can tell it that the improvements made have added millions to the wealth of the region, and the best engineers in the country have given assurances that the reservoir plan is wholly practicable, comparatively inexpensive, and would result in incalculable benefit.

THE WEEKLY GLOBE. The WEEKLY GLOBE is a mammoth sheet, exactly double the size of the Daily. It is just the paper for the family, containing in addition to all the current news, choice miscellany, agricultural matter, market reports, etc. It is furnished to single subscribers at 1.00 per year.

THE LEYKE AND THE RAILROADS. It is now about a year since the so-called Union Depot and Transfer company enterprise was considered a fixed fact and an assured success, but still we see no absolute consummation of the scheme, no breaking ground for the foundation of the building, etc.
