#### Five People Declare Willard Was at Home When La Chance Was Shot—Case Reaches the Jury.

In the case of David Willard, tried today for assault in the first degree, in the afternoon the defense put five witnesses on the stand, who testified positively that Willard was in his house preparing to go to bed when the shot that struck Joseph La Chance, the complaining witness in the case, was fired.

Mr. Wines said, when the defense opened, that in the case was an instance of either honest or dishonest mistaken identity.

#### Defense's Statement.

"We propose to show that this defendant was not in that saloon at all when that shot was fired. We do not know who fired the shot, but we'll prove that this defendant did not," Mr. Wines said.

Con Shields and George Perrin testified that they were standing in front of Willard's house when the shot was fired and that they saw Willard come out of his house with his wife and go to the saloon, where it was fired after that event occurred. Both were positive. Willard, his wife and his son of 12, all swore that Willard was in his bedroom when the shot was fired.

Con Shields testified that he was standing in front of Willard's house when he heard a shot fired in the main saloon.

"What did you see or hear there?" Mr. Wines asked.

"I heard scuffling in the saloon," the witness replied.

"Did you see Willard?"

"Well, after I heard scuffling I heard a shot, and it was two or three minutes afterward that Willard came out of his house."

In rebuttal Felix Silvain testified for the state that David Willard came into the saloon twice at the time of the shooting, the second time with his brother Sol. The defense's witnesses had testified that Willard went to the saloon only once. Pete Silvain also corroborated his brother's testimony.

The case reached the jury at about 8:30 o'clock.

## SIGMUND AND HATTIE FIGHT

### They Swear to Complaints Charging Each Other With Disturbance of the Peace.

Hattie Colby and Sigmund Meyer are paying each other some pretty attentions lately. Yesterday Hattie charged Sigmund with disturbing the peace, and today Sigmund returned the polite com-

plaint by charging Hattie with the same conduct. Hattie and Sigmund live at the rear of a building on East Park street.

In Hattie's complaint it is charged by her that Sigmund became too loud and boisterous yesterday afternoon, fracturing the peace in several places. That complaint was filed in Judge Arnold's court. In Sigmund's complaint it is alleged that Hattie then broke the peace with vile language, which was applied to Sigmund. Sigmund and his father recited the unpleasant epithets referred to to County Attorney Breen today.

As a result a complaint charging Hattie with the same offense as Sigmund was issued today, and it was filed in the same court. Judge Arnold will have an opportunity to weigh the merits of the row between Sigmund and Hattie which resulted so disastrously to the peace.

## THREE COMPLAINTS

### TWO MEN ACCUSED OF ROBBERY AND ASSAULT.

### TERRORIZED ANACONDA ROAD

#### James Murray and John Shea Charged With Leasing Two Brothers Named Mathew and William Kiely and Robbing Former.

Two men named James Murray and John Shea are accused of terrorizing Anaconda road and with robbing Mathew Kiely and assaulting him and his brother William last night. Three complaints were issued for Shea and Murray by Deputy County Attorney Lynch today, one charging them jointly with robbery, one charging them jointly with assault in the third degree and one charging Shea alone with the latter offense.

Mathew Kiely was the complainant in the robbery and the joint assault complaints, and William Kiely was the complainant in the assault charge against Shea. Murray and Shea are accused of robbing Mathew Kiely of \$53, outside of Sullivan's saloon on the Anaconda road last night at about 9 o'clock.

According to the story of the Kielys, Murray asked Mathew Kiely to come out of the saloon with him, and when he did so Murray and Shea pounced upon him and knocked him down and robbed him. William Kiely went out of the saloon to help his brother and he received a beating, too. After the robbery the defendants made their escape up the gulch. The complaints were filed in Judge Neenan's court.

Murray and Shea are given bad reputations by the people of the gulch. The two Kielys were badly beaten, and their faces presented a very bruised appearance today. The constable attached to Judge Neenan's court was expected to arrest Murray and Shea this afternoon. The charges against the latter are grave, and if proved should result seriously to the defendants.

## FRIENDS

(By Associated Press.)  
Berlin, Sept. 27.—Emperor William stayed up late at night to hear the result of the America cup races. It was almost midnight before the bulletin announcing that the race had been called off reached him at his hunting lodge at Rominten, close to the Russian frontier. He had telegraphed to Berlin directing that every bulletin be wired immediately to him.

The Kaiser is an enthusiastic yachtsman and has taken a keen interest in everything that pertains to the America cup races. His sympathies are naturally with the British yacht, but he has more than once expressed his profound admiration for the skill of the Yankee yacht builders.

He is hunting in the dense forests of eastern Prussia, getting up very early and going to bed soon after dinner, and after a long run he sat up smoking with his guests and discussing relative merits of the two boats. It was not until the last bulletin came in that the emperor went to bed.

**Chagrin in Ireland.**  
Belfast, Sept. 27.—When the bulletins came over the wire telling how Columbia was outwitting Shamrock II in the light breeze there was chagrin at the Ulster Yacht club. Members of the Ulster Yacht club have never doubted that Sir Thomas Lipton would eventually bring back the coveted cup. They had absolute confidence in his yacht and they are sorely disappointed at the latest performance of Shamrock II.

**Consternation in Southampton.**  
Southampton, Sept. 27.—The poor showing of Shamrock II, which was expected to be a sure winner by the yachtsmen of Southampton, causes disappointment and even consternation here. The fact that Shamrock II could not sail against Columbia in a light breeze leads to the belief that the English boat has little chance of defeating the American.

**Designer Not Surprised.**  
Largs, Scotland, Sept. 27.—W. Fife, designer of Shamrock I, showed no surprise when told that Columbia had outwitted Shamrock II in a light breeze. "Neither did he display any interest," he said, "and can make no statement."

**Heavy Wagers on Race.**  
New York, Sept. 27.—Numerous wagers on the yacht races were reported in stock exchange circles yesterday. Most of these were odds of 8 to 5 on Columbia, but as good as 10 to 7 were offered. No large wagers were made, although Columbia wagers were offered in almost any amount. One brokerage firm offered to wager any part of \$10,000 even that Shamrock would not win two races of the series. About \$4,000 was placed on Columbia at 5 to 3 1/2. Most of this money was taken in \$100 and \$500 lots. One broker said he had \$5,000 to bet even against Shamrock's winning two of the races.

On the curb as good as 10 to 6 1/2 was offered on Columbia with no takers.

## AUTO AGAINST BULL

### NOVEL FIGHT TO TAKE PLACE IN BIARRITZ, FRANCE.

#### Idea Is That by Keeping Horses Out of the Arena All Disgusting Features Will Be Avoided.

(By Associated Press.)

Biarritz, France, Sept. 27.—Next Sunday there is to be a bull fight in the Bayonne arena, but a bull fight such as has never been seen before. It will be a fight of an automobile against a bull.

Mery Deusch, whose name is connected with the prize for aerial navigation, will preside.

Mr. Deusch, when interviewed concerning this latest novel plan for demonstrating the merits of the automobile, said:

"My opinion is that an automobile can be used instead of a mounted picador, and if the picador is placed on a swiftly revolving automobile the sport might be harmless."

"I hold that with a capable chauffeur the auto could avoid the charges of the bull. My idea in all this is that as the revolting feature of bull fighting is the mutilation of the horse this could be avoided by the use of the auto."

### Three Persons Drowned.

(By Associated Press.)

St. Johns, N. F., Sept. 27.—Three persons, Norman Moore, Thomas Murray and a girl, were drowned off Blackhead, in Conception Bay. They had a boat load of fish for market and when they were within a short distance of their destination a heavy gale sprang up, the boat was swamped, and all perished within sight of hundreds on the shore.

#### Noted Steel and Ship Manufacturer Says Union Labor Problem in Great Britain Is Serious.

(By Associated Press.)

New York, Sept. 27.—Sir Christian Furness, the English steel and ship manufacturer, who arrived on the Deutschland, in an interview is quoted as saying:

"I have not come to America to form any combinations or make any deals. I have had a number of experts over here visiting the shippers and steel works. I have their reports, and now I have come myself with the idea of improving the manufacture of steel and the building of ships in England."

"As to the problem of labor unions in England, which are said to hold the idea that an extra output per man interferes with completion, labor in England, especially skilled labor, is realizing that for its best interests it is to give up the idea of limiting the output per man and beginning to realize that much is to be feared from competition from Germany and principally America."

"While in America the price of labor is higher, yet the product per man in America is much greater than in England."

"American trade and industrial supremacy almost created a panic at first, but we are aware of the fact that we have been driven until we are close to the wall, and now we must begin."

"The running of steamships, loaded with cargo, from Chicago to Europe, I consider impracticable. The Lachine canal has a depth of only 14 feet or so. I believe, and ships cannot carry enough freight to make this scheme profitable."

by Ira B. Post, of Spencerville, Ohio, who killed 97 with a 18 yard handicap. L. J. Suir of Cincinnati surprised the crowd by defeating Elliott, Crosby, Helkes and other world famous crack shots in the other events.

## ON THE TRACK OF THE STOLEN MONEY

(By Associated Press.)

Chicago, Sept. 27.—Government officials have learned that \$400,000, said to be a part of the money embezzled by Oberlin M. Carter, now serving a five-year sentence at Fort Leavenworth penitentiary, has recently been taken from Chicago depositories to an eastern city and that secret service men have gone to the place to seize the funds.

Last week government authorities located \$200,000 in cash and securities in a safe deposit vault at Huntington, W. Va., and during July real estate worth \$110,000 conveyed by Carter to a brother and uncle was impounded by appointment of receivers.

The present location of the \$400,000, which consists of cash and securities, has not been made public.

Marlon Erwin, special attorney for the United States, who came here to file proceedings against Captain Carter to recover part of the booty, left Sunday to follow up information as to the whereabouts of the \$400,000, which he stated he found had been on deposit in Chicago until recently.

United States District Attorney Sol Bethea and Lawyer M. H. Whitney, local receiver in the case, in speaking about the matter, said it was expected all the stolen funds would be recovered in a short time.

## NO TRACE OF THE MISSING MAN

(By Associated Press.)

Denver, Colo., Sept. 27.—Mrs. Pauline Peyton, sister of Joseph Lancaster, a Dawson, Alaska, merchant, who has been missing for over a year and who was reported to have appeared in Denver recently, says she has no idea of her brother's whereabouts.

"If he were in Denver, I am sure he would have made it known to me," she said. "I have just received a letter from his wife, who is at Oakland, Cal., and she gives me no tidings of Joe."

"The report that he is in an asylum is a story made out of whole cloth. His daughter is now in a convent at San Jose, Cal., and his son in college at Oakland. I am sure none of his relatives know anything of his whereabouts."

Joseph Lancaster, who is a relative of Senator Randall of Pennsylvania and a member of a family well known in Washington, disappeared Aug. 24, 1900, being seen the last time by friends upon whom he called that evening. Later he was a partner of R. W. Calderhead at Dawson City.

## FRANCE AND GREAT BRITAIN HELPED

Marseilles, Sept. 23.—There have been great rejoicings there this week over the return of General Voyron and the French general staff, which took part in the expedition to China.

General Voyron has been much affected by the attentions shown to him, especially by his promotion to the rank of grand cross of the Legion of Honor.

All of the general staff are optimistic regarding China's immediate future. They believe the Chinese now comprehend that Europe is a force to be reckoned with and that a long reign of peace will be the result of this. The foreign military contingents remaining in China are said to be ample to preserve

tranquility.

The French officers say the two powers most benefited by the recent events in China are France and Great Britain. The latter has strengthened her position and increased her influence.

A Paris correspondent quotes an interview with General Voyron by a representative of the Temps. The general praised Field Marshal Count von Waldersee and the Russians, and said also that the relations between himself and the British commanders were cordial.

The British, however, had much more in common with the Americans. The British troops included a detachment of Sikhs, whom the French do not regard as soldiers.
