Mr. W. Frank Newell gave a private box at Hotel Lafayette Friday evening, June 22, to his many St. Paul friends, and to say they had a delightful time would poorly express it. The last marriage license issued yesterday by clerk Bell was for the union of M. J. Freaney and Dora C. Klussman. The marriage ceremony was celebrated last evening by Rev. Father Shanley at the Cathedral.

Mr. Freaney is but a few months in St. Paul, in the plumbing and gas fixture business, coming here from Cincinnati, of which city his bride is a native--a lady by the way quite well known to the literary world as "D" as a correspondent of the San Francisco Chronicle and Boston Journal.

He came to St. Paul in 1857, and has resided here since that time. They are never old whose hearts are young, and this is the estate of those of whom we write. Upon Monday Mr. and Mrs. McAfee return to their Indiana home.

The Flower Mission.
At the annual meeting of the Flower Mission, held last evening in Christ Church guild room, the following officers were elected for the present season: President, Miss E. B. Greene; Secretary, Mrs. T. C. Rice; Treasurer, Mrs. T. C. Rice. The offer of Unity church club room as a place of meeting was gratefully accepted, and the room will be open on Wednesday from 9 to 11 or 12 o'clock a. m. during the season. The report of the treasurer showed that six dollars was expended for flowers last summer, leaving the treasury empty, and she invites contributions for this year's work. The report of the secretary showed that the last year's work was a very satisfactory one. With an average of ten ladies at the sixteen meetings held during the summer, 1,396 bouquets were made up and distributed among the hospitals, and the weekly coming of the ladies with their flowers, was looked forward to with pleasure by the inmates.

As many of our citizens are out of town, would they not leave an order with one of the florists for a regular weekly supply to be delivered at the room on flower-mission day? Even twenty-five cents worth a week each, from a few people, will be a real help.

Flowers, willing hands to arrange and willing feet, or better still, carriages to aid in distributing, will all be warmly welcomed. MRS. CHARLES H. CLARK, Secretary.

Their Twentieth Birthday.
Last Thursday a gay quartet of roistering blades left St. Paul for a lark. It consisted of Judge Hale, bass profundo, Hon. George L. Bickel, baritone, Samuel Mayall, soprano, and William P. Murray, tenor. It is a musical point of view this arrangement may not be according to the true method, but nature is high above art and these gentlemen together in a way that no man should seek to put them

asunder. The birthday of each comes on the 21st of June. Accordingly they started out to duly celebrate the occasion; taking a double carriage, they drove up to the falls, gazed upon the waters that turn the wheels of industry, float the navies of the world and make up the principal part of lemonade, gazed upon the mills, meditated upon what changes had been wrought in the appearance of the town within a period of twenty years and then proceeded to the Nicolet house where they took dinner, conversed, smoked and enjoyed themselves in a quiet way and in pleasant manner, after which they returned to St. Paul, having spent a very quiet and pleasant day. Long may they live to enjoy many returning anniversaries of the same day.

A Summer Concert Party.
A large concert party has just been formed by Signor Jannotta consisting of ten of the finest musicians in St. Paul, for the purpose of giving a series of concerts at the different summer hotels near St. Paul. The company includes Miss Etta Hawkins, soprano; Miss May Hubbell, contralto; Miss Marie Geist, cello soloist; Mr. Will Dorgan, tenor; Mr. C. G. Tietomb, pianist and musical director, and a male quartet consisting of Messrs. DeLacy and Williams, basses; Messrs. Dorgan and Luce, tenors; the whole under the supervision of Signor Jannotta. It is supposed the first concert will take place about July 7, at Hotel Lafayette, Lake Minnetonka. The programme will be of the most attractive nature, as the strength of the organization is limitless. The male quartet will be a special feature. It has been in practice for some time, and it is considered the finest male quartet ever heard in the Northwest.

Altogether the company in point of talent and number is superior to anything of the kind ever gotten up here, and we bespeak a great success for it.

The Locomotive Engineers.
William Thomas, W. E. Noyes, W. L. Gallup and A. B. Smith, a committee of the brotherhood of locomotive engineers, have issued a circular dated the 23rd inst., in which it is announced to the members of the order that there will be a union meeting of brotherhood of locomotive engineers, under the auspices of division No. 150, at the Opera house in St. Paul, on Sunday, July 1, at 2 p. m., on which occasion an address will be made by the grand chief, P. M. Arthur, and other gentlemen. All members in good standing are invited, together with their friends. The brotherhood has exercised most excellent taste in selecting artists who will furnish the gathering with excellent music. The members of the organization have secured the services of Miss Etta Hawkins, soprano; Miss Marie Geist, piano and cello, and Miss Katie Geist, accompanist, who will furnish some choice selections of vocal and instrumental music. At 12 m. of the day named, the brethren of the order will have a banquet at the Metropolitan, after which they will all proceed to the Opera house, where the proceedings above referred to will take place.

AMUSEMENTS.

As a general proposition it can be truthfully said that the amusements in St. Paul are "in the red and yellow leaf." It is not only that it is the hot season in which most of the legitimate organizations seek much needed rest and recreation, as do their patrons, but it is to the further fact that our principal place of amusement, the Opera house, built for a population of 25,000 people, seventeen years ago, is under a cloud, and also that a new house, of which the St. Paul of today, with its 100,000 population, can be proud, is being pushed to completion, and will be ready for occupancy upon the opening of the regular fall season. Thanks to the enterprise of Com. W. F. Davidson, the house is to be a credit to St. Paul, and that it is to be well managed, is shown by the fact that he has during the past week appointed Mrs. Hains, widow of the late Charles Hains manager of the house, to the position of assistant to the manager. A more fitting appointment could not have been made. The connection of Mrs. Hains with the Opera house for the past seventeen years, as the adviser and helper of her deceased husband has thoroughly familiarized her with the business, and the fact that she is to have the general charge of the interior management and local details will be hailed with pleasure by all managers, and go far toward keeping up the reputation St. Paul now enjoys, thanks to the enterprise of Colonel Hains, of being one of the best amusement points, population considered, in the country.

The amusements the past week, demand no special mention beyond the daily notices given them. The engagements for the present week are light, but good in their respective lines, if exchanges at hand are not at fault. To-morrow evening the Miller Bros., celebrated spiritualistic mediums, assisted by Miss Leyton, the wonderful second sight reader, will occupy the house. The next engagement in the house will be Friday and Saturday evenings, by Dan Morris Sullivan's "Mirror of Ireland."

A great many who have tents on the grounds are buying their supplies here, as they can get everything wanted at city prices.
