DEMOCRATIC NOMINATIONS.—The Democratic Mass Meeting announced last evening attracted a large number of citizens to the Representative Hall.

At Toledo the meeting was called by order of Gen. Leach. John H. Rogers was called by the chair by acclamation, and Judge Lovell chosen secretary of the convention.

Dr. Daens was then nominated for Mayor, but declined. The proposition was made to nominate by acclamation—Word opposed, as Mr. Castner or his friends might think they did not have a fair chance.

The committee returned, and the following report was submitted and accepted.

AN IMPROVEMENT TO THE CITY.—We took a look yesterday at the fine mansion of Mr. John S. Russell, on the corner of the foot-hill, a greatly looking pleasure to the left of the extension of Coover street, and commands a delightful view of the town and surrounding country.

THE RECEPTION.—The reception given by Mr. Rockefeller and lady at their mansion on the evening of the 29th, was attended by all those who were invited to be honored with a card.

SUMMIT.—The Christmug mill on the Oro Caobe was started on last Monday, and its work was beyond the expectations of the most sanguine. The mill is worked admirably.

POLICE COURT.—Another batch of Chinese were before BH honor on Saturday, for game biling; three males, and the proprietress of the house, a female.

AT WORK.—A gentleman who made a trip to the Summit district yesterday, states that quite a number of miners were at work in the gulch, constructing ditches and working on the surface.

UNLIMITED CREDIT.—We believe it was Alexander Dumas who made the term "unlimited credit" popular in the world.

THE CIRCUMBENDIBUS.—"Having to go around Robin Hood's barn to get into his house" is a well known proverb.

LODES RECORDED.—Yankee Nation, Hot Springs, J. L. Clarke; Orana, Brown's District, W. I. Dehority; Commodore Nutt, Silver Star, Z. D. Mathus; Dora, Silver Star, Z. D. Mathus.

EVERYWHERE.—Read the communication from our correspondent "Everywhere." It will tell you more than we can say.

THE FORT COOK LETTER.—We call attention to the letter in to-day's paper, dated Fort Cook. This is officially known as Camp Cook, and is situated at the mouth of Judith river, eighty miles below Fort Benton.

SCANDAL IN HIGH LIFE.—Every person who has been in the city on Thursday, and for an hour or two one particular theme was the subject of conversation.

"GONE TO HIS DEATH."—We have the rumor from a perfectly reliable source, that George Rosenbaum, who was whipped and banished from this place by the Vigilantes, during the last summer, was hanged in Nevada a day or two ago. The telegram gives no particulars, but it is presumed that the Vigilantes did the good work, and have seen no mention of his arrest or trial in any of our exchanges.

MARRIED.—Henry Thompson, Esq., of the firm of Taylor, Thompson & Co., Helena, who took a trip to America last fall, has found it agreeable to enter the society of Benedictine nuns, and has been received by his friends here, tied with the inevitable satin bow, and it is fair to presume that ere this the train are one flesh. We wish them all the joys of wedded bliss, and extend them our congratulations, and a welcome to the mountains.

SCHOOL TERM.—The Board have not yet decided upon any particular lot upon which to erect a school house, they have however, rented the house formerly occupied by Mrs. Yates, on the corner of the Broadway and Idaho streets. The session will commence on Monday, the 4th of February. Send the young folks to school.

ACCIDENT.—Col. Deimling met with a painful accident yesterday. While closing the door of the huge safe in the vault of John Ho & Co's, his hand was caught and terribly crushed. His thought that amputation was necessary. The Col. thinks it is the result of not letting his right hand know what his left hand doeth.

We have information that a bill is traveling through Washington Territory soliciting subscriptions for a Montana paper, and after collecting the money, the editor is to be sent to the States. We had heard from, he was in Walla Walla. We have no agents except those whose names appear in the paper. Beware of him.

THE WEATHER.—We generally have an article in each issue, on this exciting topic. The fact that commenced falling yesterday morning, and has continued like the intermittent fever until the present writing, affords us the opportunity of stating, that what little we saw of it was exceedingly wet.

GOOD WORK.—Mr. Hendry, of quartz mill fame, called to see us, and from him we ascertained that his mill is doing a fine business. For the six days ending January 22d, from one hundred and forty-six tons of second-class Whitelatch Union ore, \$4,342.38 in value of gold was produced.

NEW DRY GOODS STORE.—The store room recently occupied by Helman & Company has been fitted up in a very neat and tasty manner. The store is on the 25th st., at a brewery on the street, and the performers the chosen leaders of the Virginia free lancers and performers on improved machinery.

THE CLERK of the weather has retreated, and from intense cold the air is now as balmy as the soft zephyrs of June. The snow has almost disappeared from the streets and the gulch.

DRAMATIC.—We are again to be honored with a visit from the Thespian god. John C. Orem has rented and is refitting the Representative Hall for the purpose of a Theatre, and will give the grand opening performance on Saturday evening next.

FOR THE EAST.—Mr. Samuel Russell, of the firm of Potts & Russell, will leave by Monday's coach for his home in St. Joseph, Missouri, and be absent some months.

AT WORK.—A gentleman who made a trip to the Summit district yesterday, states that quite a number of miners were at work in the gulch, constructing ditches and working on the surface.

UNLIMITED CREDIT.—We believe it was Alexander Dumas who made the term "unlimited credit" popular in the world.

a coarse-featured fellow, who has been under a cloud for some time, and a couple were evidently quarrelling, and thinking of a quarrel will be served. We can assure them, however, that the people of Virginia keep an eye on all such things and remember.

BETTER.—We are pleased to see that Prof. Chas. Rumley, is again able to attend to his duties as an assayer. His many friends will no doubt be glad to learn of his convalescence.

A BIG THING.—The last clean-up from the two mills crushing from the Whitlatch Union lead is by far the biggest thing in that line yet, \$10,500 being the amount taken from the plates and batteries of lead's rights.

SUDDEN DEATH.—One of those fatalities that come upon us like a clap of thunder from a clear sky, occurred in this city on Thursday, when Henry Burhens, who has been in the employ of Mr. Helman in this city, and of his brother in Omaha, for nearly ten years, was seized with a fit and fell on the bridge, and a gentleman who happened to be passing picked him up and carried him to his home, where he died.

SAD BEREAVEMENT.—Mr. and Mrs. W. M. Thomas of this city, have met with a sad bereavement, in the death of their only and amiable daughter, Fannie S. Thomas, aged 17 years, who departed this life in St. Louis, Missouri, on the 17th inst.

OUR COACHES.—The regularity which marks the arrival and departure of Wells, Fargo & Co's express between this point and Virginia, is something almost unprecedented, and deserves the commendation of all those who are interested in the two points have failed but once to make connection, either going out or returning, and the managers of this end of the line deserve great praise for their usual regularity.

THE H. D. C.—Another of the elegant soirees of the Club took place at Capital Hall, on Broad street, on last Thursday evening.

REMEDIED.—The following are the officers elected to serve for the year ending by Morning Star Lodge, No. 5, A. F. and A. M.: John Potter, W. M.; Bennett Price, S. W.; Abraham Wade, J. W.; Harvey J. Stackhouse, S. W.

ON THE WING.—Not "an angel" but X. Beidler, whose intention it is, we believe, to make a raid into Virginia per excursion, as soon as the cause which led thereto, we have but given him your denizens, were sadly mistaken.

GOLD DUST SHIPMENTS.—We are indebted to Mr. J. L. Street, the gentlemanly agent of Wells, Fargo & Co's express in this city, for the following figures of the amount of gold dust shipped over their line from August 11, 1866, to January 22, 1867.

PEOPLE'S THEATRE.—This place of amusement will open this evening with a good bill and a talented company of artists.

JOHN VS. THE NEGRO.—A San Francisco writes as follows to a Boston paper: "In a few months, or years, the Chinaman will cross the Rocky Mountains and begin to fill up the valley of the Mississippi. As soon as the Pacific railroad is completed, the path will be open to him. Millions can still be accumulated in the mines of the Pacific coast. On the 1st of January, 1867, the Colorado, the pioneer of a new line between San Francisco and China, commenced her trips, and every arrival will bring from one thousand to fifteen hundred to that port. Capitalists are already discussing the question of contracting with Chinese companies for immense numbers of them to cultivate the cotton fields of the South, for a term of years, at a much cheaper rate than negro labor can be obtained. Soon the rivalry between the Chinaman and the negro will commence."

ONE of the features of Miss Hosmer's monument to Abraham Lincoln, now on exhibition in Boston, is the four negroes standing on the pillars—one chained and ready for sale; one standing rigidly; one alive with tact and guidance, with torch and car, ready to guide our troops across the Southern swamps, and the last armed as a soldier, emancipated, ready to defend his rights. These represent the negro as he existed during four periods of President Lincoln's administration.
