

THE BUTTE INTER MOUNTAIN.

VOL. XXI, NO. 144

BUTTE, MONTANA, MONDAY EVENING, SEPTEMBER 9, 1901.

PRICE FIVE CENTS

DEATH CHEATED OF ITS PREY

A consultation over Mr. McKinley was finished at 3:45 p. m., and the two first physicians to leave, Doctors Mynter and Wasdin, with smiling faces, declared: "Nothing new, gentlemen. The examination was perfectly satisfactory and the patient is improving."

CRISIS IN THE STRIKE SITUATION PRESIDENT M'KINLEY IMPROVING

STORM BREWING AT M'KEESPORT THAT MAY RESULT IN SERIOUS TROUBLE.

IDLE MEN CONGREGATE AT THE MILLS AND KEEP OUT NON-UNION MEN.

PLANTS GUARDED BOTH BY POLICE AND PICKETS OF OLD EMPLOYEES.

(By Associated Press.)

PITTSBURG, Pa., Sept. 9.—The strike situation in McKeesport reached an acute stage this morning, and serious trouble was feared as a result of the efforts of the striking tube workers to prevent non-union men from returning to work, as they did Saturday.

The effort was almost perfectly successful and where last week from 800 to 1,000 men went back into the mill not more than a dozen were able this morning to pass multitude of pickets and get back into the mill.

There was great excitement in McKeesport this morning as a result of this turning out of the strikers, more than at any time yet.

Remain Until Morning.

Something over 2,000 strikers congregated about the great plant of the National Tube company shortly after midnight and remained through until this morning, when the employees who went to work last week reported for duty at 7 o'clock this morning.

Every approach to the mill was guarded most vigilantly, and around the main entrance more than 600 strikers and sympathizers gathered.

These streets adjacent to the mills were crowded and as the men approached to go to work they were met and turned back.

Almost all of the force who returned last week reported for duty again and there were many more who were willing to go back, but these were met by the pickets as they advanced near the mill and forced to return home.

Not over a dozen escaped the vigilance of the pickets and succeeded in getting into the mill.

About fifty police were on duty about the mills, but no arrests were made. As

KILLED IN A WRECK

Shocking Disaster Occurs on the B. & O. Road in West Virginia.

One Man Dead, One Fatally Injured and Many Others Hurt.

Engine Jumps the Track and Plunges Down a Hill, All in Flame.

(By Associated Press.)

WHEELING, W. Va., Sept. 9.—A frightful railroad accident occurred at Burton tunnel, 40 miles east, on the Baltimore & Ohio today. One man was killed, one fatally hurt and a number slightly injured.

The engine, running 30 miles an hour, broke a flange and jumped square across the track, rolled over on its side and ploughed into the side of the hill.

Engineer M. B. Stover was pinned under the engine and a fire following the wreck, his body being cremated.

The fireman was thrown from the engine, landing under the cab, where he was fatally scalded by escaping steam.

Engagemaster Frank Riley and Postal Clerk Ross were both badly hurt.

The train was made up of six coaches loaded with G. A. R. excursionists bound for Cleveland. All were shaken up. The effects of the passengers were all lost.

Travel on the road is blocked and may not be opened before night.

FEARFUL STORM ON LAKE HURON

(By Associated Press.)

PORT HURON, Mich., Sept. 9.—Results of one of the worst disasters on Lake Huron, owing to the severe gale which has been blowing for 24 hours, are now being seen. Piled up on shore are many thousands of dollars worth of vessel property, and the chances for getting the ships off are slim, unless many thousand dollars are expended in dredging.

S range to say, there is no loss of life. The life-saving crew took off 28 people during last night and the others were beyond danger. The barge Amaranth, owned by Capt. A. Goetchee of Detroit, is a total loss. She was loaded with lath, as was also the steamer Paulay. Their cargoes are at own all along the shore.

Ever since Saturday night the Wawatana has been endeavoring to get out into the lake, and she succeeded last night. The Sarnia is pounding on the bottom, deserted by her crew, but will be saved. Captain Flogh, of the life saving crew, came ashore at 6:30 p. m. with eight men and reported no loss of life, but stated that it is the worst wreck he had witnessed in years.

Heroic efforts are being made today to save all boats, with the exception of Amaranth, from destruction.

DARK OUTLOOK FOR THE STRIKERS.

(Special to the Inter Mountain.)

Pittsburg, Pa., Sept. 9.—The crisis in the great steel strike has come, it is believed, and a great many men believe that blood will flow inside of 24 hours, especially at McKeesport, where the situation is regarded as especially threatening.

While the strike leaders, and the strikers themselves, have claimed all along that they have been making great gains, and have succeeded in tying up mill after mill, the fact is apparent that the steel corporation is steadily gaining ground, and that unless something unforeseen happens the strike has been lost.

Mill after mill continues to be started up, and the corporations seem to be able to secure all of the men they want. True, all of them are not trained men, but they are being rapidly whipped into shape to do the work required of them.

All conferences looking to a settlement of the strike seem to have been abandoned.

a result of the disturbances this morning the big tube works is idle and completely tied up.

Just what the National Tube company will do now is a matter of conjecture. It is believed by many that an attempt will be made to start the mill with imported men and that an appeal will be made to Sheriff McKinley for protection.

At the meetings of Federation of Labor in McKeesport yesterday, the question of returning to work in the Tube mill was voted on.

The butt welders voted to return, but were prevented from doing so this morning, by the strikers who gathered about the mill.

The employees of the rolling mill of the National Tube company voted to a man not to return.

At Demmler a crowd of fully 800 strikers gathered about the plant and while they were orderly, they refused to obey the orders of the fifty deputy sheriffs on guard.

Fewer workmen reported from McKeesport than last week, though more men came by boat from Duquesne.

Excitement is increasing. As the morning advanced the excitement in McKeesport increased and by noon the streets were crowded.

A large crowd assembled around the railway station and carefully watched all trains for imported men.

Strikers in shifts also patrolled the river. Excitement has not been so intense since the strike began and the possibility of trouble seems to be great.

POLES DENOUNCE CZOLGOSZ

Strong Resolutions Declaring Against Anarchy Are Adopted Chicago.

(By Associated Press.)

Chicago, Sept. 9.—Polanders last night denounced the crime of Leon Czolgosz and regretted that he claimed to be of their race.

Meetings were held at St. Stanislaw church, at which 50 societies of the church were present, and at the lodge rooms of the Polish Roman Catholic union, 108 West Division.

Translation of the resolutions were made, those of the Catholic union being sent to Buffalo to George B. Cortelyou, President McKinley's private secretary, and those of the St. Stanislaw church to Secretary of State John Hay.

The translation on the resolutions sent to Secretary Hay is in part as follows: "As loyal Americans we deplore the crime, discerning in it the tendencies of a rebellious and anarchistic movement, striving to overthrow the cardinal power of the United States constitution of freedom, and high culture of the American."

CZOLGOSZ STANDING ALONE

Man Who Shot the President Insists He Was Unaided in the Crime.

(By Associated Press.)

Buffalo, Sept. 9.—Czolgosz has made no additional confessions to the police officials and nothing that they have learned from him has aided the solution of the criminal side of the case.

He still insists that he alone conceived the plan and carried out the crime and he alone must answer for it.

He admits that he attended meetings at which Emma Goldman spoke and where he and his fellow anarchists discussed their propaganda of murder, but steadfastly denies that any of them had a part in his plan.

His talks with them were fairly general, and did not divulge the feature of

DETECTIVES GUARDING ROOSEVELT.

(By Associated Press.)

Buffalo, Sept. 9.—Although Vice President Roosevelt does not know it the government has made more adequate provisions for his protection than it did for that of President McKinley.

Whenever the vice president leaves the residence of Lawyer Anselmy Wilcox, where he is staying, there are two or three secret men along to ward off any attack which might be made on his life. The order for the protection of the vice president comes from a source not now disclosed.

During his attendance at services at the First Presbyterian church yesterday six secret service men occupied seats within a short distance of him. One of them took a seat on the box of his carriage when he drove away and the others followed in another carriage.

When he alighted at the Buffalo club during the afternoon the detectives were close at hand, and when he called at Milburn house to inquire after the president's condition they were within a few feet of him.

BLACKEST KIND OF TREASON

So Declares Senator Mason in Speaking of the Awful Crime of Czolgosz.

(By Associated Press.)

Chicago, Sept. 9.—Senator William E. Mason, in speaking of the enactment of laws to prevent the gathering of anarchists, said:

"The man who attempted to kill President McKinley is guilty of treason. A law should be enacted by the government that would prohibit the teaching of treason, and deal with those guilty of crime."

"If we caught a man teaching a youth to steal we would punish him. There is a class of people that teaches that it is right to kill a president. This not only is murder, but treason."

"The people who teach it are accessories to the murder before and after the fact and are guilty of treason when they teach it."

Mounted Officer Dishonored.

Cincinnati, Sept. 9.—George Hussmann, a mounted patrolman, was subjected to the humiliating ordeal of having the insignia of his rank torn from him before a crowd of brother officers by the chief of police on a charge of having made a remark that he was glad that McKinley was shot.

He pleaded a misunderstanding. During President McKinley's last visit Hussmann was a member of the guard to watch the person of the chief executive while here.

J. H. LEYSON AND THE INTER MOUNTAIN

Butte, Sept. 9, 1901.

My two days sale of one dollar packages aggregated \$3,163. It was the most successful special two day sale I ever had. The sale was advertised exclusively in the Inter Mountain; and, as far as the merit of advertising is concerned in connection with the sale, the Inter Mountain is deserving of the greatest credit. Indeed, I am pleased to state that an advertising medium for my business, the Inter Mountain has proven a trade winner. Yours truly,

J. H. LEYSON.

HUGE MOUNTAIN SINKS DEEP INTO OLD MOTHER EARTH

(By Associated Press.)

Van Courve, B. C., Sept. 9.—The steamer Star brings news that a mountain in northern Japan disappeared after an earthquake last month.

It stood in the center of a plain in Igusa district, rose over 500 feet in height and covered 40 acres at the outskirts of the village of Kolwayana.

Aug. 16 a tremendous thundering noise was heard in the direction of this hill, and the villagers assembled on the spot, and, guided by mysterious noise,

they found that the mountain had disappeared.

Instead of the hill they saw level ground, grown over with wild grass and shrubs. The strange discovery threw the villagers into great consternation.

A closer examination of the spot showed that the mountain had been bodily sunk into the ground, leaving its top on a level of the surrounding land. It is thought the phenomenon was the result of subterranean volcanic action.

BRIGHTER NOW IN CHINA

(By Associated Press.)

London, Sept. 9.—The Berlin correspondent of the Times quotes an article on China in the Cologne Gazette, which maintains that Germany has carried out her programme satisfactory of the immediate objects she set herself in China have all been attained. These were the rescue of legations; the extraction of the atmosphere; security against a recurrence of the disorders, and the repayment of expenses.

Germany, says the article, has no ambitious schemes.

EXECUTIVE OF NATION MAKING A WONDERFUL FIGHT FOR LIFE.

(By Associated Press.)

At this time all was quiet about the Milburn household, except for the coming of the doctors. Secretary Cortelyou, who had been up all night, was catching a little needed rest in upper chamber.

The following bulletin was issued by the physicians at 9:20 a. m.:

"The president's condition is becoming more and more satisfactory. Untoward incidents are less likely to occur. Pulse 122; temperature 100.8; degrees respiration 23.

Bears Up Well.

Mrs. McKinley was admitted to the sick room this morning and had a brief say with her afflicted husband.

The veil of domestic privacy is, of course, thrown over the details of the meeting. Mrs. McKinley bore up well and displayed the same fortitude which characterized her as well as the president since the tragedy occurred.

Although there have been statements that Mrs. McKinley has not been apprised of the manner in which the president was injured, it can be stated positively that she is fully aware that he was shot, although it has not been necessary to dwell on the harrowing details of the affair.

As much as possible she has been buoyed up by the encouraging attitude of the physicians, and she has responded by giving all her strength toward passing through the ordeal with calmness.

Goes for a Drive.

Mrs. McKinley started for a drive at 2:30. She was accompanied by Mrs. Lafayette McWilliams. The absence of the president's wife from the house gave assurance that the conditions were not such as to excite any alarm.

Attorney General Knox and Postmaster General Smith came from the Milburn house at 2:45 p. m. They were highly pleased at the outlook, as Dr. Rixey, who is constantly with the president, told Mr. Knox that when the other physicians came from the 3 o'clock consultation they would be delighted with the situation.

Roosevelt Is Sanguine.

"I may say that I have even deeper information than the bulletins and I again say with great confidence that the president will recover."

The foregoing statement was made by Vice-President Roosevelt in the course of an interview with a correspondent, while walking to the Milburn house. He reiterated the statement after he had had a ten minutes visit with the physicians.

The vice-president did not leave the Wilcox mansion, where he is staying, until after the noon hour, and then he walked the mile to the presidential quarters, in company with the correspondent.

Just after he had left the mansion he was accosted by a colored man, who was raking a lawn.

"Governor, may I shake hands with you," he said.

"You certainly may," answered the vice-president, turning quickly and grasping his hand, and then, as two laborers with dinner pails and tools slipped up, he shook hands with them.

"Are you not afraid of being shot?" asked one of the men.

"No, sir," he snapped out, "and I hope no official of this country will ever be afraid."

"You men are our protection and the fault deed done the afternoon of Friday will only make you the more vigorous in your protection of the lives of those whom you elect to office."

Protection by Labor.

European proprietors of business houses and larger Chinese merchants were the heaviest sufferers. During the progress of the fire and immediately after it cooled the native population commenced looting the half-burned buildings and stole everything that they could lay hands on.

The Chinese police, under their European officers, were unable to prevent the looting, except in a small degree, and before the second evening had passed a large number of regular soldiers were called out.

At that time many people had been killed in fights and there were dead bodies in every street. Five men were killed by the falling of a three-story building.

The carnage on the streets was awful. The soldiers, mounted, casted up the main thoroughfare, stabbing to death or trampling under their horses' feet robbers who were carrying away goods in every direction. Even though knocked down the natives who were running away with stolen goods held on to the bundles.

(By Associated Press.)

VANCOUVER, B. C., Sept. 9.—Details of a great fire in Foo Choo, Aug. 29, which destroyed over \$1,000,000 worth of property, received by the steamer Tartar, state that it was caused by the overturning of a lamp in a native undertaking establishment. Hundreds of acres of business houses were carried away and many people perished in the fire which burned for the greater part of the two days.

LOOTING CHINESE SLAUGHTERED

(By Associated Press.)

Youngstown, Ohio, Sept. 9.—Steps are being taken by state officers of the Knights of the Golden Eagle in this city to expel Leon Czolgosz, who entered the order at Cleveland under the assumed name of Frederick Nisman.

LABOR DENOUNCES SHOOTING

Trades Unions of Boston Get Together and Score the Teachings of Anarchists.

(By Associated Press.)

Boston, Sept. 9.—Trades unions of Boston took action on the attempted assassination of the president at their meetings last night and in every case they expressed sorrow at the deed committed in Buffalo on Friday last. In a number of these meetings the sympathizers with President McKinley took occasion to denounce lawlessness in most emphatic terms.

Emphatic Words by Preacher. (By Associated Press.)

New York, Sept. 9.—In the course of his sermon at Ocean Grove, N. J., yesterday, Dr. T. DeWitt Talmage of Washington, said: "I wish that policemen in Buffalo who seized the pistol of the scoundrel who shot our adored president had taken the butt of the weapon and dashed the man's brains out on the spot." The ten thousand people in the auditorium applauded the sentiment.

PAYS A HEAVY FINE

Bailiff of a Denver Court, in Contempt of Court, Made to Suffer.

Police Magistrate Thomas and ex-Fire Warden Sadelier Not Guilty.

Exonerated of Any Connection With Attempt to Influence a Jury.

(By Associated Press.)

DENVER, Sept. 9.—Judge Mullins, in the criminal court today, fined Bailiff Robert Schrader \$250 and costs for contempt of court, and discharged Police Magistrate William J. Thomas and ex-Fire Warden Daniel Sadelier. The three men were accused of having attempted to influence the jury at the last trial of W. W. Anderson for shooting F. G. Bunnell and H. H. Tammen, publishers of the Post, to return a verdict of guilty.

Eagles Will Expell Czolgosz. (By Associated Press.)

Youngstown, Ohio, Sept. 9.—Steps are being taken by state officers of the Knights of the Golden Eagle in this city to expel Leon Czolgosz, who entered the order at Cleveland under the assumed name of Frederick Nisman.
