CITY GLOBULES.

The case of Rosina L. Kellitt vs. John B. Sanborn has been ordered removed to the United States circuit court.

Judge Wilkin filed a decision yesterday denying the motion to admit evidence in the case of Francis H. Clark vs. Wm. I. Joy.

Mr. E. W. Bazille on yesterday assumed the position of deputy clerk of the district court, the duties of which he is qualified to fill in the most eminent and acceptable manner.

The celebrated Yankee Sullivan arrived in town yesterday and commenced his old practices by cabbing a caddy of tobacco from the store of P. H. Kelly & Co. He was yanked to the tower by officer Lowell.

Wm. Hickey and J. Guion, Jr., had a little spat in the Sixth ward on Tuesday night over the registration racket and Hickey got the worst of it. He had Guion before the court yesterday and the case was continued to the 6th inst.

The Rev. R. F. McLean gave a very interesting lecture last evening in the rooms of the Y. M. C. A., on "Napoleon Bonaparte." The lecture throughout was instructive and entertaining and showed that the speaker had given the subject much thought and study.

The "Waseca Manufacturing company" filed articles of incorporation with the secretary of state yesterday. The principal place of business is Waseca, Waseca county, and its capital stock is \$20,000. The incorporators are C. A. Wilson, Warren Smith, Hugh Wilson, Samuel S. Comer and George W. Comer.

Articles of incorporation of the "Winona Machinery company" for the manufacture of railroad, agricultural and other machinery, etc., headquarters at Winona, were filed with the secretary of state yesterday. Capital stock \$50,000. The incorporators are George W. Williams, Wm. E. Smith, Wm. A. Stevens and Chas. O. Goss.

Mrs. Kelly has a fondness for her beer, and when she takes a modest quencher now and then, it makes her too frisky. While under the influence, Wednesday, she had a quarrel with one of her relations, the result being that she was escorted to the court by one of the city gallants. She took the pledge, and sentence of \$10 or thirty days was suspended.

Every heart knoweth its own trouble, and it was easy to see when poor old Mary Chinnaman was arraigned at the police court yesterday, that the hand of grief had lain heavily upon her. She drank a mug full of beer and the vile stuff bewildered her troubled intellect. The fate was against her and not being rich, or influential, or a politician she was run in. On the payment of \$5 she was discharged.

Michael Dennison is entitled to the biscuit as the heavy weight champion. This modern Sampson got very boozey night before last, and had the good taste to fall through a store window to the detriment of the transmitter of light. The irate shopkeeper had him arrested and a 100 pound weight was the only small change found in his pockets. He had a bad headache yesterday and the court laconically his feelings to the tune of ten dollars, which he paid.

The vacancy on the police force caused by the resignation of Officer Madden, whose retirement was voluntary and owing to illness, and not as hitherto stated, was filled by Mayor Rice on yesterday by the appointment of Wm. C. Baughin. In this connection it might be well to state that there are no more vacancies on the force to be filled and that with about 1,000 applications in, it is utterly useless to annoy Mayor Rice with the presentation of more, the racket having become a downright nuisance.

John Preston and Barney Smith were out to the club a little late Wednesday night and when they encountered each other on the street they were both about two sals in the wind. Preston took Barney for a lamp post and asked it, the post, would it have any objections to seeing him home. This made Barney hot and he went for that fellow like a thousand of Milwaukee bricks. Yesterday's claim that the other was trying to hold him up, Preston got the worst of it and was fined \$10, while Smith was taxed \$15.

There was an air of faded gentility about John Grady when arraigned before his honor yesterday, which indicated that he had seen better days. The charge against him was vagrancy and he explained to the court that he had been released from the Minneapolis jail on Wednesday and had only just arrived in town when a policeman invited him to a berth on the installment plan at the hotel de Jeunesse. He said he was tired of husks and wanted to go home where the old man had some fatted veal in store for him. The court told him to get out of town by noon.

Mrs. Mason, of Georgia, a talented speaker, will address a series of meetings to be given under the auspices of the W. C. T. U. next Sunday. The principal meeting will be held in the Opera house at 3:30 in the afternoon, when Mrs. Mason will take for her subject "The National Cause." Good music will be furnished and a large attendance will be expected.

At the Jefferson the teachers have so many pupils that they devote only half time to a portion of them. The same is the case at the Lincoln school. There is an increase of 1,499 pupils since last June and something must be done to meet the emergency. The following is the enrollment for the month:

THE HIGH SCHOOL ROOF.

The committee on property referred the matter of changing the roof of the high school from shingles to slate, and cornice from wood to metal, to the board without any recommendation. The board discussed the proposition and the general opinion was that the price for the change was outrageously large and that it was best to have nothing to do with it. A variety of motions was made but it was deemed best that no action should be taken, but that the contractor should go right along with his contract and put on the shingle roof. If it is deemed desirable to put on slate hereafter the change can be made. The result was no action was taken.

HEATING THE HIGH SCHOOL.

The committee on property recommended that the contract for heating the high school be awarded to Messrs. Winnie & Co., of Chicago. The subject was discussed at some length and it was agreed that the contract should be given to some firm in St. Paul, provided that firm could fill the bill at as low a price. The subject was postponed till the next meeting.

THE SALARIES.

The salaries of the janitors for the different schools was taken up and discussed and finally the salaries were fixed at the following sums:

A KEROLINE LAMP.

Causes a Threatening Fire in the Italian Quarter Last Evening.

There were three fires yesterday and it was not a very good day for the fire fiend either. So far as known none of them got away, that is not to such a beastly bad extent, with the fire department.

The third alarm of fire was turned in from box No. 13 at 5:10 o'clock yesterday evening, the occasion being the discovery of flames in the story and one-half frame building No. 342 Market street opposite Rice park. The blaze was started by the bursting of that handy contrivance, a keroline lamp, and the fire trap, for such it was, straightway became developed in flames.

The building for the most part was occupied by several Italian peddlers and fruit dealers, five of whom were domiciled on the second floor. They had barely time to yank out their furniture and confectionery, nearly all of which was rescued, but not without being damaged.

The department got down to work and put in some good ticks on the structure, but by the time the fire got through with it, there was hardly anything left of it but the shell.

The building was owned by Pietro Ramaciotti and Frank Pelegrini, the latter and his family residing in a portion of the second story. The ground floor was rented a day or two since as a paint shop, but at the time of the blaze it did not contain much stock. The building was worth \$400 on which there is no insurance.

Sebastian Ungaretti and two other Italians resided up stairs and their loss was considerable, they also having no insurance. The total loss of contents is estimated at between \$300 and \$400. The building was on leased ground owned by Capt. Berkeley.
