To clubs—Where six Watches are ordered at
one time, we will send one Extra Watch, mak-
ing seven Watches for ninety dollars.
Caution—Since our Oroide Watches have
attained so high a reputation, and the demand for
them has greatly increased, many persons are
offering common and worthless watches for sale,
representing them to be Oroide Watches, in some
instances stating that they are our Agents. We
had the refusal of all other contrivances, adopted
Agents, and the no one else does or can make
Oroide; consequently these representations are
false. The genuine Oroide Watches can only be
obtained by ordering directly from us. Beware!

WALTHAM
WATCHES!
THE extensive use of these watches for the last
fifteen years by Railway Conductors, Engi-
neers and Expressmen, the most exacting of watch
wearers, has thoroughly demonstrated the strength,
steadiness, durability and accuracy of the Wal-
tham Watch. To satisfy that class in all these
respects, is to decide the question as to the real
value of these timekeepers.

More than 400,000 of these watches are now
speaking for themselves in the pockets of the peo-
ple—a proof and a guarantee of their superiority
over all others.

The superior organization and great extent of
the Company's Works at Waltham, enable them
to produce watches at a price which renders com-
petition futile, and those who buy any other watch
merely pay from \$5 to \$50 cent more for their
watches than is necessary.

We are now selling Waltham Watches at less
prices in greenbacks than the gold pieces before
the war. There is no other manufacture of any
kind in the United States of which this can be said.

Among the many improvements we would par-
ticularly mention:
The invention and use of a centre-pinion of
peculiar construction, to prevent damage to the
train by the breakage of main springs, is original
with the American Watch Company, who having
had the refusal of all other contrivances, adopted
Pog's Patent pinion as being the best and fault-
less.

Hardened and tempered hair-springs, now uni-
versally admitted by Watchmakers to be the best,
are used in all grades of Waltham Watches.
All Waltham Watches have dust proof caps
protecting the movement from dust, and lessening
the necessity of the frequent cleaning necessary
in other watches.
Our new patent stem-winder, or keyless watch,
is already a decided success and a great improve-
ment on any stem-winding watch in the American
market, and by far the cheapest watch of its
quality now offered to the public.

To CALIFORNIANS and others living in por-
tions of the United States where watchmakers do
not abound, watches with the above mentioned
improvements, which tend to insure accuracy,
cleanliness, durability and convenience, must
prove invaluable.
Every watch bearing the trade mark of
Waltham is guaranteed to be a thoroughly re-
liable timekeeper.
To prevent imposition, buyers should invariably
demand a certificate of genuineness.

The trade supplied by Messrs. E. B. Gray &
Co., San Francisco, Cal., and generally for sale
retail by all respectable dealers.
