General Gossip of Interest In the Merry World of Sport

Hagerdon Establishes a New Track Record—Match Motor Paced Race at the Saucer—Boxing Matches at the Saucer—Talk of a Match Between LaFontise and McPartland.

The talent had an inning at the track yesterday and saw four favorites out of six show in front. Two of the favorites were at odds on, but that had no deterring effect on the money layers and considerable of the long green went in on the horses. The card was without exception the best yet presented by the Montana Jockey club and as a natural sequence the sport was good.

The feature of the day was the fourth race, the speed handicap, five and one-half furlongs, run after this report closed. H. L. Frank's Hagerdon, by Esher-Lady Richmond, carrying 114 pounds, in winning the race established a new record, doing the distance in 1:07. Valencienne was second and Algaretta was third. Hagerdon was the favorite at 1 to 2; Valencienne's odds were 3 to 1 and Algaretta was at 10 to 1.

The best E. M. Brattain the odds on favorite at 7 to 10 could do in the fifth race, was run third. She was beaten by Innocencia, at 4 to 1, who finished first and Watercratch at 6 to 1. The distance was four and one-half furlongs and the time was :55.

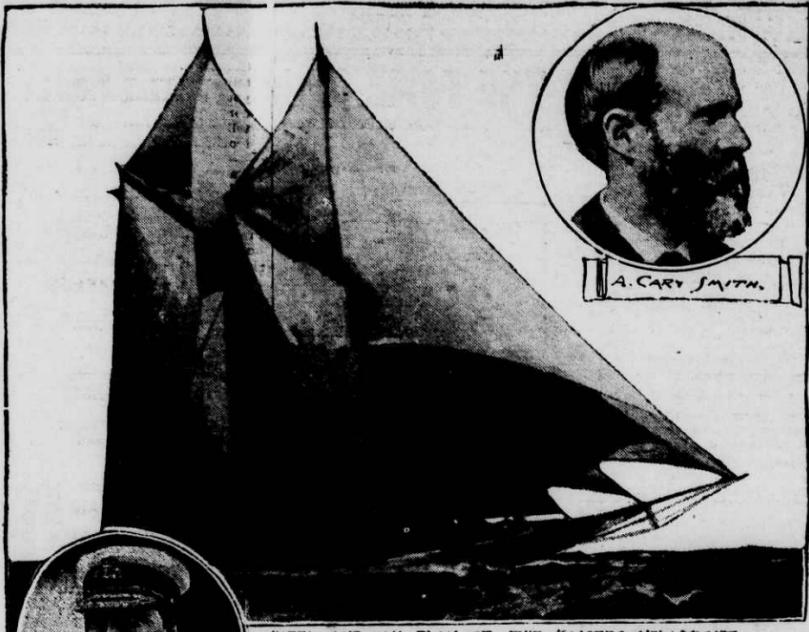

Gauntlet was selected to carry the money in the last race and in that the talent made a wise selection, as the son of Cavalier always had the race won and finished a length in front of Ting-a-Ling, who beat Domise by three lengths. The

favorite's price was 7 to 10, while Ting-a-Ling and Domise paid 5 to 2 and 7 to 1, respectively. The time for the mile and an eighth was 1:56 1/2.

Motor Cycles at the Saucer.

There will be several features at the saucer tonight, but chief among them will be the fifteen-mile, motor paced, match race, between Joan M. Chapman and Clem Turville. The race was to have been pulled off Wednesday evening, but was postponed, for a night, because of the failure of Turville to arrive from Salt Lake. Then another unfortunate circumstance caused a second postponement. Chapman's motor met with an accident and as it was not sure that it would be in proper working order last night, the track management not wanting to again disappoint its patrons. Now the Chapman motor is in perfect working order and as Turville arrived yesterday evening, there is nothing to prevent the race tonight.

As was stated the race will be fifteen miles. Each rider will follow his own motor so that the result will depend as much on the conduct of the motors as on the efforts of the contestants, who will ride behind him. There is considerable rivalry between Chapman and Turville and the race tonight should certainly furnish, not only good sport, but some good time. In the recent match races between the two motors, Chapman won the first and Turville the second. The race tonight will determine the superior speed qualities of one motor over the other and at the same time determine whether

MODEL AND SAIL PLAN OF THE KAISER'S NEW YACHT.

WILLIAM II, EMPEROR OF GERMANY.

AMERICAN YACHT FOR THE CZAR.

That the quality of the American racing yacht is recognized as superior to all others, is evidenced in a recent order from the German emperor. He has honored H. Clay Smith, a prominent New York naval architect, with an order for a schooner yacht, 120 feet on the water line. This is the first time a Yankee firm has been commissioned to build a yacht for the Kaiser.

Chapman or Turville is the speedier rider.

In addition to the motor paced match race there will be a five mile professional, open, and a mile handicap, amateur, both to be run in two trials and a final heat. Ed Masdam, the track rider, will give an exhibition of his marvelous feats on the wheel.

Twenty-four Dog Coursing Stake.

Good sport is assured at the Coursing park Sunday, when a twenty-four dog stake will be run off. The entries include some of the best form in Butte and as the hares are reported as being lively, the kills should be interesting, all the way through. The first prize will be \$25; the second, \$15; the third, \$10 and the next three \$5 each. Winners of one round will receive \$2.50 each. The drawing for the coursing was held last night and resulted as follows:

Boxing Match at the Saucer.

For some time Dame Rumor has had it, that boxing contests were contemplated at the saucer track. There had been nothing definite on which to base such a supposition until last night when a turn of affairs came about, which would indicate that Butte is to have a series of genuine boxing exhibitions of a character unsurpassed in the west. Manager John B. King of the Butte Athletic association, is now in San Francisco and it is thought is negotiating for some of the best boxers in the Golden Gate City. He has also been in correspondence with Denver boxers and it looks as though something was going. What caused the whole affair to be given credence, was a telegram, received here last night, from Mr. King, which indicated that matches had already been arranged. Nothing definite will be known until Mr. King returns, Sunday or Monday. Should the Butte Athletic association undertake the managing of boxing contests, Butte will have plenty of good sport in that line, as the Olympic Athletic club, of which Freddie Bogan is manager, is here to stay and promises to pull off matches between well known boxers at frequent intervals.

LaFontise May Fight McPartland.

The latest match said to be under way in the boxing world of Butte, is one between Mose La Fontise and "Kid" Mc-

yesterday produced a stunning surprise in the defeat of Abe Frank, the supposedly invincible 2-year-old. He was beaten by both Sir Oliver and Memnon. The time was 1:15 3/5. Six youngsters started in the Hyde Park, which is the richest 2-year-old event in the west.

Letters Received.

There are letters at this office for Freddie Bogan, Jack Donnelly and Mose La Fontise.

REPEATS SHOOTING RECORD

Eugene C. Griffiths Again Wins Grand American Handicap at Inanimate Targets.
(By Associated Press.)

New York, July 19.—Eugene C. Griffiths of Pascoag, R. I., duplicated his victory in the Grand American handicap at live birds last April at Interstate Park, L. I., by winning the Grand American handicap at inanimate targets from a field of 78 contestants at the same place yesterday. Griffiths took part in both contests last year, but was not in the money either time. Last year he stood at 20 yards in the target handicap, but did not get a place in the first 16.

This year the handicapping committee placed him at 19 yards, and after a splendid exhibition with the shotgun he beat all the others, breaking 95 out of 100 targets.

F. V. Carrough of Rutherford, N. J., shooting from the 16-yard mark, broke 93 and secured second money, while Charles Wagner of Schenectady, N. Y., broke 92 at 16 yards.

The weather was clear, and a good light wind prevailed. Five sweepstake events, each at 16 yards rise, were decided prior to the handicap, and in these Crosby carried off the honors, as he did not miss a single target, making a continuous run of 85 straight targets.

OVERHEARD AT FRED FERRELL'S.

A Stranger:—"Say, what is this muscle dance that I hear all Butte is going to see all day long and all night long, too, in the Midway?"

Montana Pete:—"Muzzle dance nothing! I guess, stranger, if you'd see it once you wouldn't think there was anything about that dance that is muzzled."

The laugh was on the stranger and the crowd adjourned to the refreshment counter where they all called for a Hoochee Coochee sanagree.
