A DEMAND THAT NEW YORK'S VOTE BE COUNTED FOR HANCOCK.

Getting Ready to Prove the Frauds.—The Democratic Committee calling for the Evidence Which Will Change the Result in New York—An Exciting Controversy in Prospect—Bound to Repel Fraud, Peaceably if Possible, but if Necessary Will Fight for It—Garfield's Majority in Oregon 600—Republican Congressional Gains in Arkansas—Darkey Elected on a Week's Notice.

NEW YORK, Nov. 8.—The following circular letter, signed by Wm. A. Fowler, chairman of the executive committee of the Democratic State committee, was issued to day:

"Reports of fraud in the election held in this city and Brooklyn on the second of November are such that if the frauds reported are established, the electoral vote of this State will be cast for Hancock and English, and steps for a thorough investigation are now being considered. Meantime we hand herewith a blank form of protest, which you will please execute, varied in substance according to circumstances, and hand in to the county canvassers as early this week as possible—not later than Thursday, the 11th inst." The form of the protest is as follows:

"The undersigned hereby protest against the allowance of the vote cast for Presidential electors at the election held November 2, 1880, in [name of place] as canvassed and returned by the board of county canvassers of said county, for the reason that [state the facts in detail]."

We would respectfully request that this protest may be attached to the returns of such vote that we may not be considered to have, by silence, acquiesced in those acts.

The New York Herald.

[New York Special (Nov. 6) Chicago Times.] Chairman Barnum, of the National Democratic committee, says that leading Democrats from all parts of the country are expected to attend a conference to be held in this city next Monday afternoon. The politicians will consult together as to the causes which led to the recent defeat of the party and as to the future policy of the party in Congress and in the country. Special attention will be paid to the alleged frauds committed by the Republicans in this State, and the meeting will decide what to do in view of this state of affairs. The Democrats are still lifting up their cries in solemn protest against the fraud.

TERRIBLE OUTRAGES

committed by the Republicans last Tuesday. Ex-Lieut. Gov. Dorsheimer, one of the most prominent spokesmen, says to-day: "I know of acts which tend to show that a very large fraudulent vote was cast in this city by the Republicans."

"Why were these men not arrested when they presented their ballots, if you had evidence of fraud in their cases?" he was asked.

"That is one of the things which the committee will have to find out. A large number of warrants were issued for the arrest of these men, and were placed in the hands of the police. The police, however, refused for several hours in the morning to serve these warrants, and, when they did finally begin to serve them, most of the men had voted. This

COLONIZATION

was not confined to any particular wards, but was spread all over the city. The only reason the police gave for refusing to serve these warrants was the order issued by Superintendent Walling instructing them not to serve them. It is believed that there were fully twenty thousand illegal votes cast in this city for the Republican ticket. Many of them were registered from a certain class of hotels and boarding-houses. The vote was in excess of the legal proportion of voters to the population. In 1876 the vote in this city was one in seven of the population. This year Hancock polled about 11,000 more votes than Mr. Tilden did, which is

A FAIR RATE OF INCREASE;

but the vote for Garfield shows an increase of more than 40 per centum over the vote cast for Hayes. The committee appointed by Tammany hall will make a thorough investigation and obtain evidence of these frauds. What further proceedings will be taken I can not say, but this evidence, if it sustains the charges, will be brought before the people in a clear manner."

Thos. F. Grady, ex member of the assembly, said: "The committee appointed to investigate the frauds are now at work, and they will produce evidence which will open the eyes of the people to the outrage practiced by the Republicans. I know of one case where the proprietor of a dormitory in the Bowery had a number of lodgers in his house, and he was told that unless these men voted the Republican ticket they would be arrested. He

MARCHED HIS MEN UP TO THE POLLS, and each of them voted the straight Republican ticket, and were paid \$2 apiece for his services. I have no doubt that from twenty thousand to twenty-five thousand illegal votes were cast for Garfield and Arthur in this city. These men were brought on here from Washington and some from New England. In the seventh assembly district there were many negroes who had just come from Cuba and were not naturalized. This is the sort of talk the Democrats are indulging in. The Republicans express anxiety to have the proofs made public, if the Democrats can scare up any. It is the decided impression of most people that if Garfield's election did not

HINGE ON NEW YORK'S ELECTORAL VOTE there would be very little heard from the Democrats about frauds. As it is, they are trying to get up a sensation, and the general opinion is that it is everything they expect to do. Mr. Fowler, of the Democratic State committee, claims to be quite deluged with dispatches from all parts of the State, offering proofs of Republican frauds. In fact, the Republicans appear to have brutally bulldozed tens of thousands of timid Democrats after the most approved Southern method.

Content It For Hancock.

To the Editor of the Globe.

MEDFORD, Minn., Nov. 7.—A few words in regard to the matter of counting New York for Hancock. In your issue of Satur-

day you spoke of giving the Republicans a dose of their own medicine. God grant that the Democrats may have the nerve to let them have a dose, and if they refuse to let it force it down their throats. Let the committee ferret out the fraud of all kinds, and then, if they can find enough in the State of New York to overcome the apparent Garfield majority, let the Democratic Congress count it for Hancock, where it properly belongs. The Republicans can find no fault with that. They have just voted that it was right to steal the Presidency. Give them a chance to squirm, by all means. Although I would not propose to steal the Presidency, I would take it if the frauds of our opponents should give us that chance. Let our leaders by all means put the thing through, and let our Hamiltonian brethren see the force of a precedent. The Democratic party of this country will look their cratic party in the face and tell them that leaders in doing that thing, and they will never forgive them if they do not. If it is not done now it will be too everlasting late to try it next time, for they will never let another chance occur to take what belongs to us. If some of the fools could see that there was no danger of a war if the Democratic party was in power, there would be no trouble in retaining the control of government for years.

I. A. M. OBSERVER.

P. S.—Our Hancock and English flag has not been taken down yet and the Democrats of this place don't propose to drop it until Hancock is President. There are many Democrats here and elsewhere that say that if Hancock is not put in it is the last time they will vote the Democratic ticket.

I. A. M. O.

Oregon for Garfield.

PORTLAND, Oregon, Nov. 8.—All counties in the State, except Grant and Curry, are heard from, and nearly all official. They give Garfield 547 majority. The two counties to hear from will probably increase the majority to 600.

Republican Gains in Arkansas.

CHICAGO, Nov. 8.—The Journal's Little Rock special says the Republican State Central committee of Arkansas claim the election of two Republican Congressmen—Murphy in the Fourth and Boles in the Third district, with the chances favoring Williams, Republican, in the Second.

MEMPHIS, Nov. 8.—Latest returns indicate the election of Johnson, (colored) Republican, in the First Arkansas district to Congress, by 1,000 majority over Pointdexter Dunn, Democrat. Johnson is a barber residing at Augusta, Arkansas. His candidacy was announced but one week prior to the election.

LITTLE ROCK.—There is not much probability of any Arkansas Congress districts going Republican and the statement in a Memphis press dispatch that Dunn, Democrat, was defeated in the First is probably a mistake.

Morrison's Majority.

St. Louis, Mo., Nov. 8.—Fall returns from the Fourteenth Illinois district shows a vote for Morrison, (Dem.), 16,950; John B. Hay, (Rep.), 15,986. Morrison's majority 964. Two years ago Morrison's plurality was 1,831.

Elected an Ineligible Candidate.

MEMPHIS, Tenn., Nov. 8.—Some excitement prevails in political circles over the discovery that Robert McKenna, one of the ten Republicans elected to the legislature from this county, is ineligible, having been convicted of incest for marrying his wife's granddaughter. McKenna was pardoned by Gov. John C. Brown four years ago, but has never applied to be restored to the rights of citizenship and is therefore disqualified from holding office. The certificate of office has been given to W. B. Winston, Democrat, who received the highest vote. The change may possibly determine the election of the United States Senator, as the completion of the legislature is very close.

California Divided.

SAN FRANCISCO, Nov. 8.—Official returns of the State are coming in this morning, but cannot be obtained from three or four remote counties before Thursday. Thirty-four counties out of fifty-two show net Republican gains over the previous figure of thirty-five votes. There is considerable difference between the vote for different electors, and with the general result so close it is quite possible that a divided ticket may prove to be elected. Tery runs steadily behind, and is beaten beyond question.

Sherman to the Front.

CLEVELAND, O., Nov. 8.—The Herald, tomorrow, will publish the following: "Treasury Department, Washington, Nov. 5.—Mr. J. M. Daboll, Caldwell, Ohio.—My Dear Sir: Your kind note of the 4th is received, for which please accept my thanks. I prefer to do precisely as you recommend—await the judgment of the general assembly of Ohio, unbiassed by any expression of my wish in the matter referred to. I do not know what is the desire of Gen. Garfield, but I can see that my election might relieve him from embarrassment and leave him free to do as he thinks best in the formation of his cabinet. Again thanking you for your kind offer, I am, very truly, yours, John Sherman."

Bleeding Kansas.

TOPEKA, Nov. 8.—Official returns from thirty-eight counties give Garfield a plurality of 32,002, and a majority of 24,278. St. John, Republican, for governor, has a plurality in these counties of 25,047, and a majority of 17,734. St. John runs behind the State ticket about 6,000. The prohibition amendment to the constitution will have about 10,000 majority in the State.

A Sensational Programme.

[Special Telegram to the Globe.]

MILWAUKEE, Nov. 8.—The one theme of discussion among politicians to night is the proposed and probable disbandment of the Democratic party. It seems to be a general sentiment all over the country and it is being accelerated by the belief that the South will no longer hold together in the hope of winning under the name of Democracy. The Globe reporter has interviewed a number of prominent men of both parties, and all incline to the belief that there will be a new deal before any more campaigns are fought. The Madison Democrat, the chief organ of Democracy in this State, openly favors reorganization under a new name. A good many of the leaders say they expect to wait until some dissatisfaction arises among the Republicans, such as might occur if Grant is pushed too much forward between now and 1884.

A BROTHER'S CRIME.

He Abandons His Sister to Perish in the Streets.

Man's inhumanity to man has been the subject of countless fine spun dissertations, but nothing short of the pen of inspiration could begin to do justice to oftentimes fiendish and diabolical treatment of woman. This was notably illustrated last night, when a young woman on the verge of maternity was kicked out into the street and left to die. About 8 o'clock Officer Bremer ran across a bundle of something crouched on the sidewalk. He picked it up, and found it was a woman. He called to her, and she came forward. He asked her name, and she told him it was Mary. He asked her where she came from, and she told him she was from the city. He asked her what she was doing there, and she told him she was looking for a place to stay. He asked her if she had any money, and she told him she had none. He asked her if she had any friends, and she told him she had none. He asked her if she had any family, and she told him she had none. He asked her if she had any children, and she told him she had none. He asked her if she had any other relatives, and she told him she had none. He asked her if she had any other friends, and she told him she had none. He asked her if she had any other family, and she told him she had none.
