

TWO YEARS OF FREEDOM.

No Kidney Trouble at All Since Using Doan's Kidney Pills.

Mrs. J. B. Johnson, 710 West St., Columbia, Mo., says: "I was in misery with kidney trouble, and finally had to undergo an operation. I did not rally well, and began to suffer smothering spells and dropsy. My left side was badly swollen and the action of the kidneys was completely deranged. My doctors said I would have to be tapped, but I began using Doan's Kidney Pills instead, and the swelling subsided and the kidneys began to act properly. Now my health is fine." (Statement made Aug. 1, 1906, and confirmed by Mrs. Johnson Nov. 16, 1908.)

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Qualifications.

"I'm afraid you're not tall enough for a nurse," said the mistress interviewing an applicant.

"Oh, yes, ma'am," replied the girl.

"It's all the better that I'm short; the children don't drop so far when they fall."

FILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure every case of itching, blind, bleeding or protruding piles in 6 to 14 days or money returned.

Chicken-hearted people are always hatching excuses.

Foot Ache—Use Allen's Foot-Paste Over Blistered Patches. Refuse imitations. Send for trial package. A. S. Olmsted, Le Roy, N. Y.

Love is not blind, but those whom it affects are.

AFTER DOCTORS FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Willimantic, Conn.—"For five years I suffered untold agony from female troubles, causing backache, irregularities, dizziness and nervous prostration. It was impossible for me to walk upstairs without stopping on the way. I tried three different doctors and each told me something different. I received no benefit from any of them, but seemed to suffer more. The last doctor said nothing would restore my health. I began taking Lydia E. Pinkham's Vegetable Compound to see what it would do, and I am restored to my natural health."—Mrs. ETTA DONOVAN, Box 290, Willimantic, Conn.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

FLU

You suffer from Flu, Falling Sickness, or have children or friends that do so. New Discovery will relieve them, and all you are asked to do is send for a FREE Bottle of Dr. May's Eucalyptus Cure.

It has cured thousands where everything else failed. Sold free with directions. Express Prepaid. Guaranteed by May Medical Laboratory, under the National Food and Drug Act, June 30th, 1906. Write to Dr. May, 548 Pearl Street, New York City.

Salts and Castor Oil

bad stuff—never cure, only makes bowels move, because it irritates and sweats them, like poking finger in your eye. The best Bowel Medicine is Cascarets.

Every Salt and Castor Oil user should get a box of CASCARETS and try them just once. You'll see.

Cascarets—No box—week's treatment. All druggists. Biggest seller in the world—million boxes a month.

SEED OATS

Per Salszer's catalog page 120.

Largest growers of seed oats, wheat, barley, rye, corn, potatoes, grasses and clover, and farm seeds in the world. WETS WIN FIGHT

SENATORS VOTE TO ABOLISH THE CLARKSON RESOLUTION.

MAY DECIDE FUTURE ACTION

Mrs. Edworthy Declares Suffragists Will Complicate Constitutional Convention.

Des Moines.—By laying on the table the resolution introduced by Senator Clarkson requiring the committee on constitutional amendments to report upon the Meredith prohibitory resolution, the Iowa senate administered the second defeat to the prohibition forces. The motion was made by Senator Saunders, and the vote, 27 to 13, showed a slight gain for the anti and a decided loss to the prohibitionists laying on the table the Proudfoot motion to recall the measure from the committee, which was 26 to 21.

After this action was taken Senator DeArmand offered a resolution providing that whereas the time for adjournment had been fixed, the senate should not consider on the floor any measure not having a favorable report from the committee to which it is referred. The adoption of this will prevent the taking up of the time of the senate with any measure which cannot secure approval of a committee.

Budget of a Million.

The budget which the legislature will be asked to pass within a very few days will total \$1,460,000 in round numbers, so Chairman E. R. Moore of the house appropriations committee estimates. This is within \$10,000 of the amount of funds at the disposal of the disbursement which have in charge the disbursement of the state money. Chairman Moore explained that the \$40,000 must be left in the state treasury so as to keep on the ship of state from going on the rocks during the period from July to October, when there are no taxes coming in. The house appropriations committee has but three little bills left, and these, while of little importance, will be recommended for indefinite postponement. The senate appropriations committee is taking similar action with appropriations bill. In short, both committees have gone the limit, and it is a most worthy cause which will not be recognized with an appropriation.

Board is Cleared.

In the house committee on suppression of intemperance the board has practically been cleared and everything recommended for passage. Among the bills sent out with approval are the measure requiring a new petition of consent every two years, the Moon bill limiting the number of saloons to one for every 800 persons in cities of the first class and the substitute for the Van Law bill providing that none except a qualified elector can own or operate a saloon and attaching more regulations.

To Scrutinize Printing Bills.

Representative Judge Crozier of Marion county is convinced that more printed matter is being ground out by the state of Iowa than is necessary. He has introduced a resolution calling upon the committee on retrenchment and reform to take an inventory of all matter printed and report back as to how much is necessary and how much could be dispensed with.

To Make Butters Tubs.

In olden days all one had to do to stir up a fuss was to introduce a bill in the legislature providing for convict made binding twine. But the house passed the Byerly bill permitting Anamosa convicts to make butter tubs and voted down Boettger's amendment providing that the butter tubs should be labeled "convict made."

New Military Code.

The bill to provide a military code for Iowa as passed provides an annual appropriation of \$140,000 for the Iowa National Guard and increases the salary of Adjutant General Logan from \$2,000 to \$2,200. It provides for adding 1,000 men to the guard, the purchase of four field guns and other improvements.

Showing the Farmer.

The state board of control is showing the farmers in the Iowa legislature how to manage a test of seed corn. In the first floor corridor of the state house the board has a half dozen boxes of tested corn and the miniature cornfield is attracting much attention.

Cut Down Appropriation.

The house of representatives cut down the appropriation for the Iowa highway commission from \$10,000 to \$5,000 and passed it. There is every indication that the present legislature will be looked back upon as the most antagonistic to good roads in the history of the state.

Tax on Monies and Credits.

The Ward bill, for a tax on monies and credits, was quietly killed by the ways and means committee.

Insanity Hearing Needs Funds.

Chairman Henry Brandes of the house committee to investigate charges of cruelty in the state insane hospitals, has put in a bill for expenses thus far of \$327.99. The bill is accompanied by a complete list of the witnesses, mileage, expenses of the committee as it went to the state institutions, etc.

Avoid Attending School.

Representative Boe secured the passage by the house of representatives of a bill which will make it possible for children to avoid attending school under the compulsory law if they are attending confirmation classes for one-half day out of the week.

Hits Church Fairs and Raffles.

Senator Hammill's anti-gambling bill, which hits church fairs and raffles and which passed the senate, was reported for passage in the house of representatives.

No State Fire Marshal.

Another measure asked by the fire insurance writers was given its quietus in the legislature when the appropriations committee slaughtered the Harding bill for a state fire marshal. The demise of this measure following so quickly that of the Harding bill to repeal the Blanchard law winds up the hopes of the Iowa insurance companies for legislation which would have served to protect them from foreign companies. The house committee also killed the Newberry bill for teaching agriculture in the state institutions, the Gilliland bill for quarantine of the brown tulle moth and the Hunter bill increasing the salary of the assistant librarian.

Air Brakes Are Given Test.

Members of the house of representatives committee on cities and towns gave a demonstration of air brake and power brakes on street cars. The Kreet car company managed the test, which proved that air brakes will stop the car several feet sooner than will the old fashioned power brakes, so members of the committee stated. A bill to force the installation of air brakes on street cars has passed the senate and is before the house committee.

Asked to Veto Hotel Bill.

Governor Carroll is being importuned by the business interests of the state and especially the keepers of hotels, to veto the Smith hotel bill, which was prepared by and for the traveling men of the state to provide safeguards for travelers. They say that the bill is very bad, that it is expensive, that it will compel closing of many hotels, that it will require virtual rebuilding of some hotels. The bill is up to the governor for his veto.

Defines Duties.

The bill defining the duties of the county sheriff is now ready for the governor's signature, amendment having been finally agreed to by the house and senate. These affected the wording of the bill and were of no importance. The house receded from its amendment changing a "whom" to "who" and agreed to accept the senate's judgment on this grammatical point.

Ask for Air Brakes.

A strong effort is being made by interested persons to secure enough votes in the house for the defeat of the bill to require street car companies to equip cars with air brakes. The house has the bill reported for passage. It is desired by the street car employes and patrons, but the claim is being made that air brakes are not as good as hand brakes.

Will Withdraw Bill.

Senator Ream will probably withdraw his bill requiring railroad companies to equip engines with a headlight that will light the track 1,200 feet. The objection to the bill is that such a light is impracticable because of its effects upon signal lights, which are said to be the real lights by which the engine is run.

Gets Bill on Calendar.

Representative Smith has finally succeeded in getting his bill to penalize railroads for non-compliance with orders of the railroad commissioners upon the senate calendar. This bill was one of the first passed by the house, but the senate committee has been holding it up.

Good-bye to Senator Casson's bill making it a misdemeanor for divorced parties to live in Iowa after remarriage in another state before a year has elapsed. The house committee on judiciary killed the bill which had passed the senate.

Pension Disabled Policemen.

Representative Hackler of Fort Dodge, has presented a petition to the house of representatives from Fort Dodge policemen urging him to support the bill for pensioning of worn out and disabled policemen and the widows and children of deceased policemen.

Can't Jump on Trains.

The flow of bills in the senate practically stopped several days ago, but one falls in once in a while. Senator Clark introduced one yesterday fixing a penalty of \$100 fine or thirty days in jail for getting on or off moving trains.

Favor the Policemen.

The policemen, disabled and otherwise, seem fair to be given a chance to pension themselves. The house of representatives committee on judiciary has recommended for passage John Sullivan's bill looking toward that end.

Gets Half of Claim.

Gustave Winter, who lost an arm in a corn shredder at the insane hospital in Independence and who asked for \$2,000 from the state, will get half that amount, the claims committee has recommended.

Bring Age of Pages to 18.

Representative Hunter has introduced a bill into the house requiring all employees of the general assembly to be eighteen years of age. There are a number of youngsters working as pages who are well under this age.

No Four Year Terms as Yet.

Nothing doing in the way of four-year terms for county officials. Representative Hackler, who had introduced a bill to that end, withdrew his bill.

Doctors Lose.

The doctors lost another point in the house of representatives when the bill providing that all itinerant physicians be licensed by the mayor or police in each town visited, was recommended for indefinite postponement.

Ask Condemnation.

The Des Moines, Iowa Falls & Northern has made application to the railroad commissioners for a condemnation of two acres for a new depot and park in Iowa Falls.

FIND TWO BODIES

POLICE INVESTIGATE DEATH OF AGED COUPLE.

DISAPPEARANCE IS A MYSTERY

Bodies Are Found Buried Under the House Which Had Been Burned Down.

Toledo, O.—The bodies of Ludwig Krueger and his wife were found by neighbors buried under the floor of the cellar in their home.

This morning the Krueger residence a mile west of Toledo was discovered ablaze and there was no trace of the Kruegers. When the ashes had cooled a search of the debris was made, but there was no evidence of the aged couple having been burned to death. Later in the day two boys were digging in the cellar and noticed that the brick floor had been tampered with. One of them raised a brick and the face of the dead woman was revealed. More of the floor was taken up and the body of Mr. Krueger was found, buried with his head at the feet of his wife. Both had been stabbed to death, presumably with a butcher knife.

It is not known just when the murder occurred as the people were last seen Tuesday by M. Sobolski, a tailor, who last Saturday paid Mr. Krueger \$2,000 as part payment of a purchase. It is believed that robbery was the motive and that the slayer, after burying the bodies and replacing the bricks in the floor of the cellar set fire to the house to cover up the murder.

At the end of a four hours quizzing Sobolski, the tailor who purchased the Krueger farm, was held for further investigation. He was taken from police headquarters, where the examination was by Inspector John Carey and Sheriff John Newton to the county jail and locked up.

Crazy Snake is at Large.

Pierce Okla.—Crazy Snake, leader of the Creek renegades, has not been captured, neither did he respond to a widely distributed invitation to surrender. All civilians have given up the hunt, leaving the task to the First regiment of Oklahoma militia. Colonel Hoffman has an extended interview with Crazy Snake's sister at the chief's former home. She convinced Colonel Hoffman she knows nothing of her brother's whereabouts, but was advised that unless he surrendered within twenty-four hours a reward would be offered for him dead or alive. There is small probability that this threat will have any influence upon Crazy Snake, who is likely to remain in hiding until public excitement shall have subsided completely.

Convicts to Work on Public Roads.

Atlanta, Ga.—The convict lease system has come to an end in the state of Georgia, and about 1,500 felony convicts will be transferred from the various private stockades throughout the state to the respective counties in which their crimes were committed. Together with about 3,000 misdemeanor convicts, these men of stripes will be put to work on the public roads.

Dynamite Used in Race War.

Little Rock, Ark.—Trouble between the white and negro employes of the H. Alfrey Heading factory at Hope, Ark., it is claimed, resulted in the wrecking with dynamite of a cabin in the negro quarters, killing one negro and fatally injuring another. The white people, it is said, are making an effort to rid the town of the negro laborers.

Measles Epidemic in Elgin.

New Orleans.—Having disappeared from her home here a month ago, Mrs. E. V. Baker, wife of a grain broker of reputed wealth, is again with her family in this city. Mrs. Baker was found in New York. It is declared that she was drugged by a woman, whom she met here on the day of her disappearance.

Used Gun as Cane; One Dead.

Waterloo.—Ray Ferry of Laporte City is dead and Arthur Kane seriously injured in a hunting accident. Both were crossing a stream and Ferry was using his gun as a cane and had the muzzle under the water when it was accidentally discharged. The gun burst and Ferry was killed and Kane was badly injured.

"Yellow Ten" Threatens Death.

Moundsville, W. Va.—Harry Paul, well known here, has received a letter signed "The Yellow Ten" demanding that he leave Moundsville under penalty of death. Some time ago Frederick Crawford received a similar letter and five days later was shot and killed from ambush.

Thomas Lawler a Former Iowan.

Marshalltown.—It is not generally known that the new attorney general for the department of the interior, Thomas Lawler of Los Angeles, Calif., is a former Iowa boy, but such is the case. Lawler was reared in this city, and is a son of William Lawler, who moved from this city to California twenty years ago. Young Lawler is now a man of 35 and for several years has been prominent as an attorney at Los Angeles.

Five Men Entombed.

Charleston, W. Va.—Five men are entombed as a result of an explosion at Echo mine in Fayette county. All are believed to be dead. Two more slightly injured were rescued.

Negro to Hang for Assault.

Hopkinsville, Ky.—Arthur Wilson, a negro, who was charged with assaulting Mrs. John T. Watson, was found guilty and sentenced to be hanged. Mrs. Watson positively identified Wilson.

A LITTLE KNOWLEDGE

Of Painting Requirements Will Save Much Expense.

When one sees the surface of a house or other building scaling, or peeling, or spotted or blistered, or showing other symptoms of paint "disease," it is evident that a poor painter has been on the job, and that poor paint was used—or possibly that a good painter had been dominated by a property-owner who knew nothing about paint.

It is an easy matter to be informed on paint and painting. A complete coloring guide, including a book of color schemes, either for exterior or interior—specifications for all kinds of painting—and an instrument for detecting adulteration in paint material, with directions for using it, may be had free by writing National Lead Company, 1902 Trinity Bldg., New York City, and asking for House-owner's Painting Outline No. 49.

Then, every houseowner should make it a point to get only well-known reliable brands in buying his materials. Pure white lead is especially important, or the paint will not prove satisfactory. The famous "Dutch Boy Painter" trademark of National Lead Company, the largest makers of pure white lead, is an absolute guarantee of the purity and quality of the white lead sold under it. That trademark is a safeguard against paint trouble.

The Alternative.

"If the window had been eight feet from the ground," pouted the young wife, "instead of eight stories, I'd have thrown myself out when you quarreled with me. Then you'd have had to be sweet to me when you picked me up. A lot of wives attempt suicide, they say, just to be petted when they come to."

"Yes," said he, "but sometimes they don't come to, remember."

Safe and Sure.

Among the medicines that are recommended and endorsed by physicians and nurses is Kemp's Balsam, the best cough cure. For many years it has been regarded by doctors as the medicine most likely to cure coughs, and it has a strong hold on the esteem of all well-informed people. When Kemp's Balsam cannot cure a cough we shall be at a loss to know what ail. At druggists' and dealers', 25c.

Kentucky May Grow Turkish Tobacco.

Turkish cigarette manufacturers want Kentucky to grow Turkish tobacco, imports of which have grown from \$25,000 to \$4,000,000 in only 12 years.

Your working power depends upon your health! Garfield Tea corrects disorders of liver, kidneys, stomach and bowels; overcomes constipation, purifies the blood—brings good health.

TAKE SOME OF THE WEALTH THAT GROWS—In Seattle

Immense wealth is growing—will never stop growing—in Seattle, in the ever-rising value of the ground in the "Inner Business Circle." For the past 18 years, the Assessor's records show, this yearly increase has averaged more than 25%.

This is the silent, but irrefragable force that works day and night to make YOU rich, whether you work or "soldier." You need only be an owner.

It is but truth to say Seattle's growth has only fairly begun. From now on, the new wealth which will be added spontaneously to every separate block in Seattle's business center will amount to an independent fortune in every single year.

No matter WHERE you live nor HOW SMALL your capital, YOU CAN SECURE THIS OWNERSHIP through my Company and its system of UNIT OWNERSHIP. Write to me now, and I will promptly send you the Facts.

FRANK T. HUNTER, President.
THE TRUSTEE COMPANY, Seattle, Wash.
