

CITY GLOBULES.

Eight liquor licenses were issued yesterday, and the city treasury was accordingly increased \$800.

A cold wave would be preferable to the present disagreeable spell of weather, with its rain, fog and mud.

The Shattuck students of St. Paul and vicinity left last evening to resume their studies after their holiday vacation.

The new train on the St. Paul and Manitoba road, on the St. Paul and Minneapolis run, is decidedly popular with the traveling public.

A dog belonging to Michael Eaton, which attacked and bit a little girl named Mary Yoerg, in the Sixth ward, on Sunday, was shot by a police officer, yesterday afternoon.

The P. P. reporter can learn why the glass fell outwards, when Bradshaw's saloon was broken into, by inquiring of Mr. Frank Hennige, at the city lock-up this morning.

Mr. Emory A. Weller some time ago wrote to his wife accepting her offer to return to him, and expected her to arrive home last evening. No ends one of St. Paul's late divorce suits.

A decision was filed by Judge Wilkin yesterday, denying the motion for judgment on the pleadings in the case of E. O. Palmer, complainant, vs. the estate of G. P. Craig, vs. John D. Pellock.

Merchants and manufacturers will save the secretary of the chamber of commerce a great deal of unnecessary labor by promptly attending to his circular requests for information to be embodied in the annual statistical report.

Some anxiety is felt at the continued absence from the city of W. W. Erwin, Esq. The last heard from him was, during the late season of blizzards, when he started out from an aboriginal town of Shakspearean readings.

Gilbert Anderson, doing business on Jackson street as a merchant tailor, made a voluntary assignment on yesterday to Mr. John W. White. The failure is attributed to his inability to collect debts, the immediate cause being a judgment and execution for \$500.

Articles of incorporation of the Henderson Philanthropic club were filed with the secretary of state yesterday. The object of the club is the establishment and maintenance of a reading room, etc. The incorporators are the principal citizens of Henderson.

Mr. John Picha, of No. 60 1/2 West Third street, should not be confounded with another person (John B. Picha) of nearly the same name who figured in our police court reports yesterday. Mr. John Picha is a respectable tradesman at the number named above.

While coupling cars yesterday forenoon a brakeman on the St. Paul, Minneapolis and Manitoba railroad named Quinn had his right hand caught between the coupling, resulting in a bad laceration. He was attended by Dr. Murphy, who amputated the ends of two of the fingers.

About 10 o'clock last night Capt. Clark and Acting Sergeant O'Keefe observed a couple of suspicious looking characters prowling about Jackson street. The men were interrogated, and as they refused to give names, an account of themselves they were taken to the lock-up.

The funeral of Fred Gutierrez took place from the International hotel yesterday afternoon. A large number of sympathizing friends gathered to pay the last tribute of respect. Mr. Edwards, of the Dayton avenue church, officiated, and the body was taken to the dead house in Oakland cemetery.

The second in the series of entertainments given by Damascus Commandery will take place at the Merchants hotel on Wednesday evening Jan. 14th. All invitations given will hold good for the entire series. It is hoped all the friends of Damascus Commandery will aid in making this entertainment the party of the season.

Yesterday afternoon, Officer Baer arrested Henry Wilson, who tried to walk off with a clothes wringer which was standing in front of Kingsbury & Draper's on Third street. Wilson stated, when brought to the police station, that he stole the article so as to be sent to jail for about two weeks in hopes he would be able to stop drinking.

The great Electric Light is creating excitement throughout the world, but at present there is no need of looking forward to it, for the Hitchcock lamp is all that is necessary in any place for safety, economy, and a superb light, and the many fires which occur from the explosion of gas lamps can be avoided. Call and examine them, corner Third and Cedar streets, up stairs.

An impromptu and very pleasant party took place at the residence of Mr. Albert Ringwood, on Como road, night before last, being the celebration of the anniversary of that gentleman's tin wedding. A large number of the friends of the parties present, and the happy couple were the recipients of all sorts of tinware. The festivities were very enjoyable and lasted far into the evening.

Frank Kohout was before Judge Flint yesterday morning, charged with disorderly conduct. The charge was preferred by a person named John B. Picha, who failed to put in an appearance. The case was dismissed, and the prosecution on payment of costs. John B. Picha was also arraigned, charged with closing the optic of a man named Nicholas Juick. The hearing was continued until this morning.

A petition was filed in the probate court on yesterday by W. B. McGroarty in behalf of Cora Thompson, praying for the removal of John J. Dewey, executor of the estate of Deborah E. Thompson, deceased. The removal is asked for on the grounds that the executor has neglected to collect the rents due to the estate and to provide for the maintenance of Mary Thompson, one of the children of the estate.

The fourteenth month old infant of John Daly, residing in the Sixth ward, while playing with a lead pencil yesterday morning, managed to get that article half way down his throat. Strangulation almost ensued, but the pencil was extracted in time to prevent the calamity by the mother of the child. The infant's throat badly lacerated. A physician was summoned, and it is thought the little sufferer will recover.

The lady agents for Mark Twain's new work, "The Tramp Abroad," now canvassing this city, intend making a present of a copy of the work, bound in handsome morocco, to the most popular and courteous gentlemen encountered during their sojourn in this city. So long as presents of this kind are in order it might be well to suggest that a copy of the work also be given gratis to the most disagreeable person encountered in St. Paul.

The little son of Mr. P. H. Kelly, aged 10 years, is suffering from a broken arm, which was obtained under very aggravating circumstances. He was sliding down a hill a day or two ago, near his father's residence, when his sled being likely to come in contact with a man walking along, he rolled off into the snow and the empty sled struck the pedestrian. The brutal fellow turned upon the boy and kicked him into the gutter, breaking his arm badly. It is lucky for the brute that he is not known.

John Souer has evidently "soured" on his sister-in-law, Mrs. Dietz. A few days since Mrs. Dietz had the former arrested on the charge of disorderly conduct. The case came before Judge Flint, and the removal was granted for want of prosecution. After his discharge the defendant returned home and threatened a second arrest by cleaning out the family. A second warrant for his arrest was sworn out by Mrs. Dietz on yesterday, and a hearing will take place to-day.

A petition was filed in the district court yesterday by Martin Warmer against Isaac Staples and other stockholders of the St. Croix Boom company. Petitioner sets forth

that he is the owner of 204 shares in the above named company valued at \$100 each, and that Isaac Staples and other officers of the company have neglected to collect the assets of the company, amounting to \$130,000. The petition prays that the officers of the company be commanded to show cause why they should not collect the assets and declare a dividend. An order was issued by Judge Brill granting the prayer of petitioner.

AN AMBER CANE REFINERY.

Suggestions to St. Paul Capitalists—Why They Should Establish a Refinery Here. Negotiations are said to have been in progress here for some time looking to the establishment of extensive sugar works for operating with amber cane and its products, by the process which Dr. Wilhelm has demonstrated, in the Faribault refinery, to be perfectly successful. At the same time the matter is being talked up elsewhere by men who appreciate the importance of taking the lead in this industry.

Among those who are expected to be present are the following well known citizens: Gen. Johnston, Ex-Gov. Marshall, Gen. Bixley, Col. Robertson, Hon. H. M. Rice, Col. Farrington, Hon. Judge Nelson, E. Murray, H. P. Masterson, Joseph Wheelock, Hon. Judge Wilkin, Hon. G. L. Becker, Capt. Blakeley, Col. Allen, Dr. Murphy, J. D. Ludden, Truman Smith, H. O. Burbank, J. W. Bond, Thos. O'Dell, G. P. Hall.

Pascal Smith, Esq., chairman of the official committee of ways and means, received yesterday a warrant for \$37,313.75, to be paid for the lands condemned for the terminal yard in this city of the Northern Pacific railroad company. The money will be paid into court to-day and the railroad company will then have possession of the property and it is ready to commence filling the marsh lots over which its freight houses are to be built.

The filling will be begun with the earth removed from the westerly side of Vasanta street in preparing for laying the foundation of the company's headquarters building.

CAUGHT AND CONFESSED. The Young Burglar Who Raided Bradshaw's Saloon Monday Night. Capt. Clark was in luck again yesterday. One Frank Hennige was wanted, it being the majority opinion at police headquarters that he knew more about an honest youth ought to know about the robbery of Bradshaw's saloon, in the Metropolitan block, Monday night. This Hennige was employed for a short time at the Metropolitan last season for house cleaning work. He has been seen about the vicinity Monday evening. A wrench, stolen from the Metropolitan engine room, was left in Bradshaw's by the burglar; and the same night the Metropolitan carpenter's bunch of keys, thirteen in number, was also stolen. Hennige has served seventeen months in State prison, where he gained a month by good conduct, on conviction in November, 1877, of a burglary committed at the house of Mr. Messersmith, a farmer of Reserve township. He was also, for some reason, suspected of having committed a burglary at Conrad Schmidt's saloon on West Third street some months ago. That was why Mr. Frank Hennige was wanted for the burglary at Bradshaw's saloon.

Frank Hennige was in luck. He knew the man and saw him on Fourth street near Minnesota. Weber was close by and Brestest not far away on Hennige. And here's where the luck came in, for Hennige was carrying at the moment four boxes of the cigars stolen from Bradshaw's, evidently seeking a purchaser or a new hiding place for them. Officers were promptly in the Sixth ward to search for the missing goods, and they returned with a scarf, cuffs, cap pins, etc. Meantime Hennige had confessed that the pants he had on were stolen from Bradshaw's, and that the rest of the stolen property was hidden in a hay stack back of Langwin's barn. Officers were sent to search the stack, but the hour was so late they could not make a complete search. It is believed, however, that all the stolen property will be recovered except the small amount of money taken from the till, which he has probably spent.

Hennige, who is the adopted son of a respectable resident of the Sixth ward (having been adopted when 14 months old) says he was alone in the burglary. In due course of time he will be again an inmate of the State's prison.

A Measure Which Should be Adopted. Senator Cameron, of Wisconsin, has introduced a bill in Congress providing that enlisted men of the Signal Service U. S. army in charge of stations or otherwise detailed shall receive extra duty pay at the rate of thirty-five cents per diem, and the commutation for rations shall be equal and the same at all stations and on all duties; provided said commutation shall not exceed the sum of one dollar and fifty cents per diem. This is a just and meritorious measure. The signal service has proved of immense value and at the same time it is exceedingly exacting upon the employes. The hours are long and every day brings its work without cessation. Congress will perform a just act by passing Senator Cameron's bill.

Scraping Acquaintance. When the thief, who calls himself Henry Wilson, was locked in his cell at the calaboso last evening, he observed that the adjoining cell was occupied, and began a conversation with its occupant, Frank Hennige, the burglar. "What are you in for?" said Frank. "Oh, I was going in the patent clothes wringer trade without a license, what did you do?" "I," said Frank, "only opened a saloon at midnight, that is all."

Reed's Gilt Edge Tonic builds up all who have been reduced and weakened by sickness.

BRIDGE WARMING.

The Opening of the Fort Snelling Bridge to be Daily Celebrated. For several days past a movement has been on foot having in view the appropriate celebration of the opening of the Fort Snelling bridge. The history of this magnificent structure, from the almost insuperable difficulties encountered and successfully overcome, from its first inception, together with the progress of the work up to the present time, has been fully given in a previous issue of the GLOBE, and it now remains to chronicle the consummation of the work and opening of the bridge, which will take place in about ten days.

In view of the great cost and architectural beauties of the bridge, together with the manifold advantages that arise from its opening, it is highly proper that the consummation of an enterprise attended with so many difficulties, should be signalized by proper and more than ordinary ceremonies.

It is proposed by these brisk young gentlemen to invite a number of old settlers and advocates of the bridge to a first-class opening-banquet.
