

# DETERMINED MOVE TO REPEAL THE CHINESE EXCLUSION ACT

Free Immigration for the Celestials Will be Their Slogan—Great Memorial to be Presented to the Government—Orientals in All the Cities Join in Crusade For Free Laundry.

New York, June 15.—The Chinese in the United States are preparing for an organized fight to obtain the absolute repeal of the Geary exclusion act at the coming session of congress. The movement was started in this city early in the week, and it is expected to spread

rapidly to Philadelphia, Chicago, Seattle, Portland, San Francisco, and other cities having large Chinese population.

Within the next two weeks every one of the 15,000 Chinese here will be asked to sign a carefully prepared memorial to the United States government, asking that the exclusion act be repealed. It will be forwarded to the government along with similar memorials prepared in other cities, through Wu Ting Fang, the Chinese minister at Washington. An effort will also be made to gain the support of Americans who are opposed to the exclusion act.

## WILL REQUIRE HEAVY BOND.

If Waterbury Gets a Telephone Franchise Here He Will Find It Unprofitable to Sell.

If the statements of certain persons in a position to know what they are talking of are to be taken for anything, A. L. Waterbury is going to have a hard task, manipulating telephone franchises in Butte, as it is claimed he did in Salt Lake City.

Not long ago Waterbury applied for a franchise to erect poles and conduct conduits to establish a telephone system in Butte. The application was made to the city council, and that body now has the matter under consideration.

It appears from Salt Lake City advices that Waterbury secured a franchise in that city and expended \$3,000 before he attained his object. After he secured a franchise, it is alleged, he sold out to the Rocky Mountain Bell Telephone company for the nominal consideration of \$250. The deal caused a great deal of gossip in Salt Lake, and it was claimed that Waterbury had received a much larger sum for the franchise granted him.

In view of his alleged peculiar financial methods in Salt Lake, it is claimed, the city council of Butte has determined that in case he is granted a franchise here, he shall receive an effectual check on what a member calls "monkey business of this kind" at the same time.

"Waterbury may receive a franchise," said a member of the council this morning, "and he may not. One of my warmest friends is working in his interests, and I don't want to talk too much for that reason. But this much I will say: If Mr. Waterbury secures a franchise he will be put under such heavy bonds that if he tries to sell out he will find it a losing game."

## Picnickers Make Merry.

A jolly crowd of merry-makers left Butte Thursday morning for Nine Mile canyon. They camped three miles above the Nine Mile house and enjoyed the day lurching and playing baseball and other games.

After they had exhausted all other means of entertainment they went down to the Nine Mile house and danced, having taken their own music with them. At about 9 o'clock they boarded the big trolley again and came home. After dining all went out to the Columbia Gardens and finished the evening there. In the party were Mr. and Mrs. Eadie, Mr. and Mrs. Leary, Misses Alice Barrin, Anna Paulson, Sabina Norman, Maggie Rankins, Anna Palmer, Rose McDermott, Clara Scharf, Messrs. Will Martin, Dan Ciulin, Tralnor, Worth Almon, Jack Jackson, Jack Dunn, Fred Rockso, Al Jackson, Will Wright, William Hannon, Scheeley.

## Daughters of the Revolution.

The Daughters of the Revolution met Friday with Mrs. Elmer Kern, at her apartments on West Broadway. Flag Day is one of the days which the Daughters celebrate, and Mrs. Kern had most fittingly decorated the rooms with that most beautiful of all draperies, "Old Glory," so that one entering instinctively felt a salute was due the emblem.

A short business session was followed by an informal discussion of the flag and the observation of the day set apart for it. Bits of historic information were read; the work that the Daughters of the American Revolution and their sisters, the Daughters of the Revolution, are doing was brought to notice, and a general feeling of surprise and regret

## INDEPENDENCE ANNIVERSARY.

A Spark of Patriotism Indicates that July 4 Will be Appropriately Observed.

The vat of independence has finally been tapped after many unsuccessful efforts, and Butte will celebrate the Fourth of July in fitting style. A number of prominent business men met last night at the city hall in response to the call of A. F. Bray, chairman of the committee, and elected a general executive committee to take charge of the celebration, as follows: D. M. Newbro, chairman; William Gallic, T. J. Bennett, Sig Genzberger, Hugh I. Wilson and William Horgan.

Chairman Newbro announced that a meeting of the committee will be held at the office in his drug store Monday morning at 10 o'clock, at which time the various sub-committees will be appointed. It was stated that Chairman Thompson has about \$5 on hand from last year's celebration. T. M. Hodgson was elected treasurer for the coming celebration.

Among those present at the meeting was the incorrigible Sol Levy, who will urge the proper sub-committee to make his famous Indian parade one of the features of the celebration. He says that it would be only common charity to permit the numerous redskins hanging around Butte to take part in the parade at so much per head. The meeting decided that the Indian feature "came under the head of Los Quevos."

## An Unusual Request.

Chief of Police Reynolds today received word from Great Falls that Joseph Turcot, who for some time worked in a feed store in Butte, was wanted at the telephone by friends at Great Falls. The chief was asked to find the man, if possible, and have him call the telephone station at Great Falls.

## CANNED DELICACIES.

We have between 100 and 150 varieties of canned luncheon delicacies and meats. Possibly you would like to know what some of them are made of? TENDERLOIN BEEF—Made from the fillet or tenderloin, broiled and put up in the natural beef gravy. CHICKEN A LA MARENGO—Composed of large pieces of broiled chicken, mushrooms, French truffles, with the addition of a full flavored sauce. MACEDOINE STEW—Consists of large pieces of broiled veal, mutton and beef, to which is added a rich sauce, and a liberal portion of French peas. VEAL CUTLETS—Two good sized broiled cutlets, served with the celebrated Milanese sauce. PORK CUTLETS—Two broiled loin cutlets, cut generously thick, and served with the well known Piquante sauce. SLICED CHICKEN AND TONGUE—Consists of the choicest white chicken meat, and selected beef tongue, both sliced evenly and packed in alternating layers.

The above products are a distinct innovation in canned meats and upon investigation you will find that they are equal, in every respect, to similar dishes which may be served at the best hotels, restaurants and clubs. They also serve to demonstrate what a delicious and satisfying meal may be obtained at a reasonable price. Furthermore, they are just the thing for camping, picnic and fishing parties.

## IN THE HOTEL LOBBIES.

The anniversary of Bunker Hill will be memorable in Forsyth for more reasons than one. On that day, June 17, will begin what is claimed will be the greatest sale of high class horses ever held in the northwest. The sale will last ten days and will be carried on by Fletcher Bros., of Minneapolis, whose FUF brand, marks the ownership of more horses than any other person or firm in Montana.

C. H. Fletcher, of Shorebrook, Quebec, a member of the firm, arrived at Forsyth last Monday evening and will look after the details of the sale, said J. R. Cummings, a well known cattleman of Cummins county, this morning. T. M. Rosebud has charge of rounding up the stock and classifying it, to meet the demands of the buyers. The sale will be held at the stockyards west of the town and the reserve stock will be held in and near the new firm of the corral about one and one-half miles up the track.

"So many persons are expected to attend the sale from outside districts that the question of providing accommodations became serious, but has now been happily solved. A camp has been started in the grove, near the ferry, and three large and nine small tents will be put up. With the hotel and quarters at a few private houses, these tents will afford ample accommodations for 200 persons."

"When the Rev. S. B. Tabor of Bozeman, presiding elder of the Methodist Episcopal Church, South, and president of St. Paul's Hospital association, bought a bicycle he thought the only other expense of his pleasure vehicle would be the cost of necessary repairs," said a Bozeman visitor at the Finlen.

"He has now discovered his error. More than that, the wheel was responsible for his debut in the court of a police magistrate. "It seems that the preacher offended against municipal law, and was conducted forthwith into the presence of the magistrate for colliding with an ordinance against riding bicycles in certain parts of Main street. He wasn't conducted a great distance, because he rode his wheel straight up town and into the lion's den, by dismounting right in front of the police office at the city hall. "Mr. Taylor expostulated, but to no avail. He was informed that ignorance of the law excuses no one. Seeing that he was up against the real thing, he took the matter good-naturedly, plastered the injured dignity of the law with a one dollar bill, and departed from the official on good terms."

## PERSONAL MENTION.

Attorney John R. Toole of Anaconda was in Butte yesterday. T. W. Buzzo, general manager of the Alice mine, left for Salt Lake City today. Mrs. R. P. Kelley and children have gone to Minneapolis to spend their summer vacation. Robert Marsh, agent of the Diamondville Coal company at Salt Lake City, is in Butte on business. C. D. Vall of the Anaconda Mining company's engineering corps, joined their excursion to Utah today. Mr. Vall will be absent three weeks. Charles Blair, Morris Binnard and John Dixon, of Butte, have been admitted to the practice of law at the Montana bar, having passed a successful examination before the supreme court at Helena.

W. W. Morris, of Pony, is in Butte on business believed to be connected with the sale of the Boss Tweed and Clipper group of mines. Rumors of the sale of these mines have been in circulation ever since they were bonded for \$1,000,000, by an English syndicate. Governor Mackintosh, of British Columbia, went to England last fall on a business trip and it was reported at the time that he was trying to sell these mines, but he personally denied the truth of the statement.
