

FILE PAPERS FOR KEOKUK IN CASE

Clifford Throne Presents Petition of Industrial Association in St. Louis Hearing Yesterday.

ASKING BETTER RATES

Keokuk and St. Louis Both Want Two Cent Tariff Plus Bridge Toll Into Illinois Territory.

A petition for the intervenors, the Keokuk Industrial Association, was filed yesterday at St. Louis by Clifford Throne, chairman of the Iowa railroad commission...

The St. Louis business men in this case are trying to get their passenger rates across the river into Illinois territory on the same basis as the rate in the state of Illinois.

The same condition exists in Keokuk and this is the reason the Industrial Association is intervening. The present rate makes it cheaper for people to cross the bridge to Hamilton and to buy tickets at Hamilton for Illinois points, rather than to pay the additional one-half cent.

If the commission holds the St. Louis view of the matter and orders a two cent rate across the bridge, plus the bridge toll, then the Keokuk rate will be the same.

AMUSEMENTS.

Mr. and Mrs. Vernon Castle.

The most glorious achievement that the motion picture industry has ever attained is that of having Mr. and Mrs. Vernon Castle, the world's greatest exponents of society dances, to pose before the camera.

George Klein, one of America's foremost motion picture manufacturers, contracted with these famous artists, at an enormous sum of money to pose for one reel of motion pictures of their famous dances.

The pictures of the Castle dances, is to be shown at the Hippodrome theatre tonight. Such a wonderful event—that of seeing Mr. and Mrs. Vernon Castle in their classic society dances, should not be missed by any person in this city.

The other feature of this evening's program will be D. W. Griffith's latest and greatest film achievement, "Ghosts." "Ghosts" is a splendid five-act picturization of Henrik Ibsen's world-renowned novel, and featured in the leading role is Henry Walthall, star of "The Birth of a Nation," and acknowledged by critics to be the greatest living actor of the screen.

LITTLE TALKS ON THRIFT

By S. W. STRAUS President American Society for Thrift

How many people have any idea how much they have earned all told in their lives? How many have ever during their working hours stopped long enough to ask themselves how much they could have saved if they had wanted to and how clear now? How many know what percentage of their earnings has been frittered away?

How can one know without a definite system of finding out—without keeping track of all of one's receipts and expenditures?

How could a corporation tell where it stood financially if it kept no books? It would be unable to plan for future outlays, because it would have no records to go by.

It is the same with individuals. They cannot tell how or where to save unless they know what they spend their money for.
