

Daily Globe Official Paper of the City & County Printed and Published Every Day in the Year...

TERMS OF SUBSCRIPTION FOR THE DAILY GLOBE. By carrier (7 papers per week) 7 cents per month.

ST. PAUL, THURSDAY, MARCH 30, 1882.

It don't look as though Ramsey county was suffering a great deal from a Democratic administration, when our five per cent bonds command three per cent premium in New York.

SCRIP IRON BILL, Doc. Keith, Charley Johnson, Bill King and Dave Blakely are running the "reform" canvass in Minneapolis.

OUR local report from Minneapolis, elsewhere published, will be found especially interesting this morning.

THEY seem to be short of carriages for the election in Minneapolis. If they will pay cash in advance they may be able to secure a few from St. Paul to help out in an emergency.

DAVE BLAKELY'S supreme interest in the cedar block pavement looks as though he had been "retained."

WE are indebted to the Minneapolis Tribune for the information that the Fletcher-Pillsbury manipulation will prevent the completion of the capitol prior to late in 1883 or the Spring of 1884.

MR. CHARLES S. WOLFE, the mogul of the Independent movement in Pennsylvania, claims that the Independents will poll 100,000 votes in that State this year.

THE Minneapolis Republicans are both excited and alarmed. Their convention and ratification meeting yesterday and last night were virtual confessions of defeat.

THE Democratic states are losing their grip on "Old Kentucky Rye." Kentucky can only boast of one saloon for every 438 souls.

THE contempt in which the "Plumed Knight" holds the Rev. Shipherd, of Guano aspirations, will be better appreciated when it is known that Mr. Blaine recognizes Mr. Shipherd as one of the manipulators of the Freedmen's Bureau scheme.

THE animus of the Tilden-Kelly imbroglio in New York is graphically illustrated by the appearance of an editorial in a leading Democratic newspaper of that state, roundly abusing Boss Kelly as a traitor to the Democratic party.

CHARLEY JOHNSON, the census fraud, announced to the Republican ratification meeting at Minneapolis last night that it will take something more than talk to elect Loring mayor.

THE nomination for the county officials of Westchester county, New York, represent three political interests.

When a man has to neglect his work because of rheumatism, and falls to the ground, the German remedy, we have very little patience with him; unless of course mitigating circumstances should present themselves.

THE NEXT COUNCIL. The Minneapolis newspaper which has a printing office on Third street is unduly exercised over the Spring election in this city and the strangers from Indiana are unnecessarily officious in announcing who will and who will not accept aldermanic nominations.

It is quite true that good citizens will not engage in a dirty scramble to secure positions in the council. We are happy to say, however, that first class men can be found who will accept the positions at such personal sacrifice, simply as a patriotic duty.

There need be no apprehension on the score of the Council and there is no occasion for the interference of the Minneapolis newspaper, with a St. Paul job office, in our local affairs.

THE condition of the roads and the weather in Manitoba, is a little doubtful and railroad men are moving cautiously.

THE American Express Company Engages in the Issue of Money Orders—A Splendid Thing for the Business Public.

Meeting Mr. A. Antisdel, superintendent for Wisconsin and Minnesota, the GLOBE reporter encouraged him into a conversation of an explanatory nature of the new money order system adopted by the company.

It appears from Mr. Antisdel's statements that the managers of the American express company have long been considering the plan by which they could guarantee the speedy and safe transmission of small sums of money, down to the fractional parts of a dollar.

THE plan consists of a system of money orders, varying in amounts from \$1 to \$10, and for fractions of dollars.

THE plan consists of a system of money orders, varying in amounts from \$1 to \$10, and for fractions of dollars.

RAILROAD NOTES. Alfred Meyers, of the Bozeman cattle farm, is in St. Paul.

Two car loads of emigrants arrived yesterday over the Chicago, Milwaukee & St. Paul road, with several car loads of moveables.

The Northern Pacific land commission sold yesterday 10,000 acres of land mostly in Barnes and Stutsman counties, Dakota.

W. H. Fisher, formerly of the St. Paul & Manitoba road but now of the firm of Wellington & Co., left for the east last night.

Superintendent Cross, of the Northern Pacific road, left last evening for Bismarck on business for the road, and was accompanied by his family.

Forty land hunters obtained land hunter's tickets over the St. Paul & Manitoba road yesterday, and will look over the lands near Graton, Portland, Halleck, Crookston, Beltrami and Ada.

Hamilton B. Dutcher, at present the agent of the Chicago, Milwaukee & St. Paul road for Rock Island, has been appointed to take the place of Mr. Hollister, who was removed yesterday.

Rev. M. Hanson, of Chicago, a prominent Scandinavian minister, who last fall selected government and railroad lands, near Stevens Martin county, for his two sons, sent through St. Paul yesterday two car loads of stock, farming utensils, and is on his way up there to start the boys.

Heretofore the St. Paul, Chicago & Omaha road has had two freight depots in St. Paul, one at the foot of Jackson street for west bound freight and one below the Union depot for east bound freight.

About 200 ladies assembled at the Union depot yesterday morning to go up to Minneapolis on Colton's free train, but they were greatly disappointed to find that there was no train going up, owing to the scarcity of cars on account of the immense emigration travel.

Mr. Geo. K. Barnes, general passenger and ticket agent of the Northern Pacific road is preparing a new advertisement setting forth the great attraction at Clark's Fork gold mine in Montana, south of the Yellowstone, on the northern boundary of Wyoming.

The condition of the roads and the weather in Manitoba, is a little doubtful and railroad men are moving cautiously.

The Sioux City Journal has the following special from Sioux Falls, under the date of March 27:

The air, as well as the newspapers, has been full of rumors during the past week in regard to the proposed extension of the Rock Island road to the Cedar Rapids and Northern road.

The air, as well as the newspapers, has been full of rumors during the past week in regard to the proposed extension of the Rock Island road to the Cedar Rapids and Northern road.

RETURNING TAX CERTIFICATES. The Law Declared Prospective and Not Retrospective.

Last winter the legislature passed a law permitting a tax purchaser in certain cases to petition the county board to have his certificate declared void within a principle provided by some decision of the supreme court.

The following is the resolution: Resolved, That the Third ward be instructed to hereafter hold its caucuses for election of delegates to the city convention by wards instead of by precincts, as in the present year.

THE BEPS WHOOP 'ER UP. They Hold their City Convention and Nominate O. M. Loring for Mayor and B. F. Hill for Controller—An Exciting Rumpus Occurs Over the System of Holding Ward Caucuses—Disorder and Confusion—Everybody Free to Talk as the Sense Runs—Col. King Still Dominant.

Pursuant to announcement the Republicans held their city convention, in Market hall yesterday morning. At 10:15 the meeting was called to order by J. S. Pillsbury, who officiated as chairman.

The chairman read the call, when it was voted to accept the committee of six he appointed upon credentials. The following was the committee:

W. S. King, Richard Chute, Peter Rouse, J. H. Thompson, H. G. O. Morrison and Frank Slocum.

Col. King wished to decline, but on being pressed, said he would endeavor to overcome his modesty and serve, and the committee retired for conference.

Mr. Hooker from the Fourth ward not being present, J. P. Rice, Richard Chute, J. H. Thompson and B. F. Hill were appointed to substitute the names of the candidates.

Col. King from the committee on credentials returned and called for some Republican from the First ward to be named, inasmuch as no delegate had been named, and also the selection of delegates, several gentlemen from that ward responded to the call.

Richard Chute nominated B. F. Hill for controller, and J. P. Rice for mayor, and the committee retired.

Richard Chute moved that a committee of seven be appointed by the chairman to meet with the other committee of other organizations to select a ticket for school committee.

Mr. Chute explained that he referred to a committee of Democrats, and a committee of local temperance people, and that the committee of ladies which had been selected for the purpose.

Upon the motion being put, the house was divided, and the motion was put the second time, when it was declared carried.

J. P. Rice then presented the names of five to be appointed to act as a Republican city committee for the ensuing year.

At this juncture C. M. Loring was led to the chairman's table by Mr. Peet.

CONGRATULATION. The chairman, with a broad smile, stepped forward and grasped him by the hand with such a grip as to impel the weakly Loring to wince, and then turning to the convention cried out:

Byron Sutherland announced that the following resolution had been passed by the caucus of the Third ward:

MINNEAPOLIS NEWS. Democratic City Convention. The Democrats of Minneapolis will meet in convention at Harrison hall on Saturday evening, April 1, 1882, at 7:30 o'clock, to place in nomination candidates for the following offices:

Mayor, Controller, and a committee to meet similar committees from other parties to select two members of a board of directors.

Wards will be entitled to the following delegates: First ward, 10; Second ward, 10; Third ward, 12; Fourth ward, 10; Fifth ward, 10; Sixth ward, 12.

It is recommended that as far as practicable the ward committees call caucuses for Thursday evening.

By order Democratic City Committee.

THE BEPS WHOOP 'ER UP. They Hold their City Convention and Nominate O. M. Loring for Mayor and B. F. Hill for Controller—An Exciting Rumpus Occurs Over the System of Holding Ward Caucuses—Disorder and Confusion—Everybody Free to Talk as the Sense Runs—Col. King Still Dominant.

Pursuant to announcement the Republicans held their city convention, in Market hall yesterday morning. At 10:15 the meeting was called to order by J. S. Pillsbury, who officiated as chairman.

The chairman read the call, when it was voted to accept the committee of six he appointed upon credentials. The following was the committee:

W. S. King, Richard Chute, Peter Rouse, J. H. Thompson, H. G. O. Morrison and Frank Slocum.

Col. King wished to decline, but on being pressed, said he would endeavor to overcome his modesty and serve, and the committee retired for conference.

Mr. Hooker from the Fourth ward not being present, J. P. Rice, Richard Chute, J. H. Thompson and B. F. Hill were appointed to substitute the names of the candidates.

Richard Chute nominated B. F. Hill for controller, and J. P. Rice for mayor, and the committee retired.

Richard Chute moved that a committee of seven be appointed by the chairman to meet with the other committee of other organizations to select a ticket for school committee.

Mr. Chute explained that he referred to a committee of Democrats, and a committee of local temperance people, and that the committee of ladies which had been selected for the purpose.

Upon the motion being put, the house was divided, and the motion was put the second time, when it was declared carried.

J. P. Rice then presented the names of five to be appointed to act as a Republican city committee for the ensuing year.

At this juncture C. M. Loring was led to the chairman's table by Mr. Peet.

ward committees upon such an important matter, especially considering that ward committees were frequently office seekers.

Mr. Peet was opposed to the motions, substitutions and amendments—every thing.

Charley Johnson, at this juncture, exhibited indications of proneness and was soon seen busily engaged in whispered consultation with Fletcher.

What was it? It soon became known.

MR. FLETCHER stepping forward said, the matter had been thoroughly discussed at the convention one year ago, and as Chas. W. Johnson was chairman at that time, he wished to introduce Mr. J. who would explain away the whole trouble.

Col. King objected, on the ground that he thought the convention was an inefficiently intelligent to comprehend even such a grave question as this, without the explanations of Mr. Johnson or Mr. Fletcher.

Lane came to his feet to advocate the rights of the Third ward again, but was repeatedly interrupted by other speakers.

The chairman, as soon as the excitement quieted a little, presented the substitute of Col. Wolverson, in favor of appointing a committee of seven to take in charge the entire matter.

Col. King protested against the adoption of the resolution. He did not like to see the expression, yet it smelled much of machine politics.

The motion being put received two weakly eyes and a lusty shout from the noes.

Then the amendment of Col. Shaw to the effect that the motion should apply only to the Third ward was adopted.

The following is the resolution: Resolved, That the Third ward be instructed to hereafter hold its caucuses for election of delegates to the city convention by wards instead of by precincts, as in the present year.

THE BEPS WHOOP 'ER UP. They Hold their City Convention and Nominate O. M. Loring for Mayor and B. F. Hill for Controller—An Exciting Rumpus Occurs Over the System of Holding Ward Caucuses—Disorder and Confusion—Everybody Free to Talk as the Sense Runs—Col. King Still Dominant.

Pursuant to announcement the Republicans held their city convention, in Market hall yesterday morning. At 10:15 the meeting was called to order by J. S. Pillsbury, who officiated as chairman.

The chairman read the call, when it was voted to accept the committee of six he appointed upon credentials. The following was the committee:

W. S. King, Richard Chute, Peter Rouse, J. H. Thompson, H. G. O. Morrison and Frank Slocum.

Col. King wished to decline, but on being pressed, said he would endeavor to overcome his modesty and serve, and the committee retired for conference.

Mr. Hooker from the Fourth ward not being present, J. P. Rice, Richard Chute, J. H. Thompson and B. F. Hill were appointed to substitute the names of the candidates.

local powers, seemed to try to obstruct themselves in the power.

Yesterday the apportionment of the state school funds was made. Hennepin county receives \$3,575 upon 5,974 scholars, while the 6,610 pupils of the city get \$3,181.30.

In the competitive examination of applicants of medical graduates for positions in the College hospital, conducted yesterday, Dr. Allen and McIntyre took the laurels.

The Democrats of the Fourth ward will probably act upon the suggestion of the GLOBE and nominate Dr. Phillips for alderman. He is a staunch Democrat and popular.

Did Loring write his own letter of acceptance, or is there a Fletcher subjoined to the delicate word Loring? But then it matters little, as the ultimate results will be the same.

Chief Munger yesterday received a letter which stated that the store of Maubrock & Sheehan, in Benton, had been entered by burglars, who blew open the safe and got away with \$700 in cash.

A gentleman called at the police station yesterday said complained that he had been bitten by a vicious dog owned on Western avenue and asked that the dog be shot. The canine will be attended to.

It is stated that two men were caught in the act of tapping a till in S. E. Fleming's grocery store on Cedar avenue. The scamps refunded the money and settled the matter, escaping an arrest.

Last evening the Zonave boys held their last meeting for the year. On next Wednesday the present officers of the company will step into the ranks and new ones placed in their stead. This is one of the rules of the company.

The temperance people are after Mr. Loring's scalp. They don't relish the idea of placing in upon a ticket called the law and order ticket, and they know they can't get a temperance man after their own heart.

The Journal is happy. It says Loring's letter of acceptance is a "daisy." But it sounds, when read, as though it had blossomed in a cold climate and too early in the season, and had been frost bitten. Take the "daisy" out of the chilling blasts of the political winds or it will surely die.

There was a rumor upon the streets yesterday that a woman residing in South Minneapolis had taken a large dose of morphine to commit suicide on account of domestic troubles, and she had been saved by the assiduous labors of a physician. However, nothing definite could be traced up.

As a sample of the manner in which the Republicans run their convention, the GLOBE wishes to mention the fact that a motion was made to vote upon the nomination of mayor by acclamation. This vote was then taken and prevailed, whereupon the chairman at once declared Mr. Loring nominated, without having taken a vote upon his nomination at all.

Next Wednesday morning, it is highly probable, the editor of the Journal will wake up with the conviction that he had better have let John C. Oswald alone. Mr. Oswald is an old time Democrat, and when fully aroused, is an energetic worker and a power. And the Journal has certainly aroused him to action—by its nomination of Mr. Oswald. Mr. Oswald is elected to the office of mayor by a good round majority.

BOARD OF EDUCATION. Going for Dr. Saltbury's Scalp for Closing the Winthrop School Well. Yesterday the regular meeting of the board of education was held. The committee on claims reported that Prof. Tousey had collected \$905 for tuition since July 1, 1882, and attested to the correctness of the vouchers thereof. Report adopted.

Prof. Tousey announced that the well of the Winthrop school had been closed by the local officers, and he therefore suggested that provisions be made to supply the school with water.

This announcement brought Prof. O'Fallon to his feet. He said that inasmuch as the board had not been notified or consulted in the matter, he thought the action improper. After considerable discussion, it was decided to supply the school with water from the water works. After having advertised the well as unhealthy, the people would naturally be angry, and yet the board was of the opinion that the water was as pure as any in the city.

Upon a motion it was voted to continue the employment of superintendent of buildings for the ensuing year at the same salary.

After the transaction of other routine business the board was adjourned.

THE GLOBE HOROSCOPE. As It Casts Its Lights on the Chicago Market. [Special Telegram to the Globe.] CHICAGO, March 29.—Things are getting mixed, boys; so look out. Wheat opened lower and sold off, but was in good demand at the decline. The clique were obliged to do something; so they sold, but bought freely at decline. I thought at noon that the manipulators had bought much more than they had sold, and were simply making a "bluff" to get the boys short, but on the call there was so much sold that I don't know what to make of it. The market is very nervous, and I am sure the range are not out of the dog's tail, and think there will be much between now and Saturday. May closed at noon at \$1.29, and on call a shade lower. Curb is \$1.28 1/2.

Corn quiet and unchanged. Provisions steady at a good yesterday.

[Special to Western Association Press.] CHICAGO, Ill., March 29.—Wheat is a little more active to-day, but prices were weaker, influenced by the returning warm weather. The advices from abroad and from domestic markets are all unfavorable to holders. The movements of the combination are mysterious. It is believed a very large proportion of the shorts have settled their April deals and the pressure, to be of great account, will be on the contract. Prices were unsettled and irregular, and trading was wholly for speculation. The opening was a shade easier, declined pretty steadily, 1 1/2 @ 1/2 c for May and June and 1 c for July, then rallied 1/2 c for May and June and 3/4 c for July, and closed at 1 1/2 @ 1/2 c for May and June and about 1 1/2 @ 1/2 c for July. Sales were \$1,260,000 for April, \$1,280,000 for May, \$1,260,000 for June and \$1,280,000 for July. On the call prices were steady, except for a shade lower, July, which was very weak and about 1/2 c lower. Sales were \$1,260,000 for April, \$1,280,000 for May, and \$1,260,000 for June. The call was very nearly unchanged.

Pork was fairly active, but irregular. It opened \$107.15, then rallied \$107.00, and closed at \$107.00. Sales were \$1,260,000 for April, \$1,280,000 for May, and \$1,260,000 for June. The call was very nearly unchanged.

Corn was strengthened by the very bullish foreign markets. Some was chartered for shipment. Prices were within a small range, though the trading was pretty active, and fluctuations were frequent. The close was 1/2 @ 1/2 c better. Sales were \$1,260,000 for April, \$1,280,000 for May, and \$1,260,000 for June. The call was very nearly unchanged.

Get your oysters at the Boston restaurant. Open at all hours, day and night.

"Great Republic" at the Opera house was not very largely attended last night.

Three drunks constituted the criminal business of the municipal court yesterday.

The Northwestern Soap company has formed a corporation with \$100,000 capital.

The vote next Tuesday will undoubtedly be by far the largest ever polled in Minneapolis.

The Scandinavian temperance people held a rousing demonstration meeting in Harrison hall last night, where Loring was handed without gloves.

The Republicans of the Fourth ward are "up and in arms" over the nomination of Boardman for alderman, and the fight begins to appear decidedly interesting.

Forty car loads of land hunters from Canada en route for Winnipeg, are expected to arrive in the city this morning from over the Minneapolis & St. Louis railroad.

The various Democratic ward caucuses, except that of the First ward will occur this evening. It is the duty of all Democrats to be in attendance and select its men.

A Republican ratification meeting was held in Market hall last evening, where young political aspirants and old ones too—who are delirious of displaying their wonderful orator-

Reason Wrecked. LOUISVILLE, Ky., March 29.—From Lexington comes the announcement that Col. John A. Pratt has lost his mind. During the entire period of the war Col. Pratt was chairman of the state senate committee on federal relations and exercised more influence than any other man in the state. He was elected to the Union. In 1868 he was chairman of the state Republican convention, and in 1873 he represented Fayette in the lower house of the legislature. He has for many years been a law-abiding citizen, and was a member of the council for the defense in the famous Buford trial. In 1874 he was appointed United States pension agent at Lexington.
