REPUBLICANS TO MEET JUNE 7

(Continued from page 1)

to insure the absolute "regularity" of the 1916 convention.

Activity of the machine forces in working for an unimpaired delegation in Oklahoma and in sending split delegations in other western states, led the progressives to take stock. They discovered it is assumed today that "regular" G. O. P. leaders have been quietly fostering an interchangeable sentiment for Weeks and Root. The foregoing was contained in the Atlantic seaboard states and south. A little progressive flouting showed that the total vote of delegates in this section would constitute a majority in the 1916 convention.

Then the progressives allege they also discovered the leaders were tailing out in Oklahoma in part of this section that Weeks was the man whom T. R. would support; in another part that Roosevelt's choice was Root. Just to guard against any small defections, the progressives alleged the old liners were working in several western states toward the same end.

Attention for holding the convention in St. Louis or Philadelphia was another evidence the progressives asserted, of an attempt at "regularity" control. The environment in both the cities named is unfavorable to those favoring the split. The progressives think the Republicans will join with them to prevent any further development of the alleged scheme, the Old Guard having been pushed behind a mass of other favoring the split.

The republican convention of 1914 will probably comprise 183 delegates under the new apportionment plan. A majority will be 92. The total of the New England, middle Atlantic and south Atlantic states is 49—just seven more than a majority.

The old guard, the progressives say, is still working in Oklahoma, Colorado, Utah and Kansas to suit its own ends.

With the progressives up in arms over this alleged scheme, it appeared today, the republican committee meeting would head over backward in an effort to conciliate them.

Chicago was the progressive choice for the convention city and just before the meeting, it appeared to have a shade the better of the race over St. Louis, San Francisco, Philadelphia and Honolulu. The choice will probably be made late this afternoon.

"You can say on the highest possible authority," concluded one progressive today, "that Colonel Roosevelt will not support Root. I don't know about any of the others, but we absolutely will not join hands with Root."

Hundreds of persons whose homes have been destroyed, are walking the streets to keep warm. There is snow on the ground and it is below zero. Some of the people were forced to flee from their homes without sufficient clothing. The postoffice and Neodesha bank were burning at 1 p. m. The United Press representative talked over long distance telephone to Hazel Bulger, telephone operator. The fire was a half block from the telephone office and not under control. Miss Bulger said she would stick to her post until the telephone office starts to burn. She said the business section had been practically wiped out.

REPUBLICAN BANQUET WAS ENTHUSIASTIC

Justice Hughes and Colonel Roosevelt are Most Talked of Men as Possible Candidates.

(United Press Leased Wire Service.)
WASHINGTON, Dec. 14.—With all the presidential possibilities of the republican party in Washington, or having just left it, the two men about whom most attention centers today are absentees—Justice Hughes and Colonel Roosevelt.

If either should run, according to the lobby talk today, the best laid plans of the eleven possibilities are due for an upset. Toward Hughes the attitude is:

"If we can induce him to run, we'll win with a rush."

As for Roosevelt, the hope is his support can be had for some candidate other than himself. When his name was mentioned at last night's banquet, there was a real show of applause and the applauders stopped short, looked sheepish and wondered if they really had meant it.

Of the banquet speakers, not one mentioned but that the former leader would be welcome back with honors. Several said so in so many words.

If the banquet talks are indicative, the republican campaign will be based on opposition to the Wilson foreign policies no less than on the tariff. Borah hit Wilson's Mexican policy, Sherman and Weeks his attitude toward European nations, while Senator Smith of Michigan attacked at length the presidential denunciation of "hyphenated Americans," many of whom he termed the nation's best citizens. "Phrase maker" is another term the president must face.

"Property based on munitions, murder and mystery" was a phrase that took the banquet hall by storm.

SCRATCHED 10 YEARS HEALED IN ONE WEEK

Finally Cured by Using One Dollar Bottle of Amolox

One bottle of Amolox cured me. For ten years I suffered with eczema of the scalp, my head being covered with scales and scabs. I tried every thing recommended and everything advertised without relief until I bought a bottle of Amolox. It relieved the itching at once and one bottle entirely cured my eczema. I heartily and cheerfully recommend it to all sufferers of this horrible disease.

James W. Seward, Brazil, Indiana.

Amolox ointment will quickly remove pimples on the face, blackheads, and clear up a muddy complexion. Trimble, 50c.
