MAKE NEW DRINK HERE IN KEOKUK

"Puritas Brannew" is Name of the New Beverage Which Pechstein and Nagel Will Manufacture Now.

MARKET IS UNLIMITED

This Drink Conforms Entirely to the Law and Will Have Market All Over the Country It is Felt.

One of the large industries of Keokuk which closed at the first of the year through state wide legislation, has been re-opened, and will manufacture a product which meets all requirements of law, and which it is felt will have a market with practically no limitations.

"Puritas Brannew" will be the name of the product which is being manufactured by the Pechstein & Nagel company in their plant on North Fourteenth street.

The plant has been re-opened and will be run at even larger capacity than formerly, it is believed, as soon as the product is well started.

That there is a much greater chance for its market in the belief of the manufacturers and they see an almost unlimited field for its sale.

There is considerable satisfaction to the news that the Pechstein and Nagel plant will be re-opened for it means that the property will not have to be idle and that the plant which has always employed a large number of men can continue.
