

CITY COUNCIL.

THE JULY MEETING HELD LAST EVENING.

A Large Amount of Street Business as Usual - Reports of City Officers - Factions Opposition to the New Market House - Sale of Game of Ald. Sanborn and Bell to Get Themselves on a Committee.

The city council held a regular meeting last night, President Rhodes in the chair. The following petitions and communications were presented and disposed of as follows:

PETITIONS AND COMMUNICATIONS. A communication from Mayor Dawson re-voicing John Froeber's, the shoemaker, license referred to committee on license.

A petition from ex-Ald. Davis and others asking for an appropriation of the Phillips plan in numbering the houses and streets; referred to committee on streets. From Henry Hasenwinkle and others asking for the grading of Aurora avenue, between Canada and Jackson.

CITY TREASURER AND COMPTROLLER. The city treasurer's report was submitted, which was given in synopsis in the Globe yesterday, and was referred to the city comptroller. The city comptroller reported the usual number of claims and estimates, which were allowed.

THE CITY CLERK reported the following license collections: Liquors, \$17,300; Vehicles, 1,045; Miscellaneous, 1,705; Beer, 1,020; Dogs, 625; Batches, 1,033. Total, \$22,738.

AWARD OF CONTRACT TO DANIEL MULLEN for constructing sewers in Kittson's addition at a cost of \$55,597.50, confirmed. The same action taken on award of contract to M. B. Farrell for grading alley in block 27, St. Paul proper. Same action in reference to award of contract to John Whaley for constructing city sidewalks.

THE CLERK OF THE MUNICIPAL COURT, chief of police, etc., submitted their reports, as heretofore published in the Globe, which were appropriately referred.

THE ROOM WE HAVE WITH US, ALWAYS. The expenditures for the month, \$196.62; alms house, \$208.62; and for poor, \$444.92, were submitted for month of June, and referred to city comptroller.

THE CITY ATTORNEY'S REPORTS. The city attorney submitted a report that the contract between the city and Wm. Lindke in reference to the Trout brook mill privileges was duly signed, etc. Accepted.

THE CITY ATTORNEY'S REPORTS. The city attorney submitted a report that the contract between the city and Wm. Leonard & Co. to construct a cistern on Dayton's block, approved.

STREET IMPROVEMENTS. It was reported that the matter in reference to Dr. Day's petition for lowering Third street sidewalks had been amicably arranged. Isaac Staples' contract for supplying the city with lumber was approved.

THE COMMITTEE ON ORDINANCE submitted an ordinance defining and arranging fire limits as follows: Excluding block between Robert and Jackson, and Eighth and Ninth streets.

Excluding block between Robert and Jackson, and Eighth and Ninth streets. Forbidding the erection of any wooden building in that section embraced by Third to Seventh corners.

Excluding lots 1 and 2, block 53, in Rice & Irvine's addition. Under a suspension of the rules, the above was passed.

On motion of Ald. Sanborn the fire limit ordinance, passed above, was reconsidered and the following section added thereto: Excluding lot 8, block 11, of Bazille & Guerin's addition.

After the passage of this amendment, the ordinance as above was again adopted.

RESOLUTIONS. Ald. Dowlin offered a resolution ordering the repair of Virginia avenue, which after quite a lengthy debate was laid on the table.

By Ald. Dowlin a resolution ordering the appointment of an additional sanitary officer from July 1. Adopted.

By Ald. Allen a resolution directing the board of public works to construct a sewer on Seventh street, from Jackson to Sibbey street. Adopted.

By Ald. O'Connor a resolution for preliminary order to board of public works for grading Bluff street, from Robert to St. Peter street. Adopted.

By Ald. Bell a resolution requesting the city comptroller to inform the council at its next meeting, what amount of taxes was levied for "the general fund" in 1878, how much of the same is delinquent, and how much of the tax so delinquent was set apart by the ordinance providing for the construction of the new market house.

By Ald. Allen a resolution for the construction of a sewer on Eighth street, from Broadway to Temperance streets. Adopted.

By Ald. Rhodes a resolution directing the chief of police to remove shanties and other obstructions from East Fifth street, between Kittson and Brook streets. Adopted.

Ald. Bell introduced the new market house business again by submitting the following resolution: Whereas, Doubts have been freely expressed by those capable of judging freely to the validity of ordinance No. 1, setting apart certain delinquent tax for the construction of a new market house;

Resolved, That Aldermen Sanborn and Rhodes, with the city attorney, are hereby appointed a special committee to investigate into the validity of the order and report the same, together with their opinion in detail, in reference thereto, at the next regular meeting of the council.

Ald. Bell urged his resolution as one demanded by the existing doubt, so as to make all hands safe in the matter, both the city and contractor. He thought the investigation therefore desirable.

Ald. Allen didn't oppose the resolution, but at the same time failed to see its necessity. He clearly saw whose fingers pushed this resolution forward. He knew the full history of the city's opposition to the market house. However, he made no opposition, having full reliance in the integrity of the council and city attorney.

Ald. Grace moved that the resolution be laid on the table. Lost, by a vote of 5 to 6.

THE RESOLUTION was then adopted with the substitution of Ald. Bell for Ald. Sanborn on the committee. The comptroller by vote was also added to the committee.

Ald. Bell moved that Ald. Sanborn be added to the committee. A. A. Hendrickson, county superintendent of schools, reported three applicants for first grade certificates, and twenty-three for other grades. Fourteen were successful.

Two hundred dollars was appropriated for the Lake Josephine road, in Reserve township; \$500 for the Fort road, in Reserve township; and \$500 appropriated for the same, and also for hospital.

A communication from the insane asylum at St. Peter announcing that the following patients would be returned to Ramsey county: Louis Nelson, Friedrick Bjorkland, Ellen Egan, Mary Falkman, Hannah Hanson, Harriet Willard, Catherine Kohlman, Eliza Golden and Thomas O'Neil.

Mr. Lindeke stated that this movement had been made before and a number of insane persons had been returned to Ramsey county, but had no accommodations they were finally returned to the asylum.

County Treasurer Rice was called upon for his report. He explained it to be made the first Monday of each month, but stated that he had \$32,375.70 on deposit in the various banks.

The committee on roads and bridges, with the chairman of the board, were instructed to take such measures as they deemed best to raise money on the remaining \$50,000 of the completion of the Fort Snelling bridge. It is not the intention to call the bonds but to borrow money on them until such time as the general government pays its share.

Commissioners Hoyt, Wagner and Hunt were appointed with the board of equalization. Adjourned to the 15th inst.

Weekly Review of the St. Paul Markets. OFFICE OF THE GLOBE, July 1. A somewhat quieter feeling has characterized the movement in commercial circles during the past week, which is not written in a restrictive sense, as a majority of the houses have transacted an unusually good business for this season of the year.

The active condition of summer trade has been almost unprecedented, and the good business enjoyed by the wholesale and jobbing houses has proved a fruitful theme for frequent and favorable comment.

In substantiation of the latter statement attention may be called to a conversation between the writer and a gentleman connected with a prominent wholesale grocery in values, who stated that he had a larger business than was transacted yesterday, June 30th, than on any day of the year.

The favorable growing weather of the past few days has inspired high hopes of large and successful crops, which is regarded as the one thing needed to make the wheat season the most prosperous and successful that has ever been witnessed in the West.

In this connection the disastrous results that attended the equally promising crops of last year, and the probabilities are anticipated with the utmost concern and anxiety.

The grain and produce markets have been moderately active, with no material change in values. The receipts of wheat have been liberal for this season, and with a good demand on local and shipping account readily absorbs all offerings.

The movement in corn, oats, barley and other cereals has been active and with liberal offerings, prices are realized on steady, but in other respects prices remain stagnant as former quotations.

The hardware trade has been good and collections are made with ordinary promptitude, while prices are firm, the general tendency favoring advance.

The dry goods trade continues active and a good demand prevails for all descriptions of summer goods.

The number of country dealers visiting the city is limited, but the order trade is reported as largely and satisfactorily.

A slight advance is noted in several descriptions of cotton goods, while prices are firm, with an upward tendency.

The boot and shoe trade is moderately active, while a majority of the dealers are employed in getting fall stock in readiness for the ensuing season, the new price-list of which will appear in the next issue of the WEEKLY GLOBE.

The movement in drugs is exceedingly active and all the houses report a good business. With respect to prices, several important changes are noted, the demand for oils being particularly good, while prices are firmer and higher.

The demand for leather and findings has been active and prices have undergone a very material advance, owing to the activity and excitement of the Eastern markets, while prices have risen firmer and higher.

The movement in hides is good and prices continue to rule firm, while the quotations for furs and wool is quiet at last week's quotations.

Supenders on Wheels. A splendid invention. Perfect ease and comfort. Forty-five and seventy-five cents a pair. Must be seen to be appreciated. Pannell has them, 111 East Seventh street.

Smith's Bill of Fare. Luscious Asparagus Bananas. Luscious Baked Apples. Luscious Sugar Peaches. Luscious Canned Peaches. Luscious Texas Egg Plums. Luscious Imported Grapes, "white." Luscious Imported Grapes, "black." Luscious Sweet Corn Cakes. Baskets of Luscious Tropical Fruit put up or ordered and delivered at any time or place.
