ALTON ROAD IS FINED

JUDGE LANDIS IMPOSES HEAVY PENALTY FOR REBATING.

PENALIZES TWO OFFICIALS

Former President Faithorn and Fred A. Wann Are Given Fines of \$5,000 Each for Aiding in Violations.

Chicago.—Judge Landis Wednesday fined the Chicago & Alton railroad \$20,000 each on two counts, making a total of \$40,000, the limit for the fine. President Faithorn was fined \$5,000 on two counts, half the maximum, and Fred A. Wann was fined \$5,000 on each count. The total of the fines was \$60,000. Judge Landis declared he saw no extenuating circumstances in the case.

Attorney R. M. Shaw, for the railroad, asked for a bill of exceptions, that the case may be appealed. This fine is identical with the one assessed some time ago by Judge Betha against the Chicago, Burlington & Quincy and two officials on a similar charge.

Last Friday Judge Landis informed the defeated attorneys, Mr. Shaw and John Barton Payne, that he would give them until Monday to produce evidence tending to show that the granting of the rebate by the defendant to the Schwarzschild & Sulzberger company was publicly known in Kansas City. When court convened Attorney Shaw declared he had not time enough to produce witnesses, but that he had evidence that a similar transaction in two instances had been approved by United States Judge Phillips in Kansas City while he, as a court, was administering the Kansas City Belt line, then in the hands of a receiver. He could not produce witnesses, he said, because they feared making confessions might place them in danger of prosecution.

The verdict of guilty made it possible for the judge to fix a maximum fine of \$40,000 each, or \$120,000. Judge Landis, however, has taken into consideration alleged lack of any criminal intent. The judge wished to determine whether the arrangement of rebating one dollar on each car to the Schwarzschild & Sulzberger company was known to all other roads and shippers. The prosecution against the Chicago & Alton road and its officials was precipitated by the investigation of the packing industries. The indictment followed. It was announced that other roads will be prosecuted.

Goes After Wisconsin Roads.
Madison, Wis.—Following a report by Railroad Commissioner Thomas Wednesday that the railroads of Wisconsin have been guilty of granting rebates under the guise of commissions, Gov. Davidson has asked Attorney General Sturdevant's opinion, and will start prosecutions against all railroads if the attorney general holds that taxes can be collected on the sums thus omitted from gross earnings. The railroads so far examined are the Northwestern, the St. Paul and the Omaha, and all are alleged to be guilty.

RUSSIAN REBELS ATTEMPT TO ASSASSINATE CZAR'S ADMIRAL

COMMANDER OF THE BLACK SEA FLEET, CHUKKIN, IS SHOT FROM AMBUSH AND SERIOUSLY WOUNDED.

Sevastopol.—An attempt was made by mutineers Wednesday to assassinate Vice Admiral Chukkin, commander of the Black sea fleet. The admiral was wounded and taken to a hospital. The would-be assassin is a sailor, who hid in the bushes and shot at the admiral as he was walking in the garden of his villa. The culprit has not been apprehended.

The warships Panteleimon and Three Saints have joined the garrison of the Batum fortress, which has been in mutiny. The Three Saints hoisted the red flag, and the mutineers are forcibly detaining two other war vessels which had refused to join them.

The Naval Revolt.
On June 28, 1905, the crew of the Panteleimon, then called the Kniaz Potemkin, mutinied at Odessa and defied the authorities several weeks. Meantime the city was kept in constant terror by threats from the vessel to bombard the town. The warship finally did fire on one of the forts, but it soon after surrendered. On November 26 the vessel, of its name had been changed to Panteleimon, again mutinied and was joined by the cruiser Otchakov. Nothing serious resulted, however, and later on the warships returned to control by the government.

Admiral Blamed for Severity.
Vice Admiral Chukkin has been blamed for his severity, and it was to his treatment of the crews of the ships under his command that the mutiny on board the battleship Kniaz Potemkin, in June and July last year, was attributed. The admiral displayed considerable activity in attempting to capture the mutineers at that time.

RIVER PACKET IS BURNED

Steamer Quincey of Diamond Jo Line Runs on Bank Near Trempealeau and Turns Turtle.

La Crosse, Wis.—Nearly all of 200 passengers on the steamer Quincey of the Diamond Jo line Wednesday night narrowly escaped death when the big packet struck a bank in the dark near Trempealeau, Wis., turned half over and then caught fire.

It is believed that the majority of the passengers were saved and only one drowning is definitely known, that of an infant which was washed from its mother's arms.

A belated train brought 60 passengers who were on the boat to this city. Accounts given by them of the disaster do not include positive statements as to drownings, but it is believed comparatively few met death. At about 10:30 o'clock the steamer, plying up river, struck a bank. At the time, it is said, the boat carried no searchlight. One passenger says he saw a babe washed overboard from its mother's arms. The boat was sinking, though not in deep water.

Amid a crashing of timbers, with the boat on its side, the lifeboats were got out and the passengers, 200 in number, were taken off before the flames gained any considerable headway.

THE LAXATIVE OF KNOWN QUALITY

There are two classes of remedies; those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian, blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character.

There are two classes of purchasers; those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect its beneficial effects if they do not get the genuine remedy.

To the credit of the druggists of the United States be it said that nearly all of them value their reputation for professional integrity and the good will of their customers too highly to offer imitations of the
