

### GOOD BOOK WEEK HERE NEXT WEEK

Keokuk Library Joining in National Campaign Which Will Last From November 28 to Dec. 4.

### WANT GOOD LITERATURE

Only Books Which Have the Approval of Those Who Know, Will be Urged During These Seven Days.

The Safety First Juvenile Book week at the Keokuk public library next week, promises to be of interest and real value.

Great effort is being made to call the attention of the public to this better book week.

It was obvious that one of the first desiderata was a suggestive list of approved boys' books, and to the compilation of such a list, Mr. Matthews, acting for the boy scout organization, at once set himself.

For this reason its compilation was proceeded with along somewhat original lines. Circular letters of inquiry were addressed to scores of booksellers and children's librarians throughout the country, asking them for lists, not of the "best" juveniles, but of the most popular, as evidence in the one case by sales and in the other by circulation.

It is not for an instant contended, of course, that this list contains all the good boys' books. There are hundreds equally good, possibly better in literary if not moral quality.

### BANKRUPT NERVES

Each of us has a certain supply of nervous energy. Every act, even every thought, uses up some part of this energy.

Your nervous energy is like a bank account. If you use it up faster than you add to it you overdraw your account.

The blood can be built up so that it will increase the supply of needed elements to the wasted nerves and this is the only way that the nerves can be reached.

### Voice of the People

An Alarmed Methodist. To the Editor of The Gate City:

According to newspaper reports, negotiations have been going on for some time and are almost completed for the consolidation of Iowa Wesleyan university, of Mt. Pleasant, and Parsons college, of Fairfield.

I have loved Iowa Wesleyan university for more years than some of its alumni have lived. It has sent out into the world men who have done much for mankind and their country.

WESLEYAN. Over fifty-eight years ago when the Curtis family moved to this place from Michigan they brought with them a melodian that was the first musical instrument ever in the Presbyterian church as the church piano and organ were at the school house.

### In Spaghetti There Is Great Strength

ONE of the chief articles of food in Southern Europe is spaghetti. We have it on the authority of Dr. Hutchison, the world-famous dietitian, that the energy value of spaghetti or its allied products, as compared with meat, is in the ratio of 100 to 60.

## FAUST SPAGHETTI

is a strengthening, economical, easily digestible food. Good for the toiler, the office man, the growing child—good for everybody. Prepared from hard Durum wheat—the cereal that is rich in gluten—the muscle and tissue builder.

# ... THE PRIZE FLOUR OF IOWA ... BREAD BAKED FROM

## Pillsbury's Best Flour

### TAKES FIRST PRIZE

AT THE IOWA STATE FAIR  
AT DES MOINES

AT THE TRI-STATE FAIR  
AT BURLINGTON

Iowa Flour Co.,  
Des Moines, Iowa.  
Gentlemen:—I am pleased to report to you that my loaf of bread, which took first prize at the Iowa State Fair this year, was baked from PILLSBURY'S BEST Flour.

I always use PILLSBURY'S BEST Flour when I want an extra fine loaf of bread, and consider it the best flour on the market today, as it always runs uniform in quality and makes a loaf of bread that cannot be excelled in appearance or taste.

Very truly yours,  
*Mrs. B. Raney*

653 25th Street,  
Des Moines, Iowa.

G. S. Johnson Co.,  
Davenport, Iowa.  
Gentlemen:—Of the hundreds of loaves of bread exhibited at the Burlington Tri-State Fair, the judges announced the loaf I baked the best and awarded me the first prize.

The bread was baked from PILLSBURY'S BEST Flour, for I decided long ago that Pillsbury's Best Flour is the best to use if you want the best bread.

I consider it cheaper than other flours, for it will make more loaves of bread to the sack—and the bread has that rich, good eating taste which makes those at my table want the second slice.

Yours truly,  
*Mrs. Frank Latham*  
2313 Mason Street,  
Burlington, Iowa.

### CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

WHEN CROSS, FEVERISH AND SICK GIVE "CALIFORNIA SYRUP OF FIGS."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea.

Millions of mothers give "California Syrup of Figs," because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle.

cents per pound now brings \$5.00; glycerine which formerly sold at 27 cents now brings 65 cents per pound; quinine which formerly sold for 36 and 40 cents now brings \$2 to \$2.50 per ounce; permanganate potash which formerly sold at 15 and 20 cents now brings \$1.25 per pound; all other articles run in proportion.

### COST OF CHEMICALS IS SOARING HIGH

War in Europe Has Greatly Advanced Prices of Articles Needed in Drug Trade.

Following an interview with one of the local druggists, the following report is made available: German chemicals are still on the rise and sought for by New York brokers and exporters. There is still a very strong demand from the eastern and western parts for all kinds of German chemicals, German coal tar products, also for glycerine, turpentine and many other American products. Bromide potassium which formerly sold for 60

### A Word About Telephone Manners

MOST people these days pay more attention to telephone manners than they used to, but—well, we won't say it.

The telephone "Hello" is no longer in use among particular people. It is becoming obsolete because it is both meaningless and time-wasting. It's an ungraceful and rude little word and—there's a better way.

In the modern, up-to-date business establishment, the telephone is answered thus: "Jones & Company, Mr. Smith speaking."

This same man in his home will answer his telephone thus: "Mr. Smith speaking."

When his home telephone is answered by a servant he has instructed her to say, "Mr. Smith's residence."

When one is through talking a cheery "Good-bye" ends the conversation pleasantly. It's one of those little things in life that are worth while.
