REPORT OF BOARD OF FIRE COMMISSIONERS

The Board of Public Works have had under consideration the resolution or order of the Common Council, approved March 23, 1882, relative to the construction of a sewer on 8t. Paul street, from a point 50 feet north of Somerset street to a connection with the sewer ou Olmsted street, and having investigated the proposed improvement, Tespectially report, that said improvement, is necessity.

REPORT OF BOARD OF FIRE COMMISSIONERS
Fire Alarm Boxes, etc.—
To the honorable, the President and Common Council of the City of St. Paul.

GENTLEMEN: It has become necessary in the proper discharge of the duties of the Board of the Fire Commissioner, that the Fire Department have additional fire alarm boxes, to meet the wants of the department, and render it efficient, as the Board are held responsible by the citizens and tax payers, they feel as if there should be no laches on their part in making it efficient and reliable.

The Board therefore have the honor to request authority of the Common Council to purchase ten fire alarm boxes. In making request the Board desires it to be understood that they are most saxious that all the official, and business relations between the Board and the Common Council should be pleasant and in accord. That without this friendly feeling the Board in a great measure would be unable sewer on Climsted street, and having investi-gated the proposed improvement, respect-iully report that said improvement is neces-sary and proper, that the estimated: expense thereof is \$1,120,one-half of which need not be paid into the eity treasury before the con-tract is let; that real estate to be assessed therefor can be found benefited to the extent of the damages, each and expenses recessary. of the damages, costs and expenses necessary to be incurred thereby; that said improvement is not asked for by a petition of a majority of the owners of property to be assessed therefor, but we herewith send a plan or profile of said improvement, and an order for your adoption, if you desire us to make the improvement. in accord. That without this friendly feeling the Board in a great measure would be unable to make the Fire Department what it should be, a credit to the city, and to this end the Board will be pleased at all times to hear suggestions and recommendations from the Common Council, while this is true the duties of each are so clearly defined by the law creating the Board, that they cannot, in the proper discharge of their duties permit the Common Council to usurp their duties without a protest at least.

The Board confesses to having been annoyed by the recent action of the Common Council

by the recent action of the Common Council upon one of their requisitions for authority to make a purchase for the department, and that they might act advisedly in the matter they requested the opinion of the City Attorney, a copy of which is herewith submitted. Very respectfully.

Frank Brewer.

The Board of Public Works have had under consideration the resolution or order of the Common Council, approved March 23, 1882, relative to the grading of Ninth street, from Jackson street to Broadway street, together with stone gutters, and having investigated the proposed improvement, respectfully report that said improvement is necessary and proper, that he estimated expense thereof is \$4,524,one-half of which should be paid into the City Treasury before the contract is let; that real estate to be assessed therefor can be found benefited to the extent of the damages, costs and expenses necessary to be incurred thereby, that said improvement is not asked for by a petition of a majority of the owners of property to be assessed therefor, but we herewith send

a plan or profile of said improvement, and an order for your adoption, if you desire us to make the improvement—Yeas 6.

JOHN FARRINGTON, President.

R. L. GORMAN, Clerk Board of Public Works.

April 3, 1852.

April 3, 1852.

April 3, 1852.

each so clearly defined under the provisions of said act that it is difficult to see how any question or dispute can arise.

Section 13, of said act, among other things provides that: "The said board of Fire Commissioners are hereby invested with all the discretionary powers necessary to the faithful execution of the act; including the proper selection and location of all needful buildings and offices and the complete equipment of the several companies with horses, engines, vehicles and other apparatus, and by a two-third vote of all the members of said board shall prescribe, control and regulate the expenditure of every kind of the department, created by this act? Provided \* \* \* that in case of any proposed expenditure, not including repairs and supplies for the ordinary current use of the department, the same shall first be present-d by said Board to the Common Council for their approval of the same. If said Common Council shall by a two-third vote of all the members thereof approve of the same, it shall be lawful for said Board of Fire Commissioners to incur or contract such expenditure, otherwise it shall not be lawful for said Board so to do."

It is evident from the foregoing that in the

Relative to grading Fourth street from Commercial street to Hoffman avenue. Also,
Relative to grading Grotto street from
Summit avenue to St. Anthony street.
Commmittee on Streets. Also, Relative to grading DeSoto street from Collins street to the Manitoba railway. Also, Relative to extending Park avenue in

asme, it shall be lawful for said Board of Fire Commissioners to incur or contract such expenditure, otherwise it shall not be lawful for said Board so to do."

It is evident from the foregoing that in the purchase of supplies for the ordinary current use of the department, or in the making of all the necessary repairs, the power of the Board is supreme. If the Board of Fire Commissioners, however, desire to make purchases for the department other than supplies, it is their duty to first present a requisition to the Common Council for their approval, and if the Common Council, by a two-third vote of all the members elect, approve of the request, the purchase can be made, otherwise the Board have no authority to couple their approval with conditions which practicably takes from the Board the power to purchase, for instance, in a specific case which has been called to my attention.

When a Committee of the Common Council reported in favor of giving the Board the authority to purchase to fire-larm boxes, attaching to the authority, however, a condition that they must be of a certain patent. The Council, in this case, had they adopted the report, would have exceeded their authority, their duty was to approve or disapprove of the application—that of the Board—to make the purchase and to buy such boxes as in their judgment are the best and cheapest.

The Common Council is the legislative power of the municipality, it designates the amount of revenue to be raised each year, and the uses to which they shall be applied. It was for this reason that the law creating the Board of Fire Commissioners requires the approval of the Common Council to purchase other than supplies, so that the same shall not be in excess, in any one year, of the funds provided and applicable thereto, and not that a fire alarm box should be of certain make or kind, or a horse of a particular color.

The framers of the law very wisely concluded that those areailly charged with the Committee on Streets and Alderman of Also,
Contract Awarded
The Board report that they have awarded J. W. Cooper the contract for paving Third street from center of Sibley street to center of Wacouta street, with cedar blocks and granite curbs, he being the only bidder and his bid being deemed reasonable and reliable. Amount of bid, \$3 750. Bond in the sum of \$1.000, with

color.

The framers of the law very wisely concluded that those specially charged with the management of the fire department would have a better knowledge of what was wanted \$3,750. Bond in the sum of \$1,000, with P. H. Kelly and Jas. J. Hill as sureties.

Contract Awarded—
The Board report that they have awarded John Doherty the contract for the con-

have a better knowledge of what was wanted than the Common Council, hence the law provided that the Board should make the purchases independent of the fviews, or notions of the Common Council.

I am led to believe that the action of the Council in relation to purchases by the Board was had without much thought and will be promptly changed upon their attention being called to the matter by the Board.

In regard to the purchase of a fire alarm box, for theinew engine house upon St. Anthony hill, it being necessary to the proper furnishing of the house; which has been ordered the board have authority to make the purchase without application to the Council.

Respectfully, W. P. Murray.

April 3, 1882. City Attorney. Accepted.
In connection with the foregoing a resolution was offered instructing the Fire Commissioners to purchase ten fire

bidder therefor. Amount of bid \$1,488, bond in the sum of \$400 with Patrick Doherty and Philip Fabel as sureties.

Passed April 4, 1882.

JOHN DOWLAN,
President of Council.
Approved April 6, 1882. JOHN DOWLAN, Acting Mayor. Attest: THOS. A. PRENDERGAST, City Clerk.

ORDINANCE No. 278.

An ordinance to amend Section 2, of ordinance No. 3, entitled "an ordinance relating to buildings and improvements approved October 7, 1869."

The Common Council of the city of St. Paul do ordain as follows.

SECTION 1. That section No. 2 of said orninance No. 3, "an ordinance relating to buildings and improvements," be and the same is hereby amended so as to read as follows.

SEC. 2 Before the said President of the Board of Public Works shall grant such permission he shall require a written bond from such owner, tenant, lessee, contractor or mission he shall require a written bond from such owner, tenant, lessee, contractor or builder with two or more good and sufficient surities to be approved by said president or any one of the members of the Board of Public Works in the penal sum of five thousand dollars for all excavations for the purposes mentioned and specified in Section one (I) of this ordinance, within the fire limits of said city, as now fixed and prescribed, or as such limits may hereafter be fixed and prescribed, and for all such excavations as are made outside of such fire limits, said bond shall be in the penal sum of two thousand dollars. The conditions of all such bonds shall be that the principal therein named will leave said street, highway and sidewalk in as good order and condition as when he found the same, and within a reasonable time after the said excava-

condition as when he found the same, and within a reasonable time after the said excavation shall be made; and that he will, at all times keep the said excavation suitable and properly guarded by day and night, and will save said city harmless from any and all suits, damages, costs and charges by reason of said excavation.

The bonds provided for by this section shall be duly executed and acknowledged as now required for bonds in civil actions, and shall be approved as to the form thereof by the city attorney, and filed by the said president in the office of the city clerk.

Approved April 6, 1882.

By the Common Council of the City of St. Paul.

Be it Resolved, That the St. Paul Gas Light Company be and it is hereby permitted to erect poles for stringing wires for electric lighting upon the following named streets in said city, to wit: 'hird street, Fort street, Wabashaw street, Robert street, Jackson street, Sibley street, Wacouta street, Fifth street, Seventh street, Rosabel street and Broadway, under the supervision of and subject to the inspection and control of the City Engineer, and upon and under the following conditions and instructions, to-wit: Such poles shall be thirty-five feet in height above the ground, and shall not be less than ten inches in diameter at the bottom and six inches in diameter at the top; they shall be planed, and shall be painted a dark color for the distance of six feet from the ground, and from that point to the top they shall be painted white. They shall be set 140 feet apart, except otherwise expressly permitted by the Common Council or said city to erect poles or string its wires for the purpose of electric lighting in said city, or to use the streets of said city for the purpose of selectric lighting in said city, or to use the streets of said city for the purpose of such pose, such corporations, company or companies, person or persons, shall desire to use the poles so erected by said St. Paul Gas Light company for the purpose, such corporations, companies or persons shall be entitled to do so upon paying to said St. Paul Gas Light company for the purpose of supporting the wires for such purpose, such corporations, companies or persons shall be entitled to do so upon paying to said St. Paul Gas Light company shall immediately report to the City Engineer the actual cost of such poles as erected, and certify the amount which he shall find to be correct, and keep a record thereof in his office for public inspection. Upon the first applications of the cost of such poles so erected, and certify the amount which he shall find to be correct, and keep

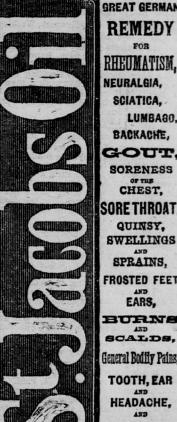

cation as aforesaid to use the poles so erected, the applicant shall pay the St. Paul Gas Light Company one-half of said actual cost of said poles, so determined by said City Engineer; and in case of a second application the applicant shall pay one-third of such cost, the same to be divided equally between the St. Paul Gas Light Company and the first applicant; and successive applicants shall pay their proportionate share of such cost, the same to be divided proportionately in like manner, and all applicants so paying their preportionate share of the cost of said poles shall become and be by common censent join owners with said St. Paul Gas Light Company of said poles, and shall be entitled to use them for the purposes of electric lighting. And it is conditioned that if any other corporations, companies or persons shall pany or said poies, and shall be entitled to use them for the purposes of electric lighting. And it is conditioned that if any other corporations, companies or persons shall procure like permission from said Common Council to erect poles on said streets or any of them, and shall actually erect its poles on any of said streets before said St. Paul Gas Light company shall have erected its poles on such street, then the permission hereby granted is withdrawn, and said St. Paul Gas Light company shall be restricted to using such poles then already erected under like conditions as herein contained, and it is expressly conditioned and provided that in case said St. Paul Gas Light company shall refuse to allow any applicant to use its poles upon payment of the proportionate amount therefor, and to sell to said applicant such proportionate part of said poles as herein provided, thereupon the right of said St. Paul Gas Light Co. to erect and maintain its poles upon the streets of said city shall cease, and the same shall be forthwith removed from such streets or any of them upon and under the order and direction of the Common Council, and it is expressly provided that the acceptance of this permission by said St. Paul Gas Light Co. either by resolution of the Board of Directors or by acting hereunder in the erection of its poles, shall be an acceptance of all the conditions and provisions herein contained, and it is further provided that the rights hereby granted are further subject to ail the couditions and requirements of the ordinance heretofore passed allowing said St. Paul Gas Light Co. to use the streets of said city for the erecting of poles for the purpose of electric lighting.
