

MONTANA ORE PURCHASING CO. MUST PUT UP \$350,000 IN CASH

Supreme Court Gives Heinze Until Noon Tomorrow to Produce a Cash Bond in the Pennsylvania Injunction Case—Money Is on Deposit in a Butte Bank.

(Special to Inter Mountain.) Helena, Mont., June 18.—The supreme court has decided the Delaware Surety company bond matter by ordering that \$350,000 be deposited with the clerk of the supreme court not later than 4 p. m. Wednesday, otherwise the bond will be disapproved.

This order was concurred in by a majority of the court, consisting of Justices Pigott and Milburn.

Justice Milburn, after reading the decision, said: "As far as I am concerned, as one member of this court, I think it right for me to say that the circumstances connected with the organization of the Delaware company and its connection with this bond, so far as they have been made to appear to this court, are such as to lead me to believe, and justly so, I think, that this court has not been treated with the respect with which it should be treated in the premises, but I do not know whom to charge with this dereliction of duty, but it rests somewhere; but a sense of justice to all parties concerned has led me, as one member of this court, to overlook the circumstances tending to show contempt in order to preserve the rights of the parties and do justice."

"I desire to say that the majority of the court has reached this conclusion with much reluctance and hesitation," said Justice Pigott. "I speak for Justice Milburn as well as for myself."

"That is correct," said Justice Milburn.

"My dissent upon the matter," said Justice Brantly, "is based upon the behavior of the respondents, their conduct having been characterized by a disregard of good faith in their dealings with this court. For that reason I think that the injunction ought to be put in force and remain in force until the end of litigation."

Former Governor Smith, representing the Montana Ore Purchasing Co., said: "There is now on deposit in the State Savings bank in Butte \$350,000 in cash subject to the order of Abner B. Clements, general manager and resident agent of the Delaware Surety company, which can be used for the purpose of a bond if necessary."

Mr. Smith said that the company had complied with all the requirements of the court and the law and desired its original bond to stand. Although prepared to turn over the \$350,000 on deposit in the Butte bank to the clerk of the court, if ordered to do so, he thought it would be an unjust requirement. By permitting the money to remain in the bank as surety for the company's obligation, it would be bearing something, while if turned over to the clerk it would remain idle for six months or a year, and the company would receive nothing for it.

STANDING IN VOTING CONTEST

Copper Gains In Wall Street, Market On Irregular Lines

Heavy Sales of Amalgamated and Anaconda at Prices a Shade Over Figures of Monday a Feature of the Stock.

(By Associated Press.) New York, June 18.—Realizing made considerable inroads on opening prices in several stocks, but there were notable gains in others, which gave the market a very irregular appearance.

First sales of Amalgamated Copper were 6,500 shares, at 120 to 123 1/2, compared with 130 last night. There were sales of 1,200 shares of Anaconda at 50 1/2 to 51, compared with 50 1/4 last night.

Union Pacific and Atchafalpa lost over a point. Amalgamated Copper rebounded to 129 1/2, and then met enormous offerings that drove it down to 126 1/2.

St. Paul fell, with some resistance, 3 1/2 to 179 1/2, and Missouri Pacific tumbled to 121. The ease with which stop loss orders were uncovered in these stocks discouraged the bulls, and they unloaded stock which had been exceptionally strong at the opening.

Consequently North American, which had risen 7 1/2 to 109, broke 4, Tennessee Coal lost 2 1/2, Rock Island yielded 2 1/2, Consolidated Gas 3, Colorado Fuel 2, and all classes of stocks were offered freely.

A rise in United States Steel to 50 rattled the market, recoveries elsewhere reaching 1 to 2 points, the latter St. Paul.

Prices were not well held at the rally, but although the tendency was drooping, the market did not get back to as low a point as in the first hour. Colorado Fuel made a violent dip of 10 points, and Tennessee Coal sold 1 point under yesterday's close.

After ruling 3 points above, the Distilling Company of America issues were dealt in for the first time, and improvement steadily from the outset was shown.

A good demand for Manhattan developed before midday, and its rise to 124 helped the local stocks. Rock Island rallied 4 1/2, and the general tone became firmer although the demand was strong. Bonds were active.

AMERICANS IN FIRST PLACE

W. C. Whitney's Chestnut Colt Walter Shed, With Reiff Up, Wins Trial Stakes at Ascot Heath Races.

(By Associated Press.) Ascot Heath, England, June 18.—The aristocratic race meeting on the Royal Heath opened today with cold, gloomy weather, but though shorn of its chief attraction the royal procession and the attendance of members of the royal family, the migration of fashionable London and Berkshire promises to make the meeting the usual society success.

From the sporting point of view the hard condition of the course is liable to upset a number of favorites. All the best horses of the year are engaged in one or more events, and upwards of 150 have already arrived here to contest for the

rich stakes aggregating in the neighborhood of £40,000.

The racing opens promisingly for the Americans, with W. C. Whitney's chestnut colt Walter Shed (J. Reiff) winning the Trial stakes of ten sovereigns each, with £500 added for three-year-olds, seven furlongs and sixty-six yards.

Douglas Baird's Veronze won the Prince of Wales stakes of £50 each, with £1,000 added for three-year-olds, distance, one mile and five furlongs. Padlock II (Maher) was second and St. Amur third.

Sterling Baum won the Coventry stakes of £10 each, with £1,000 for two-year-olds, two-year-old course (five furlongs, 40 yards). Port Blair (Milton Henry) was second. W. C. Whitney's Mount Vernon (L. Reiff) was third. Fourteen horses ran.

Foxhall Keene's bay gelding Synopia (Maher), won the Ascot stakes, a handicap of £20 each, with £2,000 added, the second to receive £500 and the third £200 out of the stakes. Distance two miles. Brisack was second and Scintillant third. Sixteen horses ran.

NEW JERSEY COURT DENIES AMALGAMATED INJUNCTION

(By Associated Press.) Trenton, N. J., June 18.—The court of errors and appeals today denied the application on appeal of Calvin O. Geer and others for an injunction to restrain the absorption of the Boston & Montana and Butte & Boston mining companies by the Amalgamated Copper company.

This ends the case. It is understood here that the deal will

LADIES' OXFORDS

Not a Week From the Factory.

Money Back if You Want It. Mail Orders Filled Day Received

AT GAMER'S

be consummated in New York tonight before any more suits of the sort decided here this afternoon can be instituted.

Papers increasing the Amalgamated company's stock from \$75,000,000 to \$125,000,000 are looked for at the office of the secretary of state.

AMALGAMATED TAKES A JUMP

(By Associated Press.) New York, June 18.—Amalgamated copper was firm yesterday, but it was not until the final dealings that it was

rushed precipitately, up to 130, with indications of distress on the part of the shorts.

Early in the day the stock sold as low as 123 1/2 and its price hung around 124 for several hours. That was the price at 2 o'clock. There was a gradual hardening, however, to 125, and from that point on amazing heavy sales ran the price up rapidly, with the last sale of the day made at 130, a new high record. The total sales were 66,100 shares.

SAYS WIFE ENDED HER OWN LIFE

WILLIAM W. BROWN CLAIMS THAT HE IS NOT A MURDERER—HE WILL LIVE.

Declares That Mrs. Brown Wanted to Die Because She Was Unfaithful to Him—Daughter of the Murdered Woman Who Witnessed Tragedy Says Brown Killed Her Mother.

Despite his intention to end his life at the time of the tragic closing of his wife's by his murderous hand, William W. Brown still lives. With his neck bound tightly, covering the fearful gashes which he inflicted upon himself, the husband is detained at the county jail awaiting the result of his injuries and the slow process of the law when he will be called to account for his atrocious crime.

Brown voluntarily made the assertion yesterday to the attending physicians that his wife had cut her own throat, and that not caring to live without her he attempted to commit suicide. He stuck to the story throughout the day, and said that his wife, having admitted that she could not be faithful to him any longer, decided to end her existence.

Little in addition to the facts of yesterday has come to light. The neighborhood in which the Browns lived was all excitement throughout the day. Strong words of denunciation were heard on every hand for the husband, while sympathy in all its gentleness was expressed for the unfortunate children who were so suddenly robbed of the care and guidance of a mother.

Little Myrtle Trexler, the 15-year-old daughter of Mrs. Brown, although unable to say a word of the tragedy until last night, was the only living person who witnessed any of the acts of Brown during his deadly work. The girl said she heard a commotion in the front of the house, and having noticed Brown take what appeared to be his razor case from a pantry in the kitchen, she went into the front parlor. There, the daughter said, she saw her mother fall to the sofa, with blood gushing from her neck. Myrtle ran into the street and the home of her aunt, a few doors away. The girl claims that Brown scolded his wife every morning, but that she only sighed and said nothing, no matter how cross he became.

Coroner Johnson will hold an inquest at Tachell's undertaking establishment tomorrow afternoon at 3 o'clock over the remains of the dead woman, to determine the responsibility for her death.

work in earnest and secure the necessary funds to insure a good entertainment on that day. The president said that it would take a great deal of money to furnish the right kind of a display, but he thought the people of Butte would be willing to pay the freight and on this supposition the committee intends acting.

"We have not decided upon a course of action," said Mr. Newbro, "because our sub-committees have not yet begun their work and we cannot tell exactly what we can do until the money begins to come in."

HELD FOR INVESTIGATION.

Two Strangers Came Into Possession of Some Mysterious Brass and Copper Valuables.

Clerk Winn of the police department went out on a little detail of his own yesterday evening and captured two strangers who had in their possession about 150 pounds of copper and brass fittings, which appeared to be new. Mr. Winn landed his men in jail and will hold them pending an investigation as to where the fittings came from.

The arrested men claimed that they had purchased the fittings from a boy in Walkerville. Clark went to Walkerville and arrested a Driscoll boy at that place on the charge of theft. He will also be held until his connection with the fittings is proven.

Stealing Copper Screen.

Alfred Peterson, a 15-year-old boy of Meaderville, was up before Justice Shepherd at that place yesterday, on a charge of stealing copper screen from the Montana Ore Purchasing company's smelter.

Harvey Peterson, the boy's brother, informed the court that he alone was to blame in the matter and that his brother had nothing to do with the theft. Justice Shepherd dismissed the case as to Alfred. The older Peterson boy had already been tried, found guilty and fined a few days previous.

Maire's Roof Paint

For Mines and Smelters

The best protector of iron against corrosion from fumes or exposure on the market. It is heavy-bodied and elastic, will not chip or crack. Is recommended for leaky roofs and will be found very satisfactory. We are sole agents.

WE SEND 100-PAGE BOOK FREE TO ALL SUFFERING FROM CONTAGIOUS BLOOD POISON

Thousands of unchallengeable proofs of cures sent sealed on application.

Our 100 page book is finely illustrated with many photographs, among them photographs and affidavits of the man whose head is shown here (see page 78 to 79, 100 page book), also an affidavit of photographer who took the picture. The first picture was taken July 15, 1898, the other October 15, 1898. Our book shows a third photo taken Aug. 4, 1899, at which time patient was cured and face and head were entirely healed and his hair started to grow.

Our patient cured 15 years ago by our Great Discovery, unknown to the profession, are to-day sound and well, and have healthy children since we cured them.

Primary, Secondary or Tertiary Cured in 15 to 35 Days. You can be treated at home for the same price, under the supervision of our eminent physician, and under the most eminent guarantee.

IF YOU HAVE Itching mercury, iodine pimples, eruptions on the face, neck, chest, back, arms, legs, hair or eyebrows falling out, or the numerous other symptoms of contagious blood poisoning, **WE GUARANTEE TO CURE** you in 15 to 35 days, and challenge the world for a case we cannot cure. This disease has been cured by our Great Discovery, and we have the scientific proof to show it. We have the ONLY cure. Absolute unchallengeable proof sent sealed on application. For 15 years we have treated but one disease—Contagious Blood Poisoning. **WE GUARANTEE TO CURE.**

Address: **BOOK REMEDY CO., 1562 Masonic Temple, Chicago.**
