ST. PAUL THURSDAY, MARCH 25, 1880.

SEBASTIAN BATES is canvassing the ex-slaves of Indians for the purpose of ascertaining their Presidential preferences.

CHICAGO will be able to refund her water bonds, that now draw eight per cent. interest, at five per cent. This is gratifying to the taxpayers, and must convince them of the benefits to be derived from committing their affairs into the hands of Democratic officials.

THE Methodist ministers of Chicago have resolved not to furnish notices of their services to the Sunday papers. They will adhere to their determination until their congregations begin to dwindle, but no longer.

GRANT is not going to have a walk-away in Missouri. The anti-Grant faction of the Republican party in that State is organizing a vigorous opposition, and if they fail to carry the convention will send a second delegation to Chicago.

A MOVEMENT is on foot to restore the duty on quinine. During all the time that such a duty was imposed the government, derived almost no revenue from it, the profits going into the pockets of a few Philadelphia chemists engaged in the manufacture of the drug.

It is proposed to re-coin the silver half dollars, making them of equal proportional weight and fineness with the standard silver dollars, and to make them a legal tender for the payment of all debts, public and private.

BOB INGERSOLL has taken the trouble to deny the authenticity of the interview in which he was reported as declaring in favor of Grant. He says, however, that in his opinion Grant will carry Illinois in the convention, and will be nominated, but still insists that his preference is for the plumed knight.

THE report of the sub-committee on railroads on the bill providing for the forfeiture of lands donated to railroads, the time for the completion of which has expired, is an eminently proper one. It recommends that the attorney general be instructed to bring suit for the recovery of these lands from all railroads not now engaged in the work of construction.

It is to be hoped that the legal steps taken by Senator Hill against Jessie Raymond will put a quietus upon the scandal that has for so long delighted the prurient gossips of the country. The sooner the matter gets into the courts the more easily will it be settled.

JOHN KELLEY declares that he will accomplish the defeat of the Democratic party if Tilden is nominated. If the party wishes to be run by this one man, who long ago forfeited all claims that he ever had on the Democracy, it will heed his threat.

THE BRIBE STILL AT WORK. The news from Washington indicates that Bill Washburn, the convicted corruptionist and bribe giver, is at work in his favorite manner. Mr. Donnelly is battling at great odds, as he did in the canvass of 1878.

Last week Nelson Gray, of Shelbyville, Blue Earth county, had his residence destroyed by fire. Furniture saved.

LYING BY DOUBLE ENTRY.

Mr. Knox's newspaper indulges in further criticism of Auditor Davis, and in the case of the Republican grand jury, and also the report goes into raptures over the county treasurer. It is unnecessary to follow them through their tedious columns of swash, but we note one or two points as samples:

On the personal tax delinquents of 1878 there are only the names of twelve persons who have not paid their taxes, and the delinquent taxes of this class only amount to \$60.90. Twelve delinquents in 1878 against over 550 in 1877, over 700 in 1876, over 800 in 1875, and over 300 in 1874.

This is intended as a puff for Rice and a knock down for Davis. But look at the facts. Every year there is a good deal of drift wood gets upon the personal property rolls.

This double barreled liar and assistant Public Examiner, proceeds to say that in the personal tax of 1878, Mr. Rice reduced the delinquents to twelve. To make this twelve the assistant liar and Public Examiner, notes simply twelve names on the roll against which no mark appears.

The 550 names of 1877 are clearly Mr. Rice's, and the famous 12 of 1878 should have 417 added to their number. The previous years cited, the records show the names to be marked "W" and "J," but in those years the P. J. counts them all, while in the 1878 list all names so marked are placed to Mr. Rice's credit, as though the tax had been collected, and the number delinquent is placed at 12.

THE TAX ON KNOWLEDGE. The Chicago Times has taken the trouble to ascertain precisely how much revenue was derived by the government from the tariff on articles used in the manufacture of printing paper. It finds that the amount is apporportioned as follows:

Table with 2 columns: Item and Amount. Carbonate of soda, \$700,000; Wood pulp, 800; Type, 40,000. Total, \$740,800.

Table with 3 columns: No. of Districts, No. of Schools, and Totals. Totals: \$44,200.

Wants \$50,000 Damages. An action for \$50,000 damages was commenced in the district court yesterday by Austin Charles against the Northern Pacific Railroad company. The above amount is claimed for injuries alleged to have been sustained by an accident on the above named railroad on the morning of the 6th of last July.

THE LOST CHILD. A week ago to-day Mr. John F. Spencer, of Albion, Wright county, left St. Paul for Waupun, Wis., in search of his daughter, who was supposed to be in the hands of gypsies at that place.
