PORK KILLS THREE

MEMBERS OF SIOUX CITY FAMILY ARE ALSO ILL... TRICHINA IS CAUSE OF DEATH... West is Served at a Dinner Following a Funeral Which Many Attended.

Sioux City, Ia., April 16.—As a result of eating pork infected with trichina, three members of the family of John Kolpin are dead and three are dangerously ill.

The dead are John Kolpin, Jr., Mrs. John Kolpin, and their 14-year-old son, Herbert Kolpin. They died at Galva, their home.

Those seriously ill at the German Lutheran hospital here are: Miss Minna Schuelke, and her brother, Henry Schuelke, both of Aurelia.

Ill at Galva are the following: Miss Minna Peters, Will Poltsin, Henry Holtz, Gustave Drier, John Holtz, Mrs. John Kolpin, Sr., Ella Kolpin and Mrs. William Getzmer.

The victims partook of pork at a dinner following a funeral at the Kolpin home in Galva.

Coras, Lester and Florence Kolpin are in a very dangerous condition at the Sioux City hospital and eleven friends and neighbors at Galva are down with the terrible affliction and the whole town is terribly wrought up over the matter.

It takes three weeks for the trichina to develop and make themselves felt, and as most all the friends and neighbors of the Kolpins ran in to help care for them and most all of them partook at some time or other of the deadly sausage the people of Galva are wondering where this terrible death harvest is going to end.

RECEIVERSHIP TO BE ENDED... Great Western Will Be Put On Its Feet by July.

Council Bluffs.—Federal Judge Walter H. Sanborn of St. Paul told attorneys representing the locomotive engineers on the Omaha division of the Chicago, Great Western railroad that the receivership of that road would terminate within the next three or four months.

He said there were several ways in which the road could be put on its feet, but that it had not been decided just how reorganization would occur.

Judge Sanborn listened to complaint of engineers who said engineers from other divisions had been brought here and given the best runs, reducing the engineers already on this division to freight trains and switch engines in alleged violation of contract.

Judge Sanborn took the matter under advisement and indicated that the matter might be adjusted if he old engineers waived the right to bring damage suits for salary they might have received had they not been reduced.

MAIL CLERKS MEET APRIL 27... Sixth District Association Will Hold Forth in Des Moines.

Des Moines.—The annual meeting of the sixth district Railway Mail Association will be held in this city on April 27 and 28. A banquet is to be given on the night of the 28th, at which there will be several well known men on the program as speakers.

The Des Moines branch will be host to the visitors. Frank B. Lorey of 621 Tenth street is president of the local branch; H. H. Flanagan, 917 Mary avenue, is vice-president; Geo. W. Watson, 2021 East Fourteenth street, is secretary.

The executive committee is composed of G. J. Van Hamert, J. S. Baker and F. M. Burdette.

Shoots Three Persons... Hutchinson, Kan., April 12.—Horace Schwartz yesterday shot his wife, her brother, at whose home she had taken refuge, and a neighbor, Phineas and Spain. He then tried to end his own life by drinking carbolic acid.

Mrs. Schwartz is in a critical condition, but the men were not seriously wounded. Schwartz is in jail. The police say another man aided in the shooting.

PLANS NEW INTERURBAN LINE

Company Negotiates for Old Crooked Creek Property... Des Moines.—Negotiations now in progress contemplating the purchase by the Ft. Dodge, Des Moines & Southern railway of the old Crooked Creek railroad may result in the addition of another important line to the Ft. Dodge electric road's system.

This line would run from Ft. Dodge to Webster City, passing through the rich gypsum fields east of Ft. Dodge. It also would provide electric road service between Webster City and Des Moines.

General Manager J. L. Blake of the Ft. Dodge road admitted that the negotiations for the purchase of the Crooked Creek line are in progress. Physically, the road is in poor condition and extensive building would be required to fit it for good service.

The Crooked Creek railroad extends from Webster City to a point several miles west of Lehigh, a total distance of approximately thirty miles. It has been used for coal, clay and shale hauling. In addition to the rail line the deal includes title to about 1,000 acres of valuable land, rich in clay and shale and thought to hold some coal.

KEEP BABY HEALTHY; FREE

No child can be well and strong unless its bowels move regularly every day at the same hour. Such regularity promotes good health. One passage is absolutely necessary, while two are not too many.

There is one remedy that is especially adapted to the needs of children, and which thousands of American mothers are using to-day, and that is Dr. Caldwell's Strychnine Peppin, the great herb laxative compound. Its gentle action, so free from gripping, its tonic effects, and its perfect purity, vouch for it to the United States Government, make it an ideal children's laxative tonic.

Mrs. M. F. Cash, of Webb, Okla., is an old-time friend of this wonderful child's remedy and she says she could scarcely keep her children from good health. One day she found an effective one for her baby that she now always keeps it in the house. Mrs. E. L. Stout, of Louisville, Ky., also first used it as a baby remedy. She bought it of her druggist at the regular price, which is only 50 cents or \$1 a bottle. It gave her little girl a splendid appetite and a vigorous stomach. Where Dr. Caldwell's Strychnine Peppin once finds its way into the home of a life-long friend, they soon discard salts, pills and powders.

Those who have never yet used Dr. Caldwell's Strychnine Peppin should begin to do so, for they are missing a valuable tonic. The address is Dr. W. B. Caldwell, 301 Caldwell Building, Monticello, Ill.

Her Answer... An Atchison girl had a proposal of marriage Sunday night and asked a week to think it over. She went to all of her married sisters. One who used to be a belle had three children, did all her own work and hadn't been to the theater or out riding since she was married. Another, whose husband was a promising young man at the time she was married, was supporting him. A third didn't dare say her life was her own when her husband was around, and a fourth was divorced. After visiting them and hearing their woes, the heroine of this little tale went home, got pen, ink and paper and wrote an answer to the young man. You may think it was refusing him, but it wasn't. She said she could be ready in a month.—Atchison Globe.

First Aid... The fiancée of a Louisville girl has been spending the winter in Florida in connection with his father's business interests in that quarter.

"Marie," said the girl to a friend the other day, "Walter has just sent me the dearest little alligator from Florida!"

"Dear me!" rejoined Marie, with affected enthusiasm. "And how shall you keep him?"

"I'm not quite certain," was the reply. "But I've put him in Florida water till I can hear further from Walter!"

Morals and Manners... The witness had been arraigned for perjury.

"Your honor," he complained, "this is most unjust. I never could permit my sound devotion to truth to interfere with the fact that I am a gentleman."

This was construed roughly as a plea of guilty.

Needful... "What money-making scheme have you devised this year?"

"One dandy. I'm getting up some road maps for the use of department store customers."

Spearmint! Spearmint! What's that? Nothing—unless it's WRIGLEY'S SPEARMINT.

Doesn't Entertain... "Did you say he was a lecturer and entertainer?"

"No; I merely said he was a lecturer."

BREAD AT 7 CENTS

COUNTRY FACES RESULT OF THE HIGH PRICED WHEAT... KANSAS CITY HALF LOAVES

Flour Has Been Raised Forty Cents a Barrel and Dealers Say Will Keep Going Still Higher.

New York, April 16.—With flour up 40 cents a barrel in the local market and the prospects apparently good for a further rise, New York city is facing the possibility of bread at 7 cents a loaf.

What will appear to hundreds of thousands in the poorer quarters like famine rates for this staple bids fair to be forced as a result of the recent rise in the price of wheat.

The ghetto of New York has already in some degree felt the effect of the buoyancy of the Chicago wheat pit. Six cents a loaf is the price now charged by some bakeries, while the proprietors of hundreds of others declare that they cannot continue selling at 5 cents much longer, with bread flour of the better grades costing from \$7.00 to \$7.20 a barrel, against \$6.60 to \$6.80 a few days ago.

They add, moreover, that with flour permanently up to the rates recently quoted, even 6 cents would not give them any sort of a profit.

Kansas City, Mo., April 16.—A smaller loaf of bread or a dime for the present size, this is the declaration of the Consumers' Bread company, an organization of bakers formed here several months ago and including practically all bakers of Kansas City. B. Howard Smith, president of the company, said that the wholesale price of standard flour had risen 40 cents per 100 pounds in thirty days.

Murder or Kidnaping Case Thought to be Indicated... Burlington, Ia., April 16.—Last night a lady found a box containing the blood stained garments of a little boy, consisting of a complete suit and underclothing, stockings and shoes.

In the pocket of the trousers were a small plain gold ring, a rabbit's foot and a number of pictures clipped out of a child's book.

On one of these pictures was written the name Lawrence.

In the inside pocket of the coat was a small white handkerchief neatly folded as though placed there on the boy leaving home, probably for a visit or to play.

The find was reported to the local police, who have taken charge of the box. They believe it is a case of kidnaping and murder of some child. No missing boy has been reported in Burlington, and it is evident that the clothing had been brought here from a distance, and that possibly the body of the child will be found in the river.

The blood on the undergarments is plentiful and is still fresh, as though it had come there within twenty-four hours.

The police will make a thorough search of the locality and the river front as soon as daylight will permit.

Roosevelt at Arabian Fort... Ex-President and Party Make Brief Stop at Aden.

Aden, Arabia, April 16.—The steamer Admiral, with Theodore Roosevelt and the members of his party on board, came in here yesterday for a short stay. All on board are well.

Several members of the party came ashore here and went on a shooting expedition to obtain specimens of the local birds as they have done at several of the other ports touched at on the way out.

The run down the Red Sea from Suez was fairly cool, but the weather was hot, with a brilliant sun and a smooth sea.

Frederick C. Selouie, the well known author and big game hunter, has accompanied the Roosevelt party from Naples. Mr. Roosevelt has spent several hours every day listening to recitals of Mr. Selouie's experiences on his African hunting expeditions. Mr. Selouie has been invited to join the party for a two weeks' hunt and he probably will accept.

Stole \$58 From Stocking... Iowa City.—Charged with stealing \$58 from a chambermaid in the Montrose hotel at Cedar Rapids, two bell boys, were arrested here. The boys claimed they were running away from home, but denied the theft. They only had \$14.50 on their persons.

Fulton Refuses China... Astoria, Ore., April 16.—Former Senator C. W. Fulton telegraphed President Taft declining the appointment of minister to China.

Confederate General Dies... Columbia, S. C., April 16.—Gen. Matthew Butler of Edgefield, former United States senator, and one of the last of the confederate commanding generals, died here at a local infirmary, aged 73. His death was due to a complication of diseases.

Would Stop Grain Options... Washington, D. C., April 16.—Representative Scott has introduced a bill to prohibit dealing in futures of wheat, corn and other agricultural products.

Noted Actor Dead... Philadelphia, Pa., April 16.—Oswald Roberts, an actor from Liverpool, England, who has been playing the part of the villain in the "Sheriff of Angel Gulch," was found dead in his room in a hotel here with a bullet in his brain.

Many Americans Abroad... Rome, April 16.—American visitors to Rome are so numerous that Mgr. Kennedy, rector of the American college, is presenting fifty of them daily to the pope.

SURE FORTUNE BUILDER—In Seattle

Ground-Value Growth is an inevitable fortune builder. In New York and the other Eastern cities, central business ground-values have averaged more than 10% per annum for 75 years. This is the force that made and will be increasing the value of American cities.

IN SEATTLE, whose population, growth and commercial and industrial development are more rapid, the ground-value increase in the central business district has been exceeding 25% a year during the past 7 years. And the growth and development of this really marvelous city have only lately begun.

Let us show YOU how to become a proprietor of one of the most prominent centrally located, well built and well returned real estate investments and growingly valuable, minus taxes and care of management, that actual ownership implies. Please write to me at once, whether you have much or little to invest.
