The property of this Company is owned almost exclusively, and is controlled, by Minnesota parties, among whom are many of the most prominent and successful business men of the state, ensuring for its management the best business talent and the strictest integrity in the conduct of all its affairs; and being essentially a home enterprise, the attention of our citizens is especially called to it.

The mine is thoroughly equipped with a 20-horse power steam hoister, and buildings. The work of development is being vigorously prosecuted. The workings upon the mine have continuously shown a very high grade of ore that is steadily improving as work progresses, and with the careful business management to which it is subjected, warrants the statement that the SULPHURET CONSOLIDATED has passed the period of uncertainty and doubt, and now may be safely classed as a mine which promises in the near future to richly compensate its stockholders.
