Ward's Cigar Store, 225 Main Street.

Dreier News Stand, Union Depot.

Howe's, Cor. Fourth and Main.

Keokuk, Iowa, November 10, 1915

A PSALM OF FALL TIME.

Full-bosomed stands the year, its

harvest yield

Heaped as the bounty had from Na-

ture's hand,

And changing forest breathes to gar-

nered field

The hymn that comes from a con-

tented land.

In golden wealth the pumpkins lie in

heaps;

All gold and red the trees glow in

the sun;

All brown and bronze the grass nods

down and sleeps;

All peacefully the world's great

work is done.

But richer than the blessings of the

field,

In which we all have our humble

part,

Is that rare blessing which is now

revealed

In prayers, welling from a thankful

heart.

—W. D. Nesbitt.

THOUGHT FOR TODAY.

The first years of man make

provision for the last—Samuel John-

son.

Dipping in a solution of alum will

fire-proof paper candle or lamp

shades.

Louisville calculates that war prices

of drugs took an extra \$100,000 from

the people in the last twelve months.

Salt Lake City spent \$1,381,432 on

the municipal machine during the last

ten months and has a balance of \$407,-

000 to pull through the remainder of

the year.

Liberty Bell starts on its homeward

journey from San Francisco, next

Thursday. San Franciscans plan a

two days' exposition performance as

a farewell to the relic.

It isn't too early to suggest that it

is not out of place to do your Christ-

mas shopping early and it is not out

of place to suggest to the merchants

that they start their advertising early

and bring in their copy early.

All Chicago and the fringe of Cook

county outside are valued for tax pur-

poses at \$3,131,000,000, an assessment

gain of \$168,000,000 in a year. This

is classed as "full valuation," and

taxes are levied on the one-third

basis.

Of ordinary farm implements, the

sulky plow has the shortest life. In

years but ranks second only to the

walking plow in total days of service

rendered. Its life is a little over eight

years, while its total of days' work

is 119, as compared with 114 years

and 224 days for the walking plow.

The game goes on. "War stocks

soar." And next week, next year,

thirty years hence, thousands of wives

will be paying in poverty and tears

for today's "remarkable activity" in

Wall street, says the Ottumwa Re-

view. Don't be fooled by stocks that

are for the time inflated. The bellows

never stay full of wind for long. Your

savings bank right here at home is a

pretty good place to put your spare

coin.

The Danish premier has declared

that on June 5, 1916, the new law that

permits women to vote will be put

into effect. On June 5, 1916, the an-

niversary of the signing of the con-

stitution in 1849 by Frederick VII,

the Danish parliament signed the bill

conferring suffrage on women.

Miss Mary E. Woolley, president of Mount Holyoke college, presided at one of the meetings of the national council of the Congregational church held last week in New Haven, Conn. The subject of the paper was "Congregational Women in Social Service," and women from all parts of the country and from Japan were present.

Press dispatches from San Francisco quoted Secretary of the Treasury McAdoo as saying that "the American business man can thank God that the federal reserve banks are established at this time. They have prevented what undoubtedly would have been a panic." In order to refresh Mr. McAdoo's memory, let it be recalled that the danger of a panic occurred in August, 1914, at the outbreak of the European war. It was not until November 16, 1914, that the reserve banks opened for business. Mr. McAdoo has unwittingly paid tribute to the amended Aldrich-Vreeland emergency currency plan.

The Aldrich-Vreeland bill is a republican measure. Commenting on our immigration problems, Commissioner Frederick C. Howe gives some interesting figures showing that the tide of emigration has slowly ebbed southward in Europe. The only north European immigration by government figures, is from Norway and Sweden and Great Britain. The flow of English, Irish, Scotch and Welsh to our country, while never extraordinary heavy, has always been steady and continues to be so. But the most remarkable fact of all is that for twenty years the emigration of Germans to the United States has amounted to nothing. That is, while some few thousands come over each year, as a matter of fact more people emigrate from the United States to Germany every year.

**SOME IMMIGRATION FACTS.** Commenting on our immigration problems, Commissioner Frederick C. Howe gives some interesting figures showing that the tide of emigration has slowly ebbed southward in Europe. The only north European immigration by government figures, is from Norway and Sweden and Great Britain. The flow of English, Irish, Scotch and Welsh to our country, while never extraordinary heavy, has always been steady and continues to be so.

But the most remarkable fact of all is that for twenty years the emigration of Germans to the United States has amounted to nothing. That is, while some few thousands come over each year, as a matter of fact more people emigrate from the United States to Germany every year.

**ELECTRICAL PROSPERITY WEEK.** The electrical industry is not content to sit quietly and wait for prosperity to take its own good time about coming back. This is not at all the nature of things electrical! It is going right out after prosperity during the week of November 29 and December 4, and bring it back, or know the reason why. And when this three-billion dollar industry starts out after anything it usually gets it.

Electrical prosperity week is to be a country-wide, six-day celebration. Its purpose will be to show to the public how electricity, the all-pervading force of the universe, the most willing and most reliable servant in the world, is permanently linked with present day progress. The great celebration will herald far and near electrical wonders of which millions do not know, possibilities of which they have never dreamed, facts which will surprise the most optimistic.

The time is set for November 29 to December 4; the place, the United States of America. Time for the shopping of the Christmas shopping period, it will afford an effective stimulation to the "shop early" idea. The movement originated with the society for electrical development, incorporated, with headquarters in New York. It is backed by the united electrical interests of the country.

It is planned to rend the clouds of depression, to hasten an area of brightness, truth and understanding, to foster a spirit of optimism.

All are not fully aware of the vast possibilities of electricity in solving domestic and business problems. Homes where drudgery exists can be made cleaner, brighter and healthier by this willing servant. Expensive, inefficient and wasteful methods now employed in thousands of industrial and commercial establishments can be bettered by electric power.

It is the purpose of electrical prosperity week to bring these facts home to people by displays, exhibitions, lectures, shows and advertising. People will be shown most conclusively that electricity is a necessity, not a luxury; is economical, not expensive; is simple, not complex; is general in scope, not limited; is safe, not dangerous; is useful every day in the week.

The society for electrical development, supported by legions of boosters, comprising a unanimous and un-

common-sense thing to do to avoid these troubles, to eradicate them from the system when it can be so easily done with a positive remedy such as S. S. S. Remember, first of all, that the troubles we mention are blood troubles—deep-seated ones. Laugh at a man who recommends lotions, salves and local medicines. The trouble must be washed out of the blood. Thousands of people have been permanently relieved of blood and skin disease of every kind by the use of S. S. S., and many of those who, perhaps, at first did not find the results entirely satisfactory, wrote our physicians a full statement of their case, and a little advice hastened the relief.

The only reason for wanting you to write us is that we may use every effort to see that you get the best result from the medicine. You can then help us by advising your friends to use S. S. S., which you will know from experience is all we claim for it. You can write with the assurance that our correspondence is held in strictest confidence, and that our physicians will give you helpful advice without charge. For sale at all drug stores, refuse substitutes. Write The Swift Specific Company, Medical Department, Room 14, Atlanta, Ga.

For Keokuk and vicinity: Rain tonight and Thursday. Warmer tonight and colder Thursday. Fresh to strong winds.

For Iowa: Rain tonight. Warmer east and extreme west portions. Thursday threatening and colder. Rain east portion. Fresh to strong winds.

For Missouri: Rain tonight and probably Thursday. Warmer east and colder west portions tonight. Colder Thursday. Fresh to strong winds.

**Weather Conditions.** Cooler weather, with snow, is following in the mountain region with the temperature 14 above zero at Havre, Mont., last night, and freezing at Salt Lake City this morning.

**River Bulletin.** Flood stage. Stage. Change. St. Paul ..... 14 Not received. **Sterling Gum**  
The 7-point gum  
Prepared by the Sterling Gum Company, Chicago, Ill.

broken lineup of the electrical fraternity throughout the country, is manifesting the great event. Optimists find this movement a real opportunity to rally to the banner in ever increasing numbers.

### DR. FOGLE HOME AT MEMPHIS BURNED

Fire from an Unknown Cause Destroys Home of Well Known Physician.

[Special to The Gate City.]

MEMPHIS, Mo., Nov. 10.—At an early hour, 3:30 a. m., this morning, fire destroyed the fine residence of Dr. Fogle in the south part of Memphis, taking with it the residence of the late Mrs. Kitz, who has been dead only a few months. The fire broke out from unknown causes, the family being in the west attending the Panama exposition and consequently no occupants were in the Fogle residence, also the Kitz property was vacant, as the heirs were negotiating for the sale of the house and lot and would not rent it. The residence of Mrs. Dr. L. E. Hudson, on the adjoining lot to the Kitz property, was, for a time thought to be likely to go with the other two houses, but the fire company succeeded in getting the flames under control and the third house was saved. Dr. Fogle's family had been gone from the house for nearly two weeks, and he and Mrs. Fogle visiting the exposition while other members of the family had been living with relatives in the neighborhood, and had not been in the residence since leaving it. The property had been lately overhauled and much new work had been added to the structure, making it a very palatial residence, and a most comfortable home furnished with new furniture throughout, some of the rooms having been provided with new and expensive floor-coverings and mahogany pieces and fine draperies. The property and contents were only partially covered by insurance and the loss will be a good round sum for nothing was taken out, on account of the fire being undiscovered, headway when it was discovered, making it impossible to enter the rooms at all. This is Dr. Fogle's second loss by fire within a year, he having had his fine Pierce Arrow automobile burned in a fire that destroyed an up-town garage some months ago.

**Mrs. Cash Dougherty Died.** Mrs. Llewellyn Dougherty, wife of Cash Dougherty of this city, died this morning at 5 o'clock of complications superinduced by internal cancer. She had been ailing for many months, and every effort made to save her life, but in vain. She leaves three small boys, a husband and many relatives who mourn her taking away, as well as the very great loss to the church, for she was a voice of remarkable sweetness, and her assistance at many funerals and in the church choir of the city was greatly appreciated. Her funeral will take place Friday, Nov. 11, at 2 p. m., from the Methodist (South) church where she was a member of the choir.

**AMERICANS ON BOARD.** ROME, (via Havre) Nov. 10.—Americans are among the missing passengers on the Italian liner Ancona, torpedoed late Tuesday by an Austrian submarine. The ship was torpedoed off the coast of Sardinia.

[The above message was the first to reach New York direct from an Italian source concerning the Ancona's destruction since early this morning. For the delay it is taken for granted here the Italian censorship was responsible.

One early cable which was allowed to pass, said the ship was "wrecked." The latest dispatch is not only explicit in stating that Americans are missing, but it also tells with approximate exactness where the attack occurred. And places the responsibility for it definitely on an Austrian submarine.]

**WILL ENTER PLEAS FRIDAY MORNING**  
Three Boys Under Indictment Given Until Then to Answer to Charge.

Alvin Carlson, Hyran Kerraghan and John Sand, who were indicted by the grand jury on a charge of breaking and entering, were arraigned in the district court this morning. They will be given until Friday to enter their pleas. They are all out on bonds. Papers were received here today in the case of Ada Graham vs. the Lee county board of supervisors. The case was transferred from Fort Mad-

**GET IT FIRST—NOT LAST**  
When a cold grips your system it is convincing proof that your condition is weakened—remember that. It is risky indeed to simply trust your strength to throw it off, because neglected colds have brought more serious sickness than any other one thing, while weakening cathartics and stimulating syrups are often depressing and dangerous.

The one best treatment for any cold—the one so often relied on when others fail, is the powerful blood-nourishment in Scott's Emulsion, which feeds the very sources of bodily strength to suppress the present cold and generate strength to thwart further sickness.

Get Scott's first, not last—and insist on the genuine—always free from alcohol and injurious drugs.

**Has Nervous Breakdown.** [United Press Leased Wire Service.] NEW YORK, Nov. 10.—Booker T. Washington, head of the Tuskegee Institute, was at St. Luke's hospital today, suffering from a severe nervous breakdown. Physicians said he might remain in the hospital for some time.

**Lively Times Ahead.** Tekamah Journal: When Bill Sunday and Bill Bryan both pull off their coats in next fall's campaign for the adoption or rejection of a constitutional amendment to banish the liquor traffic in Nebraska, one may expect some big doings in the talking lines and the wet advocates will be found taking to the woods for a vacation trip.

**CARGO OF OIL ON FIRE AT SEA**  
Thousands of Gallons Is Blazing on Ship Which Was Bound for South America.

[United Press Leased Wire Service.] GALVESTON, Texas, Nov. 10.—All hope was abandoned today for the Italian steamship Livietta, a fire in the Gulf of Mexico, about sixty-five miles east of Sabine Pass, with forty thousand cases of gasoline and eighty thousand cases of oil aboard.

A wireless from the steamer Gulfstream, standing by, reported that the fire is now burning fiercely in holds No. 3 and No. 4.

The tug Russell and John Sealy also are standing by, while the tug Senator Bailey is rushing to the scene. No mention was made of the crew in the Gulfstream's latest wireless, although an earlier message stated that Captain Rico and his twenty-six men had been taken aboard the Russell.

The Livietta left Port Arthur, Tex., with the steamers Massett, Gulfstream and Gulfstream for Buenos Ayres. She is owned by Garroso Brothers of Genoa, Italy. She has a tonnage of 1,979 and was built at Sestri, Italy, in 1899.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, G.

## Y.W.C.A. DIRECTORS HOLD MEETING

Local Association to Take Part in the Observance of Anniversary Jubilee of Organization's Foundation.

**COMMITTEES APPOINTED**  
Will Arrange for Event Next February—Reports Made of All the Y. W. C. A. Activities.

The monthly meeting of the Y. W. C. A. board of directors was held in the association building at 3:00 o'clock yesterday afternoon. A number of reports on the various activities of the association were read.

Miss Tirza Dinsdale, the general secretary, read her monthly report, which was largely in statistical form. Miss Dinsdale called attention to the Y. W. C. A. jubilee to be observed next February in all associations throughout the country in honor of the fiftieth anniversary of the founding of the organization in America.

Committees will be appointed to arrange for the observance of this date. Miss Edna Jones, chairman of the gymnasium committee, read the gymnasium report. This recreation center experienced one of its biggest months in October. The work of the girls' council was reported by Mrs. Anna Steele Robinson.

Plans were discussed for the world's week of prayer next week, which will be observed locally. There will be meetings during the week following the first on Sunday afternoon. It was announced yesterday that Miss Cunningham of Minneapolis would be here next Thursday and Friday to speak to Keokuk association members.

**AMERICANS ON BOARD.** ROME, (via Havre) Nov. 10.—Americans are among the missing passengers on the Italian liner Ancona, torpedoed late Tuesday by an Austrian submarine. The ship was torpedoed off the coast of Sardinia.

[The above message was the first to reach New York direct from an Italian source concerning the Ancona's destruction since early this morning. For the delay it is taken for granted here the Italian censorship was responsible.

## Baked Eggs

A Dish in Itself a Full Meal.

2 Tablespoons Butter  
1/2 Pint of Fox River Milk  
1/2 Pint of Fox River Milk  
1/2 Pint of Fox River Milk

Cream the butter and flour. Add the diluted Fox River Milk. Place on stove and stir until it comes to a boil. Season with salt and pepper. Cover bottom of baking dish with one-half of the mixture.

Break into it six eggs. Cover with remainder of mixture. Sprinkle over it grated cheese. Place baking dish into another dish containing hot water. Bake in oven 15 minutes.

For breakfast, lunch or dinner baked eggs are a most appropriate and wholesome dish—rich in body building value. Made with Fox River Evaporated Milk it is doubly nourishing for Fox River Milk has twice the food value of bottle milk.

Fox River Milk is rich, creamy, pure, economical and convenient—always germ-proof and safe and uniform. Keep a supply in your pantry and forget the milkman. American Milk Company, Chicago.

## IRWIN-PHILLIPS RETAINS LEAD

Overwhelmed C. B. & Q. Last Night and is Still at the One Thousand and Per Cent Mark.

**M. R. P. TEAM IN WIN**  
Purity Oats Victim of Power House Aggregation—Harrington and McQuoid Star Basket Shooters.

Commercial League Standing.

Team	Won	Lost	Pct.
Irwin-Phillips	4	0	1000
M. R. P. Co.	2	1	.666
C. B. & Q.	2	1	.666
Purity Oats	1	2	.333
Keokuk Electric	1	2	.333
Kellogg-Birge	0	3	.000

Hopp, 13; Klann, 10; Higgins, 12; Peterson, 8; Showalter, 2; Board, 7; McGrath, 6; Sholl, 2; Touhey, 6; King, 6; Harrington, 15; Murry, 5; Kirchner, 6; Montague, 1; Berryman, 11; Rickett, 1; Don McQuoid, 2; Seamon, 4; Breitenstein, 1; Fowler, 9.

M. R. P. Co. won from Purity Oats in a somewhat one-sided battle last night by the score of 18-8, and Irwin-Phillips smothered C. B. & Q., 33-13, in the Commercial league contests staged at the Y. M. C. A.

In the first game, Purity Oats could not hit the ring, nearly all their shots at the basket coming close and rolling off. For the power house aggregation, slippery Dan Harrington got away for several close shots, and rolled them in with deadly accuracy. The power house men seemed to play the floor better as a team, although the work of Board and McGrath for the Purity team was exceptionally good.

In the second game, McQuoid, the best basket shooter in the league for the past two years, struck his old time stride, and seemed to be able to roll them in from any angle, netting ten goals from field. Ringstrom was back in the game from last year, and played a good guard. The Irwin-Phillips team work was exceptionally good, Hopp in the center of the floor being a great asset in keeping the ball in possession of the black and white team. For the Q. Klann and Peterson did most of the scoring, as Higgins was too well guarded to get many shots, but the whole team played a good passing game, but were unable to hit the ring.

**Line-up and Scores.**  
Line-up and score of the first game: M. R. P. Co. 19. Purity Oats 8. King, 10; LF, 10; Touhey, 6; Harrington, 15; RF, 10; Russell, 10; C, 10; McGrath, 6; Wycoff, 10; LG, 10; Board, 7; Kirby, 10; RG, 10; Board, 7.

Field goals: King, Harrington, 5; Murry, Sholl, Touhey, 2; Board, 2; Hopp, 4; Klann, 4; Peterson, 2. Free throws: King, 3-6; Harrington, 0-1; Touhey, 2-8; Board, 0-2.

Line-up and score of the second game: Irwin-Phillips, 33. C. B. & Q., 13. McQuoid, 10; LF, 10; Higgins, 12; Vennings, 10; E, 10; Klann, 10; Hopp, 10; C, 10; Peterson, 10; Metzinger, 10; LG, 10; Phillips, 10; Ringstrom, 10; RG,
