PICTURE PROGRAM AT HIGH SCHOOL

Educating the Blind and the Making of Pure Foods in Battle Creek, Two Interesting Reels.

PROGRAM STARTS AT 7:30

Hospital for Small Animals and a Travel Picture Will be the Other Interesting Reels.

Educating the Blind—(Split reel)—These pictures are taken in a French school, showing the work of nuns in bringing light to those who live in darkness. They give an excellent idea of the careful, painstaking, patient method of instruction which teach the blind people how to read and write, play musical instruments, knit, and do many other useful lines of work. Close-up pictures of a blind person reading, writing and feeling out the notes on the music sheet while she plays the piano with the other. Object lessons where the little folks are taught nature lessons by handling stuffed birds and animals. Teaching the blind to knit. It takes two years for a blind person to learn to knit. This picture will bring home to anyone who has the blessing of sight, many things to be thankful for. Artistic Wood Carving—(Split reel)—An expert Swiss wood carver shows some fancy wood turning and demonstrates how many beautiful circular objects are made. Making Pure Foods in Battle Creek, Mich.—Pictures taken in the factory of the Postum Cereal company in Battle Creek, show general views of the plant and administration office and detailed pictures of the process of the manufacture of certain cereals. Hospital for Small Animals—(Split Reel)—Pictures of the veterinary treatment given to house pets, dogs, cats, monkeys, canaries, as well as to goats, and some other large animals. A French picture. From Roven to Havre—(Split Reel)—A trip along the river Seine showing some of the beautiful scenery. Pictures of boats, small towns and peasant costumes and customs.

A Medicine That Overcomes Most Obstinate Kidney Troubles

About 1904, I was bothered about two years with a severe attack of kidney trouble. My condition was such that I was hardly able to drag around the house and do my work. I did not have any appetite and could not rest at night and I felt more tired in the morning than I did on going to bed. My doctor treated me for about one month; he said that I had kidney trouble, but he did not give me any relief. By chance one day my husband was in town and noticed Dr. Kilmer's Swamp-Root on a druggist's shelf and decided to bring some home for me to try; the first bottle gave such relief that I continued the use of Swamp-Root until I was restored to good health, and I have had good health for the last ten years. I cheerfully recommend Swamp-Root to others who have kidney troubles, Yours truly, MINNIE DOROUGH, Antlers, Okla. Personally appeared before me this first day of March, 1915, Minnie Dorough, who subscribed the above statement and made oath that the same is true in substance and in fact. ED BROWN, Notary Public. In and for Pushmataha county and State of Okla.

Prove What Swamp-Root Will do for You. Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Keokuk Gate City. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Late Market Quotations

Table with columns for 'DAILY RANGE OF PRICES', 'Furnished by Long Commission Co.', and various market data including wheat, corn, and livestock prices.

Long Commission Co. Grain Letter. CHICAGO, March 2.—Wheat—Public interests in the wheat market was less apparent today and the market assumed a professional tone with relatively moderate fluctuation. Selling pressure was largely the result of freight conditions. The eastern movement was slow on account of congestion and interference with ocean traffic is a constant menace. It was difficult to trace the buying of wheat, but the market absorbed offerings well and showed less tendency to sharp breaks than was the case when the outside speculative trade was heavily long. By noon, however, prices were at the low point for the day. Some export business was thought to have been worked late yesterday, and buying by cash interests tended to confirm this. The bear position seems to have been discounted by the sharp declines in prices and breaks from this will probably be only temporary. Corn—Local traders seemed to expect some help on the bear side from wheat and were fairly liberal sellers of corn. The market became oversold early in today's session and a fair rally occurred. July was firmer than the May, with a good class of investment buying. The cash market was quoted as steady to one cent higher, the latter on sample grades. Very few samples were received, however, from the sample department up to the noon hour, due to unfavorable weather conditions throughout the west. Oats—The large export sales made yesterday and reports of further business in progress today, gave oats a firm undertone. Local traders were the best sellers, while cash houses were credited with most of the buying. The cash market was firm with the delay in receipts of samples.

Grain Review. [United Press Leased Wire Service.] CHICAGO, March 2.—Wheat fluctuated fractionally today, on bearish weather news which was counteracted by good support on an early up. May ruled around 111 1/2, slightly below last night's close, and July around 108 1/2. Big buyers gave use shorts a brief scare shortly after the opening, but it was short lived. Corn had a week start, but prices acted in sympathy with wheat. Both May and July sold at 74 1/2, 1/4 up from the opening. Provisions were higher on the higher hog market.
