A LOCAL ORATOR WILL SPEAK AT BUTTE'S GRAND CELEBRATION

The Fourth of July committee has now turned its attention to selecting an orator for Independence day. After a somewhat discouraging start, the celebration has gotten its second wind and is now bowing along as merrily as you please. The financial phase of the day is being well looked after, and the pathetic collection baskets of the solicitors show that the spark of patriotism needs only a few fire crackers, and a few warm days, to fan it into a fever heat. Butte will celebrate, and do it in great style, too, if the present gait is maintained.

More than two-thirds of the \$3,000 estimated to be necessary in order to have an adequate celebration has been secured, with some of the committees yet in the field, which have not reported. It is even possible that most of the money is already in the hands of the promoters. A grand night parade is to be the chief feature of the day. A line of two thousand footmen, carrying Roman candles, and four platform wagons from which will be discharged every imaginable variety of fireworks, colored lights, bombs, pin wheels, and everything that will burn, will be the most important part. Two thousand old cloth capes have been ordered to protect the marchers who fire the Roman candles.

The literary exercises will be short and held from the steps in front of the court house. There will be the reading of the declaration of independence by Mrs. Weirick, singing by school children, some speaking, and band music. Who is to be the orator of the day, is not yet decided, but it will be some local speaker of prominence. Chairman Newbra said several local speakers were being consulted by the committee.

A meeting of the committee was held this morning, and progress was reported in all lines of the work. President Newbra, of the committee, was in attendance and spoke regarding the work to be done and the good to be accomplished by an appropriate celebration. He called attention to the fact that a number of visitors will be in Butte on the Fourth of July and he thought all residents should awaken to the fact that an opportunity to display the patriotism and good feeling of the Butte people was at hand. President Newbra asked that all join in the work and push it to a successful completion.

Councilman Day and I. Heilbronner who solicited money in the Third ward, report that they have secured \$702.50. That is the largest amount yet obtained by any committee. The First, Fourth and Seventh wards have not yet reported. Walkerville, Centerville and Meaderville are also yet to be heard from.

THE ANTI-EXPECTORATION LAW

No Arrests Have Yet Been Made, But There Is a Promise of a Lively Time in the Courts Soon. Although the anti-expectoration law has been in effect since last Saturday there have been no arrests made; whether it is because the men of Butte have had a change of heart, or because each policeman dislikes to take the initiative and arrest violators is not known. It is probable that the women who are responsible for the new law will have to have the first arrests made. The Butte City Federation of Women's clubs, one and all, pledged themselves to cause the arrest of any man they saw using the sidewalk unlawfully. It may be that it is the rain which is responsible for the inactivity, as it washes away all incriminating evidences. At any rate the federation is surprised at the result and will investigate at a meeting to be held next week.

LOCAL BRIEFS.

Alex Livingston, a banker of Livingston is in town today.
Donald Bradford is in the city from Helena. He came in on the afternoon train.
Orton Bros—Pianos and organs.
Thomas Sharkey arrested, on a vagrancy charge yesterday, was released from the city prison today and the case against him dismissed.
Dr. German, dentist, 114 N. Main St.
The estate of Patrick C. Maloney has been valued at \$2,393.12 by John Thornton, Byce W. Turner and Alex Frank. Of this sum \$1,760.67 is cash in bank and \$132.45 is wages due from the Montana Ore Purchasing company.
Dr. Forsyth, dentist, 7 and 8, Owsley block.

Harry Manitaras, a waiter at the Arcadia restaurant, died Sunday in the Sisters' hospital. Manitaras had been sick only a few days. He was a native of Greece and 27 years of age. A brother residing at Oakland, Cal., was notified of the death by telegraph. The Cooks and Waiters' union has charge of the remains. J. E. Bates, tuner, Montana Music company, Tel. 504.
J. R. Wharton of the street railway company moved his family to Columbia Gardens yesterday, to enjoy the salubrious atmosphere that he has been promising all who go to that well known resort. But this morning he is almost regretting his move, for the present at least, as the Gardens is a not altogether desirable home on account of the rain.

For well trained horses, see Kenay, 25 East Copper street.
Archdeacon Webber will deliver the sermon at St. John's church on next Sunday evening. Service begins at 7:30 o'clock. All who have heard the archdeacon preach will be glad to hear him again. And those who have not heard him will do well to avail themselves of this opportunity, for he is a pleasing and helpful speaker.
It's a good cigar if it's a Harvard; if it is not a Harvard—get a Harvard.
Captain Jack Jolly, who won his spurs in the peace making line while city marshal of Butte, in the days gone by, is now occupying a similar position under the new city government of Nome, having been chosen to fill that position at the recent election. Dick Watson, a well known mining man, also formerly of Butte, and at one time a member of the Montana legislature, is assessor of Nome. Butte has sent good men to the frozen gold fields, who have been given official favor.
A Harvard graduate is a pastmaster in smoking the best bit cigar made—the Harvard.
C. M. Coombs, a newspaper man of Kentucky, is visiting Mrs. Ellis Passmore, his daughter.
Free! Write Kennedy Furniture Co., (Butte) for catalogue of furniture, stoves, china. Freight paid on mail orders.
Miss Julia Rochester, of Bowling Green, Ky., is visiting her sister, Mrs. John C. Norvell.
The Broadway News Depot—Confectionery, fruits, cigars, finest ice cream soda. E. C. Mullin, corner Academy.

If this was your ad thousands of others besides yourself would see it and some of them would surely want what you have to offer.
To sell goods requires a proposition; if you make your proposition through the Inter Mountain, you make it ten thousand more times with each issue.
Furs stored, repaired, remodeled, and redyed during the summer months at reduced prices. Wm. Schultz, 129 W. Broadway.
Union labor is the best labor all over the world. That's why you get the best made cigar when you smoke the Harvard—union made. The filler is all Havana tobacco, the best grown on the island. It is not buncombe that sells a million Harvards a week; it's quality.
One of Hennessy's grocery delivery teams made quite a stir on Granite street this afternoon just before 4 o'clock. The wagon was being loaded at the rear of the store, and one of the three horses was unhitched to facilitate the loading, when the other two started to run. They came west on Granite, but ran only as far as the corner at Siegel's, when the wagon struck the telephone post, and went into instant wreck, while the team continued a little farther west before being caught. No one was hurt.

ESCAPED PRISONER RETURNED.
Ragged, worn and hungry, an escaped prisoner wandered listlessly into a downtown saloon early this morning. The clerks man recognized him, and told him the officers were on the lookout for him. The hunted man said he would leave in a few minutes, and return to his lair in the mountains east of Butte; but that he could not go until he had gotten what he came for, and that was a big glass of Centennial beer—"that's sustaining," he remarked.

FIRST Church of Christ, SCIENTIST.
"FIRST Church of Christ, SCIENTIST," 850 West Broadway, Corner Excelsior Avenue. First Reader, Mrs. Anna C. E. Crowley. Sunday, June 24, 1901.
Subject: "CHRISTIAN SCIENCE." Services, 10:45 a. m. and 8 p. m. Sunday School, 12:15 p. m. Wednesday Evening Experience Meetings at 8 o'clock. Reading Rooms open from 11 a. m. to 5 p. m., except Sundays.

DROP IN AMALGAMATED COPPER

Uneasiness Among the Shorts in Wall Street Brings About a Slight Decline, 1 1-4 of Which Is Eventually Recovered—Bank Failure in Leipzig Causes More or Less Depression. (By Associated Press.)
New York, June 25.—Interest in the opening trading in stocks was languid and there were no changes exceeding a fraction. Losses predominated. Shorts were uneasy over the apparent price agreement in the sugar trade and bought sugar heavily, lifting it above 146. Other stocks moved irregularly. Amalgamated Copper falling 2 1/2.

Important gains were made in the minority properties. Smelting sold up 1/4, and copper recovered 1/4. Speculation was unsettled in the foreign and trading quiet. Reports of a heavy bank failure in Leipzig caused depreciation. Several stocks which had been about conspicuously strong earlier fell back about a pint, including sugar, Illinois Central and New York Central. Sharp losses were also scored by St. Louis & San Francisco, Chicago, Indianapolis and Louisville, Manhattan and Union Pacific.

Meanwhile there was a strong uplift to Iowa Central issues, the common bringing 4 1/2, and the preferred \$2. Minneapolis, St. Paul and Sault Ste. Marie met support and more than recovered its early loss of 3 points.

National Salt common advanced a point or the rumored formulation of an international combination, but the preferred showed heaviness. There was considerable demand for Southern Pacific. Prominent railroads received but little attention and inclined lower. The maximum declines were 5/8 for Colorado Fuel and 5 for St. Paul. A number of other stocks which had risen sharply in face of the early depression reacted between 3 and 5 points and losses of 2 to 2 1/2 were numerous among the principal active stocks.

On the announcement that the clearing house association would not find it necessary to take action in the affairs of any bank there was a scramble of shorts to cover and some sharp rallies ensued. The market closed rather feverish and irregular. Bonds were inactive.

St. Louis Wool Market.
(By Associated Press.)
St. Louis, Mo., June 25.—Wool quiet and unchanged.

Chicago Live Stock.
Chicago, June 25.—Cattle—Receipts, 5,000. Generally steady. Good to prime steers, \$5.50@6.30; poor to medium, \$4.35@5.40; stockers and feeders, \$2.75@4.80; cows, \$2.75@5.00; heifers, \$2.75@3.25; calves, \$2.00@3.75; bulls, \$2.75@4.60; calves, \$4.00@6.20; Texas fed steers, \$4.25@5.40; grassers, \$2.50@4.10; Texas bulls, \$2.75@4.75.

DOCTOR AND CUR CUSTODIAN

Physician Tries to Argue Matters With Dog Catcher on Humanitarian Grounds and Is Arrested.
Dr. B. O'Connor, through his attorney, Charles Parr, entered a plea of not guilty in the police court this morning to the charge placed against him by the city dog catcher. The case was set for hearing for 3 o'clock Friday.
Attorney H. A. Bolinger acted for Butte City and states that the dog catcher will be protected in the performance of his duties.
Alex O'Bannon, the city dog catcher,

WOES OF JUNIOR DOG CATCHER

The way of the transgressor is hard, so also are the duties of the dog catchers of Butte, and sometimes they are unprofitable as well. James Wells, one of the ebony-hued attaches of the poundmaster was before Judge Boyle this morning in the police court on a charge of carrying concealed weapons and disturbing the peace. He pleaded guilty and was fined \$15 and admonished by Judge Boyle to be more careful in the future, or matters would go hard with him. This is his second offense of the same kind.
Wells was capturing dogs in the bad lands district Saturday and was in the act of throwing a small canine into his wagon when, the owner of the unfortunate cur put in an appearance. Some lively talking seasoned with an occasional oath followed and the owner of the pup insisted upon the negro turning his pet loose. This Wells refused to do and as a crowd of inquisitive people gathered about the dog wagon matters began to look serious for the cur-killers and extremely favorable for not only the recently captured brute, but also the several already in the cage and on their way to the pound.

attempted to capture a collie dog at the corner of Broadway and Wyoming streets and had succeeded in placing his wire about the dog's neck when Dr. O'Connor appeared and made a demand on the dog catcher to release his prey. This the dusky custodian of curs refused to do. The wire slackened and the darkey claims that the dog bit him on the hand. This Dr. O'Connor denies. The physician states that O'Banno was unnecessarily cruel in his treatment of the dog and that was all he asked that the dog catcher use more care in handling the dogs.
A charge has been made against O'Bannon for cruelty to animals and the court will be tried in Justice Arnold's court at 1 o'clock Friday.
A few hours' work at your residence by Auctioneer Palmer will turn your furniture into more money than second-hand dealers will give for it. A note to his office, 217 North Main street, will bring him to you.

The Judge Did Not Come.
The lawyers who congregated in the United States court this morning were disappointed. Judge Knowles did not train being delayed by a washout on the arrive from Helena, the Great Northern line east of Havre and the train from Great Falls had to await the arrival of the main line train. At a late hour this afternoon there was no prospect of court session and the members of the bar had dispersed for the day. Judge Knowles will probably arrive this evening and the business of the court will be resumed again.

A FORMER RESIDENT RETURNS.
There are clairvoyants and palmists galore. Many of them who impose on the credulity of the public with mere fabrications and guesswork and a very few who by studious research and study have learned the meaning of the various lines of the human hand and can tell with unerring accuracy the occurrences of the past and foretell the occurrences of the future. To the latter class belongs Mrs. Claire who with her family has again returned to Butte and is located at 8 South Montana street. When seen this morning by an Inter Mountain representative to whom she gave a reading, sketching with marvellous precision the entire story of his life from childhood. Mrs. Claire and her husband have lived in Butte for over twelve years and left here some four years ago on account of her health and to perfect herself in a systematic course of study in psychic research securing a diploma in magnetic healing from one of the leading colleges, as well as graduating as an East India adept in the Occult Sciences. She has no use for those who claim supernatural powers and practice fraud and deception but gives her readings strictly upon scientific lines and makes it an absolute rule to truthfully tell her callers only what she sees portrayed on the lines of the palm.

Fresh From the Sunny South
Ginghams
For Dresses and Aprons
In Hennessy's Domestic Department
We lately purchased for spot cash a South Carolina manufacturer's stock of Dress and Apron Ginghams. They are effectively pretty textures in a choice variety of good colorings and the prices at which we offer them are just about half what similar goods from Eastern mills are daily bringing. Heilbronner's 23 E. Broadway

PRINCETON
Agent for "Butte City Leader" Swend Carlson, 4 S. Main, Butte

CHANGES IN THE CITY HALL
The Old City Building Will Be Revised—Plans Completed for a First-rate Department Building.

The plans and specifications as prepared by City Building Inspector Lane for the refitting of the city hall are about completed. As contemplated, the improvements will make the hall convenient and commodious for all of the officials who are stationed there. Especially will they change the apartments of the police department from their present condition.
The offices of the entire force including chief of police, detective, clerk and jailer will be on the first floor. The court room will also be convenient to the offices of the police department and will be almost twice as large as the one now used. Light, ventilation and the sanitary conditions are to be greatly improved throughout the building. The fire department and the police patrol wagon will be taken out of the building. The fire apparatus will go to the new station to be erected, and the patrol wagon will be stationed in one of the livery stables or will have a house erected for its keeping. The patrol brings a prisoner into the station the wagon will be driven into the entrance now used by it and the doors closed in order to keep the usual crowd from the office of the desk sergeant until the prisoner is booked and searched. The wagon will then be backed out of the building and the prisoner taken to the detention ward immediately back of the jailer's office. In case the prisoner is a drunk or vagrant he will be immediately taken to the jail proper, on the floor below. The entrance to the jail now located in the alley west of the city hall will be moved further north and in case of necessity only, used to gain an entrance to the building. The offices of the chief of police and detective as well as the clerk of the department will be large and spacious and will be fitted up in good style. The jail will be thoroughly renovated, remodeled and improved and everything about the building according to the plans as drawn up by Inspector Lane, enlarged.

Complimented the Pastor.
At a meeting of the official board of Mountain View church last night resolutions were passed unanimously congratulating the Rev. Dr. Albritton for the three years pastorate that he is drawing to a close in Mountain View church. The church year closes in August, but the board wishes to express its satisfaction with the pastor, without waiting to say goodbye first. Owing to the poor health of the doctor and his family, he has thought it desirable to seek a lower altitude, and this is likely to be his last year in Butte. The board, however, passed a resolution and appointed a committee to secure his return for next year, if it is possible to do so.

J. D. McCREGOR
VETERINARY SURGEON.
Honorary graduate of the Ontario Veterinary college, Toronto, Canada. Treats all diseases of domesticated animals according to scientific principles. Office at Marlow's stables, 104 South Main street. Telephone 293. All cases promptly attended to.

PLANS FOR NEW FIRE STATION
The New Building Will Be Strictly Up-to-date and Only the Best Material Will Be Used in its Construction.
City Building Inspector Lane has completed the specifications of labor and material to be used in the construction of the new brick building for a fire station at the corner of Caledonia street and Excelsior avenue.
The work on the new building will be under the supervision of the mayor, chief engineer and building inspector. The contractor under the specifications will furnish a good quality of veneering brick and all inside stud work and ceilings will be lathed with the best material. The front doors of the new station house together with the sliding poles will be taken from the present quarters of the fire department in the city hall and installed in the new house. The window sills will be rock faced sand stone and the floors concrete. Galvanized iron ventilating boards will be placed over the stalls for the horses and these will connect with vents in the roof of the building. It is intended to make the new station a neat, commodious and convenient one.
