The patent wood carpet, now so popular, is being laid in the porches of Plymouth church, replacing the former matting which was in vogue. It is a most decided improvement.

The office of Chief Clerk of the fire department, is adorned with a handsome new table. It contains several drawers on which the names of the several fire commissioners are engraved.

A heinous wretch giving the name of Larkley, was run in by Officer Bremer last night, for making a disgraceful exhibition of himself in the presence of children, on the corner of Fourth and Washington streets.

The Lafayette avenue line of cars will run up and down Eighth street to-day and not on Seventh on account of the water company placing pipes in the intersection of Seventh and Broadway, blocking that street for to-day.

Mrs. Dr. Dana was tendered a cordial reception last Thursday evening at the chapel on the occasion of her return home after a three months' absence. Socially and musically the evening proved one of enjoyment to the large number present.

A series of three lectures is to be given by Dr. Dana on Sabbath evenings, commencing to-night. The subjects are What will you be. What will you do. When will you do it. The first will be discussed upon to-night. Young people being primarily addressed.

Newsboys, bootblacks, clerks, girls, under age, all who want to avoid paying rent, all who want to save money and get good interest on it are invited to read the announcement of the St. Paul Building association No. 1 under the financial head in our want column.

The breezy weather of yesterday had the effect to inaugurate a bull movement in the overcoat market. Thomas Jones tried to corner a benjamin belonging to Fat Kavanagh, but the police got onto the snap and busted the combination. He was walked to the cooler by Officer Boerner.

About a week ago the police found a sick and desolate man on the levee, and he was removed to the city hospital, where it became apparent that he was suffering from typhoid fever. Last night he died, and, aside from his name, which was given as James McDuffy, nothing is known of his history.

A. R. McGill, state insurance commissioner, received yesterday the bound copies of his report for 1882, the manuscript for which he placed in the hands of the state printers at Minneapolis the 17th of last April. Another case of the lightning rapidity with which business is done in the up-river city.

Donavin Tennesseans, who will appear at Market hall Tuesday night, 11 inst., always delight their audience. They crowded the hall when here three months ago and nearly every piece on the programme was encored. They are the best troupe of colored singers in the world, and give unbounded satisfaction wherever they go. Those who hear them Tuesday night will enjoy the musical treat of the season.

A decision was rendered by Judge Brill yesterday in the case of Francis Hann against Olive Brinn et al., in which judgment is given for plaintiff in the sum of \$308 with interest, together with the right of a specific lien upon the real estate in question, which is to be sold and applied to the payment of plaintiff and defendant White. Judgment for the latter is also ordered in the sum of \$26, and he is also to have a lien on the property.

The Evening Dispatch of Sept. 5, says: The elegant "turnout" in which President Arthur, President Villard, General Grant and Sheridan rode on Monday, "came from the well known stable of H. C. Sample." This is not true. The "elegant carriage drawn by four white horses" came, in fact, from the stable of W. D. Wright on Ninth street. This carriage was furnished for the use of the distinguished guests of St. Paul by Mr. L. N. Snow, the real estate man, at his own private expense, and, inasmuch as there was great difficulty in finding any one who could properly manage the four spirited horses, Mr. Snow kindly volunteered to drive them himself. Mr. Snow deserves the thanks of all the citizens of St. Paul for his efforts in making the reception of the guests a success.

A man was brought down on the train from Brainerd yesterday afternoon with his right foot badly cut. He worked in a saw mill a short distance beyond Brainerd,

and failed to stop a circular saw with his foot. Dr. Murphy had him removed to St. Joseph's hospital and thinks he can save the injured limb and that it will not be necessary to amputate any portion of the foot.

A Startling Discovery.

Physicians are often startled by remarkable discoveries. The fact that Dr. King's New Discovery for Consumption and All Throat and Lung diseases is daily curing patients that they have given up to die, is startling them to realize their sense of duty, and examine into the merits of this wonderful discovery, resulting in hundreds of our best physicians using it in their practice. Stierle, the druggists, are not liable to fail for the want of confidence in Dr. Bosanko's Cough and Lung Syrup. He gives away a bottle free to all who are suffering with coughs, colds, asthma, consumption, and all affections of the throat and lungs.

THE BOSTON!

"One-Price" Clothing House,
Cor. Third & Robert Sts., St. Paul.

Over Six Thousand (6,000) Square Feet of Store Room all on One Floor.

MOUNTAINS OF CLOTHING, HATS, CAPS, & FURNISHING GOODS.

Probably one of the most popular, if not the most popular retail establishment in this Capital City, is the Boston One Price Clothing House. Occupying as they do one of the handsomest, largest and best arranged store rooms in this section of the country.

No better or more practical example of what square and fair dealing combined with enterprise and pluck will do, can be found, than by a glance at the history of this popular establishment. Commencing over thirteen years ago in a small, one-story frame building, and gradually, by slow but sure efforts enlarging their premises as their rapidly increasing trade warranted them in doing, until they have fairly reached the very top round of the ladder; and not only control the largest retail trade in their line, but by hard work and careful attention to every detail of their business, are continually adding to their host of friends and customers.

Their immense, well selected and carefully bought lines of Clothing, Furnishing Goods, and Hats and Caps for Men, Boy or Child, is well worth an inspection by any stranger who comes to St. Paul. Anything and everything that is carried by any exclusive house in Clothing, Hats, Caps or Furnishing Goods House, they carry. No cheap or shoddy articles being allowed to enter their store. Buying in such large quantities and handling so many dollars' worth of goods during the year, enables them to sell the largest proportion of their goods at about the same prices as the majority of retailers have to pay for theirs, thus saving at least 20 per cent. profit for their customers.

By a well tried and simple system any customer out of town can order any article they might need without visiting the store in person. We refer to their neat Price-List and Rules of Self Measurement which is sent free to any address. By this system goods are sent C. O. D. to any section of the country, giving the party ordering them the privilege of examining the goods and returning any or all of them which may not please. In conclusion, if you are not already, you can not do yourself any greater good than by immediately becoming a patron of the square-dealing
