Plainview, Wabasha county, News: A physician of Lake City performed recently the operation of lithotomy on a gentleman, sixty-nine years of age, named Hanshaw.

The stone had been in the patient's bladder about twelve years. It is of the size of a hen's egg and weighs nearly four ounces.

The patient was much deformed in his pelvis and hips from disease of those bones in early life, so that crushing the stone, or any form of perineal lithotomy was impossible, making the high or supra pubic operation a necessity.

Preston, Fillmore county Republican, Dec. 4: Dr. Jones, of this place, attended Rogers, the young man who died in the Scotland neighborhood recently, and he says the mother and sister of the deceased were certainly the most heathenish mortals he ever met.

They would not care for him through the night, and said they must go home the Monday before he died as they were getting behind with their work.

The young man had, we are told, something over three hundred dollars in money and notes, and the sister was afraid the expenses of his sickness was going to be so great that she would not get \$25 he borrowed of her once. They tried to get hold of all his money and notes, but would not furnish money enough to supply him with beef-tees and stimulants, so Dr. Jones furnished them himself.
