 p. m. In its place, however, (what may be considered the old "Dude") will be a passenger train which will make a round trip between Ottumwa and Keokuk each day, leaving Ottumwa at 6:50 in the morning, reaching Keokuk at 8:35 a. m., arriving at Keokuk at 11 o'clock. On return it leaves Keokuk at 4:30 in the afternoon, reaches Keosauqua at 6:30 p. m. and Ottumwa at 8:20. This gives us the same number of trains through the county as heretofore, but there will be only one through train to Des Moines and one through from Des Moines each day. There is no change in time of any of the passengers except the one named. The only inconvenience resulting from the change will be at postoffices between Eldon and Farmington, where the Chicago and Des Moines mail will not arrive until the down evening passenger."

The Independent's Attitude.

The Keosauqua Independent says: "Important changes have been made in the passenger service on the Keokuk and Des Moines railway passing through Keosauqua."

"The morning train from Des Moines which heretofore left Des Moines at 5:00 is discontinued and starts from Ottumwa at 6:50 arriving in Keosauqua at 8:35 and in Keokuk at 11:00."

"The evening train leaves Keokuk at 4:30; arrives in Keosauqua at 6:30 and in Ottumwa at 8:20 where it stops and returns the following morning as above stated."

"The morning train from Keokuk leaves Keokuk at 7:00 arriving in Keosauqua at 9:05, the usual time and in Des Moines at 2:45 as usual."

"The evening train from Des Moines leaves there at 11:47 a. m., arriving in Keosauqua at 5:30 (no change) and in Keokuk at 7:25."

"Under the new service, we have two trains to Ottumwa and two to Keokuk daily, but only one train to Des Moines and one train from Des Moines."

"Mr. E. G. Workman, our local agent, informs us that he will shortly be relieved and Mr. Seigle now in Bonaparte will occupy this position. Mr. Workman has had other business interests in view for some time and his resignation does not come as a complete surprise. It is useless to say we are sorry to see him leave."

Empress Eugenie's Landau.

PHILADELPHIA, Oct. 28. The Landau in which the Empress Eugenie made her escape from Paris, September 5, 1870, following announcement of the defeat of her husband, Napoleon III at Sedan, today was placed among the historical collections of the University of Pennsylvania.

## Detroit Electric

\$1975 to \$2275

—the real  
family car

The Detroit Electric is so easy to operate that every member of the family can drive it with absolute confidence and safety. You get the maximum use of a car in the Detroit Electric because your wife and daughter never have to depend upon the hired chauffeur nor wait until you can release yourself from business to drive them about. Remember—the resale value of every automobile is determined by its mileage of use, therefore it is relatively the same whether the car has stood idle in front of your office or has been driven by the family during your business hours. Consequently the car which can be used the most each day returns the greatest value on the investment.

Prices range from \$1975 to \$2275
