Canada proposes a centennial celebration in recognition of the hundred years of peace that have followed the war of 1812. The uniform of the United States army is to change its color again. A generation ago it was blue. This gave way to khaki, and now the brown is relegated in favor of olive drab. But whatever color may cover the American soldier his heart, his loyalty, and his courage are the same as they were in '76, in '12, in '45, in '61, and in '98.

Business closed July 31 with a cash balance of \$258,437,000 on hand in the national treasury at Washington. There are to be economy and retrenchment, which indicates wise management of the people's money. But Uncle Sam has a considerable surplus on hand and his credit is pretty good, thank you.

In theory, at least, we imprison criminals primarily to reform them. We can not conceive that whipping is conducive to that end. Most convicts imagine that they have been mistreated by the judge's sentence. It cultivates and strengthens their imaginary grudge against society when they are whipped, and that feeling does not help them to reform when they leave the penitentiary. Moreover, whatever spark of self-respect may remain must be extinguished by the brutality of a whip.

"At Yale," replied President Hadley to a visiting clergyman who asked how long it was the custom to preach "there is a fixed belief that no conversions are made after the first half hour." It is a good thing to know when to stop talking, either in the pulpit or on the platform. It is easier to bore than to please, as most audiences will testify. The wonder is that so many public speakers are so slow of observation. Brevity is rarer than wit, for the professional harrier in public is likely to be tempted to length by applause.

WHITNEY KNEW ALL

DR. COOK'S STATEMENTS CORROBORATED BY BIG GAME HUNTER.

COOK'S ESKIMOS ARE PUMPED

Asked Whitney What Peary's Men Were Trying to Make Them Say—Deny Cook Did Not Go out of Sight of Land.

St. John's N. F.—Harry Whitney, of New Haven, who arrived here from Labrador on the steamer Jeanie, says he has no reason for doubting that both Cook and Peary reached the pole.

Mr. Whitney was questioned regarding the statements made to him by Dr. Frederick A. Cook in Greenland. He said Cook arrived at Annotok in April of this year and declared that he had reached the north pole a year before. He pledged Whitney, however, not to tell Commander Peary, who was to be informed only that Cook had gone farther north than Peary's previous record, 87 degrees 6 minutes. Continuing, Dr. Cook told Whitney that he had accomplished all he expected to, and more besides, and that he was through with the northern country. Whitney did not communicate the latter part of this statement to Commander Peary.

Continuing, Mr. Whitney said that Dr. Cook had complained to him of Peary's taking over his house and stores, but declared that he had suffered no unfairness. Peary's steward, William Pritchard, was present when these statements were made; like Mr. Whitney, he was pledged to secrecy by Dr. Cook. Murphy, Peary's boatswain, who was in charge of the stores, was absent at Etah on this day and did not hear Dr. Cook's communications.

There were two houses on the Greenland shore, one at Annotok, holding Cook's stores, and another at Etah, holding Peary's stores. The three white men, Whitney, Murphy and Pritchard, sometimes occupied one and sometimes the other of these houses. Murphy is not able to read or write. He had written instructions from Peary which Whitney, at Peary's request, read over to him from time to time. These instructions were very stringent. They directed Murphy to use Cook's stores first and Peary's afterwards.

Murphy was told in them that he was to give Dr. Cook every help if he came along in a needy condition, and furthermore the instruction implied that Murphy was to organize an expedition to search for Dr. Cook, but according to Mr. Whitney this part of the instructions was worded ambiguously. Mr. Whitney said that Cook had a copy of these instructions and would doubtless make them public.

When Dr. Cook and his Eskimos arrived at the house they had no sledges; being too tired to drag it over the rough ice they had left it 20 miles from Etah. The following day some other Eskimos went out, recovered the sledge and brought it in. On it were Dr. Cook's instruments, clothes and food.

After spending two days at Annotok, where Cook first met Whitney, Cook started for Etah. Whitney accompanied him.

The doctor had figured out roughly the date that he would likely get to Upernivik, and when the Dundee whalers or the Danish store ships would reach there, and he argued that he had no time to lose. He planned originally to take two Eskimos and two sledges, but one Eskimo fell sick and this made it necessary for him to cut down the luggage he could take with him south.

New York.—Dr. Frederick A. Cook contemplates the bringing of a suit against Commander Peary to recover damages for slander and defamation, according to friends of the Brooklyn explorer.

Dr. Cook himself had nothing to say regarding the proposed suit, but his secretary, Walter Lonsdale, admitted Saturday that the idea was seriously entertained, both by Dr. Cook and by John R. Bradley, Cook's backer. He said that affidavits had already been prepared in case it was definitely decided to bring the suit.

New York.—Friends of Dr. Frederick A. Cook, whose claim that he discovered the north pole has been challenged by Commander R. E. Peary, anticipate a bitter attack on his record. The announcement several days ago that a lawyer representing the Peary Arctic club had been retained at Seattle, Wash., to fully investigate all the details of Dr. Cook's reported ascent of Mount McKinley, is followed now by Dr. Cook's effort to have one of the guides who accompanied him on that expedition to come to New York. He has sent a telegram to this guide, Edward Burrill, at Hamilton, Mont., asking him to lose no time in getting here.

Alleged Forger is Held. Boston.—Charged with being a fugitive from justice, Edmund C. Hyatt, charged by the police of Quincy, Ill., with forgery, was held in \$3,000 bonds in the municipal court to await extradition.

THE HOMECOMING WELCOME

SIFT CHICAGO JURY SCANDAL

GRAND JURORS PROBE REPORTS OF TAMPERING.

Inspector Edward McCann Found Guilty of Accepting Bribes to Protect Vice.

Chicago.—Witnesses have been called before the grand jury to give the first testimony in connection with the jury-tampering scandal and to begin formally the investigation of charges concerning conditions in the Cook county jury commission's office—accusations which State's Attorney Wayman made following the arrest on bench warrants of John J. Holland, the secretary, and a member of the jury commission; Nicholas J. Martin, private secretary of Alderman Michael Kenna, and Willis J. Rayburn, real-estate dealer. The issuing of subpoenas for witnesses to appear at the criminal court building was decided upon after investigators from Mr. Wayman's office discovered that attempts were being made by powerful influences charged with being interested in the result of jury tampering to influence some of the witnesses relied upon by the state to prove its charges in the scandal.

CENSUS AGENTS TO BE NAMED

About 1,700 Will Receive Their Appointment Around January First—Must Pass Practical Test.

Washington.—Between sixteen and eighteen hundred persons will be appointed as special agents of the census bureau about January 1 next, and a practical test of the qualifications of applicants for such positions will be given on November 3 next before the local board of civil service examiners in every state in the union.

The duties of such agents will be to collect statistics for the next census of manufactures, mines and quarries. As far as possible, it is desired to obtain persons who have had college or university courses in statistics or economics, or persons who have had experience in the accounting departments of manufacturing or other business establishments.

Applications will be accepted from women, but the opportunity for their appointment is slight.

Ling, Elsie Sigel's Slayer. New York.—Elsie Sigel, the young missionary to Chinese of this city, was strangled to death by Leon Ling, according to the verdict of the coroner's jury. With the police of the world hunting for Ling since the girl was murdered on June 10 the formal announcement of the cause of her death has been delayed by the chemists' examination of the body.

Carries Message from Taft. Pittsburg, Pa.—Going through the city streets at a speed estimated at 50 miles an hour, Mrs. K. R. Otis of Cleveland, O., left here carrying the courier with a message from President Taft to President Chelberg of the Alaska-Yukon exposition at Seattle, Wash.

Treat's Successor Named. Washington.—Lee McClung, the treasurer of Yale university, has been selected as treasurer of the United States to succeed Charles H. Treat.

Tries to Wipe Out Family. Richmond, Va.—Despondent because of financial reverses, over which he had brooded for many sleepless nights, W. B. Grover, a farmer of Chesterfield county, attempted to exterminate his family. He succeeded in killing his 20-year-old daughter, Louise; shot at his wife, missing her; and then sent bullet into his own brain.

Rear Admiral Barclay Dead. Boston.—Rear Admiral Charles James Barclay, U. S. N. (retired), is dead at his home in Brookline.

Actress Granted Divorce. Marion, Ind.—Mrs. William Stuart, known on the stage as Anna Hollinger, was granted a divorce here Saturday. She charged her husband, William Stuart, an actor living in New York, with cruelty and "professional jealousy."

Balloon Explodes; Four Killed. Moulins, France.—The French dirigible military balloon Republique, exploded in the air five miles from here Saturday and was completely wrecked. The four men on board were killed.

Prominent Ohioan Dead. Akron, O.—M. D. Tibbals, prominent in Ohio's legal, political and G. A. R. circles, died Monday from paralysis. He was Akron's first city solicitor in 1865, served two terms as state senator and was for eight years a common pleas judge.

Quebec Will Not Impose Tax. Montreal.—The report that the Quebec provincial government had decided to impose an export duty on all raw pulp wood exported to United States is denied by Premier Gouin.

NEW YORK'S BIG PARADE

Hudson-Fulton Pageant Witnessed by Two Million People—Epoch-Making Scenes Reviewed.

New York.—Through streets ablaze with bunting and lined with the greatest crowd ever gathered in New York thoroughfares, a parade of 20,000 men and 54 floats passed before the envoys of 21 nations participating in the Hudson-Fulton celebration. And in its passing, which occupied two hours' time, the epoch-making scenes of three centuries, represented in gigantic figures of wood, plaster, paint and tinsel, were reviewed.

Along the route of the parade—a distance of over five miles—it is estimated that more than 2,000,000 people gathered. Mayor George B. McClellan and Herman Ridder, vice-president of the Hudson-Fulton celebration commission, headed the line and covered the entire distance afoot. There was no military show, no distinguished personages in vehicles, all, with the exception of the police were afoot.

With the end of the parade at Washington square, the crowds broke out of bounds and swarmed back and forth across the square, literally storming the floats in an effort to get souvenirs. It necessitated military severity on the part of the police to place the creations from being torn to pieces.

Dr. Frederick A. Cook, the explorer, was among the guests at a banquet tendered by the citizens of uptown New York to distinguished visitors at the celebration.

UNION WOMEN IN SESSION

Second National Biennial Convention of Their Trade League is Opened in Chicago.

Chicago.—The second biennial convention of the National Women's Trade Union league was called to order at ten o'clock Monday morning in the Fine Arts building with about 80 delegates in attendance. Mrs. Mary Morton Kehe of Boston, the first national president of the league, was in the chair. The delegates have come from all parts of this country and in addition friends of the movement are present from European lands. Among the latter are Miss Mary MacArthur of London, secretary of the British Women's Trade league; Mrs. Werner Hagemann of Munich, and Miss Agnes Herman of Berlin. The league, which aims to secure better working conditions and wages for women who toil, will hold daily sessions in the Fine Arts building for four days.

New York.—Terrified by "Black Hand" stories, 1,000 children stampered in a Polish parochial school in Jersey City, when fireworks were set off in the street, and made a mad rush for the doors, 14 were crushed, one so seriously that death will result. The fatally injured child is Marianna Zelackshy, seven years old; the others comprise five little girls and eight boys, all ranging from seven to ten years in age. All are in Jersey City hospitals, but it is believed that all will recover.

JAPS CAUGHT KILLING SEALS

Are Given Three Months Imprisonment and Fined \$200 Each.

Valdez, Alaska.—The United States revenue cutter Perry reports that several boat crews of Japanese from an unidentified schooner were surprised while killing seals on Walrus island by Agent Proctor, of the North American Commercial Company, who is stationed on St. Paul island. Proctor, assisted by natives, captured one boat crew of six Japanese and the remainder escaped.

The prisoners were tried before Commissioner Brown at Unalaska and sentenced to be imprisoned three months and to pay \$200 costs each.

League of Veterans and Sons. Bay City, Mich.—The National League of Veterans and Sons, a political and patriotic society that was organized two years ago, met here Wednesday for its annual convention of two days. George Raab of Flint, Mich., is the lieutenant general and P. H. Andrews, also of Flint, the adjutant general. The purpose of the league is to help men who have served at any time in the United States army of six years in the National Guard, and their lineal descendants.

Bryan and Bailey Will Debate. Atlanta, Ga.—A joint debate on the tariff by William Jennings Bryan and Senator Joseph W. Bailey of Texas at Atlanta is assured, the meeting to be held some time next month.

German Synod Denounces Prohibition. Burlington, Ia.—The general conference of the German Evangelical Synod of North America passed a resolution denouncing prohibition, and a movement was started for the formation of a national organization.

TAFT SEES MINERS AT WORK

DESCENDS MONTANA COPPER MINE AT BUTTE.

President Greeted by a Great Crowd at Anaconda—Preaches in Mormon Tabernacle.

Helena, Mont.—President Taft had the rare experience of seeing miners at work 1,200 feet below the surface at the famous Old Leonard copper mine at Butte. Attired in a linen duster, an old black slouch hat and swinging an electric lantern at his side the chief executive was locked in a narrow iron cage and dropped through midnight darkness into the depths of the earth.

When he had ascended with a whiz, after half an hour under ground, the president, blinking in the glare of the noonday sun, was cheered to the echo by the crowd of curious people gathered at the hoist. He declared: "I would not have missed it for the world."

It was the president's first visit to the Montana copper district and between the smelters at Anaconda and the mines at Butte he had a series of interesting experiences. Not the least of these was a thrilling automobile ride over the mountains from Butte to the mouth of the Leonard mine. The grades were steep and winding but the chauffeurs were experienced men, and while there was apparently no threat of danger at any stage of the trip, there was a sigh of relief when Mr. Taft had once more been placed safely aboard the Mayflower for the run to Helena.

Arriving here, he went directly to the state fair grounds where, after viewing a portion of the exhibits he made an open-air address and witnessed a race of cowboys. Returning to the city Mr. Taft reviewed a parade of school children.

Leaving here he headed direct for Spokane where he delivered his formal speech on the subject of the conservation of the natural resources and the reclamation of arid lands.

President Taft walked with a limp when he first got off the train at Anaconda, the result of a sprained tendon in his right foot. The sprain occurred at Beverly. There is nothing serious about the sprain and Mr. Taft did not let it interfere in any way with his plans.

The president made a flying trip through the Washoe smelter of the Amalgamated Copper Company at Anaconda, then proceeded into the city and after a brief address took the train for Butte. The crowds which greeted him on the streets there were the largest he had seen since leaving Chicago.

Salt Lake City.—President Taft from the pulpit of the famous Mormon tabernacle in this city on Sunday preached a sermon on amity between people to a vast audience. He said the assemblage inspired him to follow in the footsteps of his predecessor, Theodore Roosevelt, who, four years ago, delivered a discourse from the same platform on the duties of good citizenship and right living.

Mr. Taft did preach a sermon—text and all. The immense audience in the flag-draped edifice, the splendid musical program of operatic and patriotic selections, the enthusiastic cheering as President Taft appeared and the quick response of the audience to points which he endeavored to impress upon his hearers, inspired him, the president declared, with higher thoughts of country and patriotism.

The president's sermon was an appeal for amity between the people, for attributing the best rather than the worst motives to the action of others when possible to do so and not to harbor hatred or animosity.

"A soft answer turneth away wrath, but grievous words stir up anger" was the text Mr. Taft selected from the book of Proverbs. The sermon was a homely utterance, largely made up of a relation of stories to give emphasis to the points.

1,000 CHILDREN TERRIFIED

"Black Hand" Stories—Cause Panic in a School—Fourteen Youngsters Are Injured.

New York.—Terrified by "Black Hand" stories, 1,000 children stampered in a Polish parochial school in Jersey City, when fireworks were set off in the street, and made a mad rush for the doors, 14 were crushed, one so seriously that death will result. The fatally injured child is Marianna Zelackshy, seven years old; the others comprise five little girls and eight boys, all ranging from seven to ten years in age. All are in Jersey City hospitals, but it is believed that all will recover.

The schoolhouse, a three-story brick building, is a stone's throw from an Italian church, which had obtained a permit to set off fireworks during a church celebration. A rumor got out last week among the children in lower Jersey City schools that threats had been made to blow up the schools with dynamite.

Woman Philanthropist Dead. Chicago.—Mrs. Rhoda Mary Coffin, 33 years old, a pioneer resident of Chicago, and for many years a prominent figure in the establishment of homes for the friendless and other institutions in the United States, is dead at her home here.

Bryan and Bailey Will Debate. Atlanta, Ga.—A joint debate on the tariff by William Jennings Bryan and Senator Joseph W. Bailey of Texas at Atlanta is assured, the meeting to be held some time next month.

German Synod Denounces Prohibition. Burlington, Ia.—The general conference of the German Evangelical Synod of North America passed a resolution denouncing prohibition, and a movement was started for the formation of a national organization.

PAINT FAULTS

It is a common occurrence nowadays to hear a man remark with disgust: "It is impossible to have good painting done these days; either the paint is not good or there are no good painters." This, however, is not true. There is good paint, and there are good painters. But the question is, bringing them together.

One cannot expect a satisfactory painting job without pure white lead. There is a way to make sure you are getting pure white lead without testing it. See that the keg bears National Lead Company's famous Dutch Boy Painter trademark, which is a positive guarantee of purity. However, anyone can test white lead. National Lead Company, 1902 Trinity Bldg., New York City, will send you a lead tester and painter's outfit, consisting of book of color schemes, specifications, etc., upon request.

FAVORED DOGS IN GERMANY

Dachshund is the Most Popular Variety, the English Bulldog Being Second Choice.

The dachshund is the favorite dog in Germany, and a very useful and pleasant companion he seems to be. The English bulldog is a good second in popularity, and the nearer he is to our standard points the better he is liked. The fox terrier varies a good deal in size and for working and is evidently not so well known in Germany as he deserves to be.

The ladies there are as fond of their little Poms and their King Charleses as are their English sisters of their pet dogs at home.

Some few dogs in the streets are harnessed to four wheeled trucks. Usually a man and a dog pull. The work seemed too heavy and exhausting for the dogs, which are generally mongrels of the mastiff type. They look in fair condition and are not ill treated.—Farm and Home.

HUNTING FOR BIG GAME

The Highlands of Ontario is an ideal spot for the sportsman during the open hunting season for big game. In the Temagami region moose are plentiful and may be killed during the period from October 15th to November 15th. This territory is a forest preserve of vast expanse, and in addition to being the hunter's paradise, its waters abound with game fish of many species. The home of the red deer is located somewhat to the south of Temagami, particularly in the districts known as "Muskoka Lakes," "Lake of Bays," "Maganetawan River," "Lake Nipissing," and "Kawartha Lakes" territories.

Write to W. S. Cookson, A. G. P. A., 135 Adams St., Chicago, for a copy of "Haunts of Fish and Game" issued by the Grand Trunk Railway System, which fully describes the hunting territories reached by this line, giving game laws, maps and all information.

NOT WORKING THIS SEASON.

"There used to be a wonderful echo here, I understand."

"Yes, sir, marvelous. But last year one of the tourists insulted it and now it won't answer."

A GREAT ANNOYANCE.

Kidney Disease Shows Many Painful and Unpleasant Symptoms.

George S. Crowell, 1109 Broadway, Helena, Mont., says: "I was troubled with a disordered condition of the kidneys, some backache and irregular passages of secretions. At times I was obliged to get up out of bed at night, and the urine was unnatural in appearance. On the advice of a friend I procured Doan's Kidney Pills and began using them. This remedy helped me at once, strengthened my kidneys and corrected the disordered condition."

Puzzle for the Girls. Every instructor at Chautauque is required to fill out a paper answering a number of necessary and unnecessary questions. One year there was a remarkably handsome male member of the faculty in whom all the girl students were much interested. "Is he married or unmarried?" became an all-absorbing question. Finally some of them had the courage to approach the college secretary and ask if the files might be looked over. And there the handsome professor, anticipating some such investigation had recorded his matrimonial pretensions as follows: "Married or single?—Yes."

G. A. R. Posts Abroad. The first Grand Army post in Europe has lately been organized at Oldham, in Lancashire, England, where 20 former union soldiers reside. DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Paw Paw, Mich.—"I suffered terribly from female ill, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am a well woman."

Another Operation Avoided. Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ill, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.
