Albert J. Notney, Well Known Farmer of Sandusky, Succumbed to Pneumonia Attack Last Night.

Third Basketball Contest on Keokuk High School Calendar, Set for Saturday Night at the Y.

**ILL BUT A SHORT TIME GAMES IN AFTERNOON**

Was Born in Austria-Hungary in 1836 and Came to Sandusky in 1858—Nine Children Survive.

Two Junior Department Teams From Quincy to Invade Keokuk—Results in Church League Last Night.

[Special to The Gate City] GALLAND, Iowa, Jan. 7.—Albert J. Notney, eighty years old, for forty-seven years a farmer living a short distance from Sandusky, Iowa, passed away at the home of his daughter, Mrs. William Stottlar at Galland, at 7:30 o'clock last evening, following a short illness with pneumonia. The decedent was widely known in this section of Lee county where he has lived for such a long period of time, and the sympathy of the whole community has been extended to the family.

Mr. Notney was taken ill shortly over a week ago and was taken to his daughter's home at Galland where he passed away after a vain endeavor had been made to save his life. Pneumonia developed after an attack of the grippe and this proved fatal to a man who had already passed his allotted three score and ten years.

Born in Austria-Hungary. The decedent was born in Austria-Hungary in the year 1836 and lived in that country until he was thirty-two years of age. He served in the Austro-Hungarian army for fifteen years. He came to America and directed to Sandusky, Iowa, in the year 1858 and had been a resident of Lee county ever since.

Mr. Notney owned a farm on the outskirts of Sandusky and on which he resided, raised a family of nine children and made his living by tilling the soil. He was well known to all of the Keokuk produce men for he sold his farm products in that city. He was industrious, honest and generous and his many friends will always remember him for his sterling qualities of character that made him a favorite with all whom he came in contact in his business and social relations extending over many years. One of the earliest settlers in these parts, he was of that hardy, pioneer stock that always provides the foundation for the building up of a thriving and successful community. All of Mr. Notney's friends speak highly of him as a citizen, a friend and a self-reliant worker and his sudden death from pneumonia has caused sincere regret throughout the countryside.

**The Survivors.** Nine children, fourteen grandchildren and two great grandchildren survive. The children are: Mrs. L. A. Berryhill, Keokuk; Mrs. Frank Laitner, Rock Island, Ill.; Mrs. Anna Gill, Clinton, Iowa; Mrs. Victoria Notney, Los Angeles, Calif.; Mrs. J. Mitchell, Great Bend, Kansas; Mrs. Kate Leer, Cedar Rapids, Iowa; Mrs. William Stottlar, Galland; Albert Notney Jr., Hutchinson, Kansas and Mrs. Timothy Boyle, Galland.

Mr. Notney's wife died twelve years ago and she is buried in the Sandusky cemetery and he will be laid by her side. The funeral is to be held from the home of Mrs. Stottlar in Galland.

**GERMANY**  
(Continued from page 1.) today that Germany has made overtures to both Japan and Russia for a separate peace, but that they have been rejected, the Tokio correspondent of a news agency reported.

**RUSSIANS DRIVEN BACK.** BERLIN, (via wireless to Sayville) Jan. 7.—Russian troops have been driven from the positions in the Czar-torysk cemetery, which they occupied after severe fighting yesterday, it was officially announced today.

The Keokuk high school basketball team clashes with Mount Pleasant here Saturday night. The game will be called at 8:30 o'clock in the Y. M. C. A. gymnasium and promises to be an exceptionally fast one. With victories over Hamilton and Burlington to her credit, Keokuk should make a strong opponent for the visiting aggregation, despite the fact that the squad is somewhat crippled by the loss of a star player.

On Saturday afternoon two basketball games will be staged between the Red and Black high school teams and two visiting squads from the boys' department of the Quincy Y. M. C. A. These will undoubtedly be of interest and will likely attract a large body of rooters.

Two fast and exciting games were played in the Church league last night. In the first contest the Presbyterian team won from the Baptists by a score of 29 to 5. Although the game was one-sided, it was nevertheless fast as the Baptist players put up a game battle.

At the conclusion of the Congregational-Methodist game the score was tied, 27 to 27. In an extra five minutes of play the Congregational team won, 39 to 31.

Proceeding the Church league games, the grammar school league opened with a game between Odell's and Collins' team, which was won by the former.

**AMUSEMENTS.**

**At the Hippodrome.** There are few stories which present in so fascinating and thrilling a manner some of the vital problems which women are sometimes called upon to solve, as "Should a Mother Tell" as pictured by William Fox. The mother in the story is suddenly thrust into a situation where action is demanded and where such action must either brighten her daughter's life and honor or her own good name, conscience and her duty to God.

On witnessing this picture one is confronted with a problem that seems at first, to be unanswerable. But since the beginning of time, it has been said, women have been called upon to shoulder most of the burdens and crosses of the world. When a mother is called upon to violate that instinct, even though it be to save the life of an innocent man, her first wild impulse is to do all, to sacrifice all, for her own. Later comes a reaction. Can she stand by and permit the blood of an innocent man to be shed? He is a young man, a young man with everything in the world before him. He, too, is the son of an adoring mother. Should she permit this promising life to be thus needlessly snuffed out? Can she permit it? But—her child! the little baby that she nursed, now grown up to a beautiful young womanhood. How can she permit her life to be ruined—her chance for future happiness shattered. She is the flesh of her flesh, and the bone of her bone. The other is none but a stranger. But he is innocent; a word can save him.

"Should a Mother Tell," the photograph that has created a furor wherever exhibited, is to be shown at the Hippodrome theatre tonight. The management of this theatre endorses "Should a Mother Tell" as being one of the greatest productions ever presented to a Keokuk audience, and this means that it is sure to please everyone in attendance. No children will be admitted unless accompanied by their parents. Admission 5 and 10 cents.—Advertisement.

**What the War Moves Mean**  
By J. W. T. Mason, Former European Manager of the United Press.

[United Press Leased Wire Service.] NEW YORK, Jan. 7.—The first evidence that Germany is beginning to feel the pinch of a shortage of textile materials is contained in news from Berlin that the military authorities have prohibited "white sales" in the department stores. Reduced prices in women and knit goods and in clothing made of these, are also made illegal and bargain-hunting must wait until the close of the war.

Economists have been making cautious predictions for several months that Germany must be approaching a crisis in her textile manufactures. It is not probable that the crisis as yet has actually appeared, but there can no longer be any doubt that the preliminary symptoms are on the surface. The effect of a textile famine not only will add one more discomfort to the many domestic irritations now being felt in Germany, but also it may raise a serious problem of unemployment.

**Late Market Quotations**

Long Commission Co. Grain Letter. [Furnished by Long Commission Co., 402½ Main, Telephone No. 100.]

CHICAGO, Jan. 7.—Wheat—Late yesterday there were inquiries for material quantities of hard winter wheat for export in the hands of people in this market, but embargoes which prevented the guaranteeing time of shipments made the offers impossible of acceptance. Seaboard appears to have worked a good business and it is probable that as soon as this eastern congestion clears up a little, there will be no trouble in disposing of stocks in this city. Temporary fluctuations are governed largely by a contest between some large interests, but foreigners show confidence over future supplies, and indications are that longer are likely to find the best company, as long as these conditions last. Receipts at primary points while not so heavy as compared with last year, show a material decrease from a week or two ago.

Corn—In spite of the report of a little export actually worked and of inquiries at several points for more export corn, the market has shown no great strength, even when the wheat market has been strong. Trade has not been heavy and such as did exist was largely local. Cash corn showed a little better tone with an export demand, more buyers beginning to enter the market. No material fresh buying has resulted as a result of the government report.

Oats—Yesterday's advance was a little more than held in this market, but there has been a little inquiry for oats, but not at present prices. Oats are not in demand.

Grain Review. [United Press Leased Wire Service] CHICAGO, Jan. 7.—Free selling after a wild opening tumbled wheat prices slightly today. In early trades, May and July sold at from one to 1½ above yesterday's close. Wheat could not stand the pressure and dropped later to 127½ for May and 118½ for July, just about where it ruled at Thursday's finish.

Advance in cable markets and talk of big export demand boosted corn at the start, but it declined with wheat, ruling around 77½ for May and 77½ for July.

Oats shared in the decline. May ruled at 48½ and July at 46½.

Provisions were fairly active and steady.

ST. LOUIS, Mo., Jan. 6.—Horses—With a strong demand for both southern and eastern types and two Italian inspections running full blast, there was certainly a favorable outlet for a large supply of horses. And to make the outlook still more promising, the French resumed their contract, and were on the market at an early hour for supplies. However, receipts failed to improve in volume, and the supply was even more limited, as approximately 150 head comprised the entire offering in this end of the market.

Heavy draft, extra, \$130 to \$185  
Eastern chunks, 140 to \$180  
Plain chunks, 85 to \$125  
Southern horses, good, 115 to \$135  
Southerners, plain, 70 to \$100  
Southerners, common, 40 to 65  
Choice saddlers, 100 to 200  
Plugs, 5 to 25  
Mules—A fairly liberal supply of mules were received again, of which all of the fat finished stock found a ready outlet. Southern trade is booming, and there is an excellent market for strictly first class animals, and the quality has been more apparent than it has been in quite a while. Extra choice big mules are selling satisfactorily, but cotton mules seem to be more popular right at present, and an unlimited supply of the latter class can be handled to advantage if they are of the right kind.

18 to 15½ hands, \$125 to \$275  
15 to 15½ hands, 100 to \$185  
14 to 14½ hands, 65 to \$125  
13 to 13½ hands, 45 to 95  
Plugs, 25 to 70

Stock Market Notes. [United Press Leased Wire Service.] NEW YORK, Jan. 7.—The stock market opened steady today. Some of the stocks hammered hardest in yesterday's raid, made recoveries, but price changes in general were irregular and unimportant.

Mexican petroleum recovered ½; American Smelting ¼ and U. S. Steel opened ¼ up at 86½.

Activity and strength increased during the first half hour, but around 11 o'clock the effect of Judge Gary's statement of yesterday was again felt and the market became weak. Several brokerage houses today sent out letters declaring Gary's opinions regarding the market were not those of the street.

Sales during the opening hour were a quarter of a million shares. Mexican Petroleum and Smelters dropped under yesterday's low marks and industrial specialties generally were weak in the late afternoon.

**CAR TOOK FIRE AFTER OVERTURNING**

Thirty Passengers Were Injured When Stove Tipped Over and Scattered Coals.

[United Press Leased Wire Service] CHICAGO, Jan. 7.—Trapped in a burning trolley car, which caught fire after it left the rails and turned turtle, thirty passengers were injured early today at Wilmette, a north shore suburb. At Evanston and Wilmette hospitals, where the most severely injured were taken. It was said today none would die.

The car, northbound on the Chicago and Milwaukee Electric railway, bounded off the track when it struck a curve at high speed. As it left the rails, it cut down a tree and a telegraph pole, overturned and caught fire.

Coals from the stove scattered on the clothing of the passengers, many of them women, who were returning from dances and theatres.

Five departments from Wilmette and Evanston rescued the passengers and society folk at north shore country clubs attracted by the screams of the injured, sped to the scene in automobiles and rendered aid.
