CHEESE

The large variety of fine imported and domestic cheese always to be found in this department pleases everybody. We have the soft, rich mild kinds and the more heavy strong flavored ones. Whatever your cheese taste may be, we are prepared to please and satisfy it.

Iowa's Pride

We have the exclusive agency for the famous "Iowa's Pride," Hams and Bacon. These goods are made from the finest corn fed pork, cured with a secret cure noted for its purity and cleanliness, and have a mild sweet flavor which is not equaled by any other ham and bacon in the west. True you pay a little more for them, but you're well repaid when you taste their quality.

Confectionery 25c

We have good reason to believe that our 25c line of high grade confections (nut chocolates, creams and bonbons) is the most popular line in the city and well they may be for they're the same kind you pay 35, 40, and even 50c for elsewhere. That's the plain truth and the goods are here to prove it.

50c

Our 50c confections are admitted to be the finest productions of the confectioners art. Their purity, delicate flavors and general high quality insure them a glad welcome with every lover of first class confections.

New York Stock Market Unsettled

In the Railroads Pressure to Sell Outweighs the Demand - Copper Shares Are Alone Active, and Considerable Business Is Done.

MC FIVE FIVE MC (By Associated Press.)

New York, June 19.—The tone of speculation at the opening today was unsettled.

In the railroads generally the pressure to sell outweighed the demand. St. Paul dropped 2 points and suddenly rallied 1 1/2, and other railroads showed fractional declines.

Opening sales of Amalgamated Copper were of 7,600 shares at 128 1/2 to 128, compared with 127 last night. A number of other specialties showed fractional gains.

Fluctuations were narrower than usual for the early trading, only a few stocks moving a point either way in the secondary transactions.

Improvements were quite general, but enough stock was offered on the rise to prevent any decided gains.

St. Paul recovered to 179 and fluctuated a point below that, and Amalgamated Copper sold as much below the best. Anaconda Mining, on the other hand, gained a point.

Increased interest was displayed in stocks which are not classed as active. American Tobacco, after a period of neglect, was bought heavily and gained 2 points.

In some other quarters prices rose gradually. Rock Island, St. Paul, Brooklyn Transit, Union Pacific, American Car, Missouri Pacific, Sugar and Atchison selling a point or more above the lowest, with St. Paul figuring for 2 1/2.

Meanwhile Amalgamated Copper declined steadily and Colorado Fuel increased its loss to 4 1/2.

Bonds were dull and irregular.

ATTORNEY GENERAL REBUKED

Board of State Land Commissioners Allows Choteau County to Build a Road Across Montana Land.

(Special to Inter Mountain.)

Helena, June 19.—The board of state land commissioners this morning diverged from the line laid down at the instance of Attorney General Donovan by granting Chouteau county a right of way across state land for a road from Chinook to the boundary, according to a survey made by the county surveyor.

It was shown that the road would cost \$4,000 or \$5,000 if built along the section lines, as required by the rule of the board, while by the surveyed route the cost will be insignificant.

The county is to pay the state \$400 for the right of way and build a legal wire fence along it, which is to become the property of the lessee of the state land.

The board passed resolutions that as the sale of the Powell county bonds to Thomas Cruse without giving the state treasurer the first option, was made in ignorance of the law the board will waive its state right, the waive to date back to April 16, the date of the sale.

HE WON A POLICEMAN'S GIRL

Patrick Harrington Declares That Is the Reason He Was Arrested as a Drunk.

Charges of a serious nature were made against Policeman McNally, this morning in the police court, by Patrick Harrington. An investigation will be conducted by Judge Boyle at 3 o'clock Friday afternoon.

The policeman arrested Patrick last night and charged him with disturbing the peace on East Galena street. Harrington is a large man and looks the typical hobo drunk. His whiskers are shaggy and his clothes greasy and torn. He has been before Judge Boyle several times during the past month for drunkenness and disturbance.

When asked for his plea this morning Harrington said he was not guilty. "Your honor," he continued, much to the surprise and amusement of every one in court, "this cop is jealous of me; I went into a restaurant to eat my supper and because the waiter girl smiled at me the policeman made me come to jail. 'Taint right and I don't care how long you keep me here I'll get square with that fellow. He is sore at me because I won his girl out."

FUNERAL DIRECTORS and EMBALMERS

Julia Emerson of the bad lands appeared on a charge of residing in a house of ill repute and was released on the furnishing of a \$50 bond. Julia is suspected together with Grace Morgan of touching "Blinker" Smith for \$100 last Monday night. The Morgan girl was permitted to go this morning by Judge Boyle until the case has been investigated further. There is some doubt in the mind of Judge Boyle as to whether these girls are another inhabitant of the same neighborhood secured the money.

Smith states that he was in the latter house for fifteen minutes and Judge Boyle thinks that ample time for a woman to get away with everything she wanted. This particular woman is considered the smoothest in the west and the officials are inclined to believe that she made the touch.

Criminal Bonds Are Good.

(By Associated Press.) Denver, Colo., June 19.—Judge Hallett, in the United States district court, has made an important decision in a bankruptcy case.

The decision holds that the claims of the county under forfeited criminal bonds are to be allowed with the other claims of creditors, and that a discharge in bankruptcy does not discharge the lien of a forfeited criminal bond.

FUNDS FOR THE CELEBRATION

It is expected that the committee on finance for the Fourth of July celebration will be in attendance at the meeting of the city council this evening and make a request for a donation with which to start preparations for observing the day. Although it is claimed the council has no legal authority to make such a donation, it has been a custom for a number of years to do so, and the probabilities are the present council will accede to the demand.

The county commissioners will be requested to make a donation to the committee for the same celebration, and in this way it is hoped by those in charge of the arrangements, to start the subscription with which to insure a good time on the Fourth.

President Newbro of the committee states that the work of perfecting arrangements should be well under way at the present time, and that the committee will be kept busy from now getting matters in shape for the celebration. The fact that the street carnival comes a short time after the Fourth tends to lessen the interest the citizens of Butte will take in the National day, but the officials of the celebration say they will furnish as good a time as Butte people have seen on any Independence day.

Parochial School Graduates.

The graduating exercises of the eighth grade pupils at St. Patrick's Parochial school, yesterday afternoon were as fine as one would care to see from pupils of their age. They gave evidence if the good work done in the school during the years the students have been under its care.

Seven students received certificates, from the eighth grade. They are Lizzie Toomey, Nellie Lyons, Ellen Gleason, Medford Gilmore, Hugh Lee, George Dorais and Alex McDonnell.

TO REPAIR SCHOOL BUILDINGS

At the meeting of the school board last night, a number of matters of importance were taken up, among them being the remodeling of the Washington, Monroe and Greeley buildings, and the repairing of the roofs of the Garfield and Lincoln schools.

The proposed addition of seven rooms to the Monroe school, which now has but six rooms, was passed over for further consideration. The addition for the Greeley building has been definitely decided upon, and bids are called for to be opened Tuesday evening. Four rooms will be added, doubling the capacity of the building.

All the school buildings are to be thoroughly fumigated before the fall term opens, in accordance with a suggestion from Health Officer Leggat.

A PRETTY PLACE.

The Gillis Cigar Store, Handsomely Re-fitted, Open Tomorrow.

The retail cigar store of P. C. Gillis & Co. will be formally reopened to the public tomorrow afternoon and evening.

The equipment of the place is probably the finest and most elaborate in design ever brought into the northwest.

The fixtures were purchased of Brunswick-Balke-Collender company of Chicago, through A. S. Friend and E. L. Kern, and were designed by Cecero Hine, head designer for the Brunswick-Balke-Collender company and one of the best architects in his line in the United States.

The design is a most beautiful one in dark golden oak, the electrical effects being particularly exquisite. The stock of goods is in keeping with the equipment.

Mr. P. C. Gillis, manager of the institution, cordially invites the public to be present at the opening.

"Shamus O'Brien."

Shamus O'Brien was again presented at the Grand opera house last night by the Charles Erin Verner company. Another large audience greeted the play and the entire troupe was in better condition and voice than on the previous evening. Their presentation was well received and hearty applause bestowed at every opportunity. The Irish comedy has caught on with the Butte people and undoubtedly the piece will have a big run during the week.

DESPONDENCY DRIVES MAN TO SUICIDE

THOMAS COOMBS FOUND DEAD SITTING UPRIGHT IN BED.

Two deaths, almost identical in the cause and surrounding circumstances, occurred within the past 24 hours, and both were the terminations of prolonged spells, started by despondency over ill luck. There was nothing to indicate that the death of Con Gallagher, the waiter who was found dead in his bed yesterday at the Ogden house, was suicidal.

In that only his demise is different from that of Thomas Coombs, a well known character, who had resided in Centerville for a number of years, and who was discovered dead in his bed in the Mullins block, Room 3, at 2 o'clock this morning. Coombs had been rooming with George Hazelett, and when the latter retired he noticed that Coombs was in a sitting posture on his bed. His breathing was regular, and so Hazelett paid no further attention to him. At 2 o'clock Hazelett awakened, and noticing his room-mate in the same position, went to his side. It was apparent that Coombs was dead.

J. J. Grant, the proprietor of the house, was called, and Coroner Johnson being notified, hastened to the lodging house. The coroner found that blood had issued from the nose and mouth, and he soon discovered that a quantity of diluted carbolic acid remained in a tumbler on the wash-stand.

The conclusion was reached that death resulted from a dose of the acid, taken with suicidal intent.

An inquest over the remains will be held within a day or two by Coroner Johnson.

Coombs was a miner by occupation, and at one time was constable at Centerville. He lost his left arm in an accident a number of years ago. A brother of Coombs, who lives in Centerville, was notified of the death.

The supposed suicide was well thought of. He had not been employed for some time, and friends noticed that he had been despondent. Drink had a strong attraction for the man of late, and for the past several days he had imbibed freely.
