Articles of incorporation of the St. Paul rifle club were filed with the secretary of state yesterday.

The first concert of the season will be given at Rice Park this evening by the Great Union band.

In addition to the criminal business yesterday the municipal court disposed of twenty civil cases.

Pappa Esch was fined \$5 at the police court yesterday for running the sinful game of pool on Sunday.

The office of the secretary of state is undergoing the usual annual upheaval and overturning incident to house cleaning.

It was Mary Francis who commenced suit against her husband Peter for a divorce, and not the reverse, as erroneously stated.

Hon. George Perry, member of the State assembly from a portion of Goodhue county, has tendered his resignation to the Governor.

The Great Union band will inaugurate the Rice Park concert season by giving one of their choice open air entertainments this evening.

Mary Bradley alias the Woman in Black, was arrested last night, heavily intoxicated. She will be awarded the regulation period in the cooler.

Contractor Burris, of the new market house, was paid an estimate yesterday of \$3,900. The total amount paid on the building up to date is \$20,000.

The new saw mill in the Sixth ward commenced operations yesterday. Nearly 15,000 feet of logs were sawed, which is an exceedingly creditable beginning.

A decision was filed by Judge Brill yesterday reversing the judgment of the court below, and ordering the return of the property in the case of Gustav Anderson against Katherine Broderick.

Capt. Davis, custodian of the State arsenal, is confined to his room with a severe cold, threatening diphtheria, though yesterday his symptoms were more favorable than on the previous day.

Dr. Murphy returned yesterday from Center City, on the Taylor Falls branch of the St. Paul & Duluth railroad, where he had been summoned to attend a man named Lawrence Peterson, injured in a fight.

The city treasurer was engaged yesterday in disbursing the monthly stipends to the city employees. The sewerage force received \$194.43, the lower district street force \$736.98, and the upper district force \$665.99.

Wm. Lamb, the victim to the accident on the West Wisconsin road, an account of which appeared in Friday's issue of the GLOBE, died from his injuries at St. Joseph's hospital at 7 o'clock yesterday morning.

Judge Brill rendered a decision yesterday overruling the demurrer to the amended complaint with leave for defendant to answer in the case of E. E. Farnham, et al., against James A. Kennedy and others.

A letter to Hon. Pennock Pacey from Capt. Coleman Macy, secretary in the Governor's office, now enjoying a short vacation with his sister at the old homestead on the Hudson, indicates that the captain is enjoying himself.

The cigar factory of Messrs. Kubles & Stok was on yesterday declared open for labor, by mutual understanding between employers and employees. All the old hands commenced operating on the Havana weed yesterday noon, and all now is serene.

An unknown man was observed to swoon on Second street yesterday forenoon, and it was at first supposed that he had been overtaken by sudden death. Restoratives were applied, and upon coming to he was removed to his boarding house on Jackson street.

While proceeding along Fourth street, near Wabasha, yesterday afternoon, a team attached to a delivery wagon owned by Schultz & Hansen, took flight and overturned the wagon. They were collared by a pedestrian and no particular damage was done.

Like many another man Daniel Horst is a good enough fellow when sober. Unfortunately he is addicted to the beastly vice of intemperance. He indulged in a periodical toilet night before last and was committed for three days yesterday to atone for the transgression.

John Whitney conked his aliphant with bad bug juice last Monday and when night napped he saw the aliphant laid on the soft side of a plank at Seven Corners. Officer Lowell procured a bus and he was taken to the cooler. Yesterday he was fined \$5 for the bug.

Since the commencement of the special tax year, May 1st, 1890, Collector Dickel's office has presented a scene of unusual activity. The receipts from the special taxes on licenses for the sale of beer, spirits, cigars, etc., since the above date, have amounted to the sum of \$47,571.65.

Assistant pound master Cummins assayed a cow on Robert street night before last and while driving the bovine to the pound his progress was interrupted by the interference of a man named Moses Matansky. The latter was yanked before Judge Flint yesterday, who fined him \$5 for the misdemeanor.

The alarm of fire from box No. 5, at 1:15 o'clock yesterday afternoon, was caused by the discovery of fire in a long shed situated in an alley between Western avenue and Grant street. The barn was owned by Wm. Hart and contained a quantity of hay. It was almost wholly destroyed, and the loss will not exceed \$100.

About 3 o'clock yesterday afternoon the roof of Quinby & Hallowell's blacksmith shop, No. 54 Robert street, was discovered to be in flames. The fire caught from the chimney, and for a few minutes it raged fiercely. Owing to the prompt action of the employees, what must have been a destructive conflagration, was averted, as the shop connected with their extensive carriage repository. The fire was quenched with a few buckets of water and the damage was slight.

Our citizens will probably enjoy their last opportunity on Friday and Saturday evenings witnessing Haverly's Juvenile Fireworks company. It is said that the company has been greatly strengthened since it was last here, while all the old favorites have been retained and show a marked improvement. Performances will be given on Friday and Saturday evenings and Saturday afternoon. The sale of reserved seats will commence on Thursday morning at 8 o'clock for either performance.

A painful accident took place yesterday forenoon on the line of the St. Paul & Manitoba railroad, near the round house, resulting in serious injury to an employe of the road named Samuel Mudd. He was engaged in coupling

cars, when he was accidentally caught between the bumper and the car, and severely injured. The accident was attended by Dr. Talbot Jones, who pronounced the injuries of a severe character. The greatest injury, and the one from which most trouble is apprehended, is in the left groin, but it is thought that he will speedily recover. He was taken to his home near Seven Corners.

A mortgage was filed at the register of deeds office yesterday by the St. Paul Union Depot company in favor of the Central Trust company, of New York, for \$250,000. The mortgage is given to raise means to construct and equip the Union passenger depot, and for this purpose bonds of the denomination of \$1,000 each. The mortgage is given in order to secure the payment of the interest and principal of said bonds and for this purpose a first lien is given the Central Trust company on all the grounds belonging to the Union Depot company and upon all buildings and railroad tracks to be constructed thereon. The instrument is signed by J. P. Hiley, president of the Union Depot company, J. D. Eastbrook, secretary, and H. F. Spaulding, president, and the secretary of the Central Trust company.

Dr. J. H. Bryant returned to the city yesterday from a week's visit to his Stevens county plantation, over which his son is the presiding genius. The doctor reports the seeding in that section nearly completed, and a good portion of the grain up and looking magnificently. An item of the spring work on his place is the planting of five acres to trees, 13,000 cuttings being set out, the first in the township. An immense quantity of new seedling has been done this spring. A near neighbor to him is Alex. McKenzie, formerly of St. Paul, who has 800 acres in wheat. Samuel Cook, who has a brother at the harvest works, has 600 acres; and a number of other settlers nearly or quite as much in seed.

The Morning Tribune.

Minneapolis at last rejoices in a morning paper. The Tribune made its advent yesterday transformed from an evening to a morning paper, and made a very creditable appearance. It is the only respectable and decent morning Republican paper in the State and should be cordially supported.

Minneapolis has been sadly behind St. Paul in the way of newspapers, and she ought to give the new venture a rousing patronage. We do not deem it important for people to take any other paper than the GLOBE, but those who are so benighted as to insist on having a Republican paper in addition should take the Tribune and encourage the only reputable Republican morning daily north and west of Milwaukee.
