Wife and Husband End Their Lives Side By Side

Young Married Couple Evidently Agreed to End Their Unhappy Lives With the Pistol

(By Associated Press.) Chicago, June 11.—Side by side, each with a bullet wound in the temple, the dead bodies of a young couple, who registered as Hartman and wife, were found in their bed at the Great Northern hotel last evening. The room showed no evidence of a struggle, but the revolver clutched in the right hand of the husband told the story of the double tragedy.

The woman was identified as Rose Le Zebre, a variety actress, known as Rose Zibede. The father of the dead man is said to be a wealthy tobacco dealer, in business in New York.

About a year ago the young Louis Hartman developed a tumor of the brain and was placed for a time in a sanitarium. He was discharged from the hospital about four months ago and since that has been working for his father. A little less than a month ago he met

his wife, whom he had married after a brief acquaintance, and who was said to be a Russian, and renewed his relations with her. The elder Hartman learned of the fresh outbreak of infatuation and tried to persuade his son to leave her.

Two weeks ago young Hartman and his wife went to Reading, Pa., but the father followed and brought his son back to the city. A week ago Sunday the young man once more disappeared and his parent traced him to the boarding house in this city. Mr. Hartman called on the young woman at the house and had a long talk with her, in the course of which she assured him that his son was not there and said she had not seen him.

Mr. Hartman left after threatening her with arrest if it should appear that she had deceived him and the same night he set a watch on the house. Young Hartman and his wife eluded the sentinel that night and left the city. The father traced them to several cities but failed to find them.

NO HOPE FOR ENGA LARSON

Woman Burned in Centennial Lodging House Fire Will Probably Die

Small hope is entertained by the attending physicians for the recovery of Enga Larson, proprietress of the Centennial lodging house, who was badly burned during the fire Sunday night. The woman is at Murray & Freund's hospital and is suffering great agony. No one is permitted to see her and those who are acquainted with her unfortunate condition will not be surprised to learn of her death at any moment.

Lodgers at the Centennial house, who supposed that all their clothing and other valuable had been consumed by the flames returned to what was left of the building yesterday and most were rewarded by the finding of many clothes and other property. A gold watch and fifty dollars in currency were found in Miss Larson's room, while Frank Northoff discovered the \$5,000 insurance policy which he thought burned in the fire. D. L. Yorty is \$108 better off in cash, which was left in his room and was recovered yesterday.

Christian Jensen, of the bakery in which the fire started, recovered a good many pieces of wearing apparel which he supposed were lost in the flames. A satchel containing about a thousand dollars in checks and currency which was left in the bake shop, through the efforts of Chief Slinger of the fire department, was recovered.

IN HIS LAST RESTING PLACE

Remains of Dr. G. W. Beal Buried Today—Was a Well Known Pioneer

The funeral of the late Dr. George W. Beal was held at 2:30 o'clock this afternoon from the residence of his daughter, Mrs. Ella Newkirk, at No. 522 North Main street. From the house the remains were taken to Mountain View church, where the Rev. Dr. Albritton delivered an eloquent sermon. The church was crowded with those who had come to pay respect to the memory of the deceased.

Dr. Beal was known to every pioneer in Butte, and all unite in saying that he was a noble character. "A mighty good man, and one that will not soon be forgotten," is the way Simon Hauswirth put it. "More than once he dropped his gold pan in the rich diggings to go miles to the assistance of some sick person. He always thought of himself last."

The statement given out that the deceased never regained consciousness after he went over the grade at German gulch with his team is contradicted by Dr. Schwartz, the attending physician. He says Dr. Beal was conscious to the last and knew and addressed his relatives.

Dr. Beal's death was due more to the shock to his system than to the fracture of his skull. He lay exposed during the whole of Friday night, and when found was almost exhausted. The night was very cold, and Dr. Beal's constitution was not strong enough to stand the shock.

HEINZE CAN WORK SNOWBIRD.

Judge Clancy Refuses to Issue an Injunction for the Johnstown Company.

Judge Clancy has declined to enjoin F. A. Heinze, the Montana Ore Purchasing company and the Johnstown company from mining the veins of the Snowbird claim, owned by the Anaconda company, the decision being rendered last evening. The hearing took place in sections, the first section passing before the court several weeks ago and the last one commencing at 2:30 o'clock yesterday.

day. The testimony showed that the Anaconda agreed to sell the property to Heinze in 1897 and that the latter paid Anaconda \$100,000 on the purchase price, but the money was returned.

SCAVENGER CAUSED A KICK

Board of Health Says Refuse Removers Must Obey City Ordinances

Hereafter the licenses of all scavengers who disobey the city ordinances will be revoked and new ones refused to the offenders by the city's board of health.

The trouble with the scavengers was brought up at last night's meeting of the board of health through a complaint made against G. W. Vineyard, a scavenger who had been permitting his wagon to stand on Dakota street in the residence portion for two or three days.

Vineyard appeared before the board and informed the members that a wheel on the wagon had broken while his team was hauling it and that he had merely left it in the street until he could repair it.

Vineyard was excused for this offense but the board stated that in the future all such infringements on the city ordinance will be severely dealt with hereafter.

Queen for Street Fair.

The executive committee of the Butte street fair and carnival has decided that a queen shall be selected to preside over the destinies of the city during the period of gaiety. There will also be a king, but his majesty will cut a secondary figure.

Ballot boxes will be placed in a number of the principal stores, where ballots may be purchased. It is requested that the names of candidates for queen be presented at fair headquarters, Thornton hotel, before Thursday night.

JURORS DID NOT WANT WORK

The Excuses Judge Harney Heard From Men Selected to Serve.

Judge Harney secured a jury yesterday and began the trial of cases today. Quite a number of those subpoenaed were excused for cause. While the excuses were being offered, the judge had a little fun with two applicants for release.

"What is your reason for not desiring to serve on this panel?" he asked one lanky man.

"Your honor," replied the man, "I am hard of hearing."

"Where are you from?" asked the judge.

"Missouri," modestly replied the applicant.

June 28—State vs. J. B. Johnson, assault in the first degree; William R. Brady, William Berault and A. Perry, appeal.

July 9—State vs. John Boyd, grand larceny.

Will Contest Ended.

The petition of William F. Pierson, asking the probate court to set aside the order admitting the will of the late Mary Pierson to probate has been denied. This settles the contest. The petitioner and Mary Pierson were husband and wife, and when the latter executed her will she left the former only \$5. The estate is valued at about \$5,500.

BOOM IN OUR AFRICAN TRADE

When the Fighting Ends We Will Have Great Market for All Kinds of Products.

Washington, June 11.—"Although the war drags its slow length along," said Consul General Stowe at Cape Town. In a report to the state department, "business has been fairly good in the British colonies and the imports from the United States have not fallen off in value."

The products that serve to equip us to feed a non-winning population, Mr. Stowe said, have swelled the volume of our exports to South Africa. The consul general predicts a decided boom in all lines of trade as soon as the fighting actually ceases. The losses from the war which, he says, cover almost everything that enters into life, will afford a splendid field for the exporters of the world.

Mr. Stowe reports that the customs union which has existed between the British colonies, the Orange Free State and Rhodesia has been broken. The administration of Rhodesia has announced that the agreement with Cape Colony in regard to customs duties on imports has been abolished and that the duty on goods imported through the British colonies, which heretofore has been collected at Rhodesia, now will be collected at Cape Town. The consul general states that an average of ten cases of plague a day appeared during the warm weather of the dry season and he fears that the rainy season will increase the number of cases. The exodus from Cape Town, he says, is considerable and outward bound ships are crowded.

All Ready For Baby,

The young mother thinks, when she has completed the baby garments that are to clothe the little form. But she is not all ready for baby's coming, unless she has done something more for the baby than merely to prepare his clothes. Many a young mother who goes through hours of pain and suffering wonders why it was not possible to prepare in some way for the baby's advent, and to avoid the agony that seemed almost unendurable. Dr. Pierce's Favorite Prescription is the one medicine for women which prepares them perfectly, both for the burdens and pleasures of maternity. It prevents the morning sickness from which so many women suffer. It strengthens the whole body, so that there is no nervousness nor anxiety. It promotes a healthy appetite and causes refreshing sleep. It gives the mother strength for her trial and makes the baby's advent practically painless. Healthy mothers have healthy children, and it is the general testimony of those who have used Dr. Pierce's Favorite Prescription as a preparative for motherhood, that the children were healthier and happier than those born after months of mental misery and physical anguish on the part of the prospective mother.

Sick and ailing women are invited to consult Dr. Pierce by letter, absolutely without fee or charge. As chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., Dr. R. V. Pierce, assisted by his staff of nearly a score of physicians, has in the past thirty years and over treated and cured more than half a million sick and suffering women. The testimonials of these cured women are on record. A large number of them were cured when doctors had pronounced a cure impossible and after enduring years of useless suffering.

Let no sick women hesitate to take advantage of Dr. Pierce's offer, but write at once and so secure the professional counsel of a specialist in the diseases of women, entirely free. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Hoped for Death.

"For the sake of poor suffering women, I feel it my duty to inform you of the great benefit your medicine has given me," writes Mrs. Callie Bowles, of Watts, Fredell Co., W. C. "I was in a most miserable condition when I wrote to you. I had uterine disease so bad I could scarcely walk and suffered such dreadful misery I hoped to be relieved by death. You wrote to me to take your 'Favorite Prescription' and I have taken eleven bottles of it, and feel like a new woman. I feel thankful to God and to Dr. Pierce for the blessings I now enjoy. I have a fine big boy, two months old as well as go along as well in my life. I can't praise your medicines enough."

Very Thankful.

"I will be very glad to say a few words for Dr. Pierce's Favorite Prescription," writes Mrs. F. S. Douglas, of Mansouville, Brome Co., Quebec. "During the first four months when I looked forward to becoming a mother I suffered very much from nausea and vomiting and I felt so terrible sick I could scarcely eat or drink anything. I hated all kinds of food. At this time I wrote to Dr. Pierce and he told me to get his 'Favorite Prescription' and a bottle of 'Golden Medical Discovery.' I got a bottle of each and when I had taken them a few days, I felt much better, and when I had taken hardly three parts of each bottle I felt well and could eat as well as any one, and could do my work without any trouble. (I could not do any thing before). I feel very thankful to Dr. Pierce for his medicine and I tell all who tell me they are sick to get these medicines or write to Dr. Pierce."
