

# Iowa State Bystander

BYSTANDER PUBL. CO., Publishers  
DES MOINES, IOWA

This is the growing weather for coal bills.

Napoleon's hair is for sale. Which color do you prefer?

In this age, the water wagon ought to be an automobile.

Avoid meeting the crime wave on a cold night. Or at any other time.

Unless you are a pyromaniac do not light the kitchen fire with gasoline.

An earthquake is reported in Delaware. Naturally, it was a little one.

Dr. Osler's indorsement of the sour milk diet doesn't make it any the more palatable.

At last it has been discovered that the way to suppress highwaymen is to suppress them.

Meanwhile other parts of the country are exhibiting weather just as startling as ours.

Lowering a height record and raising a low record is one and the same to French aeroplantists.

When railroad trains collide the rich man has no better chance of escape than his poor fellow-traveler.

What a long time the world will have to wait to find out whether any really great men were born in 1909!

However, any other winter resort is as much entitled to advertise an exclusive view of the comet as is California.

For the last time, will the gentleman who assured us we would have an open winter kindly send in his photograph?

While the per capita circulation of money is large enough, frequently it is difficult to make it connect with the individual.

That first carload of spring vegetables which has left the Gulf region will be lucky if it does not bump into a cold wave.

Chicago would like to have the international balloon races next fall, but it cannot agree to remove the lake for the occasion.

If, as the days begin to lengthen, the cold begins to strengthen, we have some strenuous weather due us during the next 60 days.

The man over 40 who doesn't own a farm may lay his lack to ill luck, but generally he will find the cause in his own make-up.

Minister Wu has talked into a photograph, but as he did not ask any questions the record will always be open to suspicion.

The days have begun to lengthen, but it is all in the afternoon when it doesn't make getting up early in the morning any easier.

A dispatch from Georgia says the peach crop has not yet been injured. Before we begin to cheer lustily, let us hear from Delaware.

A French aviator is reported to have fallen from his aeroplane into a tree and escaped injury. Sounds like the twentieth century Munchausen.

Now it is denied that Mars has canals. Perhaps, in the general smashing of received beliefs, it will even be denied that there ever was a north pole.

Halley's comet, as seen through a telescope a few days ago, appeared to have only a stub of a tail. Possibly it is the fashion to clip the tails of comets this year.

Whenever it happens that there is no great question demanding immediate solution it is always possible to renew the discussion as to the existence of canals on Mars.

A school is to be opened on Long Island to train girls to be good wives and housekeepers. Now a corresponding school should follow to train young men to be good husbands and providers.

Two hours after getting a divorce in Nevada the woman in the case married again, and the judge granting the divorce was highly incensed at what he termed making a farce of the courts, says the Baltimore American.

But then, interested citizens can hardly be expected to take better care of the dignity of the courts than the judges themselves.

Cleveland theatrical reform in the matter of preventing people from disturbing the auditors by straggling in during the first act looks like a reversion to primitive principles, says the Pittsburg Dispatch. Presently some backwoods city will be advancing the idea that theaters and operas are not conducted for the purpose of holding conversations in the boxes.

An airship expedition is to be sent to discover the north pole under the auspices of the Kaiser himself. Failure to locate that locality will therefore, be in the nature of less majesty.

While one astronomer declares that there are no canals on Mars, another asserts the planet has 600 and that the Martians are still digging. There being no way to decide, the lay world can take whichever view it pleases. In the meantime, all present energy on the subject is needed in the perfecting of the one canal we have here.

A convict in a Minnesota prison has succeeded in growing a mammoth lemon. As if those of the ordinary size handed out day after day to unwilling recipients were not large enough!

The Chinese tong is getting about as lively in a murderous way as the Italian Black Hand. It is about time that the abuse of this nation's hospitality by foreign assassination societies was checked by a little more sense in opening the door of our organizations to undesirable immigrants.

# PLANT TESTED SEED

## Ames Agricultural College Will Test Seed Corn Free.

### LOTS OF CORN UNFIT FOR SEED

Iowa Farmers Are Urged to Send in Sample Grains Before Seeding Time is Ready to Begin.—Corn Quality Poor.

Ames, Ia., Feb. 2.—Owing to the poor condition of seed corn in Iowa this year, the agricultural college at Ames is offering to test free of charge to the farmers, all seed corn that is sent, thereby making it possible for every farmer to know definitely whether or not his corn is safe to plant.

Unless the farmers allow this to be done or test it themselves, there will be a great loss to Iowa this year. The poor condition of seed corn is due largely to the heavy rains last fall which filled the ears with water, and then the early hard freeze which followed. Tests made at the corn show field in Des Moines and the one in Omaha, also one at the Ames college, showed a startling condition. Samples which were the very best in appearance, and which often came from the best seed corn men, were entirely dead, and very many were weak and unreliable for seed purposes.

Prof. Holden of Ames college, says: "It is quite probable much of the corn from the 1908 crop will be better for seed than that grown in 1909."

He suggests that the farmers make up samples of their seed corn by selecting ears at random from the entire lot of seed, or at least in so far as this is practicable. From each of these ears so selected the farmers are instructed to remove with a knife two kernels from each side of the ear, place these in a strong envelope or a small sack and send it to the farm crops department at Ames, Ia.

Prof. Holden says that the men in his department will make a careful test of this seed and will then mail a report of the test to the farmer.

### Lovers Buried Side by Side.

Monroe—Side by side in the beautiful new mausoleum loving hands laid the bodies of Vern Barr and Carolyn Ammer, childish sweethearts and principals in the shocking double suicide, a tragedy that has cast a cloud over the entire vicinity.

"Bury us together."

This was the request of the girl in a note found pinned to her clothing by the grief-stricken parents.

A double funeral in the Monroe Methodist church was held. There was but one service. Rev. Mr. Altman of the Lutheran church of Kellogg, conducted the last sad rites.

The refusal of the youthful sweethearts' parents to allow them to wed has been assigned as the motive for the double suicide.

The girl and boy attended a dance together at the hall in Monroe. From words dropped in the dance hall by young Barr, which at the time held no meaning for his friends, it is now known that in his mind Barr held in contemplation the terrible tragedy which he and his sweetheart were to enact within a few hours.

### New Cars for Fort Dodge.

Boone.—Some new cars, the pay-as-you-enter kind, are being put into service by the Fort Dodge, Des Moines & Southern company for use in Fort Dodge. At present they are in the shops receiving motors and the few finishing touches necessary to make them ready for use. They were ordered as long ago as last summer but for some unknown reason they have been delayed for months until just now they are arriving and being put in shape for use.

### Creston to Have "White Way."

Creston.—Creston merchants are arranging to install a few blocks of the electric lights in the business portion of the city. This proposition has been featured and endorsed by the Greater Creston association, believing it will prove a good investment in boosting the city's interests.

### Eagle Grove Will Pave.

Eagle Grove.—This city is contemplating paving the main street and other blocks if possible early this coming spring. Members of the city council have been around with a petition and they find that about 80 per cent of the business men are in favor of the improvement.

### Iowa's Youngest War Veteran.

Bloomfield.—William Eichelberger, 61, is probably the youngest living civil war veteran in the state. When but a lad of 13 he volunteered as a drummer boy and went through several noted battles.

### Johnson Wright is Dead.

Des Moines.—Johnson Wright, pioneer resident of Iowa, died at his home near Carlisle, at the advanced age of 85 years. Mr. Wright came to Iowa more than fifty years ago and since that time has lived in three counties, Mahaska, Warren and Polk.

### Meet at Des Moines Next Year.

Marshalltown.—The Central Iowa Lumbermen's association, in session here, voted to hold its next annual session in Des Moines. Ben R. Vardaman delivered an address.

### Bishop Hughes S. U. I. Orator.

Iowa City.—President George E. MacLean of the University of Iowa has received the acceptance of Rev. Edwin H. Hughes to deliver the baccalaureate address for the class of 1910 at the commencement exercises to be held next June.

### Creston Paving Contract.

Creston.—The contract for nearly two miles of paving, mostly in the residence districts, has been let. The material used is to be the same as at the old macadam.

# Albia Gets Blotched.

Albia.—The board of directors for the Iowa Blotched association have been selected as follows: J. T. Clarkson, J. R. Price, Fred Lambert, Fred Townsend and Fay Edwards of Albia; W. J. Evans, W. L. Phillips and J. W. Lewis of Hiteman and R. T. Rhys of Ottumwa. Albia was selected as the place for meeting this year. The date will be changed from the usual time of Thanksgiving day to two days in September, the exact date not being determined, and for two days the session will continue in the large auditorium at the Albia city park. A more extensive program than at any time in the past will be given. At this time the directors announce that a \$750 piano will be given to the largest and best church choir present. The sum of \$1,000 will be the main purse for which there will be contests, while an equal amount will be given in smaller purses for different entries. The competition will be open to all amateur singers in the world. The business men of Albia are co-operating with the committee and will have 20,000 programs printed, which will contain views of the prominent places in the city and which will be scattered over the country some time during the month of June.

### Hunters Are Insistent.

Winterset.—County Auditor T. M. Scott of Madison county announces that during the year 1909 he issued 305 hunters' licenses. It is estimated that 1,000 licenses will be sold during the present year. The persons who buy the licenses are almost unanimous in demanding that a portion of the state fund from this source be spent in stocking some of the streams of the county with game fish and in preventing the unlawful destruction of fish in the county. The enforcing of the fish law receives very little attention here.

### Creamery Paid Good Money.

Menlo.—The Menlo Co-operative Creamery company paid to its patrons for the year just past \$63,500, just \$14,500 less than was paid out in 1908, in that year they paid to its patrons \$75,000, which was the greatest ever paid out for butter fat here. The farmers are receiving 36 cents per pound for their butter and it is retailing at 38 cents per pound at the stores. The creamery is owned and operated by the farmers.

### Farmers Back to the Corn Fields.

Lake City.—The melting of the snow has allowed the farmers to think about getting at the corn in the fields again, which has been so far covered over by the early snowfalls of the winter. The ground is still covered over in some places but in many spots the snow has entirely disappeared and the corn can readily be picked. While the quality is not so good as that which was picked earlier it is still worth saving.

### Creamery Association Elects Officers.

Clarion.—The Clarion Creamery association has elected the following officers: T. A. Shillington, president; Jacob Buck, vice president; Wiert Johnson, secretary; O. P. Morton, treasurer; E. W. Schroeder, director. The past year has been one of the best in the company's history. The average price paid for butter fat for the year was 28 1/2 cents per pound.

### Girl Marries Son of Foster Mother.

Muscatine.—Gertrude Trusty was married at Brighton to Harry Crandall, son of her guardian, Mrs. Anna Crandall. The bride was in the limelight years ago as the child wife of John Leeper, aged 70. The girl was 9 years old then. Brighton people were so aroused that an annulment of the marriage was necessary, following which the girl entered the Crandall family. She is now 18.

### Big Round House For Belle Plaine.

Belle Plaine.—Officials of the Northwestern railway have announced extensive improvements here during the coming summer, including the construction of a 100 stall roundhouse, the largest in the United States, and the building of a new pumping station. Over eleven miles of additional switch tracks will be laid. A third track will be built from Belle Plaine to Tama.

### Goes to Kansas Farm College.

Marshalltown.—Edward S. Estel of this city, a graduate of the Marshalltown high school and now just finishing a four years' course at Ames, has accepted a position as assistant professor in the dairy department of Kansas state agricultural college at Manhattan, Kan., and will leave soon to begin his duties.

### Butter Prices Lower.

Dubuque.—An organized protest of Dubuque against 40 cent butter and the general use as a substitute of oleomargarine at 17 cents, resulted in hammering down the price of the former to 31 cents. Housewives refused to buy creamery butter and the stuff had practically no sale.

### Vicious Hog Attacks Boy.

Ida Grove.—Henry Jensen, youngest son of J. H. Jensen, a prominent farmer northeast of here, near Schaller, was attacked in the pen by a vicious hog and was knocked down and badly injured before a brother could beat it off.

### Interurban Line Planned.

Clinton.—It is reported on good authority here that eastern capitalists contemplate building an interurban railroad between this city and Cedar Rapids.

### Five Short Weight Arrests.

Sioux City.—As a result of tests made by the city sealer of weights and measures, five local coal dealers were arrested for selling short weights. They are B. H. Silver, W. F. Frieden, A. E. Lins, S. Carlson and H. H. Krummrich.

### Indianola Boy Hurt.

Clinton.—Willie Eulen, aged 12, and Ben Hunt of Indianola were victims of a coasting accident. Eulen had his leg broken and Hunt's ankle was badly sprained.

# FOR CO-OPERATION

## McVicker Tells Fathers to Stay With Sons on Farms.

### ACTIVE MANAGEMENT TO SON

Dunn Says Resolutions by Farmers' Grain Dealers' Association Will Oppose Grain Gambling—Endorse Good Roads Meet.

Des Moines, Feb. 4.—"The farmer should retire on the farm and live there with his sons, to whom he should give over the active management of the farm," insisted Roy H. McVicker, of Eagle Grove, in an address before the Farmers' Grain Dealers' convention at the Auditorium, on "Why the Farm Boy Leaves the Farm From the Standpoint of the Farm Boy."

The keynote of his address was a plea for co-operation between the farmer and his sons. He urged a square deal for the farm boy, an opportunity for the boy to become a partner in his father's business, and finally for the boy to take his father's place as the farm manager when he has arrived at the age of discretion.

"The committee on resolutions will report on at least three important questions of the day," said E. G. Dunn, of Mason City, a member of the committee. "One will be an anti-gambling resolution, urging the continuance of the fight on the speculation sort of gambling now so extensively practiced in Chicago and other grain centers. The farmers will never quit attacking a system which permits men to gamble with the grain they grow out here in Iowa. This struggle against gambling with grain is to take on new vigor and we will work with all our might to do away with the abuses of the present system."

"We also endorse Governor Carroll's good roads movement and we will take our stand for good roads in Iowa in no uncertain manner. Our other most important resolution will be that favoring the federal inspection of grain. This is a matter of keen interest to the co-operatives all over the country and we are billed to win our fight for national legislation establishing such inspection soon."

### ERECT THREE BIG BUILDINGS

Fair Board to Build Cement Industries, Transportation and Educational Structures on Fair Grounds.

Des Moines, Feb. 4.—The state agricultural board at its meeting created a new department for the state fair. This department will be known as the transportation and public safety department. The superintendent will be charged with the duty of seeing that all exhibits, stands and leave the grounds in proper condition and also care for the safety of the visitors to the fair.

Following the idea of erecting permanent buildings and making a permanent plan for the state fair grounds the board has decided on a cement industries building to occupy 30,000 square feet of space, a transportation building to occupy 75,000 square feet of space, an educational building to occupy 5,000 square feet of space and a model farm with buildings and lawn, house, barns and dairy to cover three acres.

### Subscribers Must Pay in Advance.

Des Moines, Feb. 4.—Publishers of the leading daily papers of Iowa will demand cash in advance from mail subscribers, beginning April 15. This agreement was reached by representatives of eighteen publications in various parts of the state at a meeting of the Iowa Associated Dailies. Postal laws adopted two years ago provide that a newspaper publisher shall not send his paper to a subscriber who is more than three months in arrears. To simplify their business and protect themselves, Iowa's publishers believe they should outdo Uncle Sam and ask that their subscribers pay in advance.

### Col. Eiboeck in Resubmission Fight.

Cedar Rapids, Ia., Feb. 4.—A large number of representative Germans from various cities of Iowa, including Col. Joseph Eiboeck of Des Moines met here for the purpose of organizing a personal liberty league in opposition to the proposition to resubmit the prohibition amendment. Colonel Eiboeck is chairman of the committee appointed to outline a platform and program.

### Engineer Killed Almost Instantly.

Des Moines, Feb. 4.—While repairing the machinery in the engine room at the Des Moines Cabinet company's plant, Thomas Park, the engineer, was caught in the shafting and killed almost instantly.

### Telephone Girls Out on Strike.

Marshalltown, Ia., Feb. 4.—A telephone girls' strike is on here, as the result of a walkout of eighteen out of thirty-five operators employed in the joint Marshall and Bell exchange. The girls demand more money, but do not fix the amount.

### Shelton to Quit Indianola School.

Indianola, Ia., Feb. 4.—President Charles Eldred Shelton of Simpson college has resigned, his resignation to take effect at the end of the present school year.

### Protest Against Raise in Postage.

Ottumwa, Feb. 4.—Trades and Labor assembly with a membership of 1,000 decided to write to the Iowa senators and congressmen protesting against the proposed advance in second class mail matter.

### Wives of Grain Men Entertained.

Des Moines, Feb. 4.—The wives of the grain dealers present at the state convention here were entertained at a reception at Hoyt Sherman place, by the members of the Des Moines women's clubs.

# CLIP THIS OUT

## Renowned Doctor's Prescription for Rheumatism and Backache.

"One ounce Syrup Sarsaparilla compound; one ounce Turpentine compound; Add these to a half pint of good whiskey; Take a tablespoonful before each meal and at bed time; Shake the bottle before using each time." Any druggist has these ingredients in stock or will quickly get them from his wholesale house. This was published previously and hundreds here have been cured by it. Good results show after the first few doses. This also acts as a system builder, eventually restoring strength and vitality.

# CAME AFTER HER.

Johnny—What are descendants, grandd?

Grandd—They are people who come after us.

Johnny—Then the baker and the milkmen are Mary's descendants.

Jim's Cost a Dollar More.

Richard Le Gallienne, the noted poet, was entertaining a group of magazine editors at luncheon in New York.

To a compliment upon his fame Mr. Le Gallienne said, lightly:

"But what is poetical fame in this age of prose? Only yesterday a schoolboy came and asked me for my autograph. I assented willingly. And to-day at breakfast time, the boy again presented himself.

"Will you give me your autograph, sir?" he said.

"But," said I, "I gave you my autograph yesterday."

"I swapped that and a dollar," he answered, "for the autograph of Jim Jeffries."

# SCRATCHED SO SHE COULD NOT SLEEP

"I write to tell you how thankful I am for the wonderful Cuticura Remedies. My little niece had eczema for five years and when her mother died I took care of the child. It was all over her face and body, also on her head. She scratched so that she could not sleep nights. I used Cuticura Soap to wash her with and then applied Cuticura Ointment. I did not use quite half the Cuticura Soap and Ointment, together with Cuticura Resolvent, when you could see a change and they cured her nicely. Now she is eleven years old and has never been bothered with eczema since. My friends think it is just great the way the baby was cured by Cuticura. I send you a picture taken when she was about 18 months old.

"She was taken with the eczema when two years old. She was covered with big sores and her mother had all the best doctors and tried all kinds of salves and medicines without effect until we used Cuticura Remedies. Mrs. H. Kiernan, 663 Quincy St., Brooklyn, N. Y., Sept. 27, 1909."

All in the Name.

Phyllis (up from the country)—But, Dick this is just like the last piece you brought me to see here.

Dick—My dear Phyllis, don't be absurd. This is "The Naughty Girl of Nice," and the other was "The Grass Widow." Surely you know that Nice and Grass are two entirely different places.—Punch.

### Important to Mothers.

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Watson* in Use For Over 30 Years. The Kind You Have Always Bought.

### The Latest Scheme.

"That new hotel will have red wall paper in all the rooms."

"Heavens! Why?"

"So that when the guests kill—anything, it won't show."

### Children Who Are Sickly.

Mothers should never be without a box of Mother Gray's Sweet Powders for Children. They break up colds in 24 hours, cure Feverishness, Constipation, Headache, Teething Disorders and Stomach Troubles. Keep 10,000 testimonials. At all Druggists. See Ask-Your-Druggist Sample mailed FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

At any rate the prodigal son acquired more fame than the virtuous brother who stayed home and was decent.

Better make your digestion better. The real mint leaf juice of WRIGLEY'S SPEARMINT does that better than anything else.

We would all write our names on the scroll of fame but for the infamous tribe of elbow jiggers.

Roll it under your tongue! The flavor lasts! You can't chew it out—the delicious juice of real crushed mint leaves. Fine for teeth! Fine for digestion!

WRIGLEY'S SPEARMINT CHOCOLATE. Look for the spear.

# SUFFERED TERRIBLY.

## New Relief from Distressing Kidney Trouble Was Found.

Mrs. Elizabeth Wolf, 288 W. Morgan St., Tipton, Mo., says: "Inflammation of the bladder reached its climax last spring and I suffered terribly. My back ached and pained so I could hardly get around and the secretions were scanty, frequent of passage and painful. I was tired all the time and very nervous. I began using Doan's Kidney Pills, and after taking a few boxes was cured and have been well ever since."

Remember the name—Doan's. Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

### Why "Potter's Field" for Beggars.

It is not because the beggar fails to make money that he finally lands in the potter's field. "Any good, industrious beggar," says Mr. Forbes, "can't make a great deal more money than the average workman." But the trend of the beggar is downward, and in the end he is pretty sure to become a hopeless wreck and a derelict.

### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We have understood that Dr. F. J. Cheney for the last 15 years, and believes him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. WALTER D. KELLEY, Toledo, O. Hall's Catarrh Cure is taken internally, setting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.

### Not the Proper Atmosphere.

Overheard outside St. Ann's church yesterday:

First City Man—Are you going in to hear the archdeacon today?

Second City Man—No, I think not. It puts me in the wrong frame of mind for business for the rest of the day.—Manchester Guardian.

If you have it in mind to buy an incubator or a Brooder this Spring, write to the Klondike Incubator Co., Des Moines, Iowa, for their catalogue. They make nice goods and guarantee them to operate well. There is no galvanized iron used in their construction. The average hatch in the Klondike is 82%.

There is no conversation so agreeable as that of a man of integrity, who hears without any intention to be heard, and speaks without any intention to deceive.—Plato.

### ALLEN'S LUNG SALVE.

Will cure not only a fresh cold, but one of those stubborn coughs that usually hang on for months. Give it a trial and prove its worth. 25c, 50c and \$1.00.

He who gives better homes, better books, better tools, a fairer opportunity and a better hope, him will we crown with laurels.—Emerson.

WHY suffer with eye troubles, quick relief by using PETTIT'S EYE SALVE, 25c. All druggists or Howard Bros., Buffalo, N. Y.

A friend is merely a person we can tell our troubles to.

Delicious way to keep teeth gleaming white—delicious WRIGLEY'S SPEARMINT.

He loves his country best who strives to make it best.—Ingersoll.

Mrs. Winslow's Soothing Syrup. For children teething, soothes and relieves inflammation, allays pain, cures whooping cough, croup, colic, and all the little ailments.

Time cannot remove kindly acts from a grateful heart.—Royston.

# "The Blood is The Life"

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood.

Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.
