### SULLIVAN & AUWERDA

Women who have seen our garments know that the styles are both refined and dependable.

In our advance exhibit the models shown were the equal in style to the best of those exhibited in the fashion centers. Right now we are showing mid-season models that will be copied later in the season by other makers of women's garments.

Surely you will want to see these new mid-season models this week. Every day you wait cuts down the time, and likewise takes off something of the enjoyment of wearing the new styles while they are new.
