

LUMP SETTLEMENT FOR SON'S DEATH

Application of Parents of P. A. Ash is Approved in Claim Against Mississippi River Power Company.

AMOUNT IS FOR \$2,250

Willie Cutright is Sentenced to Five Years When He Pleaded Guilty to Charge of Assault.

An application for an order authorizing a lump settlement of the claim of John T. Ash and Della Ash, dependent parents of P. A. Ash, against the Mississippi River Power company was filed in the district court.

Sentenced to Five Years.

Willie Cutright, colored, was sentenced yesterday to five years in the penitentiary when he pleaded guilty to the charge of assault with intent to commit manslaughter.

NEW WORLD LAW FOR SUBMARINES

Continued from page 1.

which the German government emphasized its agreement with the United States' attitude regarding submarine warfare and promised hereafter to adhere strictly to this attitude.

As far as the case of the Persia is concerned, there were no developments today to destroy belief that the incident never would be the cause of international negotiations.

Only another case similar to that of the Ancon, it was frankly stated, could turn this government's attention from an American-English showdown.

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

SAVE YOUR HAIR! DOUBLE ITS BEAUTY IN JUST A FEW MOMENTS.

25-CENT "DANDERINE" MAKES HAIR THICK, GLOSSY, WAVY AND BEAUTIFUL.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment.

States dwell as strongly on "rules of humanity" as it did upon written agreements. In the matter of the mail seizures, the United States, according to a ruling by the postoffice department, will have to base its demands, in part, on common acceptance of the broad interpretations of these postal agreements.

COSTS DIRECTORS \$675 AN HOUR

Continued from page 1.

attorneys for both sides tonight, during which he made it plain he would keep the jury at its task for four days if necessary. Judge Hunt declared that in view of the fact that three months had been consumed in hearing the case, the jury should understand ample time would be given for consideration of the evidence.

When the jury went to dinner tonight, the orchestra in the cafe played the Star Spangled Banner as the men entered and kept up patriotic airs until they left.

When a story on Thomas Pell, one of the jurors, became known tonight, predictions of an early verdict became general following Judge Hunt's announcement. Pell is well along in years and last night was the first he has spent away from his wife since some time beyond his memory.

The jury was put to bed at 11:30 tonight without having reached an agreement.

LITTLE TALKS ON THRIFT

By S. W. STRAUS, President American Society for Thrift

"Save young and become a man, and be a man of respect and respect." said Benjamin Franklin. "It is the quickest and surest way to find out whether these words are true or not, begin to save. A person will be astonished at how much he will grow in his own self-esteem, and his attitude of self-respect will compel respect from others.

It is very much easier to make than to save money. Nearly everyone makes money, he it much or little, but those who make little think only those who make much can save. Now anyone can save if he will. It is only ten pennies or ten cents and ten cents is almost nothing. It is hardly missed. Yet one little ten cent piece saved every day for ten days means a dollar and each dollar set to earning for you, the earlier in life the better, will surprise you at the end of a period of time by its industry.

MOB OF STRIKERS SET FIRE TO TOWN

Continued from page 1.

mously voted to reject the offer and to continue the walkout until all demands, including the boost from 19 1/2 to 25 cents an hour, time and a half for overtime and double pay for Sunday, are granted.

J. A. Campbell, president of the Youngstown Sheet and Tube company, tonight planned to re-open his plant which employs over 3,000 men, on Monday if protection is afforded the workers.

"My men are anxious to go to work," Campbell said tonight. "But they are intimidated by strikers' pickets. Inadequate police protection caused us to shut down and prevent the riot."

If any attempt is made to resume operations Monday by either plant, trouble is feared, despite the fact that 2,200 Ohio national guardsmen are scattered in this vicinity.

East Youngstown was quiet all day and early this evening. The infuriated mob that demolished two buildings of the Sheet and Tube company, when fired upon by the companies' guards, then looted and applied the torch to the business district, seemed entirely sobered tonight. Nine hours' orgy, during which time most of the liquor in fourteen saloons was consumed by the men, stores ransacked, set ablaze and shots exchanged with sheriff's deputies, caused a million dollars damage. The business district was a mass of ruins. Eighty buildings and houses were leveled before the fury of the men had spent itself.

The riot started on a bridge leading to the tube company's offices. Strikers were seen carrying a huge wooden beam towards the plant. Company guards fired into the men. The report of the pistols set ablaze the smoldering anger of the men who had been picketing the plant all day.

Youngstown heard of the battle. Ten thousand came to look on. By now the mob was beyond all control. Embers from the burning steel plant's building ignited a shack, then a business building. Then it sped on to a house. Nobody seemed to care. Calls went in for the fire department. For an hour there was no response. Men and women poured out of blazing buildings, some carrying a few trinkets of value, others leading children. Two hours after the fire started and the flames had wiped out two blocks of the hillside town of ten thousand population, fire companies began arriving. Then they were hampered in their work by hoses being slashed by drunken men. S. H. Rabinowitz, clothing store merchant, locked his shop and fled. The door was battered down. This case was typical. Sheriff Umstead and his nity deputies were simply overpowered. The ten policemen rendered aid to the riot victims. Men arrested by slashed by deputies were hurried to Youngstown and crammed into the county jail. Troops were called for, but did not arrive until morning. A vigilante committee of twenty with sawed-off shot-guns took possession early this morning after most of the mob had dispersed. A thirteen year old boy was shot dead while entering a store. Several strikers were wounded, three perhaps fatally.

The Youngstown Sheet and Tube company paid off eight thousand employees today while troops guarded the plant. There was no trouble. Merchants who suffered in last night's looting are preparing to sue the county, as their insurance policies were invalidated by the mob's action.

Three probes of the rioting are promised to get under way Monday. The state fire marshal has ordered deputies to investigate the incendiary in the county coroner was open to inquire into the killing of an unidentified boy and the state federation of labor plans a probe on its own account.

Second Dead Man.

YOUNGSTOWN, Ohio, Jan. 8.—Indication that the strike of the steel workers in the Republic Iron and Steel company and the Youngstown Sheet and Tube Co., which, it was reported, has been held in scores of meetings held by skilled workers, who were forced to quit work when the laborers walked out. These men who heretofore have never affiliated with a union, voted unanimously to organize and join the American Federation of Labor.

Like the other workers, they declared they will demand wage increases. Hundreds of skilled workers jammed the rooms where the meetings were held, listening to speeches by union organizers. There were no disturbances and the night passed without trouble. All fear of a repetition of last night's rioting.

REMEMBER Pe-ru-na When You Call At Our Drug Store. Mr. Robert H. Norris, No. 1332 Henry St., North Berkeley, Cal., writes: "We have never had any other medicine but Peruna in our home since we have been married. I suffered with kidney and bladder trouble, but two months' treatment with Peruna made me a well and strong man. My wife felt weak and was easily tired and was also troubled with various pains, but since she took Peruna she is well and strong."

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

WHEN CROSS, FEVERISH AND SICK GIVE "CALIFORNIA SYRUP OF FIGS."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs," because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

passed at midnight when the strikers left the streets. A second name was added to the fatalities of the rioting that marked yesterday and last night. Robert Davis, 24, a Pittsburgh & Lake Erie railway employe, who was found near the tracks with a bullet hole in his chest, died at a local hospital. He was a watchy the rioters when hit by a stray bullet.

Strike of 600.

EAST CHICAGO, Ind., Jan. 8.—Declaring that the strike of 600 machinists at the Edward Valve and Manufacturing plant here was agitated by agents for the central European powers, President Olaf Olsen of the plant tonight flatly refused to deal with a committee of strikers. The plant has been working on munition orders. "I will deal with the men individually, or in groups, but not with their committee," Olsen declared. "I have very strenuous objections to the personnel of the committee. The machine shop was under heavy guard tonight as the result of threats of trouble. Olsen said he will appeal to Washington for a federal investigation of the strike.

Fear of a strike at the Republic Iron and Steel Co., plant here in sympathy with the Youngstown, Ohio, strike, was relieved tonight when the company posted a notice of a voluntary wage increase, effective Monday for all employes.

THE WEATHER.

WASHINGTON, Jan. 8.—Weather forecast: Illinois: Partly cloudy Sunday; Monday unsettled, probably rain; somewhat warmer Sunday south portion. Missouri: Partly cloudy and slightly warmer Sunday, Monday probably rain. Iowa: Partly cloudy and probably unsettled Sunday; Monday rain in south, rain or snow in north portion; colder Monday afternoon or night.

Ada Rehan Dead.

[United Press Leased Wire Service.] NEW YORK, Jan. 8.—Miss Ada Rehan, famous actress, died late today in Roosevelt hospital, following an operation performed Wednesday. Miss Rehan was starred by Augustin Daly in Shakespearean roles from 1892 to 1899. Miss Rehan was taken to the hospital Tuesday. Friday night she appeared to be recovering, but today suffered a relapse and died shortly after two of her sisters arrived at her bedside. Miss Rehan was born in Ireland in 1860. Her first stage appearance was in Newark when she was fourteen.

The realistic ring fight staged between the sovereign of screen stars, Francis X. Bushman and James J. Jeffries, ex-heavyweight champion of the world, in "Pennington's Choice," at the Hippodrome Theatre, Tuesday and Wednesday, January 11 and 12.

Late Market Quotations

Table with columns for various commodities like WHEAT, CORN, OATS, PORK, LARD, RIBS, etc., and their prices. Includes sub-tables for Chicago Live Stock and Chicago Produce.

No. 6 mixed, 66@66 1/2. Oats—Six cars; market unchanged to 1/2 higher. No. 2 white, 43 1/2 @ 43 3/4; No. 4 white, 42 1/2 @ 43c.

LOUIS, Mo., Jan. 8.—Hay—Extreme scarcity of and an urgent demand for medium to good and high grades of all kinds of hay is forcing prices up steadily, and sales of the under grades are readily made at figures well above their respective value in absence of the better classes.

What the War Moves Mean

By J. W. T. Mason, Former European Manager of the United Press.

[United Press Leased Wire Service.] NEW YORK, Jan. 8.—The Russians have been unable to make serious progress during the week in their new southeastern offensive. The attempt to impress the Roumanians with the recovered strength of the Slav armies, is failing and no influence favorable to the allies has been brought to bear on the Balkan situation.

It is probable that a compromise eventually will be reached all around and that some means will be found to get into the army the single men at whom the draft is aimed. The enforced enlistment of bachelors means the more elderly married men who attested their willingness to volunteer under the Derby scheme, will probably not be sent to the battle front. The banding together of the fathers' families as supporters of conscription, must have an important effect on the ultimate fortunes of the British.

General Sir Ian Hamilton's defense of the Gallipoli campaign, which was issued this week by the British government, is a story of inefficiency, under estimates and lack of organization. But, even had these faults not occurred, the Turks could not have been driven from the peninsula with the number of troops at General Hamilton's disposal.

Cured His RUPTURE. I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 88 B. Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured. You may save a life or at least stop the misery of rupture and the worry and danger of an operation.
