OUTING A PLEASANT ONE

Mayor of Warsaw is Honor Guest at Supper, Welcomes the Club and Invites It Back Again.

Over one hundred members of the High Tension club were present on the Warsaw outing last night.

After arriving in Warsaw the club members repaired to the Hotel Grant where an excellent repast was awaiting them. The menu consisted of baked chicken and roast beef, oyster dressing, mashed potatoes and gravy, creamed peas, potato salad, celery, olives, pickles, ice cream and cake.

During the supper hour, music was furnished by a company of three, two violinists and a harpist, secured especially for the occasion.

Funston Predicts Long Siege. SAN ANTONIO, Texas, March 15.—"I hope the American people appreciate that this is going to be a hard and very difficult campaign. It may be a long one also."

This was the fashion in which General Funston, in whose hands unreservedly has been placed the task of capturing the Mexican bandit, "Pancho" Villa, summed up the campaign today for the United Press.

General Funston intimated that General Pershing has his orders and move when ready. "One of the best features of the business is the fact that the troops are in splendid shape for the work. From a physical standpoint they could not be better. The time that most of them have had on the border has hardened and toughened them for just the character of campaign that they will have to undergo. But it is going to be a hard job."

was indicated. Secretary of War Baker said at 9 o'clock he had received no word of the reported crossing of the border by American troops and had no advice regarding the reported capture of Hachita, N. M., by Carranzistas.

Plot for Intervention. MEXICO CITY, March 15.—President Wilson's acceptance of General Carranza's proposals, has defeated well laid plans to force American intervention, Carranza officials declared today.

General Carranza was fully informed of these plans, they said. When official messages from Washington reached him Monday night, he expressed the greatest satisfaction. "The Villa raid on Columbus, the first chief firmly believes, was made with the connivance of interested parties in the United States. Though he has no evidence, General Carranza believes Villa was manned by American interests seeking to force intervention."

Public demonstrations continued today following announcement that the differences with the United States had been settled. When the first word reached here military bands marched through the streets, playing national airs.

Patriotic Demonstration.

SAN ANTONIO, Texas, March 15.—San Antonio took occasion to make a wildly enthusiastic patriotic demonstration.

Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces will last you a long time. No matter how much dandruff you have, this simple remedy never fails.

Many Rumors.

SAN ANTONIO, Texas, March 15.—Newspaper reports of fighting along the border, disasters to troop trains, and that American troops had crossed the border, caused the general market today after a lower opening all around on heavy selling. May wheat gained 1 1/2, selling at 109 1/2 and July advanced 1 1/2 to 108.

Correspondents are specifically instructed that they will not be allowed to send the names of regiments or commanders, the disposition of troops, reports as to sick and wounded, the extent of losses or any other news the censor may refuse to permit in dispatches.

Civilians Training Camp.

WASHINGTON, March 15.—Summer training camps for civilians will not be abandoned, General Scott, chief of the staff of the army announced today. He reversed the decision announced yesterday of subordinate officials who have had charge of plans for the camps and said arrangements being made before the Mexican trouble broke out, would go forward. Department commanders will arrange camps as far as they are able, however, as far as now can be foreseen, will be to curtail the plans. If the camps were to be organized immediately, practically only the Plattsburch, N. Y. camp and the northwest could participate because of the absence of officers from other points.

Long Commission Co. Grain Letter. [Furnished by Long Commission Co., 403 Main, Telephone No. 100.] CHICAGO, March 15.—Wheat—An early break in wheat was due to the bearish foreign cables. On this decline foreigners were liberal buyers of futures. Liberal sales of wheat for export were reported. Crop news still confirms damage to the growing crop, on account of winter killing and insects. Cash premiums are high and recent sales are reported to be the best premiums of the season. The situation looks strong and appears to favor the buying side of bulls who await bear drives.
