OFFICE—No. 6 Washington avenue, opposite Nicollet House. Office hours from 9 a. m. to 10 o'clock p. m.

MINNEAPOLIS GLOBE LETTERS.

Alderman Glenn is expected home this evening. Go to Sullivan's Boston restaurant for a square meal.

Capt. E. C. Babb left yesterday for Aberdeen, D. T. Everything the market affords at the Comique restaurant.

The work of enlarging St. Paul's church has been commenced. The neighborhood of the state university is infested by a gang of clothes line thieves.

Several dudes from the saintly city have honored the Grand Opera with their attendance. The case against Thomas Mullane for larceny was dismissed by Judge Bailey yesterday.

Manager Wood of the Pease Opera house is arranging for new attractions next week. H. M. Carpenter has gone to Chicago and Winn Brackett has returned from that Garden city.

The streets of this city sadly need sprinkling, and the matter should be attended to at once. One of the grand jurors named Abraham Palmer, fell in a swoon and was removed to the residence of his sister.

J. M. MacNamara, of the Haverly minstrels, and an old time Minneapolitan, was in the city for a few days this week. This afternoon a game of base ball will be played between the Brown Stockings and the Toybluffs on the Snyder lot.

Edwin P. Fox, a late member of the New York bar, was admitted yesterday to practice in the courts of Minnesota. The work of excavating for the foundation of Oulton's new block, corner of Nicollet and Ninth street, was commenced yesterday.

Marriage licenses were issued yesterday to Samuel A. Wheaton and Fannie E. Kendall, Jacob Weismenger and Caroline Senfenecher. The grand excursion given by old Thaumaturgus to Minnetonka occurs this morning, and many will have reason to thank him for his generosity.

The grand jury returned a budget to the court yesterday containing sundry indictments but as yet reporters are denied a knowledge of their contents. Jerome G. Layman, who was seriously hurt a few days ago, by being thrown from his buggy, is still confined to his room, and is slowly recovering from his injuries.

A gentleman from Detroit, Mich., will soon erect a large malt house on the line of the Minnesota Transfer. It will be a large structure and will be commenced soon. A plat was filed with the register of deeds yesterday by A. H. Bode conveying to the public six lots on the shores of Lake Minnetonka, to be known as Minnetonka Beach.

John Martin, a brakeman, in attempting to board an Omaha train, fell with great force, fracturing the left arm and narrowly escaped being crushed beneath the cars. The Hess company sang Sullivan's new comic opera "Iolanthe," at the Grand last night, in an acceptable style and won the general approval of the cultivated audience in attendance.

Charles Allen yesterday caused the arrest of Harry Flynn on the charge of breaking the paw of a canine belonging to the plaintiff, and the case comes off this morning in the municipal court. Harry Lawrence was the recipient of a vigorous kick from an unruly horse, causing a compound fracture of the hip bone. It may be said the equine had him "on the hip" with a vengeance.

The committee who made a comparative test between gas and electric light, are said to be in favor of the city purchasing the use of the electric mast on Bridge square for \$4,500 per annum. H. M. Laboucher, wife and five children, with governess and nurse, are registered at the hotel. They have come from Amsterdam, Holland, to see the city in which they were married nine years ago.

A plat of Brook addition was filed with the register of deeds yesterday by Christopher C. Garvey conveying to the public the northwest quarter of the northwest quarter of section 15, town 28, range 24. Col. P. B. Walker, who has returned from Winnipeg, reports the weather exceedingly cold up there. He witnessed a snow and hail storm last Wednesday and saw farmers plowing with buffalo over coals.

The establishment here of a new bank by Michigan capitalists is being talked of. The corner diagonally opposite the Clark house was settled upon as the site, but as a part of that has been sold it leaves them a lot farther. The residence of H. R. Jordan, Fourteenth street south was burglariously entered a few nights ago by a party of thieves who are evidently green at the business, for they got scared and decamped without taking anything.

Prof. Dexter who was here during fair time last year, and previously with the notorious quack, Dr. Flattery, is now in Florida performing monkey tricks in a mesmerism on the sophisticated in that region. He is a fraud of the first water and richly merits the penitentiary. The park subject is receiving considerable attention just now in North Minneapolis. The majority seem to be in favor of taking the pest house property, which is owned by the city and which will soon be vacated. It is thought that the city might take a turn of magnanimity and deed it to the park commission.

The Hess company will play "Bohemian Girl" at the matinee this afternoon, and in the evening will close the season with "Faust," in which the great boss of the company will appear at his very best in the role of Mephisto. In this character Mr. Henry Peake's greatness has been for years proverbial. Wales & Co. have just placed on exhibition at their art gallery at 307 Nicollet avenue, a choice collection of genuine Ream paintings, which will be sold at auction on Monday, Tuesday and Wednesday evenings. Here is an opportunity for lovers of fine art to purchase beautiful paintings at their own figures.

Mr. Lac Stafford has had Mr. Herbert Connor paint for him a portrait of his sister, Miss Stafford, for a birthday present to his father. The painting is a beautiful work of art, and Mr. Stafford is highly pleased and profuse in his compliments to the artist. Mr. Connor is building up for himself a splendid reputation in this city. Fifth street north was the scene of an

exciting runaway yesterday afternoon. A double team owned by Harold Paine and driven by a young man named Judson, took freight at a locomotive on the St. Louis track, and Judson being unable to hold them, was precipitated after a lumber pile, receiving three broken ribs and serious internal injuries. The wagon was reduced to pieces, but the horses escaped unhurt. The Minneapolis police force together with Detectives Hankinson and Gleason, are making strenuous efforts to capture the festive burglars and the bold footpads and blacklegs who infest our city. They are now industriously working up a few promising cases which have come into their possession, and Detective Gleason, a new acquisition to this department, although no novice in the business, is doing effective work which would do credit to Billy Pinkerton. An effort has been made in some quarters to induce the projectors of the new armory to combine a music hall with the new building, but it will be an armory purely and nothing more. The location of the hall has not been decided on as yet. The association has decided that they can pay but \$100 per foot for land 150 feet in depth. To secure a tract of land at those figures they will be obliged to make their selection at a remote distance from the central part of the city.

AMONG OUR HORSES. How the Breeding is Being Constantly Improved. A number of Handsome High-Bred Matched Roadsters and Carriage Horses. During the past few years there has been a vast improvement in horse flesh in Minneapolis, which fact has frequently been attested by elaborated descriptions of some of the fine animals by the turf editor of the Globe in the Monday issues. It has been stated, moreover, and without any attempt at bragado, by horsemen whose experience have made them competent to arrive at the conclusion with a degree of certainty, that there are not two cities in the Union, of comparative size, which can boast of so many proportionate fine bred horses, and stylish and speedy turnouts, as can Minneapolis and St. Paul, and that there are absolutely no cities of the same age which exhibit a comparison. This fact is possibly due to a primal effort by the earliest settlers to breed nothing but the best, and as a result, nothing but high bred horses can find a market here. Dealers appreciate this condition, and are constantly purchasing animals of excellent breeding from various parts of the states and country and not infrequently go so far as to import expressly for this market. The object of the present writing, however, is to give special mention of a fine stable of horses just brought to Minneapolis from the old state of Indiana by a breeder of note, Mr. C. M. Harris, and which is now available at the First Avenue Hotel, located on the corner of First avenue north and Fourth street.

HANDSOME SPANS. The horses in question consist of one span of dapple browns, each weighing one thousand two hundred pounds, standing sixteen hands high, and aged five years, half brothers, being sired by Brown Chief who is son of Mambrino Chief. They are fine roadsters, well matched, graceful carriage and have a bold, free and easy action. A span of matched jet black Morgans, weighing 1,150 pounds each, and standing sixteen hands high, stylish, well broken, speedy, spirited yet gentle, and easily controlled. They were both sired by Brown Chief, son of Seely's Black Hawk. H. B. Flemer, Esq., of Elevator street has purchased the team, and hitched to his family landau make a fine display on our fashionable thoroughfares. One span of bay geldings five and six years of age respectively, weighing 1,150 each and standing sixteen hands high. They are brothers and were bred by Grimaldi, he by Joe Downing, he by Edwin Forrest, he by Kentucky Hunter, he by Imported Messenger.

A span of matched geldings aged six years each, sixteen hands high, a fine team and bred same as the last above. Dr. C. O. Lyford, of the veterinary college and hospital, has purchased a span of black fillies, three years of age. They were both sired by Fisk's Hambletonian Star, who sired Edwin, with a record of 2:29, and George V., with a record of 2:29, and many horses who have trotted in 2:30 classes.

The dam of one of the fillies was a fine bred mare, sired by old Mambrino Chief; and the other filly was from a mare sired by old Magna Charta. A handsome six year old roan gelding, who stands sixteen hands high, sired by Grimaldi, he by Joe Downing, he by Edwin Forrest, he by Kentucky Hunter, he by Imported Messenger; also another span of fine bred geldings and several spans of desirable postboys, and a fine array of roadsters, all of good breeding, which have been brought to this city for market, and which doubtless will find ready sale at creditable prices.

The plan was conceived by a Democratic alderman and a few personal friends, and was to have been kept a secret until the presentation ceremony occurred. The Globe representative of the project from its inception, but as a matter of confidence, it having been agreed to keep it out of public print, but yesterday a newspaper shark saw fit to give publication of the fact and to distort and pervert the truth for political purposes, making a slanderous and vilifying attack upon the mayor, alleging that the present was to be made to him in consideration of his having vetoed the \$1,500 liquor license ordinance, and furthermore alleging by inference that the mayor took such action in consideration of a mutual understanding. The Globe knows whereof it speaks when it asserts that the mayor knew absolutely nothing of the contemplated testi-

monial until he read it yesterday, the published slander having been pointed out to him by a gentleman at police headquarters. And on the other hand, not a single saloon keeper called upon him respecting the ordinance referred to. These are the unvarnished facts.

The Bad and Worthless are never imitated or counterfeited. This is especially true of a family medicine, and it is positive proof that the remedy initiated is of the highest value. As soon as it had been tested and proved by the whole world that Hop Bitters was the purest, best and most valuable family medicine on earth, many imitations sprang up and began to steal the notices in which the press and people of the country had expressed the merits of H. B., and in every way trying to induce suffering invalids to use their staff instead, expecting to make money on the credit and good name of H. B. Many others started notices in a similar style to H. B., with variously devised names in which the word "Hop," or "Hops" were used in a way to induce people to believe they were the same as Hop Bitters. All such pretended remedies or cures, no matter what their style or name is, and especially those with the word "Hop" or "Hops" in their name or in any way connected with them, or their name, are imitations or counterfeits. Beware of them. Touch none of them. Use nothing but genuine Hop Bitters, with a bunch or cluster of green hops on the white label. Trust nothing else. Druggists and dealers are warned against dealing in imitations or counterfeits.

A little 12-year-old girl in Knoxville, Iowa, was frightened to death by a severe thunder-storm a few nights ago. She had been quite well the day before, but awoke during the storm and besought her mother to take her to her bed, "for she was afraid of thunder." Her supplications were unheeded, and soon the mother was aroused by the child's difficult breathing. Approaching the bed with a light she found her in a dying condition, and in a few moments she breathed her last.
