A HALF HOLIDAY.

Enjoyed by Speculators in Chicago and New York Yesterday.

MARKETS EXCEEDINGLY DULL.

A Good Demand for Wheat and Corn, but Few Offerings.

THE WALL STREET MANIPULATION

Stocks Remain Tolerably Firm but With a Degree of Uncertainty.

CHICAGO.

[Special Telegram to the Globe.] CHICAGO, Oct. 13.—Everything was weak to-day, and all speculative markets on Chicago were lower. Flour continues quiet, and little has been done for the week, with a fair call and a steady quotation for the good to fine family and bakers' brands, but shippers and particularly exporters were having little buying orders, and were buying little besides the lower grades to only fair bakers' stock and were finding little of these qualities to work from.

The bank statement came out showing an increase in the reserve of \$75,926. For the next two hours the advance was quite general, although the activity was only intermittent, dullness taking up a great part of the day. At half past 2 o'clock the Western shuffer brokers were large sellers of Lake Shore, and Oregon again weakening it demoralized the whole market. During the last half hour the market was very dull and closed without special features. Oregon closed at 47, the lowest figure it has yet reached. Indiana, Bloomington & Western first week's earnings increased \$4,700.

The board statement is favorable and no apprehensions of tight money this fall from ordinary causes need be felt. Negotiations are pending for the control of the West Shore by the Grand Trunk. It is a fact that Mr. Adams of Winslow, Lanier & Co., went to Europe with the president of the Grand Trunk company. It transpired that the large purchases of West Shore bonds were for foreign account.

CASUALTIES.

A CHICAGO AUDIENCE SAVED FROM A FIRE PANIC. One Chicago Theater Burned Down and Haverly's on Fire—Railway Collision in Pennsylvania Results in the Fact That No One Was Killed Outright—Accidents, Etc.

RAILWAY COLLISION. UNIONTOWN, Pa., Oct. 13.—At 11 a. m., as a train on the Southwest road was approaching Lamont station it was run into by an engine with terrible effect. The regular engineer was not on duty on the lone engine and his place was taken by a young man who seems to have known nothing about the business and was running at a rapid rate towards the crossing when he saw a collision was inevitable unless he checked up. Instead of staying at his post and stopping the engine, as passengers say he could have done, he reversed the brakes and leaped off, letting the engine go crashing broadside into the middle of the passenger train. There were eighteen persons in the car, and the scene was frightful. Men, women and children were knocked out of their seats in every direction, and few escaped being mangled, bruised or scalped. The car took fire instantly and was wrapped in flames almost before the passengers could be gotten out. It was entirely consumed. Most of the passengers were bespattered with blood and soot, but, miraculously as it may seem, no one was killed. The worst injuries were sustained by Mrs. Knox and two little children, of Cornellville. She is badly bruised, cut and scalded, but the extent of her injuries is not yet known. One of her children had a leg broken and both were scalded about the face. J. K. Ritenour and wife were bruised and burned, but their children escaped serious injuries. James Lepper, of Pittsburg, had his shoulder hurt. Mr. and Mrs. West, of Brownsville, were bruised and cut. J. L. Woods, of Uniontown, was cut on the head and hand. About a dozen others were slightly injured. The marvel is that nearly all the passengers in the middle car were not killed. State Treasurer Bailey was in the front car and escaped unhurt. The cause of the accident is not satisfactorily explained.

FIRES. CHICAGO, Oct. 13.—The Lyceum theatre on Desplains street, built immediately following the great fire in 1871, and then burned at 4 o'clock this morning. The stage and roof were completely destroyed. The loss on stage furniture will be almost total. The variety people also lose their wardrobes. In the second story on Desplains street were a number of sleeping apartments occupied by Thos. Grevier, lessee of the theatre, and a family of six persons. A escaped with the exception of Harry Berry, twenty-seven years, an employee of Grevier's, who was forgotten in the excitement and suffocated. The theatre was recovered by the firemen. The contents of the theatre plus the loss at \$20,000; insurance \$9,800. Grevier, who owned the saloon in the basement, lost \$3,000; insurance \$500.

GREAT DISASTER AVOIDED. CHICAGO, Oct. 13.—The insurance patrol was summoned to Haverly's theatre at 2:15 this afternoon owing to a small blaze in one of the offices fronting on Dearborn street, and the fact that a performance was in progress with a large house present, occasioned some excitement on the street which did not extend to those in the theatre. Very few of the audience were made aware of the incident until after the patrol had driven away.

LAKE SUPERIOR STEAMER SUNK. PORT HURON, Ont., Oct. 13.—The propeller Ontario is ashore on North Point, near Southampton, and full of water. She was bound up, with a cargo of supplies for the north shore of Lake Superior. Her passengers, 150 in number, were landed safely.

WASHINGTON.

THE CAUSES OF DESERTERS IN THE ARMY AND THE REMEDY.

The Latest Army Assignments—McDowell to Take Little Phil's Station at Chicago—The Speaker's Station—Sunset Cox's Chances—Miscellaneous Capitol Notes.

[Special Telegram to the Globe.]

WASHINGTON, Oct. 13.—The reports of the causes of desertion being made by the department commanders to the secretary of war substantiate the opinion of Judge Advocate General Swain, as expressed in the report for 1882. The causes may be classed under six heads. First, insufficient food and want of variety in food. Second, the great amount of manual labor performed by enlisted men. Third, insufficient pay. Fourth, partiality in the administration of justice. Fifth, stringency of the regulations governing guard duty. Sixth, the enlistment of bad men in the service.

A majority of the department commanders express the opinion that the operation of the causes could be in a large measure reduced without adding materially to the cost of the army. It is thought the increase in pay recommended by the general of the army from \$15 to \$16 per month, combined with a revision of the rations, would of itself largely do away with the first two causes named. The expense of this would be greatly reduced by the saving of the cost of apprehending, trying and punishing deserters. The third course will diminish of itself hereafter as the necessity of building roads and constructing quarters diminishes with the rapid filling up of the country and the concentration of troops in large posts goes. Congress should be urged to a restoration of the liberal extra duty allowance. The other causes mentioned are the results of faulty administration, and are justly held to be removable by an insistence upon the part of those highest in authority. A thorough discussion of the subject of the disease and its remedy is urged as of vital importance to the good name of the army.

LITTLE PHIL'S SUCCESSOR. The cabinet has considered the question of the successor in command in Chicago to General Sheridan. It is definitely stated that General Schofield very much wishes to receive the assignment, but it appears that there is strong military and political opposition to him. One of Schofield's friends says that he is opposed by politicians because he was a member of the Fitz John Porter commission, and favored restoring Porter to the army. The same gentleman is of the opinion that Gen. Hancock is to be prevailed upon to accept the position at Chicago in order to relieve the authorities from the necessity of putting Schofield there. Gen. Hancock very much dislikes to leave his command at Governor's Island, but it is believed he will accept the assignment to Chicago.

COURT MARTIAL.

A general court martial will meet at Fort Keokuk, M. T., the 16th, for trial of First Lieut. Charles E. Hargons, Fifth infantry, on charge of having duplicated his pay accounts.

INDIAN AGENTS.

The President has appointed Edmund Stanley agent for the Indians of the Ponca, Pawnee and Otoe agency of Indian Territory.

DRUGGISTS'S EPIDEMIC.

Surgeon Stone, of the marine hospital service, stationed at Savannah, has been ordered by the surgeon general to proceed to Brewster, Ala., and investigate the alleged epidemic at that place. The Louisiana state board of health has been requested to send a competent inspector to act with Surgeon Stone in the investigation.

A dispatch from Pensacola navy yard was received to-day reporting that the last case of yellow fever had been discharged and there are no signs of any new cases.

POPULAR PROTEST.

People of St. Louis Protest Against the Action of the Ringsters in Their City Government.

St. Louis, Oct. 13.—The meeting called at the merchants' exchange for 1 o'clock to-day to protest against the recent action of the board of police commissioners in depositing Chief of Police Campbell met promptly and was largely attended by all classes of citizens. The meeting was called to order by Jas. O. Brodhead, who stated the object of gathering. Speeches strongly denouncing the police board and calling on the governor to reorganize it were made by Brodhead, Campbell, Hon. Jno. Hogan, and others. Resolutions were adopted indignantly protesting against the action of the police commissioners, declaring they have betrayed the public trust confided to them and become tools of a band of conspirators organized for plunder; asserting that the interests of the city require prompt removal of three of their number, viz: Lutz, Caruth, and Cleveland, and demanding that the governor remove them; also that recent developments show that the coal oil inspector of this city is intimately connected with a corrupt combination, therefore he is undeserving public confidence and ought to be removed. A committee of five was appointed as a permanent committee to represent the people, with authority to take any further action deemed necessary, and to obtain signatures to the resolutions, and then forward them to the governor of the state.

FOUL PLAY.

[Special Telegram to the Globe.] BLOOMINGTON, Ind., Oct. 13.—The dead body of a woman was found on the Louisville, New Albany & Chicago track early yesterday morning. The remains were horribly mutilated, scraps of flesh and bone being scattered a distance of several feet. A Swede, named Chas. Soman, who said the woman was his wife, has been arrested on suspicion of having killed her. On the woman's body was found a misive from a Chicago man, John Artman. The letter was dated 2,318 Archer avenue. An inquest is being held by the coroner.

LOVE TURNED TO MURDEROUS HATE.

GRAND JUNCTION, Col., Oct. 13.—A year ago the wife of H. A. Herriek, a well-to-do ranchman of this county, left him. Herriek afterwards obtained a divorce and married Margaret Thompson. Mrs. Herriek number one returned a short time since, and meeting Herriek and wife, shot and instantly killed his second wife. She was admitted to jail and commenced proceedings to recover some of Herriek's property. This afternoon, while the sheriff and Mrs. Herriek were at the ranch, looking up cattle, Herriek shot and killed Mrs. Herriek, and then gave himself up to the sheriff. The excitement is intense.

POOL SWINDLE.

BALTIMORE, Oct. 13.—The pool men of this city were victimized by two men who bought commissions on the Jerome park race. The sharpers bought that combination on horses that did not win, but were telegraphed from New York as the winners. The swindlers gained some \$700. When the fraud was discovered they had disappeared.

HELYN LEONARD'S STORY.

New York, Oct. 13.—Helyn Leonard, a young woman who shot and seriously wounded Mrs. Clarence Smith, was convicted of assault in the second degree, and sentenced to the penitentiary for three and a half years. The young woman became an orphan early, was educated in a convent in Canada, later was a governess in Cuba, and later still became identified with a wealthy man here, who abandoned her. She charged her abandonment to the influence of the woman whom she shot. Then followed her arrest, imprisonment, trial, conviction and sentence.

GEN. HANCOCK.

Improving in Health and Ready for a Change of Command when Ordered.

New York, Oct. 13.—General Hancock was seen in bed on Governor's Island by an associated press reporter who called to inquire about the secession of General Hancock to the command of the department of the Missouri. The general said, "I know nothing at all about the matter beyond what is in this morning's papers. The order has not been issued as yet, but probably will be issued today. It affects many others besides me, and of course important disposition of commands will be under discussion some time, but so far as I know no determination has been reached yet." He could not, however, tell whether his future headquarters would be at Chicago or elsewhere. The general intimates the change to the department of the Missouri would not be displeasing to him. He said he was much improved in health and intended getting up this afternoon, though he expected to be confined to the house for several days. He said it was his last day in bed.

MONTEAL SCARED AND PANICKY.

Montreal, Oct. 13.—There is a veritable scare here. It is hearkened out that the most extensive wholesale client of the bank of Montreal is in financial trouble. The liabilities are large but the assets are expected to show nothing actually. It is announced that if the failure takes place it will cause a terrible sensation as the head of the house has been credited with being a millionaire. Cotton dullness is said to be the cause. A conference of the head of the firm with the bank authorities is pending, but no decision is yet arrived at. There was a semi panic in the stock market here this morning and bank of Montreal sold down to 195 1/4.

McGowan, of Iowa, secretary of the American Missionary association, made an address upon the great advancement of Congregationalism among whites and blacks of the south, made through the efforts of the society. His statement that the general government ought to establish common schools in the south was applauded. A memorial was presented by the Dakota general association for establishment of a national bureau of Indian education and a communication to present to congress a bill establishing such a bureau.

THE SLUGGER MOBBED.

SCRANTON Pa., Oct. 13.—The John L. Sullivan combination was killed at the Irving Park this afternoon, but failed owing to threatening weather to give an exhibition. The crowd was greatly increased, clamored for the admission money refunded and overpowered the ticket seller. A number of people were trampled and trampled upon. The manager escaped with the money on horseback. To-night while Sullivan was in a barber shop a large crowd assembled outside, hooting, hissing and threatening his life. The police on trying to disperse the mob were assaulted and two of them severely wounded and kicked. Sullivan escaped through a side door and went to his hotel which was then closed by the proprietor. Several of the rioters were arrested.

MARSHFIELD, WIS., SENSATION.

[Special Telegram to the Globe.] MARSHFIELD, Wis., Oct. 13.—The attempted murder of Mrs. Maria Keyes by her husband, Alonzo Keyes, has created considerable excitement. Keyes and his wife have lived unhappily for several years and separated last May, Mrs. Keyes retaining possession of their only child, a girl about 14 years of age. For the past few days Keyes has been endeavoring to induce the woman to return to him and begin life anew. The woman has steadfastly refused to be reconciled and their domestic trouble culminated yesterday in the shooting. At 8:30 p. m., armed himself with a five-shooter, Keyes repaired to the residence of his sister-in-law, Mrs. J. B. Grievens, where Mrs. Keyes and her daughter were sleeping. He entered the house unannounced, and going up to his separated wife said "Mary our troubles will now be ended." Suiting the action to the word he pulled out the revolver and shot, the ball striking the woman in the head near the left temple and coming out of the back of her head. She ran screaming from the house, out at the back door, Keyes following and firing twice more. One ball grazed her arm, then after firing an ineffectual shot at Mrs. Grievens she was murdered dead, leaving his wife lying senseless in the back yard. He took to the woods but at 7 o'clock yesterday morning returned to the city and gave himself up to City Marshal Legenback, and was at once lodged in jail to await examination. He expressed no remorse at his deed but heartily said that his only wish was that the bullet had killed her on the spot. The woman is now at Mrs. Grievens and in an exceedingly dangerous condition.

OLD WORLD NEWS.
