GIRLS! MOISTEN A CLOTH AND DRAW IT THROUGH WATER

IT BECOMES BEAUTIFULLY SOFT, WAVY, ABUNDANT AND GLOSSY AT ONCE.

SAVE YOUR HAIR! ALL DANDRUFF GOES AND HAIR STOPS COMING OUT.

Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

AMERICAN PASTOR WAS ON BOARD

Waves bothered her and proved our salvation. When the chase began we could see her ripping through the waves, sometimes almost hidden from sight.

"All the passengers put on life belts and the boats were swung out. Everybody got fully dressed and sat in the smoking room all night while the Karnak rushed on for Marselles. We kept zig-zagging to keep the submarine from risking a chance shot at us."

The Karnak carried thirteen of the crew and seventeen passengers of the torpedoed British steamer Abelia as well as two survivors from the Middleton and a large number of her own passengers.

One Way to Avoid Trouble. WASHINGTON, Jan. 6.—Legislation by congress to prohibit Americans traveling on any belligerent vessel, today threatened to be one of the first results of the British liner Persia's loss. Widespread growth of congressional sentiment for a munition embargo was another development. Administration leaders admitted the senate's intervention by open and frank discussion in the Persia incident is causing uneasiness.

That it serves a salutary purpose, however, in indicating the American feeling on submarine slaughter was cited as a helpful feature. The intention of congress to stand squarely behind the president in any action decided upon, officials believed, would have its effect abroad.

With the entry of house members into the debate on the Persia and other submarine incidents, administration leaders expected efforts to control its direction would be less successful than in the senate. Both senate and house foreign relations committees

CHURCH LEAGUE GAMES TONIGHT

Westminster Presbyterians and Baptists to Clash in Openers, Followed by Congregationalists vs. Methodists.

GRAMMAR SCHOOL GAME

Odell's and Collins' Teams to Play Before the Church League Contest—Free Movies Tonight

The church basketball league holds the stage at the Y. M. C. A. again tonight.

Westminster Presbyterian and Baptist teams will clash in the first game. The second will be the Congregationalists and the Methodists. A preliminary game will be staged at 8:00 o'clock, opening the Grammar school league. The game tonight in this league will be between Odell's and Collins' teams, and will last twenty minutes. The regular church league game will begin sharply at 8:30 o'clock. These games have fifteen minute halves.

A large crowd is expected out to see the games, as there is a lot of rivalry between the Presbyterian and Baptist teams, each claiming to have the best players in the city, and each team having a large squad to draw from. Last year they were both going good, but this year the whole league is 50 percent faster than last.

Both the Congregationalists and the Methodists have lost a game and they will do their best to keep from drawing the lower berth in the standing tonight.

The six teams of the grammar school league that will play preliminaries to all the church league games are: Odell's, Ulrich's, Rich's, Collins', Miller's and Ebersole's.

Free Movies. The extension films from the Iowa State college will be shown tonight at the Y. M. C. A. auditorium. The following subjects will be thrown on the screen: "The Manufacture of Silverware" and "The Rejuvenation of a Dilapidated Farm." The program begins at 8:00 o'clock. The public is invited.

Piles Cured in 6 to 14 Days. Druggists refund money if PAZO OINTMENT fails to cure itching, Blind, Bleeding or Protruding Piles. First application gives relief. 50c.

AMUSEMENTS.

At the Hippodrome. In the latest William Fox production "Should a Mother Tell" there is seen dramatic action that is rarely if ever beheld upon the screen. The story itself, by Rex Ingram, is one of exceptional power and presents a problem that calls for dramatic action of such intensity as could be portrayed by perhaps no other actress than Betty Nansen. As the mother torn between an almost fanatical sense of justice and a desire for the happiness of her daughter, Miss Nansen has opportunities to display her wonderful emotional powers exceptionally. Indeed, it may be said that in "Should a Mother Tell" an ideal vehicle has been found for this extraordinarily gifted actress.

"Should a Mother Tell" has created such a furore as has no other film production for the past year and it is safe to assume that the Hippodrome theatre will be taxed to its utmost capacity tomorrow afternoon and evening, when this film is to be shown. There will be three showings of this film at the matinee, first at 2, second at 3:10 p. m., and third at 4:20 p. m. No children will be admitted unless accompanied by their parents.

The program offered for this evening is the latest "Metro" wonderplay, entitled "The Woman Pays," featuring the famous international actress Valli Valli. "The Woman Pays" is in five acts and teems with thrills and startling climaxes from start to finish, and is a play that is sure to please the most discriminative of audiences. First show at 7 p. m.—Advertisement.

Drys Begin Fight. [United Press Leased Wire Service.] DES MOINES, Iowa, Jan. 6.—The dries today began their fight against shipment of liquor into Iowa. John B. Hammond, through his attorneys, filed suit in district court to enjoin the American Express company and B. J. Worthingman and F. M. Hubbell, as trustees, from handling liquor shipped into Iowa.

The case is based upon four quarts of liquor ordered by a police officer from Henry Miller, who solicited liquor trade here through circulars.

Buried Under Snow Slide. [United Press Leased Wire Service.] SILVERTON, Colo., Jan. 6.—The bodies of Harvey Bennett and his wife buried under thousands of tons of snow and debris by a snow slide, may not be recovered until next spring, it was feared today. Their two guides narrowly escaped the same slide as the four were returning with supplies for their mining camp. A party is searching for the bodies today.

Neither Millionaires Nor Newspapers. [United Press Leased Wire Service.] TOKYO, Jan. 6.—"Newspapers have the power to end this war," earnestly declares Henry Ford. Evidently money hasn't. There was once a prevalent notion that the "moneyed powers" could prevent or end war at will, but that was evidently a fantastic misconception of the power that money possesses. Neither have the newspapers any power in the premises. If they thunder, the war can outthunder them. They might ignore the war and refuse to give it any publicity whatever, at any price. Such a boycott by all newspapers would be a telling blow to the automobile trade, but it wouldn't cease the war in Europe. With all respect for Henry Ford and admiration of his fine altruism and his good intentions, he has given the world one of the most striking object lessons of the limitations of the power of mere millionaires, and the soundness of the old proverb that advises the shoemaker to stick to his last.

Cost and Usefulness. WASHINGTON, Jan. 6.—Secretary Garrison this afternoon was directed by the senate to furnish full information as to the original cost, maintenance, cost and general usefulness of every army post in the United States.

The action came on a resolution by Senator Kenyon of Iowa, who planned a fight on what he regarded as vast extravagance. "In my own district," said Kenyon, "there are forts of no strategic value, which simply pile up unnecessary expense for the United States."

He declared many army posts were useful solely to bolster the political fortunes of congressmen. The resolution passed the senate without debate.

Coldest of the Year. [United Press Leased Wire Service.] CHICAGO, Jan. 6.—The middle west awoke to the coldest temperatures of the year today. Six above zero was Chicago's mark at 7 a. m., and the mercury was still going down.

Extremely low temperatures were recorded in the northwest, the weather bureau announced. The drop here, one of 47 degrees in 24 hours, brought considerable suffering to the poor and filled lodging houses to overflowing.

The mercury edged up a bit later in the day, standing at 10 above zero at 10 a. m. Fifteen above was to be the Chicago maximum today, the weather bureau announced, but it will be considerably warmer tomorrow.

Late Market Quotations

Long Commission Co. Grain Letter. [Furnished by Long Commission Co., 402 1/2 Main, Telephone No. 100.] CHICAGO, Jan. 6.—Wheat—Buying orders early advanced the wheat market to about yesterday's high figures, but profit taking sales, because of unresponsive cables and locals selling caused a decline of about 1/4 cents from early high figures. The market, however, has shown no inherent weakness and there has been evidence of continued uneasiness abroad over future supplies, because of the inaccessibility of the crop of India, Argentina and Australia. Foreigners will continue to take American wheat, until the price becomes so high that they will in self defense have to send boats to bring a little Argentine wheat to Europe as a market factor. We believe within the near future new high levels will be established and that the general trend of the market is in that direction now.

Corn—Further buying, stimulated by yesterday's government report and reports of a little better inquiry for corn for export, kept the corn market firm, even when wheat was relatively weak. It is a question whether this market will feel much of this demand because of the known poor quality of our receipts. A cargo of corn made up of our average receipts would cure foreigners of a desire for any more of it. It is likely that market further south will feel the foreign demand, if it arises, to a greater extent than will our market, although, of course this foreign buying is likely to encounter speculatively buying in all our markets.

Oats—Bin burned oats are almost unobtainable. No. 3 white oats are bringing 3 1/2 under May, which makes them relatively strong as compared with prices late last month. The market for oats for future delivery showed moderate advance and is likely to sympathize with prices in corn for future deliveries. Receipts are not burdensome.

Grain Review. [United Press Leased Wire Service.] CHICAGO, Jan. 6.—Paucity of offerings in the grain pits surprised the talent today. Some of the shorts became frightened and rushed to cover, with resultant price boost early. Declines followed later. May rated at 127 1/2, up 1/4 from last night, and July, which opened 1/2 up dropped 1/4; to 119 1/2, on later trading.

Corn was strong on good buying and strong cables. May sold at 77 1/2, up 1/4 from the start, and July was fairly steady at 78.

Oats were active and irregular. May sold at 48 1/2, July 47.

Provisions were at higher levels on advance in hogs at the yards.
