PATRIOTS ALL.

And Willing to Sacrifice Themselves on Their Country's Altar. BUT THEY WANT THE LOAVES AND FISHES. Close of the Work of the New York Republican Convention.

A STEGOTYPED PLATFORM ADOPTED. Collector Robertson's Proxy Forged, and a Row About It. THE DEMOCRATS MEET AT SYRACUSE.

The Usual Convention Between Tammany and Anti-Tammany. THIRD JUDGE DISTRICT IMBROGLIO. Keyes Declares He Will Not Withdraw—The Trades Assembly. NEW YORK. The Republicans.

Resolved, That the Republican party of New York has no new doctrine to present upon the questions, which heretofore occupied much public attention, such as honest money, pure elections, the regulation of traffic in intoxicating liquors, the protection of home industry and the necessity of restricting the power and influence of corporations.

THE IRON WORKERS STRIKE.

The strike of the iron workers of Pittsburgh, Wheeling and Youngstown, has proved a costly experiment. It has lasted more than a hundred days, and has finally ended in the men returning to work at the old scale of prices, having lost in wages alone the enormous sum of between eight and ten millions of dollars.

and which, while authorizing many needed public improvements, carried with it large and wasteful appropriations for works of neither national or public good, has secured for them admiration even of his enemies. Resolved, That a hearty support is pledged to the nominees of the convention whose record in public life and distinguished abilities, especially commend them to the people's approval at the ballot box.

SARATOGA, Sept. 21.—Great excitement was caused by the discovery that the dispatch was a forgery authorizing Police Commissioner French, of New York, to act as proxy for Collector Robertson at the meeting of the state committee. The dispatch read as follows: NEW YORK, Sept. 19.—To Hon. Stephen R. French, Grand Union hotel, Saratoga, N. Y.: Please act as proxy at the meeting of the state committee, and oblige [Signed] W. H. ROBERTSON.

Resolved, That the practice of appealing to the legislature to overturn the action of local authorities, when confining themselves within the powers conferred upon the legislature and governor, and should be resorted to only in extreme cases. Resolved, That changes in the fundamental law should not ordinarily be the subject of party action, but they should, when proposed, always be carefully scrutinized by the people, who should signify their wishes with reference to them as generally as they do in the selection of their representatives.

OTHER MATTERS.

The Third Wisconsin Imbroglio. MILWAUKEE, Sept. 21.—The Republican state central committee assembled at the Plankinton house mainly for the purpose of discussing the Hazleton Keyes affair, but other things of preliminary interest came up. A great many prominent state politicians were present.

Hazleton-Keyes difficulty in the Third district was brought before the meeting by Palmer, of Janesville, who moved that a committee of five, to be selected by the chair, be appointed to confer with Hazleton and Keyes in regard to the complications which have arisen in their district, with a view to adjusting the same. The chair appointed as such a committee Messrs. Palmer, of Janesville; Mead, of Shelburne; Jess, of Waupun; Allen, of Oshkosh; and Lake of Green Bay.

MILWAUKEE, Sept. 21.—A GLOBE representative interviewed E. W. Keyes, better known as "boss" Keyes, who arrived in the city from Madison this afternoon. "What about your claims to the regular nomination?" asked the reporter. Mr. Keyes—My friends claim that on the merits a majority of the delegates favored my nomination, and but for the treachery of the man Stickney my success was reasonably certain.

Resolved, That a committee of one from each congressional district be appointed by the chairman on the nomination of delegates from such districts to be a committee on credentials to which all contests shall be referred without debate. Ex-senator Eccleston spoke against the admission of any New York contestant in delegation, and made quite a sensation. He charged Tammany with treason and treachery, and denounced its action in the past.

THE MILWAUKEE TRADES ASSEMBLY.

MILWAUKEE, Sept. 21.—The Trades Assembly nominated Geo. B. Goodwin for congress. Goodwin is a Republican, but has strong Greenback proclivities, and will not be endorsed by the Republicans. As Duener will undoubtedly be nominated by the Dem'erats there will be a three-cornered fight in this district, in which all the chances are in favor of the Republican candidate. The platform of the Trades Assembly is strongly socialistic, saying: The alarming development and aggression of aggregated wealth, which unless checked, will inevitably lead to the pauperization and hopeless degradation of the toiling masses, renders it imperative, if we desire to enjoy the blessings of life, that a dense and avaricious oligarchy be dissolved by cooperative effort of the power of the industrial classes, and we submit to the voters of the Fourth congressional district the objects sought to be accomplished by our organization, calling upon all who believe in securing "The greatest good to the greatest number," to aid and assist us.

Convention re-assembled this morning and proceeded to ballot for governor. The leading candidates were S. W. Dawes, G. W. Dorey, and S. J. Alexander. Dawes was nominated governor on the third ballot; A. W. O'Gee, of Hamilton county, for lieutenant governor, E. P. Rogger, Lancaster, secretary of state; and re-nominated John Wallich, auditor; M. W. James, superintendent of public instruction; G. Kendall, commissioner of public lands and buildings.

Ball, of Lemars, Iowa, representing an English syndicate, 100,000 acres of land in Pipestone county, Minn., for \$5 per acre, receiving a check for \$500,000 in payment for the same. This makes nearly a million acres of land sold by Mr. Drummond for the corporation named within the last two years, at an average of \$4.50 per acre.

Resolved, That the civil service should be placed upon a proper basis by adequate legislation, so as to give facilities for the execution of the law upon the statute book with a competitive test for admission to the service so arranged as to secure the necessary qualifications for the position, removal from office during the term of appointment to be only for cause. Resolved, That the recent law of congress designed to suppress polygamy, which offends the moral sense of mankind and prevents the administering of justice through the usual instrumentalities of law, approved itself to the people, and that it should be supplemented by such laws as are necessary to attain the object in view.

INDIAN MURDERS.

CALDWELL, Ky., Sept. 21.—A private letter from the Agency of the 19th, states that Bob Paisal, a half-breed Apache, was shot and killed by an Indian about forty-five miles south of the agency. Scouts are now out after the murderer. The letter also states that on the 8th four Creek Indians reported at Cheyenne agency and were informed by Rebel Creeks, and asked protection. It appears there is a party of Creeks opposed to the result of the late election in that nation, and they have inaugurated a reign of terror and killing, or driving out all who sustain Gov. Curtis.
