

WOMAN SUFFRAGE LEADERS MANY

Over One Thousand in State, Organizational Finds in Summing Its Forces Preparing for Campaign.

PEAKERS ARE COMING

Those Who Attend Conference in St. Paul Will be in This State to Talk for the Measure.

The State Suffrage association has more than one thousand local leaders over the state. The number is increasing daily and these with the cores of women who are working under their direction, together with the state board and the organizers, forms a splendidly organized body, working for victory for equal suffrage on June 15.

The past months have been months of foundation work. Out of the ninety-nine counties of Iowa, there are only about five that have not full county organization, including county and township chairmen, or an executive committee which is working on completing the organization. The months of April and May will see efforts being made in the part of this big organization of mass meetings, canvassing of the voters, and much personal work represents something of the suffrage activities. Men and women of national prominence will come into the state during these remaining weeks to give lectures and talks formal and informal, for suffrage. Some of the speakers of nation-wide prominence include Mrs. Carrie Chapman Catt, president of the National and International Suffrage associations; Lieutenant Governor W. Y. Morgan of Kansas; Henry J. Allen of the Wichita branch of Kansas; Mrs. Millie R. Trumbull, Portland, Ore., secretary of the Oregon Child Labor commission; Miss Lulu E. Sterns of Milwaukee, lecturer of note, prominent leader in book work and the library field; Miss Harriet E. Vittum of Chicago, social secretary of the National Association of Suffrage workers; Attorney Omar E. Farwood of Denver; Mrs. Agnes Riddle, member of the Colorado legislature; Mrs. Ben Hooper of Oshkosh, Wisconsin, prominent suffrage worker; A. L. Weatherly of Lincoln, Nebraska; U. S. Senator Wm. S. Kenyon.

Speakers to Tour State. At the close of the Mississippi Valley Suffrage conference which will be held in Minneapolis in May, the big speakers at that gathering, will come into Iowa and tour the state. It is possible twenty of the biggest speakers at the conference will be in the group.

In addition to those named, there are many other men and women whose names are well known, planning to come to Iowa for the closing weeks.

The Men's league for woman suffrage which is co-operating with the Woman's Suffrage association, has organizations in ten counties and in thirty other counties, organization is well under way. Men of state prominence in business and the professions are taking a part in the movement.

Message From Kansas. Governor Arthur Capper of Kansas is one of the most ardent suffrage supporters in the country and is lending his influence to the movement in Iowa. Being unable to come to Iowa to take part in the speaking campaign, Governor Capper is working for the cause through his newspapers and farm papers. This letter to the voters of Iowa is another contribution the Kansas governor has made to the Iowa suffrage cause:

"I am very glad of the opportunity to write you of the practical results of equal suffrage in this state. It is not a theory nor an experiment nor a dream with us. We have tried it thoroughly in Kansas. We have had equal suffrage in every city in Kansas on all city offices for twenty-seven years and full and complete suffrage throughout the entire state for the past two years. We know what suffrage will do. And I say to you, that after a complete and thorough try-out, an overwhelming majority of the people of Kansas, men and women, are now enthusiastic supporters of equal suffrage and there is not the slightest possibility that the policy will ever be abandoned.

Makes for Better State. "We recommend equal suffrage to the people of Iowa because we know that it has made Kansas a better, cleaner, happier, more prosperous state. More specifically, it has given us clean elections—the rowdy, the roughneck, the boozier, the ward-heeler have been put out of business at the polls. The combination between the vicious liquor element and corrupt political parties was completely destroyed when the women of Kansas became voters. All the political

Kept Spreading Into Hair. Itched a Great Deal. Hair Fell Out and Head Looked Badly.

HEALED BY CUTICURA SOAP AND OINTMENT

"When my little brother's trouble began it looked rough and scaly and we thought that he was breaking out with the heat. At first it was just across his forehead, but it kept spreading into his hair and was very red. It itched a great deal which caused him to scratch and he was very cross and would often lie awake nights. His hair fell out and made his head look very badly. We had him treated but it seemed to make him worse. He had the trouble about four months when I sent for a free sample of Cuticura Soap and Ointment, and afterwards bought more. We used the Cuticura Soap and Ointment according to directions and in about two weeks he was completely healed." (Signed) Miss Susie Van Doren, R. F. D. 1, Camanche, Iowa, July 25, 1915.

parties have been more careful to nominate as their candidates, clean, high-minded, honorable men. The legislature has given a great deal more attention to legislation that will elevate the morals of the state and progressive, forward-looking, humanitarian legislation. The women were directly responsible for the enactment of our last legislature of a mothers' pension law, a child hygiene bureau to promote the health of our boys and girls, and an industrial welfare commission which compels all employers of labor to pay decent, living wages and a decent schedule of hours, and which absolutely wipes out the curse of child labor.

Daily Stock Letter. [United Press Leased Wire Service.] NEW YORK, March 30.—The New York Evening Sun financial review today said: Speculative impulses were lacking at the opening of the stock market today and nothing developed as the session progressed to break the monotony of the trading. So far as it could be determined from an outward observation the dealing were entirely professional and the market continued under the restraining influences of Mexican affairs and the submarine situation. The latter was by far the more important of the two in its effects upon the outside interest and public buying dwindled to meagre proportions except in the bond division where a somewhat better inquiry was reported. Anglo-French fires were stronger and touched 95 1/2, while the new Dominion of Canada Aves of 1911 which made their first appearance on the exchange sold at 96 1/2 in the early afternoon, an advance of two points over the issue price.

[Special to The Gate City.] ALEXANDRIA, Mo., March 30.—A well organized search yesterday afternoon for the body of Frank Hoover, the Alexandria man who was drowned in the Mississippi river opposite Gregory, Mo., on Monday morning, was fruitless. No trace of the man's body, his boat or his nets was found. The high water was largely responsible for the failure. Yesterday hopes were held out that he had not been drowned but had been fishing, but today everybody is convinced that Mr. Hoover is dead. It was reported in one of last night's Quincy newspapers that he had been found alive. This report, however, was without foundation.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Bread Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!
