SPECIAL RACING MATINEE TO BE HELD HERE MEMORIAL DAY

Manager Laurence of the Butte Racing Association Promises a Good Holiday Card—Harness and Running Events Scheduled—Preparing for the Coming Spring Meet.

In order that Butte racing enthusiasts may have good holiday sport, Manager E. D. Laurence of the Butte Racing Association has decided to hold a special racing matinee at the track on Memorial day. The proposition has been submitted to horse owners and has met with general approval. All are enthusiastic and have expressed an intention of entering for the five events which will make up the card for the day.

According to present plans there will be two running and two harness events. The fifth event has not been decided upon. It will probably be a running race, however.

Manager Laurence stated this morning that he was a little dubious about three harness events. He said there would be no trouble in getting all the entries necessary for any number of running races, but was afraid there were few trotting or pacing horses in or about Butte that were at present up to a race. For that reason it said it may be necessary to make the running races in the majority.

Mr. Laurence is desirous of having at least one 2-year-old event on Memorial day if possible. He is of the opinion that sufficient youngsters can be entered to insure the race. He spent last night and this morning with his assistant, Robert Curran, in figuring the matter out, and arrived at the conclusion that

such an event can be arranged. All that is necessary is a little co-operation on the part of the owners. There are still nine days intervening before May 30, and it would be a matter of no difficulty to get the thoroughbreds up to a race in that time.

The weather will of course be a factor. If it continues mild and clear, there should be no reason why considerable work cannot be accomplished and a sufficient form reached to insure against disastrous results. It is true that, generally speaking, the 2-year-olds, and in fact all of the horses about Butte, at present are backward. That is due to the fact that owners and trainers have been in no hurry to get their stables into condition, as they had been figuring an establishing form by June 29, the opening day of the regular meeting. They felt in no hurry with so much time ahead of them.

Now, however, that an opportunity has been offered for a brush on Memorial day, the trainers will begin work getting the animals into shape. Manager Laurence feels assured that good sport can be furnished even if the 2-year-olds only go for a quarter. The interest in such a race would be just as great as though it was for a mile and a half.

Messrs. Laurence and Curran have been assiduously at work preparing for the spring meeting of the Butte Racing Association. They have about completed the compilation of the book of stake entries. In fact, the book is now in the hands of the printer, and will be published as soon as the proofs are verified. The badges, miscellaneous tickets, etc., and the lithographs are in hand. They arrived yesterday. The lithographs will be posted within a few days.

GOOD SPORT NOW ASSURED BY THE BUTTE COURSING CLUB

The second meeting of the Butte Coursing club, held Sunday afternoon, was well attended, and from the present outlook, the sport of dog-racing has never enjoyed the popularity and dimensions that will be brought about this season. More people are interested in the game this year than ever before, and the local club is organized on a business footing which will go far towards the advancement of the sport. There are more and better dogs in training than have heretofore been seen in Butte, making it possible to have large stakes, made up of first class hounds. Altogether, the prospects of coursing have never been better.

The officers of the club elected for the season, are as follows: President, A. W. Jones; Vice President, Albert Spear; Treasurer, Henry Mitchell; Secretary, R. M. Griebel, and slip steward, Harry Nichols.

Joseph E. Hosking was elected judge, and it would be hard to find a fairer or more conscientious man for the saddle. James Smith and T. E. Andrews are to

act as alternates should Mr. Hosking not be present, with Harry Corbis first assistant and Joseph Hicks second. In placing the helm in the hands of the above named men, the public is assured that the sport of coursing this season will be guided with competence and absolute fairness.

As there can be no such thing as "pulling" a dog, the betting is based absolutely upon the merits of the contestants of each race. "Doping," while strictly prohibited, even when resorted to, can never be depended upon, as there is an even chance that the effect will be just opposite to that desired. Furthermore, nothing will sooner ruin a dog than druging, and the practice is almost unknown. Crookedness is never a factor in this sport.

The Inter Mountain will give its readers the drawing each week when the park is open, as well as the form of the dogs. This will afford the patrons of the game an opportunity to base their selections of coursing winners upon the best judgment of form obtainable.

GENERAL SPORTING GOSSIP.

Judging from the following communication made public by Martin Julian, manager of the Terrible Turk, Nouroulah, the former is particularly anxious to have the swarthy skinned giant from the Sultan's domain meet Ernest Roeber on the mat. He seems convinced that Roeber would have little chance with the Turk, and offers to make a match on terms that are unusual. His letter explains itself:

"As my contract with Nouroulah expires May 25 and he is scheduled to sail for Europe on that day, I would like to have meet Ernest Roeber before he leaves. It was originally on Roeber's account that I signed a contract with the Turk, as I always felt convinced he was the better man. I have been ready to make a match with Roeber ever since Nouroulah has been in this country, but nothing has come of it.

"Roeber and Pons wrestled over an hour and thirty minutes without a fall at Graeco-Roman style. Although Nouroulah is a catch-as-catch-can

wrestler, I will make the following proposition to Roeber on behalf of the Turk:

"Nouroulah will agree to throw Roeber twice in one hour at Graeco-Roman style, and if he fails, Roeber can have all that comes in at the gate. There are no strings, stipulations or impossible conditions attached to the proposition, and it goes as it stands. If Roeber still claims the Graeco-Roman wrestling championship, here is his chance to defend it. He cannot put forth the claim of lack of condition, as I will put the date back as far as May 24, the day before the Turk is booked to return to his native land.

This will give Roeber ample time to prepare for the battle, and he can be fit to put forth his best efforts by that date. I will post a substantial forfeit to bind the match as soon as Roeber signifies a willingness to accept this equitable offer.

"Considering that Nouroulah meets both Atherton and Gallagher in Buffalo May 21, guaranteeing to win two falls from each man within sixty minutes, it can be seen that my offer to Roeber is a bona fide one. All I ask is two or three days to elapse after the Buffalo affair in order that Nouroulah can have time to rest up.

"Nouroulah is now champion catch-as-catch-can wrestler, having won the title from Jenkins, and I am desirous of securing for him the chance of winning the Graeco-Roman championship. It is now up to Mr. Roeber. A reply from him is anxiously awaited. Sincerely yours,

MARTIN JULIAN.

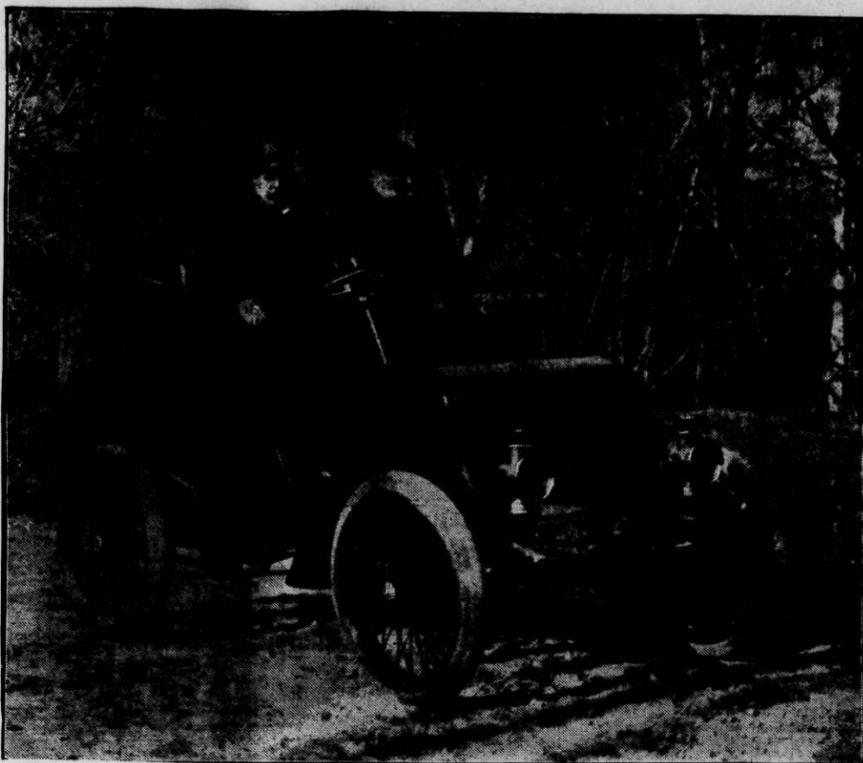

They have a summary method of treating offenders in the American League and President Johnson wields the ax. For persistent conversation directed at the umpire Pitcher Clark Griffith was benched by Johnson for a period of five days. He was also condemned to silence and could not coach either from the bench or the lines until his five days were up.

He is not barred from pitching, however, but he must keep still and not talk back to the umpire.

Griffith is the first man disciplined by President Johnson this year.

Phil Wand has been selected to referee the Herrera-McGovern fight, which will be the leading event of this month's pugilistic festivities. The Bakersfield champion objected to Eddie Garney, who had not as yet accepted the position, notwithstanding that he was perfectly acceptable to Manager Carillo. Jack Welch's name was mentioned, but it could not be agreed upon by both managers. Hirman Cooke's name was also discussed, as were several others. After considerable discussion between Managers Harris and Carillo, Wand was agreed upon to referee the fight.

Every woman ought to be afraid of a cough. It is nature's danger signal. Who does not know of some sweet woman whose silenced forever by disease which began with a slight cough.

The use of Dr. Pierce's Golden Medical Discovery will ensure a permanent cure of the most obstinate and lingering cough, to sound health and strength. I tried lots of different medicines and different doctors, but did not feel much better. I coughed until I commenced spitting blood, but now I feel much stronger and am entirely well.

"I am feeling quite well," writes Miss Dorcas A. Lewis, of No. 1129 24th Street, Washington, D. C. "and I owe it all to Dr. Pierce's Golden Medical Discovery. I had been quite a sufferer for a long time, and after reading Dr. Pierce's Common Sense Medical Adviser thought I would try his 'Golden Medical Discovery.' I had not been sleeping well for a long time. Took one teaspoonful of Dr. Pierce's Golden Medical Discovery and slept nearly all night without coughing, so I continued taking it. I had been a great sufferer for more than ten years. I tried lots of different medicines and different doctors, but did not feel much better. I coughed until I commenced spitting blood, but now I feel much stronger and am entirely well.
