An Active Day at St. Paul-Nothing Ne in London Wool Sales-Wall & Bigelow Weekly Review-M. Doran's Specials an the "Globe's" Daily Reports From A Leading Markets.

St. Paul. May 22. The week closed yesterday with an a tive business day in St. Paul, but without chang of value in any of the leading trade commoditi of the season. The cessation of milling de mand continues, and wheat is worth only on our streets, but receipts are small and wi continue so until better prices prevail or farm ers are convinced that the ruling rate the best they can hope for. The leading mi lers are draiwing from their stocks in store an are evidently expecting that low prices wi prevail during June and July. The movemen of corn to Dnluth continues large an the sales of oats, provisions and famil supplies for the new settlements as also undiminished. The large demand of Sa urday kept up the prices of strawberries yes terday, but a further decline may be expected Monday or Tuesday. The retail market an packers are now well supplied with Lake Superior fish, and prices are a little weaker that through the early spring.

A report will be expected Tuesday or Wed

A report will be expected Tuesday or Wed nesday from the committee which undertook to secure one hundred members of the proposed board of trade, each to pay two hundred dol lars for his membership. Boston Post, Thursday: "Wool. The market continues unsettled, and it is difficult to give quotations. Australian is shipped from this port, and also from New York. The New York Heraid, of Thursday, says of the stock market: "With full faith that a decided improvement will occur later in the year it is not believed that the present rally is anything more than a salving ever of a sore spot in speculation, which must be radically cured before a healthy reaction ensues. When the summer solstice is passed and the control-ling spirits of speculation reappear in the mar-ket, an advance movement with staying powers may be expected with some degree of certainty. Meanwhile, appearances point to sluggish and dropping prices, and an irregular and in-active market for a couple of months or more Wall & Bigelow's St. Paul circular, of last

evening, reviews the grain and provision trade of the week, as follows: "Wheat closed quiet, after a week of irregular markets. The highest Chicago sold was \$1.16% May; 1.11% June and 1.06% July; the lowest 1.13% May; 1.07% June and 1.02% July. READING RAILWAY FAILURE.

No Interruption of Colliery Operations Panic in American Stocks in the English Market-Excitement and Feilures in Phil-PHILADELPHIA, May 21 .- The board of

met this afternoon, and it is understood it N. Y. Mercantile Review. was agreed to ask for the appointment of a receiver. A director said to-night the whole trouble grew out of the floating indebtedness, that obligations came in too fast to be met. This debt is between five and six millions. It was seven millions and a half, but recently a large sum was wiped out. The interest on debenture bonds is about coming due. The company had an extension of five years on these bonds. Besides these, interest on the consolidation bonds was to be met the 1st of June, and measures were being taken to provide therefor. After the regular meeting of the stock board curbstone brokers got together and hammered Reading down to 1214. The excitement for a time on Third street was intense, but towards the latter part of the afternoon it gradually subsided. The coal men were as much surprised as the brokers.

PHILADELPHIA, May 22 .- A statement is made by the officers on the Philadelphia & Reading Railroad and Coal & Iron Company, Hop BITTERS COMPANY: that operations will be continued as usual, and that there will be no interruption of business at the collieries. Work will be recommenced Monday and continue till Wednesday night. A receivership will be applied for. Edwin M. Louis, President of the Farmers & Mechanics bank, is named for the position.

PANIC IN ENGLAND. London, May 22.—The failure of the Philadelphia & Reading Railroad Company and The coal carrying lines all suffered heavily.

EXCITEMENT IN PHILADELPHIA. PHILADELPHIA, May 22.—Excitement over Reading's failure continues. It is rumored there are a number of failures on Third stret. Reading stock sold as low as \$10 per share, but at 3 o'clock \$11 \(\frac{7}{8} \) was bid with \$12 asked. Pennsylvania sold at \$48\(\frac{7}{2} \) but recovered to \$49\(\frac{7}{2} \). Lehigh Navigation, which sold at \$20 at the opening of the board, advanced to \$25.

Throughout Minnesots, Iowa and Wisconsin, through Dakota Territory and into the deleterious quality of any other ingre-dient. They contain, along with the purest hops, buchu, mandrake and dandelion, other medicines recognized as possessing the most effective curative properties. They are especially beneficial to clergymen, lawyers, literary men. and all those sub jected to the strain of mental labor. They cure almost every disease of the stomach liver, kidneys and urinary organs. For nervousness and all its attendant ailments they are a never-failing remedy, giving tone to all the organs where formerly there was feebleness and an all-prevailing feeling of weakness They have attained to an immense sale, which is the surest proof of their success, fully meeting the wants of the people. We have seen letters from old established chemists testifying to this, and others from private individuals, stating that after they had had the services of the most distinguished medical men without any benefit, they experienced perfect relief from their bad complaints by the use of these invaluable bitters. PHILADELPHIA, May 21.—The board of They discharge their curative powers with-directors of the Reading Railroad company out any of the evil effects of other bitters.—

A Voice From the Press.

I take this opportunity to bear testimony to the efficacy of your "Hop Bitters." Expecting to find them nauseous and bitter, and composed of bad whisky, we were agreeably surprised at their mild taste, just like a cup of tea. A Mrs. Cresswell and a Mrs. Connor, friends, have likewise tried, and pronounced them the best medicine they have ever taken for building up strength and toning up the system. I was troubled with cestiveness, headache, and a want of appetite. The two former ailments are gone and the latter greatly improved. I have a yearly contract with a doctor to look after the health of myself and family, but I need him not now.

S. GILLILAND, People's Advocate, July 25, 1878. Pittsburg, Pa.

BAY CITY, Mich., Feb. 3. 1880. I think it my duty to send you a recommend for the benefit of any person wishing to know whether Hop Bitters are good or not. I know they are good for general debility and indigestion; strengthen the nervous system and make new life. I recommend my patients to use them. DR. A. PRATT.

I heard in my neighborhood that your

It at once did me a great deal of good, and I used another bottle. I am an old man, but am now as well as I can wish. There are seven or eight families in our place using Hop Bitters as their family medicine, and are so well satisfied with it they will not use any other. HOP BITTERS Co.: I have heretofore been bitterly opposed to

any medicine not prescribed by a physician of my choice. My wife, fifty-six years old, had come by degrees to a slow sundown. Doctors failed to benefit her. I got a bottle of Hop Bitters for her, which soon relieved her in many ways. My kidneys were badly affected, and I took twenty or thereabouts doses, and found much relief. I sent to Galveston for more, and word came back none in the market, so great is the demand : but I got some elsewhere. It has restored both of us to good health, and we are duly grateful. Yours, J.
