

"BOBBY" WAS SO NERVOUS.

He Was Not to Be Agitated, Even by "Percy, Dear."

It was moving day for the summer colony along the North shore of Massachusetts. On the morning train from Rockport, bearing many well-known Bostonians to their town houses for the winter, rode a stumpy old gentleman from the west. At the front of the train, a family of three—father, mother and daughter—boarded the train, bearing respectively the family treasures: One pet poodle, one gray cat in a blue blanket, and one traveling clock in a much worn leather case. The party had no sooner found seats across from the westerner, than it became apparent that the excitement of boarding the train had caused a commotion among the pets. The cat was chided for talking aloud. "Calm yourself, Bobby," said his mistress. "Be yourself once more—where are you on your way home?" Whereupon Bobby growled.

The poodle became restless in the company of his master on a seat in front and signified his yearning for Bobby's company by climbing up the back of the seat and casting goo-goo eyes at the Tabby. The sympathetic mistress understood at once and said: "You may come over here and sit with us, Percy, dear, on one condition—you must not agitate Bobby."

This was too much for the stormy westerner. With a loud snort he reared up, pawed his hand-bag from the rack above his head, and pranced into a coach ahead.

IN AGONY WITH ECZEMA.

Whole Body a Mass of Raw, Bleeding, Torturing Humors—Hoped Death Would End Fearful Suffering.

In Despair; Cured by Cuticura.

"Words cannot describe the terrible eczema I suffered with. It broke out on my head and kept spreading until it covered my whole body. I was almost a solid mass of sores from head to foot. I looked more like a piece of raw beef than a human being. The pain and agony endured seemed more than I could bear. Blood and pus oozed from the great sores on my scalp, from under my finger nails, and nearly all over my body. My ears were so crusted and swollen I was afraid they would break off. Every hair in my head fell out. I could not sit down, for my clothes would stick to the raw and bleeding flesh, making me cry out from the pain. My family doctor did all he could, but I got worse and worse. My condition was awful. I did not think I could live, and wanted death to come and end my frightful sufferings."

"In this condition my mother-in-law begged me to try the Cuticura Remedies. I said I would, but had no hope of recovery. But oh, what blessed relief I experienced after applying Cuticura Ointment. It cooled the bleeding and itching flesh and brought me the first real sleep I had had in weeks. It was as grateful as ice to a burning tongue. I would bathe with warm water and Cuticura Soap, then apply the Ointment freely. I also took Cuticura Resolvent for the blood. In a short time the sores stopped running, the flesh began to heal, and I knew I was to get well again. Then the hair on my head began to grow, and in a short time I was completely cured. I wish I could tell everybody who has eczema to use Cuticura. Mrs. Wm. Hunt, 135 Thomas St., Newark, N. J., Sept. 28, 1908."

VENEZUELAN DISPUTE ENDED

BUCHANAN SIGNS PROTOCOL THUS SETTLING ROW.

Points at Which United States and South American Republic Were at Variance Adjusted.

Washington.—Special Commissioner Buchanan has telegraphed the state department that he has signed a protocol with the Venezuelan government for the settlement of the disputes between that country and the United States. He will leave Caracas for home Tuesday.

The settlement of the Venezuelan dispute was received with general delight in Washington, for the trouble with the South American republic has been a thorn in the routine of the secretary of state for the past several years.

Three claims go to The Hague tribunal for arbitration; the fourth is settled by a small cash payment, and the fifth has been settled directly between the Venezuelan government and the claimants. The protocol is equally satisfactory to the United States and to Venezuela. It saves the dignity and honor of Venezuela, while as for America, the troublesome claims that have led to so much negotiation are disposed of.

The New York and Bermudez Asphalt Company, through Mr. Buchanan, has reached a direct settlement with the government, by which the company obtains possession of its property in Venezuela and agrees to pay the government a minimum revenue of \$20,000 a year.

Furthermore the company will pay the government a cash indemnity of \$60,000 to compromise the suit brought against it on account of its alleged participation in the Matos revolution.

A. F. Jauret, an American newspaper man who was expelled from Venezuela by former President Castro, is awarded \$3,000 without arbitration.

The claims of the United States & Venezuela Company, otherwise known as the Critchfield Concession; of the Orinoco Steamship Company, and of the Orinoco Corporation, are to be submitted to The Hague tribunal for arbitration.

In the case of the last named claim a method of reference to The Hague was found that was entirely satisfactory to Venezuela.

MURDERER OF GIRL CONFESSES. William Gagle Tells of Luring Child from Home and Slaying Her.

Chicago.—William Gagle, arrested on charges of having attacked two South Chicago girls, confessed to the police Tuesday that he killed little Lizzie Schrader of Gary, Ind., more than a year ago, while she was carrying lunch to her father.

The confession was made to Capt. Halpin of the South Chicago police station, Chief of Police Rimbach of Hammond and Chief of Police Martin of Gary, Ind. The theory that Gagle was the murderer of the little girl whose dismembered body was found in the woods near Tolleston, Ind., was suggested by Gagle himself, who, while being examined in regard to the attack on his two latest victims, jumped from his chair and shouted:

"I attacked those girls, but I never killed Lizzie Schrader!"

The death of the Schrader girl had not been mentioned.

ICE CLOGS NIAGARA FALLS. Tremendous Fury of the Great Whirlpool is Lost.

Niagara Falls, N. Y.—Only a tiny rivulet, not deep nor swift enough to carry a pulp log over the brink, is flowing over the American side of Niagara Falls. A strong northeast wind which has blown since Friday has held back the water and allowed the ice to gain a foothold.

A great wall of ice runs from the head of Goat Island to the American mainland through which only tiny streams are able to trickle. This wall has even encroached on the Canadian channel, extending out some 200 feet beyond the Third Sister island and greatly diminishing the flow over the Horseshoe.

Senators Would Protect Pacific. Washington.—One-half of the United States navy should be kept on the Pacific coast at all times is the opinion of the senate. An amendment to the naval bill was agreed to Tuesday night providing that in the discretion of the president one-half of the navy shall be kept in Pacific waters, so far as practicable.

The president already has the authority to so divide the fleet, but the amendment amounts to an expression of congress in favor of such.

Illinois Mine Wrecked; Four Lost. Benton, Ill.—A second explosion occurred in Mine 18 of the Deering Coal Company, seven miles southeast of this city Wednesday. It was more severe than the one of Tuesday, which entombed four shot-firers. Soon after the first explosion a rescuing party, when about twenty feet from the bottom of the shaft, discovered the mine to be on fire and they returned to the mouth of the shaft. The second explosion wrecked the mine and it is likely the four bodies will never be recovered.

WHAT WILL HAPPEN MARCH 4

7,000 KILLED BY QUAKE

LATEST REPORTS SWELL PERSIAN DISASTER'S DEATHS.

Sixty Towns Laid Low—News of Violent Earthquake on January 23 Just Received.

Teheran, Persia.—It is now believed that fully 7,000 persons lost their lives in the earthquake in the province of Luristan, western Persia. Sixty villages were destroyed.

The news was received Wednesday and is the first accurate location of the violent earth shock of January 23, it having been supposed up to today that the disturbance had centered in western Asia, in Asiatic Russia, or even in the waters of the Indian ocean.

The records showed that the tremors were practically the same force as those which on December 28 converted the coast regions of Sicily and Calabria into a scene of desolation and ruin.

The province of Luristan is very mountainous and sparsely settled. It is about 300 miles southwest of Teheran and the only communication with the Persian capital is by courier.

Constantinople, Turkey.—No further reports have been received here of the earthquake which destroyed number of government buildings and dwelling houses at Sivah, in Asiatic Turkey, and the rumor given publicity in the United States that 10,000 persons had lost their lives is clearly a gross exaggeration. The actual loss of life has not yet been learned, but so far as the present information goes 30 persons were killed.

San Juan, Rico.—Heavy earthquakes were felt throughout the island of Porto Rico Wednesday. The inhabitants were awakened by the oscillations and their alarm was great. No damage, however, was done. The vibrations lasted for at least 20 seconds and the movement was from east to west. The weather was stormy.

NO AMERICANS IN BIG FIRE. Victims of the Acapulco Disaster Are All Mexicans.

Mexico City.—Late dispatches from Acapulco, where the Flores theater was burned Sunday night while the structure was crowded at a gala performance given in honor of Gov. Damian Flores of the state of Guerrero, bring varying estimates of the loss of life.

They agree in declaring, however, that the dead will exceed 200, while some place the figure as high as 350. Most of the dead were charred and burned beyond recognition so that it probably will take several days to obtain an accurate list of the dead.

Maxwell K. Moorehead, United States consul, sent a dispatch to Washington, saying no Americans lost their lives in the fire.

Texas Doctor Ends Life. Oklahoma City, Okla.—Dr. H. Riley of El Reno, formerly one of the most prominent physicians of North Texas, in his room at El Reno Tuesday morning committed suicide by drinking carbolic acid. The recent desertion by his wife was the cause. Several years ago, in Bowie, Tex., Dr. Riley killed G. H. Horn, and his case was one of the most noted in court annals of Texas.

BOMB TERRORIST NABBED.

Plot to Abduct Kansas City Merchant is Foiled.

Kansas City, Mo.—Held at bay by a revolver and a dynamite bomb in the hands of a determined stranger who obtained entrance to his home Tuesday, Lawrence M. Jones, president of the Jones Bros. Dry Goods Company, and one of the wealthiest merchants in the city, was given the alternative of death upon failure to hand over \$7,000. He overpowered the man in a desperate struggle after his wife and son had also been brought to face death at the hands of the blackmailer.

In the arrest of the man, who gave his name as C. H. Garnett of Omaha, the police believe a well laid plot to extort money from several wealthy men has been bared. Following the confession of the prisoner, a house in a lonely spot in Independence was explored and found to have been prepared as a prison for the man's intended victims. Secret closets were found in which heavy chains, fastened to rings in the walls, were found, along with strong padlocks and bars. Garnett said that the house had been rented and the prison like features installed so that his victims might be held until he had obtained what money possible and made his escape.

URGES WAR PREPARATIONS. Gen. Bell Says America's Prospects for Conflict Are Increasing.

Albany, N. Y.—Maj. Gen. J. Franklin Bell, chief of staff, U. S. A., addressing the member of the National Guard association of the state of New York at its annual dinner Wednesday night, declared that in his judgment the prospects of war in the future are greater than they have been in the past.

"I am no sluttion for war," said Gen. Bell, "but it was most come I want to see my country as well prepared as it is possible to be."

Gen. Bell discussed the lack of military policy in the United States and the need of preparation for war. "I hope our country may never be involved in trouble," he said, "but in a time of peace we must prepare for war, and it is gratifying to know that such preparation is being made. In my judgment our prospects of trouble in the future are greater than they have been in the past."

GERONIMO DIES AT FORT SILL. Noted Redskin Leader Passes Away in Prison in Oklahoma.

Lawton, Okla.—Gerónimo, the noted Indian chief, died Wednesday at Fort Sill, where he had been confined as a prisoner of war for a number of years. Gerónimo died at the hospital at the Fort Sill army post, where he had been held for several years as a prisoner of war. He died of pneumonia after two days' illness. Gerónimo was buried in the Indian cemetery near the fort Thursday. The funeral was conducted by Christian missionaries, the decedent having professed religion three years ago.

Gerónimo was the war chief of the Apaches. He was captured with his band at Skelton canyon, Arizona, 22 years ago, having surrendered to Gen. Nelson A. Miles, who, with his soldiers, had pursued him for months.

Big Money for Bryan. Chicago.—William Jennings Bryan is going to smash into smithereens all public speaking and chautauqua lecturing records during 1909. If his voice holds out he is expected to make \$100,000, or as much as President elect Taft will receive under the new bill in congress.

Illinois Mine Wrecked; Four Lost. Benton, Ill.—A second explosion occurred in Mine 18 of the Deering Coal Company, seven miles southeast of this city Wednesday. It was more severe than the one of Tuesday, which entombed four shot-firers. EDITORS INDICTED

GRAND JURY ACTS IN THE CANAL LABEL CASE.

IS CAUSED BY ROOSEVELT

New York World and Indianapolis News Chiefs Charged with Violating Contract, Morgan, Root, C. P. Taft and Cromwell.

Washington.—Bench warrants were issued Wednesday for the arrest of Joseph Pulitzer, Caleb M. Van Haman and Robert H. Lyman of New York, proprietor and editors of the New York World, and for Delevan Smith and Charles R. Williams, owners of the Indianapolis News, for criminal libel in connection with the publication in those newspapers of charges of irregularities in the purchase by the United States government of the Panama canal property from the French owners.

The indictments on which the warrants were based were returned by the United States grand jury sitting in this city and the warrants were issued later by the clerk of criminal court No. 1. The warrants are directed against all five of the natural defendants of the two newspapers. The summons requires the corporate defendant (the Press Publishing Company) of New York to appear in court forthwith to answer to indictment.

Theodore Roosevelt, William H. Taft, Elihu Root, J. Pierpont Morgan, Charles P. Taft, Douglas Robinson and William Nelson Cromwell are named in the indictments as the persons alleged to have been vilified by the stories appearing in the two newspapers.

Copies of the summons and of the indictment were served Wednesday evening upon the Press Publishing Company by services on Otto Carmichael, its agent in this jurisdiction. The certified copies will be filed with United States Commissioner John R. Shields, in New York, who will issue warrants for the arrest of the natural defendants of the New York World who will be brought before him to show cause why they should not be extradited to this jurisdiction for trial.

In the event that the commissioner should hold the indictment sufficient and the offense is one upon which the defendants may be extradited to this jurisdiction, the defendants can sue a writ of habeas corpus and have the commissioner's decision reviewed by the United States district court for the southern district of New York. Should the decision of this court also be adverse to their interests, the case can then be taken to the supreme court of the United States for final review.

This proceeding was followed in the case of State Senator George E. Green of New York, who was indicted in this city about six years ago in connection with the post office irregularities.

If the defendants should pursue the course outlined above at least a year probably will elapse before they can be brought before the bar of the district supreme court for trial.

Indiana, Ind.—Jelavin Smith, Charles R. Williams, owners of the Indianapolis News, who were indicted by the federal grand jury in Washington Wednesday, announced that they will contest extradition to the District of Columbia for trial on the ground that it was committed in Indianapolis, the place of the publication of the News.

TAFT STANDS UP FOR KNOX. Says Pennsylvania Senator Will Be Secretary of State.

Washington.—In the opinion of President-elect Taft, Philander C. Knox is now legally eligible to receive the appointment of secretary of state. That he will be the premier in the Taft cabinet was again positively stated by Mr. Taft Tuesday night at the White House, the statement being made after two conferences Tuesday between the president-elect and Mr. Knox. Mr. Taft predicted the canal report to President Roosevelt.

Washington.—By a vote of 173 to 117, the house Monday passed the bill removing the bar to Senator Knox's eligibility for the office of secretary of state. This was the second vote of the day on this measure, and the two were separated only by about two hours' delay.

MONEY MADE IN LIVE STOCK

IN CENTRAL CANADA.

W. J. Henderson, visiting Seattle, writes the Canadian Government Agent at Spokane, Wash., and says: "I have neighbors in Central Canada raising wheat, barley and oats for the past 20 years, and are now getting from the same land 20 to 30 bushels of wheat per acre, 40 to 60 bushels of oats."

"It was the first week of May when I got my tent pitched, but the farmers all around had finished putting in their crops, so I only got fifteen acres broke and seeded. They advised me as it was late not to put in much wheat, so I put in five acres of wheat and ten acres oats, one-half acre potatoes and vegetables. All kinds of vegetables grow well up there, sweet corn, tomatoes, onions, carrots, peas, beans, cabbage. My wheat yielded about 20 bushels per acre, for which I got 76 cents, others got 80 cents; oats threshed 35 bushels per acre, for which I got 35 cents per bushel. You see I was three weeks late in getting them in, still I was satisfied."

"From my observation, there is more money made in stock, such as cattle, horses and sheep, as prices are high for such, and it costs nothing to raise them, as horses live the year around out on the grass. In fact, farmers turn their work horses out for the winter, and they come in fresh and fat in the spring. Cattle live out seven or eight months. They mow the prairie grass and stack it for winter and give out straw. My neighbors sold steers at \$40 each, and any kind of a horse that can plow, from \$150.00 up. I raised 60 chickens and 5 pigs, as pork, chickens, butter and eggs pay well and always a good market for anything a man raises, so I have every reason to be thankful, besides, at the end of three years I got my patent for homestead. I heard of no homestead selling for less than \$2,000, so where under the sun could an old man or young man do better?"

Comfort Still. A little fellow of five years fell and cut his upper lip so badly that a doctor had to be summoned to sew up the wound. In her distress the mother could not refrain from saying: "Oh, doctor, I fear it will leave a disfiguring scar."

Her Extreme Goodness. The husband of a beloved deceased wife came to see her bust. "Look at it well," said the sculptor, "and as it is only in clay I can alter it if necessary."

The widower looked at it carefully with the most tender interest. "It is her very self," he said. "Her large nose—the sign of goodness!" Then, bursting into tears, he added: "She was so good! Make the nose a little larger!"—Lippincott's.

Easy Come, Easy Go. A passerby at Broad and Lombard streets in Philadelphia once heard the following dialogue between a laborer who was digging in a sewer and a stout, beaming lady with a capacious market basket on her arm: "Ah, good mornin' to you, Pat," said she leaning over and looking into the pit. "And what are you doin'?" "Good mornin', Bridget," he replied, looking up. "I'm a-searin' alimony for yees. And what are you doin'?" "Sure, I'm a-seppin' it," replied Bridget airily, as she trotted off.—Lippincott's.

Overdoing It. A young Englishman, after he had been in Devil's valley for a couple of months, began to grow thin. Wyoming cooking did not appeal to him. Besides his squeamish appetite there was another thing that the natives held against him: his outlandish custom of taking a bath every morning. One day his landlady was discussing him with a friend.

"I tell ye what, Sal," said the visitor, "he's jest a-wastin' away a-grivin' in some gal back east thar."

"Nothin' o' the kind," said the landlady, contemptuously. "You mark my words, now—that young feller he's jest a washin' hisself away."—Everybody's Magazine.

GOOD CHANGE. Coffee to Postum. The large army of persons who have found relief from many chronic ailments by changing from coffee to Postum as a daily beverage, is growing each day.

It is only a simple question of trying it for oneself in order to know the joy of returning health as realized by an ill, young lady. She writes: "I had been a coffee drinker nearly all my life and it affected my stomach—caused insomnia and I was seldom without a headache. I had heard about Postum and how beneficial it was, so concluded to quit coffee and try it. I was delighted with the change. I can now sleep well and seldom ever have headache. My stomach has gotten strong and I can eat without suffering afterwards. I think my whole system greatly benefited by Postum."

"My brother also suffered from stomach trouble while he drank coffee, but now, since using Postum he feels so much better he would not go back to coffee for anything."
